

ANNUAL REPORT 2023

## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this annual report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this annual report.

This annual report, for which the directors (the "**Directors**") of Amasse Capital Holdings Limited (the "**Company**") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "**GEM Listing Rules**") for the purpose of giving information with regard to the Company and its subsidiaries (together, the "**Group**"). The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this annual report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this annual report misleading.

The board (the **"Board**") of directors (the **"Directors**") of Amasse Capital Holdings Limited (the **"Company**") and its subsidiaries (collectively referred to as the **"Group**") is pleased to present the audited consolidated financial results of the Group for the year ended 30 September 2023 to the shareholders of the Company (the **"Shareholders**").

## **REVIEW OF RESULTS**

For the financial year ended 30 September 2023, the Group's revenue was approximately HK12.3 million (2022: approximately HK\$7.7 million). A loss attributable to equity shareholders of the Company amounted to approximately HK\$1.9 million as compared with approximately HK\$9.3 million for the financial year ended 30 September 2022.

## **BUSINESS REVIEW AND PROSPECTS**

The Group is a corporate finance advisory service provider and investment advisory service provider based in Hong Kong and licensed to conduct Type 1 (dealing in securities), Type 4 (advising on securities), Type 6 (advising on corporate finance) and Type 9 (asset management) regulated activities under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the "**SFO**"), subject to the conditions that its operating subsidiary, Amasse Capital Limited, shall not (i) hold client assets; (ii) for Type 1 regulated activity, engage in dealing activities other than those relating to corporate finance; and (iii) for Type 6 regulated activity, act as sponsor in respect of an application for listing on a recognized stock market of any securities. Amasse Asset Management Limited shall not (i) hold client assets; and (ii) only provide services to professional investors.

The Group is principally engaged in providing corporate finance advisory services in Hong Kong including (i) acting as financial adviser to Hong Kong public listed companies and investors seeking to control or invest in public listed companies in Hong Kong regarding corporate transactions which mainly involve the compliance with the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"), the GEM Listing Rules and/or the Codes on Takeovers and Mergers and Share Buy-backs (the "Takeovers Code"); (ii) acting as independent financial adviser to independent board committees and/or independent shareholders of public listed companies in Hong Kong; (iii) acting as underwriter and/or placing agent not holding client assets in dealing activities for its clients; and (iv) providing investment advisory services.

The Group experienced a harsh business environment for the financial year ended 30 September 2023 (**"FY2023**") caused by the war between Russia and Ukraine, the rising interest rates by the Federal Reserve (the **"Federal Reserve**") of the United States of America (the **"USA**") and the tensions between People's Republic of China (the **"PRC**") and the USA. But the Director are happy that the cross-border restrictions between Hong Kong and the PRC had been fully released in February 2023 and the Group is able to seek more business opportunities. The Directors note that despite the global economics and financial market remain uncertain, they are recovering and growing at a slow pace. The Directors also observe that the Federal Reserve has not increased the interest rate since July 2023 and the resumption of diplomacy between the PRC and the USA.

The Group's performance for FY2023 was improved significantly as the revenue had increased by approximately 59.2% to HK\$12.3 million and the loss for the year had decreased by approximately 79.1% to HK\$1.9 million, when compared to that for the corresponding period in 2022 respectively. The Directors believe that the Group's performance will continuous to improve in absence of unforeseeable circumstances.

## **Corporate Finance Advisory Services**

The Directors observe there are severe price competition in the Hong Kong corporate finance industry during the uncertain economic climate. As such, the Group has adopted a competitive price strategy while maintaining its high service quality for the clients.

The Group has actively maintained frequent contacts with the clients under its customer base through telecommunication media. By leveraging on the senior managements' resources and network, the Group has been proactively approaching new clients. As a result of the continuous effort and adjustment of the Group's business strategies, the performance of the Group's corporate finance advisory services had great improvement that revenue for FY2023 was increased by approximately 62.9% when compared to that for the corresponding period in 2022. During FY2023, the Group had successfully secured 19 new corporate finance advisory services contract with an aggregate contract sum of approximately HK\$10.6 million.

## Asset Management Advisory Services

In addition to the corporate finance advisory services, the Group has been exploring and expanding new business. The asset management advisory services represent a material development of the Group. Amasse Asset Management Limited, a wholly-owned subsidiary of the Group, was granted the licenses of Type 4 (advising on securities) and Type 9 (asset management) regulated activities under the SFO in May 2020.

The Group would like to update that despite the Group had been engaged to act as asset management advisor for two limited partnership funds, the parent company of such funds has unfortunately been delisted in Hong Kong and therefore such transactions will not proceed. The Group will continuous to solicit for other opportunities on asset management advisory.

Save for the above two services, the Group is also developing advisory on securities dealing services and entered into a service contract with a private company for providing advisory on Asia portfolio trading and management services. The Company generated a revenue of approximately HK\$0.2 million from the said contract for FY2023. This development is a key milestone for the Group to expand and diversify the business of the Group.

For the period from 1 October 2023 to 20 December 2023, the outstanding contract sum from the Group's advisory services contracts is over HK\$8.0 million.

As disclosed in the section headed "Risk Factors" under the Company's prospectus dated 8 March 2018, revenue of the Group's corporate finance activities is to a large extent derived from transactions for which the Group is engaged on a one-off basis. The nature of the corporate finance activities also means the demand and scope for our activities are dependent on an array of factors such as the conditions of the financial markets which is beyond our control. In addition, the nature of the Group's business is largely based on non-recurring projects and engagement terms may vary from project to project. As such, the Group is formulating different strategies, including but not limited to emphasising on material transactions pitching with the hope to generate higher fee income.

## CHIEF EXECUTIVE'S STATEMENT AND

#### MANAGEMENT DISCUSSION AND ANALYSIS (Continued)

As a service company, the Directors believe that high quality advisory services and consistent management are a way to success of the Group. The Directors consider that the professional teams of the Group have continued to provide high quality services to customers which will continue to deliver value for our Shareholders. Most of the Directors have extensive experience and knowledge on Hong Kong financial market and/or listed companies' operation, rules and/or regulations. It is believed that the Directors will continuous to contribute to the Group's development and the Group's performance will continuous to improve as mentioned above.

#### **FINANCIAL REVIEW**

#### Revenue

Revenue for the year ended 30 September 2023 amounted to approximately HK\$12.3 million, representing an increase of approximately HK\$4.6 million or approximately 59.2% as compared with that of approximately HK\$7.7 million for the corresponding period of last year. Such increase was mainly driven by the increase of total corporate finance advisory transactions, in which some complex transactions induced higher servicing fee.

#### Other Income and Other Net (Loss)/Gain

The Group's other income for the year ended 30 September 2023 mainly included (i) bank interest income of approximately HK\$0.5 million (2022: approximately HK\$0.1 million); (ii) Hong Kong Government's subsidy, Employment Support Scheme of approximately HK\$0.03 million (2022: approximately HK\$0.3 million); and (iii) dividend income of approximately HK\$0.01 million (2022: approximately HK\$0.05 million).

The Group's other net (loss)/gain for the year ended 30 September 2023 included (i) net realised and unrealised loss on financial assets at fair value through profit or loss of approximately HK\$2.4 million (2022: approximately HK\$3.5 million); and (ii) foreign exchange loss of approximately HK\$0.06 million (2022: gain of approximately HK\$0.1 million).

#### **Employee Benefit Expenses**

Employee benefit expenses primarily consist of salaries, bonus and allowances as well as contributions to the mandatory provident fund for the Directors and employees of the Group. Employee benefits expenses for the year ended 30 September 2023 were approximately HK\$9.4 million (2022: approximately HK\$8.0 million), representing an increase of approximately HK\$1.4 million as compared with the corresponding period of last year, primarily due to the increase of approximately HK\$0.6 million of salaries and welfare, and approximately HK\$0.9 million of performance related bonuses paid during the year.

#### **Other Operating Expenses**

Other operating expenses for the year ended 30 September 2023 were approximately HK\$2.4 million when compared to approximately HK\$2.1 million for the corresponding period of last year. The increase in other operating expenses was mainly due to increase of legal and professional fee, and printing fee.

#### **Income Tax Expense**

No provision for Hong Kong Profits Tax has been made as the entities in the Group have either no assessable profits for the year or available tax losses brought forward from prior years to offset the assessable profits generated during the year (2022: Nil).

7

### Loss for the Period

The Group incurred net loss of approximately HK\$1.9 million for the year ended 30 September 2023 as compared to approximately HK\$9.3 million for the year ended 30 September 2022. The decrease of net loss for the year was mainly due to the net effect of (i) the increase in revenue by approximately HK\$4.6 million; (ii) the decrease in other income and other net loss of approximately HK\$1.0 million; (iii) the decrease in loss allowance on trade receivables of approximately HK\$0.6 million; (iv) cost increased on employee benefit expenses and other operating expenses of approximately HK\$1.7 million; and (v) no cost incurred for right-of-use assets while the expenses incurred in last year was approximately HK\$2.9 million.

#### Dividend

The Board does not recommend the payment of a final dividend for the year ended 30 September 2023 (2022: Nil).

#### **Liquidity and Financial Resources**

As at 30 September 2023 and 2022, the Group had cash and cash equivalents of approximately HK\$24.0 million and HK\$17.5 million respectively. The Group's current ratio was approximately 4.4 times as compared to approximately 3.2 times as at 30 September 2022.

For the year ended 30 September 2023, the gearing ratio was approximately 27.5% (2022: 48.0%). Gearing ratio is calculated by dividing total debt by total equity. Total debt is defined to include all interest-bearing borrowings and lease liabilities.

The Directors are of the view that at the date hereof, the Group's financial resources are sufficient to support its business and operations.

## **Treasury Policy**

The Group adopts a prudent financial management approach towards its treasury policy and thus maintained a healthy liquidity position throughout the reporting period. The management of the Group regularly reviews the recoverable amount of trade receivables by performing ongoing credit assessments and monitoring prompt recovery and if necessary to make adequate impairment losses for irrecoverable amounts. In order to achieve better cost control and minimise the cost of funds, the Group's treasury activities are centralised and cash is generally deposited with leading licensed banks in Hong Kong.

## **Capital Structure**

## **CORPORATE GOVERNANCE REPORT**

## **CORPORATE GOVERNANCE PRACTICES**

The Board acknowledges the importance of good corporate governance practices and believes that maintaining a high standard of corporate governance practices is crucial to the development of the Company. The Board will continue to review its corporate governance practices in order to enhance its corporate governance standards, comply with the increasingly complicated regulatory requirements, and meet with the rising expectations of the shareholders and respective investors. The Company has complied with all the code provisions of the Corporate Governance Code ("**CG Code**") as set out in Appendix 15 to the GEM Listing Rules throughout the year.

The key corporate governance principles and practices of the Company are summarised as follows:

## **BOARD OF DIRECTORS**

The Board cultivates good governance as the cornerstone of the Group's corporate culture. The Board is responsible for the leadership and control of the Company and is accountable to shareholders for the strategic development of the Group with a targeted goal in respect of maximising long-term shareholder value, while balancing stakeholders' interests. The Board formulates the overall strategic direction, while the management is delegated with the power to implement policies and strategies as set out by the Board. The Board has also delegated the dayto-day responsibility to the executive Directors who will meet regularly to review the financial results and performance of the Group. The Board oversees the Group's affairs in a responsible and effective manner. The Board has a balanced composition of executive and non-executive Directors. Currently, the Board comprises five executive Directors and three independent non-executive Directors. At all times during the year, the independent non-executive Directors represent at least one-third of the Board. Two independent non-executive Directors appointed on 26 February 2018 has entered into a service agreement with the Company for an initial term of three years commencing from 22 March 2018 while one independent non-executive Directors appointed on 1 July 2021 has entered into a service agreement with the Company for an initial term of three years commencing from 1 July 2021. The service agreement which shall continue thereafter unless and until terminated by not less than three months' notice in writing. Their appointments are subject to retirement by rotation and re-election at the Company's annual general meeting ("AGM") in accordance with the Articles of the Company.

The composition of the Board is as follows:

#### **Executive Directors**

Ms. Huang Min (*Chairman*) (appointed on 24 April 2023)Mr. Lam Ting Lok (*Chief Executive Officer*)Mr. Lo Mun Lam RaymondMs. Tse Fung Sum FloraMs. Tsang Kwong Wan

#### Independent non-executive Directors

Mr. Cheung Pak To, *BBS* Mr. Li Wing Sum Steven Dr. Yu Yuen Ping

During the year, Ms Huang Min was appointed as an executive Director and chairman on 24 April 2023. The biographical information of the Directors, which is set out on pages 23 to 26, demonstrates a balance of skills, experience and diversity perspectives of the Board. Except as disclosed in the biography of directors, the Directors have no financial, business, family or other material/relevant relationships with the Group.

The Company has throughout the year met the requirements of the GEM Listing Rules relating to the appointment of the independent non-executive Directors with at least one of them possessing appropriate accounting professional qualifications as required under rule 5.05(2) of the GEM Listing Rules. Mr. Li Wing Sum Steven is one of three independent non-executive Directors, possesses the appropriate professional qualifications, or accounting or related financial management expertise as required under rule 5.05(2) of the GEM Listing Rules. The Company has also received a written annual confirmation from each of the independent non-executive Directors in respect of their independence for the year. The Board considers that all independent non-executive Directors are being considered to be independent by reference to the factors stated in the GEM Listing Rules throughout the year.

The Board recognises and embraces the benefits of having a diverse Board to enhance the quality of the Company's performance as well as to achieve the business objectives and sustainable development. The Board has established a board diversity policy setting out the approach to achieve diversity on the Board including but not limited to gender, age, cultural and educational background, or professional experience with aims of enhancing its capability of decision making and effectiveness in dealing with organisational changes.

Any director appointed by the Board to fill a casual vacancy shall hold office until the first general meeting of shareholders after their appointment and be subject to re-election at such meeting and any director appointed by the Board as an addition to the existing Board shall hold office only until the next following AGM of the Company and shall then be eligible for re-election. Other matters reserved for the Board include consideration of dividend policy, approval of major investments and review of the corporate governance practices of the Group. Daily operations and administration are delegated to management teams.

The Company has arranged insurance cover in respect of legal action against its Directors. The insurance coverage is reviewed at least annually to ensure that the Directors and officers are adequately protected against potential liabilities.

Each Director is normally able to seek independent professional advice in appropriate circumstances at the Company's expense, upon reasonable request made to the Board.

## **DIVIDEND POLICY**

The Company has adopted a dividend policy. As a summary, in recommending or declaring dividends, the Company shall maintain adequate reserves for meeting its current and future operations, liquidity position and capital requirements. There is no pre-determined dividend distribution ratio. Dividends may be paid only out of the Company's reserves as determined by the Directors having regard to the above-mentioned factors and permitted under Companies Law of the Cayman Islands and the Articles of the Company. Final dividend for any financial year will in addition be subject to Shareholders' approval.

## NOMINATION COMMITTEE

The Company has established the nomination committee on 26 February 2018 with specific written terms of reference in compliance with the CG Code as set out in Appendix 15 to the GEM Listing Rules. The terms of reference setting out the nomination committee's authority, duties and responsibilities are available on both the website of the Stock Exchange and the Company's website. The primary duties of the nomination committee are to review the structure, size and composition of the Board on a regular basis; identify qualified individuals to become Board members; assess the independence of independent non-executive Directors; and make recommendations to the Board on relevant matters relating to the appointment or re-appointment of Directors; and monitor the implementation of the board diversity policy on an ongoing basis.

The Company believes that the board diversity policy is a key element for the Company to maintain sound corporate governance, realise sustainable development, achieve strategic objectives and enhances decision-making capability. The Company considers that the concept of diversity incorporates a number of different aspects and measurable objectives, such as professional experience, business perspectives, independence, skills and knowledge, gender, age, cultural and educational background.

The Board has achieved most of the measurable objectives under board diversity policy during the Year.

In accordance with the nomination policy which is applicable to both new appointments and reappointments, the secretary of the nomination committee shall call a meeting of the nomination committee, and invite nominations of candidates from the Board members (if any), for consideration by the nomination committee prior to its meeting. The nomination committee may also put forward candidates who are not nominated by the Board members. The nomination committee shall make recommendations of the candidates for the Board's consideration and approval. For proposing candidates to stand for election/re-election at a general meeting, the nomination committee shall make nominations to the Board for its consideration and recommendation. In identifying and selecting suitable candidates for directorships, the nomination committee would consider the candidate's character, qualifications, experience, independence pursuant to Rule 5.09 of the GEM Listing Rules and other relevant criteria necessary to complement the corporate strategy and achieve Board diversity, where appropriate, before making recommendation to the Board.

The nomination committee has comprised a total of three members, being Ms. Tsang Kwong Wan, the Company's executive Director, Mr. Cheung Pak To, *BBS* and Dr. Yu Yuen Ping, the Company's independent non-executive Directors.

The majority of the nominee committee members are independent non-executive Directors. The Chairman of the nominee committee is Mr. Cheung Pak To, *BBS*.

During the year ended 30 September 2023, the nomination committee held three meetings for, inter alia, considering the appointment of Directors, the retirement and re-election of the Directors at the annual general meeting and to assess, review and make recommendations on the structure, size and composition of the Board.

Details of the attendance records of each committee member at the nomination committee meeting are set out under the subheading "Practices and Conduct of Meetings" below.

## **REMUNERATION COMMITTEE**

The Company has established the remuneration committee on 26 February 2018 with specific written terms of reference in compliance with the CG Code as set out in Appendix 15 to the GEM Listing Rules. The terms of reference setting out the remuneration committee's authority, duties and responsibilities are available on both the website of the Stock Exchange and the Company's website. The primary duties of the remuneration committee are to make recommendations to the Board on the overall remuneration policy and structure relating to the Directors and senior management of the Group; review performance-based remuneration; approving terms of executive Directors' service contracts; make recommendations to the Board on the remuneration management of the Group; and ensure none of the Directors determine their own remuneration. The remuneration committee has adopted the model as described in the Code Provision B.1.2(c)(ii) to make recommendations to the Board on the remuneration packages of individual executive Directors, including salaries, bonuses and benefits in kind.

The remuneration committee has comprised a total of three members, being Ms. Tsang Kwong Wan, the Company's executive Director, Mr. Cheung Pak To, *BBS* and Mr. Li Wing Sum Steven, the Company's independent non-executive Directors.

The majority of the remuneration committee members are independent non-executive Directors. The Chairman of the remuneration committee is Mr. Cheung Pak To, *BBS*.

For the financial year ended 30 September 2023, the remuneration of Directors was determined by their experience, responsibility, workload and the time devoted to the Group. Executive Directors and employees also participate in bonus arrangements determined in accordance with the performance of the Group and the individual's performance.

During the year ended 30 September 2023, the remuneration committee held three meetings for, inter alia, reviewing the remuneration policy of the Company, the Directors' fee of the independent non-executive Directors and remuneration packages of the Executive Directors and senior management.

Details of the attendance records of each committee member at the remuneration committee meeting are set out under the subheading "Practices and Conduct of Meetings" below.

## AUDIT COMMITTEE

The Company has established the audit committee on 26 February 2018 with specific written terms of reference in compliance with Rule 5.28 to 5.29 of the GEM Listing Rules and the CG Code as set out in Appendix 15 to the GEM Listing Rules. The terms of reference setting out the audit committee's authority, duties and responsibilities are available on both the website of the Stock Exchange and the Company's website. The primary duties of the audit committee are mainly to make recommendation to the Board on the appointment and removal of external auditor; review financial statements and material advice in respect of financial reporting; and review risk management and internal control system of the Company. The audit committee shall consider whether, in order to assure continuing auditor independence, there should be a regular rotation of the independent registered public accounting firm.

The audit committee has comprised a total of three members, being the three independent nonexecutive Directors, namely Mr. Li Wing Sum Steven, Mr. Cheung Pak To, *BBS* and Dr. Yu Yuen Ping. The Chairman of the audit committee is Mr. Li Wing Sum Steven who possesses the appropriate accounting and financial management experiences. None of the members of the audit committee is a former partner of the Company and its subsidiary's existing external auditor.

During the year ended 30 September 2023, the audit committee held 5 meetings for, inter alia, (1) re-appointment of external auditor; (2) assessment of independence of external auditor; (3) discussing with the external auditor to assess the impact on applying (i) new and amendments of accounting standard and (ii) update of Listing Rules; (4) reviewing and commenting the audited consolidated financial statements for the year ended 30 September 2022, the unaudited consolidated financial statements for the three months ended 31 December 2022, six months ended 31 March 2023 and nine months ended 30 June 2023; (5) reviewing risk management and internal control system in accordance with code provision C.2.1 of the CG Code and (6) improving current standard of financial, operational and compliance control.

Details of the attendance records of each committee member at the audit committee meeting are set out under the subheading "Practices and Conduct of Meetings" below.

## PRACTICES AND CONDUCT OF MEETINGS

Schedules and agendas for regular Board meetings are normally agreed with the Directors in advance in order to facilitate them to attend. Notice of at least 14 days is given for a regular Board meeting. For other Board meetings, reasonable notice is given. Board papers together with appropriate, complete and reliable information are circulated to all Directors not less than 3 days before the date of the Board meetings to enable them to make informed decisions.

All Directors are supplied in a timely manner with all relevant documentation and financial information. The company secretary is responsible to keep minutes of all Board meetings. Draft minutes are normally circulated to all Directors for comments within a reasonable time after each meeting and the final version is open for their inspection.

## **CORPORATE GOVERNANCE FUNCTIONS**

According to code provision D.3 of the CG Code, the Board is responsible for performing the duties relating to corporate governance functions. The Board has the following responsibilities in performing the corporate governance duties of the Company as follows: (i) developing and reviewing the Group's policies and practices on corporate governance and make recommendations to the Board; (ii) reviewing and monitoring the training and continuous professional development of Directors and senior management of the Group; (iii) reviewing and monitoring the Group; vertices on compliance with legal and regulatory requirements; (iv) developing, reviewing and monitoring the code of conduct and compliance manual (if any) applicable to employees and Directors; and (v) reviewing the Group's compliance with the CG Code and disclose in the corporate governance report.

## AUDITOR'S REMUNERATION

During the year ended 30 September 2023, the fees of the external auditor in respect of audit services provided to the Group was HK\$250,000.

## **FINANCIAL REPORTING**

The Board has acknowledged their responsibility for the preparation of the consolidated financial statements for the year ended 30 September 2023 which give a true and fair view of the state of affairs of the Group in accordance with the statutory requirements and accounting standards and other financial disclosure requirement under the GEM Listing Rules. The management has provided sufficient explanation and information to the Board as necessary to enable the Board to make an informed assessment of the financial information and position of the Group for the Board's approval. The statement by auditor about their reporting responsibilities is set out in the independent auditor's report on the consolidated financial statements.

## **REMUNERATION POLICY FOR DIRECTORS AND SENIOR MANAGEMENT**

The remuneration policy of the Group is to ensure the fairness and competitiveness of total remuneration. The emoluments of executive Directors are determined based on the skills, knowledge, individual performance as well as contributions, the scope of responsibility and accountability of such Directors, taking into consideration the Company's performance and prevailing market conditions. The remuneration of the executive Directors and senior management is subject to review and approval by the remuneration committee. The remuneration policy of independent non-executive Directors is to ensure that they are adequately compensated for their efforts and time dedicated to the Company's affairs. Their emoluments are determined with reference to their skills, experience, knowledge, duties and market trends. The remuneration of the independent non-executive Directors is subject to approval by the Board.

## SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors of the Company as at the Latest Practicable Date, the Company has maintained the prescribed public float under the GEM Listing Rules of at least 25% of the Company's total number of issued shares which was held by the public.

## **NON-COMPETITION UNDERTAKING**

The controlling shareholders (as defined in the GEM Listing Rules) of the Company gave a noncompetition undertaking in favour of the Company and confirm that they and their associates have not breached the terms of the undertaking contained in the deed of non-competition during the year. Details of the non-competition undertaking are set out in section headed "Underwriting – Further Undertaking by our Controlling Shareholders" in the Prospectus. All independent nonexecutive Directors have reviewed on an annual basis the compliance with the respective noncompetition undertakings by our controlling shareholders. In view of this conclusion, the controlling shareholders have complied with all the undertakings under the deed of non-competition in favour of the Company during the year.

## **DIRECTORS' SECURITIES TRANSACTIONS**

The Company has adopted the code for securities transactions by directors of listed issuers set out in the rules 5.48 to 5.67 of the GEM Listing Rules, as its own code regarding directors' dealings in the securities of the Company (the "**Own Code**"). Having made specific enquiry, all Directors confirmed that they have complied with the required standard set out in the Own Code from the year under review to the date of this annual report.

# PURCHASE, SALE OR REDEMPTION OF THE LISTED SHARES OF THE COMPANY

Save as disclosed in the subsection headed "Placing of Existing Shares and Top-up Subscription of New Shares under General Mandate" in the section headed "Chief Executive's Statement and Management Discussion and Analysis", neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the listed shares of the Company during the year.

## DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

The Directors understand the need to continue developing and refreshing their knowledge and skills for making contributions to the Company. The Company provides regular updates, changes and developments relating to the Group's business and the legislative and obligations under the GEM Listing Rules and relevant statutory requirements.

During the year, the Directors have complied with the requirement of the code provision A.6.5 under Appendix 15 of the GEM Listing Rules and participated in appropriate professional development activities by ways of reading materials and attending seminars regarding their duties and responsibilities under the relevant legal and regulatory requirements.

## **RISK MANAGEMENT AND INTERNAL CONTROLS**

The Board acknowledges its responsibility to maintain the Group's risk management and internal control systems. With the support from the audit committee, the Board monitors the Group's risk exposures, oversees the actions of management and reviews the overall effectiveness of the risk management system on an ongoing basis.

#### **Risk Management System**

Risk is an inherent part of the Group's business activities. When the Group provides corporate advisory services to clients, the Group takes on some degree of risk. The Group's overall objective is to manage the business, and associated risks, in a manner that balances serving the interests of customers and protects the safety and soundness of the Group. The Group's approach to risk management covers a broad spectrum of economic and other core risk areas, such as credit, market, liquidity, country, operational, compliance, conduct, legal, capital and reputation risks, with controls and governance established for each area, as appropriate.

The Group believes that effective risk management requires:-

- 1. acceptance of responsibility, including identification and escalation of risk issues, by all individuals within the Group;
- 2. ownership of risk identification, assessment, management within the business and corporate functions;
- 3. structure for risk governance; and
- 4. implementation of risk strategies by avoiding, transferring, mitigating and accepting the risk.

The risk management system is designed to manage rather than eliminate the risk of failure to achieve business objectives. The senior management provides leadership and guideline for the balance of risk and opportunity. The Group's executive Directors review and report to the Board through the audit committee on the material risks affecting the Group as well as potential impact and mitigating measures. The senior management ensures that a review of the effectiveness of the risk management framework has been conducted at least annually and provide confirmation of this to the Board through the audit committee.

#### **Internal Control System**

Under Code Provision C.2.5, the Group should have an internal audit function. The Company has no internal audit function because the Company has delegated the internal audit function to an independent external assurance provider who has conducted a review on the adequacy and effectiveness of the Group's risk management and internal control systems. In addition, the Company has maintained an internal control system and its implementation has been considered effective by the audit committee and the Board. Meanwhile, the Group strives for continual improvement through efforts to enhance controls, ongoing employee training and development, talent retention, and other measures. The Group follows a disciplined and balanced compensation framework with strong internal governance and independent Board oversight. The impact of risk and control issues are carefully considered in the Group's performance evaluation and incentive compensation processes.

In order to enhance the Group's system of handling and dissemination of inside information, the Group maintains a framework for the handling and dissemination of inside information and the disclosure policy of the framework sets out the procedures and internal controls to ensure inside information remains confidential until such information is appropriately disclosed and the announcement of such information is made in a timely manner in compliance with the SFO and the GEM Listing Rules. In addition, the Group had, from time to time, reminded the management of the requirements of the GEM Listing Rules and guidelines on the inside information issued by the Stock Exchange and the SFC. The blackout notice period and Mode Code are sent to the Directors regularly to arouse their awareness to preserve the confidentiality of inside information. Inside information (if any) is only disseminated to specified persons on a need-to-know basis.

#### **Effectiveness of the Risk Management and Internal Control Systems**

The audit committee reviewed annually the risk management and internal control review report issued by the independent external assurance provider and the Company's risk management and internal control systems in respect of the year ended 30 September 2023 and considered that they are effective and adequate in financial controls, operational and compliance controls and risk management functions. The Board assessed the effectiveness of internal control systems by considering the risk management and internal control review report and reviews performed by the audit committee and concurred the same. In addition, the audit committee has communicated with external auditors of the Company to understand if there is any material control deficiency.

Based on the risk management and internal control reviews conducted in the year, no significant control deficiency was identified.

## SHAREHOLDERS AND INVESTORS' RELATIONS

The Board has established shareholders communication policy and is dedicated to maintaining an on-going dialogue with the shareholders and the investment community. The policy is subject to review regularly to ensure its effectiveness. It aims to ensure the shareholders and the investment community are provided with ready and timely access to all publicly available information about the Company such as circulars and Company's financial reports (quarterly, interim and annual reports) so as to enable the shareholders to exercise their rights in an informed manner and to allow the shareholders and investment community to engage actively with the Company. We welcome shareholders and the investment community to visit the Company's website at www.amasse.com.hk to obtain up-to-date information regarding the Company.

#### **Constitutional Documents**

On 23 December 2022, the Board proposed to make certain amendments to the existing amended and restated memorandum and articles of association (the "**Memorandum and Articles of Association**") of the Company to, inter alia, (i) reflect the latest amendments to Appendix 3 to the GEM Listing Rules concerning the core shareholder protection standards; (ii) bring the Existing Memorandum and Articles of Association in line with the applicable laws of the Cayman Islands; and (iii) make some housekeeping amendments. Accordingly, the Board proposed to adopt a third amended and restated memorandum and articles of association in substitution for the Memorandum and Articles of Association subject to the approval of the shareholders by way of a special resolution.

The special resolution was duly passed by the shareholders at the annual general meeting of the Company held on 13 February 2023 and the third amended and restated memorandum and articles of association has been adopted since then.

Save as disclosed above, there was no other change made to the third amended and restated memorandum and articles of association during the year ended 30 September 2023.

# **ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT**

## **ABOUT THIS REPORT**

Amasse Capital Holdings Limited and its subsidiaries (the "**Company**", the "**Group**", "**we**" or "**our**") is providing corporate finance advisory service and investment advisory services in Hong Kong. This report is prepared by the Group in compliance with the Environmental, Social and Governance ("**ESG**") Report Guide (the "**ESG Reporting Guide**") set out in Appendix 20 to the GEM Listing Rules by making general disclosures on environmental and social information.

The ESG Report discloses the Group's performance and initiatives implemented regarding environmental, social and governance issues and relevant key performance indicators ("**KPIs**") between 1 October 2022 to 30 September 2023 (the "**Reporting Period**"). The ESG Report demonstrates to both internal and external stakeholders its efforts on sustainable developments and is prepared based on the information available and the best knowledge of the Board of Directors (the "**Board**").

This report has been approved by the Board of the Company.

## **REPORTING PRINCIPLES**

The Group has prepared the ESG Report in accordance to the following reporting principles stated in the ESG Reporting Guide.

- Materiality: The Group communicates with our major stakeholders' groups on a regular basis to identify and assess ESG-related issues that matter most from stakeholders' perspectives. Key ESG issues identified through stakeholder engagement and materiality assessment.
- Quantitative: Quantitative information/KPI presented in this ESG Report is accompanied by narrative, explanation and comparison wherever applicable.
- Balance: The Report aims to disclose data in an objective way, which aims to provide stakeholders with a balance overview of the Group's overall ESG performance.
- Consistency: Unless otherwise stated, the Group adopts consistent methodologies and retrieves social and environmental KPIs from the Group's internal record system. The scope of reporting and KPIs are consistent with those of the previous report to allow meaningful comparison over time.

## **BOARD STATEMENT ON ESG GOVERNANCE**

The Board takes the overall responsibility for the Group's sustainability strategy and reporting, evaluation and determining the Group's ESG-related risks and ensuring that appropriate and effective ESG risk management and internal control systems are in place.

The Board has established an ESG committee which comprises directors and senior management. The ESG committee evaluates, prioritizes and advises on the effectiveness of the Group's sustainability strategy and policies and reports regularly to the Board for reviewing on its operations and the progress made against ESG-related goals and targets.

# **REPORTING BOUNDARY**

In order to preserve a meaningful comparison, there was no material change to the methods or KPIs used by the Group in the years ended 30 September 2023 and 30 September 2022. The Group did not have any reporting boundaries of the ESG Report.

# STAKEHOLDER ENGAGEMENT

# **ENVIRONMENT**

We pay close attention to the environmental responsibilities. As a corporate finance advisory service provider and investment advisory service provider, we focus on the conservation of energy, reduction of paper usage and reduction of waste by recycling and we have been devoted to protecting environment by seeking to reduce the impact to the environment by incorporating environmental-friendly measures into our business operations. In order to help our employees, understand the potential impact on the environment brought by each individual, we have taken various actions to facilitate behavioral changes, setting up related policies with an aim to reduce environmental footprint.

We monitor mainly Scope 1 and 2 greenhouse gas ("**GHG**") emissions according to the international standard of Greenhouse Gas Protocol, and also make reference to guidelines published by Hong Kong's Environmental Protection Department, Electrical and Mechanical Services Department and Hong Kong Exchanges and Clearing Limited.

We are not aware of any significant impacts of activities on the environment and natural resources.

#### **Emissions**

In the Group's business activities, fuel consumption of vehicle (Scope 1 direct emissions), electricity consumption in office(s) (Scope 2 indirect emissions) and paper consumption (Scope 3 indirect emissions) are the major sources of all pollutants and GHG emissions of the Group.

Detailed summary of the GHG emissions were shown as below:

Scope of greenhouse gas emissions	Source of greenhouse gas emissions	2023 CO <sub>2</sub> e emission (in tonnes)	2022 CO <sub>2</sub> e emission (in tonnes)
Scope 1			
Direct emission	Local business travel	12.1	12.2
Scope 2 Indirect emission	Purchased electricity	7.2	8.0
Scope 3 Other indirect emission	Paper consumption	0.5	0.5
Total emission		19.8	20.7
Intensity (kg per employee) Intensity (kg per sq.ft.)		1,261.15 <u>9.02</u>	1,457.75 9.43

Note:

- 1. Scope 1 includes direct GHG emissions from the consumption of vehicle fuels of the Group.
- 2. Scope 2 includes indirect GHG emissions from consumption of purchased electricity, heat or steam.
- 3. Scope 3 includes other indirect emissions, such as the extraction and production of purchased materials and fuels, transport-related activities in vehicles not owned or controlled by the reporting entity, electricity-related activities (e.g. transmission and distribution losses) not covered in Scope 2, outsourced activities, waste disposal, etc.
- 4. The weighted average number of employees during the year was 15.7 (2022: 14.2).
- 5. During the Reporting Period, the Group's office area was approximately 2,194 square feet (2022: approximately 2,194 square feet).

As an environmental-friendly company, we have undertaken various energy saving measures (refer to section headed "Use of Resources" below for details) to reduce energy consumption, improve energy efficiency and reduce environmental impact associated with global warming, pollutions and environmental diversity. During the Reporting Period, the GHG of the Group is estimated to be 19.8 tonnes of carbon dioxide equivalent (" $CO_2e$ ") which has been slightly decreased by approximately 4.3% with that of around 20.7 tonnes for the corresponding period of last year. The decrease was mainly attributed to decrease in electricity consumption during the Reporting Year.

The Group will monitor and document its greenhouse gas emissions and/or other environmental data annually and compare it with last year's data to aid the Group in further developing emission reduction targets in the future.

#### **Wastes Management**

Our operations are office-based and the amount of waste generated is not material. The Group takes action to reduce waste by encouraging waste reduction and recycling, keep educating our employees and provides relevant support in order to enhance their skills and knowledge on waste management.

#### Hazardous waste handling method

Due to the Group's business nature, no hazardous waste is generated during the Reporting Period.

#### Non-hazardous waste handling method

The non-hazardous wastes generated by the Group mainly comes from office wastes and other domestic wastes such as waste paper which will be discussed below in the section "Paper consumption".

#### **Emission Sources and Use of Resources**

#### **Direct Emissions**

During the Reporting Period, the major source of air pollutants generated by the Group is the use of vehicles and the air pollutants emission is shown in the following table.

Air Pollutants	2023	2022
Fuels Consumption (liter)	5,140.3	5,190.0
Intensity (per employee)	347.3	365.5
NOx (g)	3,795.0	3,840.4
SOx (g)	75.6	76.3
PM (g)	279.4	282.8

The slightly changes were due to the decrease in use of the company vehicles by travelling by mass transportation system. The Group is aware of the air pollutants generated from vehicles usage and will consider to use a more environment-friendly fuel type, such as electricity or other biomass sources to reduce carbon footprint.

#### Indirect Emission

During the Reporting Period, the Group's major indirect emission was consumption in electricity:

Electricity	2023	2022
Consumption (Kwh)	9,073.0	10,164.0
Intensity (per sq.ft.)	4.1	4.6

The total electricity consumption is reduced significantly by 10.7% due to the effective method in mitigating the energy consumption during the Reporting Period, including but not limited to:

- 1) Procure energy-efficient appliances, with Grade 1 or 2 energy efficient labels;
- 2) Turn on the power saving mode for office equipment if not in use;
- 3) Switch off air conditioning and lighting systems after office hours;
- 4) Advise employees to put their computers in hibernation mode and turn off all other office equipment when not in use;
- 5) Keep all the doors and windows closed when the air conditioners are in operation;
- 6) Set the air conditioning at 25°c in the summer; and

#### Target

The Government of Hong Kong on 8 October 2021 announced Hong Kong Climate Action Plan 2050, setting out the vision of "Zero-Carbon Emission Livable City-Sustainable Development, and outlining the strategies and targets for combating climate change and achieving carbon neutrality. The Company, operating in Hong Kong as a Listed Enterprise and will be endeavor within our best of ability, to commit to set up Climate Action Plan to coincide with the Government directives in order to participate with the decarbonization target of reducing Hong Kong's carbon intensity by 65% to 70% by 2030 using 2005 as the base.

#### Water consumption

Water is one of the most basic necessities in life. We encourage consumption of refillable potable water and reduce wasteful uses of water. For example, employees should finish drinking the water in their mugs and potable water is not used for other purposes. The Group's water usage payment has been included in the management fee to the landlord, thus related consumption data cannot be obtained. We do not have any issue in sourcing water.

#### Paper consumption

During the Reporting Period, the Group's paper usage was:

Paper	2023	2022
Consumption (kg)	95.0	102.5
Intensity (per employee)	6.1	7.2

The paper consumption was decreased by approximately 15.3% per employee.

In order to uphold our core value of environment protection, the Group has also implemented a number of resources saving and efficiency measures to promote paperless office, including but not limited to the below:

- 1) Provides two monitors to operational employees to perform duties electronically;
- 2) Advises employees to handle documents electronically;
- 3) Encourages to communicate electronically;
- 4) Setting default on printers, photocopies and/or fax machines (if applicable) to print in doublesided; and
- 5) Collect single-sided paper for reuse purpose.

Due to the nature of the Group's business, the Group does not have physical products for sale and does not consume packaging materials during its operations. Therefore, the data on total amount of packaging materials does not apply to the Group.

#### Target

The Group successfully reduced the paper consumption back to the year ended 30 September 2020 as stated in 2021 annual report. As stated in last year's Report, target to further reduce 5% of the paper consumption in coming 2 years, which was achieved in this Reporting Year.

#### **The Environment and Natural Resources**

Since our business is mainly office-based, the impact on the environment is minimal. The main environmental impact of the business is the impact of direct and indirect emissions generated by vehicle travel, electricity and paper usage in the daily activities of the business.

The Group has taken steps to reduce its impact on the environment by adopting energy saving measures as mentioned in Emission Sources and Use of Resources.

In this Reporting Period, the Group has complied with relevant laws and regulations and did not find any cases of breach of regulations relating to emissions and the environment. Going forward, the Group will continue to assess environmental risks in our business operations to formulate responsive measures as well as regularly review and update our environmental protection policies.

#### **Climate Change**

Global warming has been one of the utmost concerned issues in recent years, which might indue extreme weather conditions such as storms, flooding and earthquakes, etc.

During the Reporting Period, the Group has not been seriously affected by the extreme weather conditions as the Group adopted various emergency plans to prevent the disruption of our operation such as working arrangement in black rainstorm warning and/or typhoon signal 8 situation.

Even though the Group expected that potential extreme weather condition, sustained high temperature do not have a material impact on the Group's operations, the Group will continue to monitor the climate-related risks and implement relevant measures to minimize the potential impact of climate change.

## SOCIETY

The Group is committed to endeavoring to enhance consideration towards the environment, social contributions and corporate governance to improve the sustainability of society. We recognise that this is an important social responsibility for a Hong Kong public listed company to assume.

#### Employment

Employees are the Group's most valuable assets and the success of the business depends on the Group's workforce. The Group highly appreciates the contributions from employees and are determined to reward and maintain our employees through provision of attractive remuneration package and a safe working environment. During the Reporting Period, we complied with the Employment Ordinance (Cap. 57), the Employee's Compensation Ordinance (Cap. 282), the Mandatory Provident Fund Schemes Ordinance (Cap. 485), the Minimum Wage Ordinance (Cap. 608) and did not find any violation of laws and regulations relating to employment.

The Group is also dedicated to implementing equal opportunity employment practices by maintaining a diverse workforce that includes age, gender, family status, sexual orientation, disability, ethnicity and religion, which are in compliance with the requirements of the legislation on anti-discrimination in Hong Kong, including Sex Discrimination Ordinance (Cap. 480), Disability Discrimination Ordinance (Cap. 487), Family Status Discrimination Ordinance (Cap. 527) and Race Discrimination Ordinance (Cap. 602).

As the operation of the Group is in Hong Kong, all employees are located in Hong Kong and all are in full time service. The following table sets forth the number and breakdown of the Group's employees as at 30 September 2023 and 2022. Certain figures of 2022 have been re-classified to conform with the comparison to 2023.

	Total number (approximate percentage) of employees	
Summary of Employee Data	2023	2022
Gender		
Male	10(59%)	7(54%)
Female	7(41%)	6(46%)
Age distribution of present employees		
<40	5(29%)	4(31%)
41 – 50	5(29%)	4(31%)
51 – 60	3(18%)	3(23%)
>60	4(24%)	2(15%)
Employment Categories		
Front office	12(71%)	9(69%)
Back office	5(29%)	4(31%)

During the Reporting Period, 1 (2022: 2) employee left the Group and the overall turnover rate (note 1) was approximately 6% (2022: approximately 13%). The breakdown of turnover rate distribution by gender and age group was summarised as follows:

Approximate		e Percentage
Summary of Employee Data	2023	2022
Gender (note 2)		
Male	0%	100%
Female	100%	0%
Age distribution (note 3)		
<40	-	7%
41 - 50	-	-
51 - 60	6%	_
>60	-	7%

Notes 1 Overall turnover rate is calculated by applying the following formula:

	total no. of employee left during the year	– x 100%
	total no. of employee at the end of the year + total no. of employee left during the year	- x 100 /8
Notes 2	Turnover rate by gender is calculated by applying the following formula:	
	no. of employee left (in the specific category) during the year	– x 100%
	total no. of employee left during the year	X 100%
Notes 3	Turnover rate for age distribution is calculated by applying the following formula:	
	no. of employee left (in the specific category) during the year	– x 100%
	total no. of employee at the end of the year + total no. of employee left during the year	X 10070

#### Employee remuneration and benefits

The management regularly reviews the Group's remuneration and benefits policies in reference to the market standards and is committed to safeguarding the rights and interests of the employee including but not limited to policies regarding compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare. Remuneration and benefits have been adjusted in accordance with the employees' individual performance, contribution and market conditions. Remuneration packages include holidays, annual leave, medical scheme, group insurance, mandatory provident fund and discretionary bonus.

#### **Promotion and Career Development**

The promotion of the Group's employees is subject to review regularly. The Group has established objective performance indicators for annual performance evaluation.

During the Reporting Period, there was no staff left the Group so it was nil employee turnover rate (2022: 18.8%).

#### **Health and Safety**

The business operation of the Group does not involve high-risk activities. The Group attaches great importance to occupational safety, hygiene and health of our employees and makes all efforts to build a safe and comfortable working environment for employees. We are not only upholding the Occupational Safety and Health Ordinance (Cap. 509) but also provide regular briefings for all employees, on occupational safety and health policy and workplace safety.

As for insurance, in addition to employee compensation insurance, the Group also provides medical insurance and other benefits such as purchasing air purifier to improve air quality and working environment for our employees. All employees and visitors are requested not to smoke in the office in order to achieve a healthier and pleasant work place, safeguard non-smokers from the risks to health of passive smoke and protect the office sites from increased risk of fire. The building management office also arranges rescue, fire and evacuation drills to improve staff safety awareness. In addition, we have enough first-aid supplies to be available to all employees in office for handling injuries. This first-aid kit is maintained in convenient and accessible locations. Supplies items are replenished as they become depleted. Refills are also available for all supplies.

During the past three years, the Group did not record any work-related injury or fatality of employees, nor any lost days due to work injury. We are not aware of any material non-compliance with Occupational Safety and Health Ordinance that have a significant impact on the Group relating to providing a safe working environment and protecting employees from occupational hazards.

#### **Development and Training**

The Group firmly believes that trainings help improve competency, work skills, expertise and performance of employees and so that they can deliver the high quality of service that safeguards the public and meets the expectations of customers and the requirements of their profession. Trainings also help employees to raise environmental awareness and build capacity, as well as support a diverse human workforce and flexible work styles. Meanwhile, the Group is subject to various ordinances, rules and guidelines such as, but not limited to, the Securities and Futures Commission Ordinance, the Personal Data (Privacy) Ordinance, the GEM Listing Rules and the Hong Kong Securities and Futures Commission's Guideline on Anti-Money Laundering and Counter-Terrorist Financing. In addition, every licensed employee and professional employee must fulfill prescribed hours of continuous professional training relevant to their licensed regulated activities and/or professional body activities in each calendar year.

The Group supports employees to participate in personal and professional training and encourages the culture of sharing of knowledge and experience. The Group also provides our employees with training courses for upgrading skills and development as needed. For example, the Group provides licensed employees and professional employees with seminars and trainings organised by professional parties. There was an increase in number of hours in training received by employees. During the Reporting Period, the Group arranged 2 training sessions (2022: 3 training sessions), amounting to 4.5 training hours (2022: 7.5 training hours) for employees.

#### **Labour Standards**

The Group strictly prohibits the use of child and forced labour. Through the well-established recruitment policies, including verifying the identity documents of all applicants by human resources department during the recruitment process to ensure that our employees are all above the minimum legal working age and no forced labour is hired. In case any irregularities in ages, identities and/ or validities of employment status were found, employment will be terminated immediately and the Group will report the incident to relevant authorities. The Group has complied with relevant laws and regulations in Hong Kong relating to child and forced labour, including but not limited to the Employment of Children Regulations and the Employment Ordinance during the Reporting Period.

#### **Supply Chain Management**

Due to the nature of our principal business activities, the Group had no major suppliers during the year ended 30 September 2023 (2022: Nil). To integrate the environmental vision into the procurement of office supplies, the Group have a green procurement policy (i.e. reusable, repairable, durable) and make a conscious effort to not be wasteful when using or ordering supplies. With this in mind, we have purchased refillable pens, environment-friendly paper and refillable potable water. During the procurement process, the Group evaluates and assesses the suppliers' quality of services and products, their experience and track record, and review from public domain as to any reporting violation to ESG rules and regulations. In order to minimize the carbon emission, suppliers engaged by the Group are local suppliers.

According to McKinsey Report, for most products, 80 to 90 percent of greenhouse-gas emission are "Scope 3": indirect emissions that occur across the Company's value chain, such as embedded emission in purchase of goods and services, the primary function of the supply chain ecosystem. As the primary interface with the upstream supply chain, the procurement function has a decisive role to play in shaping an organization's ESG footprint, both directly through purchase decisions and indirectly by influencing product selections.

During the Reporting Period, we are not aware of any incidents of non-compliance with regulations and/or voluntary codes concerning the Group's service information and labelling, as well as marketing communications including advertising.

#### Protection of Privacy

The Group places the highest priority on protecting the privacy of our customers and employees in the collection, processing and use of their personal data in compliance with Personal Data (Privacy) Ordinance (Cap. 486). The Group adheres to the applicable data protection regulations and ensures appropriate technical measures are in place to protect personal data against unauthorised use or access. The Group also ensures that customers' personal data are kept confidential and securely to prevent against loss, unauthorised access, use, modification or disclosure, and processed only for the purpose for which it has been collected. No non-compliance or complaints from customers regarding personal data privacy has been received during the Reporting Period.

#### **Anti-corruption**

The Group is committed to upholding the highest ethical standard. The Group has set forth in our staff's code for the required conducts of our employees as well as anti-fraud and whistleblowing policies to prevent, detect and report each and every form of bribery, extortion, fraud and money laundering. Any such kind of fraudulent acts is prohibited and the Group will not tolerate any fraudulent business activities. In particular, all directors and employees should avoid conflict of personal interest relating to their professional duties and are required to declare any conflict of interest by disclosure form to ensure appropriate assurance for the Group in matters of conflict of interest, professional and scientific integrity, and to protect the Group from avoiding regulatory and reputational risk.

The Group operate a whistleblowing policy, which allows employees to report matters of concern about privacy and confidentiality, conflicts of interest, bribery and anti-corruption to the financial controller. If it is a possible criminal offence case, financial controller will bring the case to the Group, who will refer to audit committee to decide further action with consultation from our legal advisers.

The Group promises that whistleblowers will not be dismissed or mistreated due to the reporting. Investigation work for whistleblowing reports will be handled with strict confidentiality under any circumstances to preserve anonymity.

To ensure the staff is aware of the regulatory obligations and the possible consequences of breaching the obligations, the Group provides regular training to staff on anti-corruption. The Group also send notice to all staff in order to ensure they are fully aware with the compliance of law and regulations.

All staff members of the Group are required to comply with Anti-Money Laundering and Counter-Terrorist Financing (Financial Institutes) Ordinance (Cap. 615) and follow the AML/CTF guideline laid down by the Group.

During the Reporting Period, no directors and employees obtained or provided benefits to customers, suppliers, or people with business relationship with the Group, no whistleblowing disclosures were received and no litigations relating to matters of bribery, extortion, fraud or money laundering were brought against the Group or our employees.

#### **Community Investment**

The Group aim to help the grassroots people such as the homeless, the illness, elderly and children. We keep on our best to contribute to the community to show our care by supporting charitable organizations. During the Reporting Period, we donated approximately HK\$0.3 million (2021: HK\$0.5 million) to various charities for various focus areas such as education and health care.

Besides donations, we encouraged staff to participate in voluntary services in leisure time. During the Reporting Period, we had participated "Sunshine action" events, in which executive directors and employees worked as volunteers to distribute rice boxes to homeless people in different districts around Hong Kong and Kowloon, support and assist a charitable deed by packaging foods and products of basic needs to the needy families.

#### TO THE MEMBERS OF AMASSE CAPITAL HOLDINGS LIMITED

(Incorporated in the Cayman Islands with limited liability)

#### **OPINION**

We have audited the consolidated financial statements of Amasse Capital Holdings Limited (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") set out on pages 64 to 121, which comprise the consolidated statement of financial position as at 30 September 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 September 2023 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants ("**HKICPA**") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

# **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("**HKSAs**") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "**Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## **INDEPENDENT AUDITOR'S REPORT (Continued)**

# KEY AUDIT MATTERS (Continued)

#### The Key Audit Matter

How the matter was addressed in our audit

#### Revenue recognition of fee income from the provision of corporate finance advisory services and investment advisory services

# Refer to notes 4(i) and 5 to the consolidated financial statements

We identified the revenue recognition of fee income from the provision of corporate finance advisory services and investment advisory services as a key audit matter as they are quantitatively significant to the consolidated financial statements as a whole and there are significant judgements exercised by the management of the Group in determining the progress towards complete satisfaction of the performance obligation and the amount of revenue recognised.

As set out in note 5 to the consolidated financial statements, the fee income from the provision of corporate finance advisory services and investment advisory services amounting to approximately HK\$12,331,000 was recognised over time for the year ended 30 September 2023.

Our procedures in relation to the revenue recognition of fee income from the provision of corporate finance advisory services and investment advisory services included:

- Understanding the design and implementation of the key internal controls over the revenue recognition;
- Discussing with the project managers and the management of the Group to understand the status of the projects, the key terms and conditions in mandates with customers, including but not limited to scope of services, fees, payment terms and right to termination, on a sample basis; and
- Checking the progress of satisfaction of the performance obligation to evaluate the reasonableness of the revenue recognised, by referring to the underlying contract terms of mandates, correspondences with customers and other supporting documents; and when revenue is recognized over time and input method is adopted, by comparing the actual staff costs incurred up to date against the total expected staff costs, assessing the reasonableness of the total expected staff costs and examining relevant supporting documentation, on a sample basis.

# **OTHER MATTER**

The consolidated financial statements of the Group for the year ended 30 September 2022, were audited by another auditor who expressed an unmodified opinion on those statements on 29 December 2022.

# INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Kwan Kai Chun.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 September 2023

# 1. GENERAL

Amasse Capital Holdings Limited (the "**Company**") is a public limited company incorporated in the Cayman Islands and its shares are listed on the GEM of the Stock Exchange of Hong Kong Limited (the "**Stock Exchange**"). Its ultimate parent is Access Cheer Limited ("**Access Cheer**"), a company incorporated in the British Virgin Islands. Its ultimate controlling party is Ms. Tse Fung Sum Flora, who is also the Executive Director of the Company. The addresses of the registered office and principal place of business of the Company are disclosed in the corporate information section to the annual report.

The Company is principally engaged in investment holding. The principal activities of its subsidiaries are provision of corporate finance advisory services and investment advisory services. Particulars of the principal subsidiaries are set out in note 33. The Company and its subsidiaries are collectively referred to as the "**Group**".

The consolidated financial statements are presented in Hong Kong dollars ("**HK\$**") which is also the functional currency of the Company and all values are rounded to the nearest thousand except when otherwise indicated.

# 2. BASIS OF PREPARATION

#### (a) Basis of preparation

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") (which include all HKFRSs, Hong Kong Accounting Standards ("**HKASs**") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("**HKICPA**"), accounting principles generally accepted in Hong Kong, the disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the "**GEM Listing Rules**").

These consolidated financial statements have been prepared under the historical cost convention except for financial instruments that are measured at fair values.

#### (b) Application of amendments to HKFRSs

The HKICPA has issued a number of amendments to HKFRSs that are first effective for the current accounting period of the Group. Of these, the following developments are relevant to the Group's financial statements:

Amendments to HKFRS 3	Reference to the Conceptual Framework
Amendments to HKAS 16	Property, Plant and Equipment:
	Proceeds before Intended Use
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018-2020

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and on the disclosures set out in these consolidated financial statements.

# 2. BASIS OF PREPARATION (Continued)

#### (c) New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts <sup>1</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>2</sup>
Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback <sup>3</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) <sup>3</sup>
Amendments to HKAS 1	Non-current Liabilities with Covenants <sup>3</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies <sup>1</sup>
Amendments to HKAS 8	Definition of Accounting Estimates <sup>1</sup>
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction <sup>1</sup>
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements <sup>3</sup>
Amendments to HKAS 21	Lack of Exchangeability <sup>4</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2023.

<sup>2</sup> Effective for annual periods beginning on or after a date to be determined.

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2024.

<sup>4</sup> Effective for annual periods beginning on or after 1 January 2025.

Except for the new and amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all these new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

For the year ended 30 September 2023

# 2. BASIS OF PREPARATION (Continued)

## (c) New and amendments to HKFRSs in issue but not yet effective (Continued)

# Amendments to HKAS 1 and HKFRS Practice Statement 2 Disclosure of Accounting Policies

HKAS 1 is amended to replace all instances of the term "significant accounting policies" with "material accounting policy information". Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The amendments also clarify that accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material. If an entity chooses to disclose immaterial accounting policy information, such information must not obscure material accounting policy information.

HKFRS Practice Statement 2 Making Materiality Judgements (the "**Practice Statement**") is also amended to illustrate how an entity applies the "four-step materiality process" to accounting policy disclosures and to judge whether information about an accounting policy is material to its financial statements. Guidance and examples are added to the Practice Statement.

The application of the amendments is not expected to have significant impact on the financial position or performance of the Group but may affect the disclosures of the Group's significant accounting policies. The impacts of application, if any, will be disclosed in the Group's future consolidated financial statements.

## Amendments to HKAS 8 Definition of Accounting Estimates

The amendments define accounting estimates as "monetary amounts in financial statements that are subject to measurement uncertainty". An accounting policy may require items in financial statements to be measured in a way that involves measurement uncertainty — that is, the accounting policy may require such items to be measured at monetary amounts that cannot be observed directly and must instead be estimated. In such a case, an entity develops an accounting estimate to achieve the objective set out by the accounting policy. Developing accounting estimates involves the use of judgements or assumptions based on the latest available, reliable information.

In addition, the concept of changes in accounting estimates in HKAS 8 is retained with additional clarifications.

The application of the amendments is not expected to have significant impact on the Group's consolidated financial statements.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of consolidated financial statements are summarised below. These policies have been consistently applied to all years presented, unless otherwise stated.

#### (a) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Group. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### (b) Investments in subsidiaries

Investments in subsidiaries are accounted for at cost less impairment losses. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (c) Plant and equipment

Plant and equipment are stated at cost, less accumulated depreciation and impairment losses, if any.

The cost of an item of plant and equipment comprises its purchase price and any directly attributable cost of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the item has been put into operation, such as repairs and maintenance and overhaul costs, is normally charged to profit or loss in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in future economic benefits expected to be obtained from the use of the item, the expenditure is capitalised as an additional cost of the item. When an item of plant and equipment is sold, its cost and accumulated depreciation are derecognised and any gain or loss resulting from the disposal, being the difference between the net disposal proceeds and the carrying amount of the asset, is included in profit or loss.

Depreciation is provided on the straight-line method to allocate their cost over their estimated economic useful lives of the individual assets, as follows:

Leasehold improvements Furniture and equipment Motor vehicles Shorter of lease term or 5 years 5 years 5 years

The assets' useful lives and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period.

#### (d) Leases

#### Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed. As a practical expedient, leases with similar characteristics are accounted on a portfolio basis when the Group reasonably expects that the effects on the consolidated financial statements would not differ materially from individual leases within the portfolio.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (d) Leases (Continued)

#### The Group as a lessee

#### Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or nonlease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate standalone price of the non-lease components.

Non-lease components are separated from lease component on the basis of their relative stand-alone prices.

#### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases of offices and a warehouse that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis or another systematic basis over the lease term.

#### Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (d) Leases (Continued)

#### The Group as a lessee (Continued)

#### Right-of-use assets (Continued)

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

#### Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise the option; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (e) Financial Instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales or sales or sales or sales or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss ("**FVTPL**")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

#### Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("**FVTOCI**"):

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (e) Financial Instruments (Continued)

#### Financial assets (Continued)

Classification and subsequent measurement of financial assets (Continued)

All other financial assets are subsequently measured at FVTPL, except that at the date of initial application of HKFRS 9/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 Business Combinations applies.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

- (i) Amortised cost and interest income
  - Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.
- (ii) Financial assets at FVTPL
   Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the "other gains and losses" line item.

## (e) Financial Instruments (Continued)

#### Financial assets (Continued)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9

The Group performs impairment assessment under expected credit loss ("**ECL**") model on financial assets (including trade receivables and other receivables), and other items (contract assets) which are subject to impairment assessment under HKFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("**12m ECL**") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables and contract assets.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (e) Financial Instruments (Continued)

#### Financial assets (Continued)

*Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 (Continued)* 

(i) Significant increase in credit risk *(Continued)* 

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

In general, there is no credit period granted for corporate finance advisory services income and investment advisory services income; however depending on project progress a discretionary credit period ranged between 30 days and 90 days may be granted to customers, i.e. the credit risk has increased significantly for these trade receivables that remained unpaid for more than 60 days and up to 120 days.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

## (e) Financial Instruments (Continued)

#### Financial assets (Continued)

Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 (Continued)

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

#### Financial assets (Continued)

*Impairment of financial assets and other items subject to impairment assessment under HKFRS 9 (Continued)* 

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

For collective assessment, the Group takes into consideration the following characteristics when formulating the grouping:

- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables and contract assets where the corresponding adjustment is recognised through a loss allowance account.

## (e) Financial Instruments (Continued)

#### Financial assets (Continued)

#### Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

#### Financial liabilities and equity

#### Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

#### Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

#### Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (f) Impairment on plant and equipment and right-of-use assets

At the end of the reporting period, the Group reviews the carrying amounts of its plant and equipment and right-of-use assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of plant and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash generating unit or group of cash-generating units.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cashgenerating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

For the year ended 30 September 2023

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (f) Impairment on plant and equipment and right-of-use assets (Continued)

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

#### (g) Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash at other financial institutions and cash on hand and at banks, including term deposits and assets similar in nature to cash, which are not restricted as to use.

#### (h) Income tax

Income tax for the year comprises current and deferred tax.

The current income tax is based on taxable profit for the year. Taxable profit differs from "profit before income tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (h) **Income tax** (Continued)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

#### (i) Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

For the year ended 30 September 2023

## (j) Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
  - i. has control or joint control over the Group;
  - ii. has significant influence over the Group; or
  - iii. is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
  - i. The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - ii. One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - iii. Both entities are joint ventures of the same third party.
  - iv. One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - v. The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
  - vi. The entity is controlled or jointly controlled by a person identified in note 3(j)(a).
  - vii. A person identified in note 3(j)(a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  - viii. The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (k) Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (k) Revenue from contracts with customers (Continued)

# *Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation*

#### Output method

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

As a practical expedient, if the Group has a right to consideration in an amount that corresponds directly with the value of the Group's performance completed to date for those general advisory services in which the Group bills a fixed amount each month, the Group recognises revenue in the amount to which the Group has the right to invoice.

#### Input method

The progress towards complete satisfaction of a performance obligation is measured based on input method, which is to recognise revenue on the basis of the Group's efforts or inputs to the satisfaction of a performance obligation relative to the total expected inputs to the satisfaction of that performance obligation, that best depict the Group's performance in transferring control of goods or services.

# Income from provision of corporate finance advisory services and investment advisory services

Income from provision of corporate finance advisory services and investment advisory services is recognised over time or at a point in time with reference to the detailed terms of transactions as stipulated in the contracts entered into with its customers and counterparties.

For the contracts that the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs, the Group's performance obligations are satisfied over time. Invoices are issued upon the end of each month.

For the contracts that the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date, the Group's performance obligations are satisfied over time. The Group is entitled to an amount that at least compensates the Group for performance completed to date if the contract is terminated by the customer or another party for reasons other than the Group's failure to perform as promised. Invoices are issued upon signing service contracts and when stated milestones in the contract are reached.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (k) Revenue from contracts with customers (Continued)

# *Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation* (*Continued*)

*Income from provision of corporate finance advisory services and investment advisory services (Continued)* 

For the contracts with revenue recognised at point in time, the Group satisfied its performance obligations when the reports are issued under the terms of each engagement as only that time the Group has a present right to payment from the customer for the service performed. Invoices for the financial services are issued upon signing service contracts and when stated milestones in the contract are reached.

#### Costs to fulfil a contract

The Group incurs costs to fulfil a contract in its corporate finance advisory services. The Group first assesses whether these costs qualify for recognition as an asset in terms of other relevant HKFRSs, failing which it recognises an asset for these costs only if they meet all of the following criteria:

- (i) the costs relate directly to a contract or to an anticipated contract that the Group can specifically identify;
- (ii) the costs generate or enhance resources of the Group that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and
- (iii) the costs are expected to be recovered.

The asset so recognised is subsequently amortised to profit or loss on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the assets relate. The asset is subject to impairment review.

#### (I) Employee benefits

The Group operates a mandatory provident fund scheme (the "**MPF Scheme**"; a defined contribution plan) under which the Group and its employees are required to contribute 5% (subject to an aggregate maximum of HK\$1,500 per month) of the employees' relevant income. Contributions from the employer are 100% vested in the employees as soon as they are paid to the MPF Scheme.

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

For the year ended 30 September 2023

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (I) Employee benefits (Continued)

Payments to the mandatory provident fund scheme are recognised as an expense when employees have rendered service entitling them to the contributions.

Under the Hong Kong Employment Ordinance, the Group's net obligation in respect of lump sum long service amounts payable on cessation of employment in certain circumstances is the amount of future benefit that employees have earned in return for their service in the current and prior periods.

The Group's obligations to make such long service payments are recognised in the financial statements as long service payment liabilities at the present value (where the effect of discounting is material) of the long service payment obligations, which are estimated after deducting the entitlements accrued under the Group's defined contribution retirement scheme that are attributable to contributions made by the Group. Changes in carrying amount of the relevant net obligation are recognised in profit or loss.

#### (m) Provision

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

#### (n) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

For the year ended 30 September 2023

# 4. SIGNIFICANT ACCOUNTING JUDGEMENT AND ESTIMATES

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. These significant accounting judgement and estimates have been consistently applied to all the years presented, unless otherwise stated.

## (i) Revenue recognition

Under HKFRS 15, the Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

The directors of the Company have considered the detailed criteria for recognition of revenue set out in HKFRS 15 and in particular, whether the Group has satisfied all the performance obligations over time or at a point in time with reference to the details terms of transaction as stipulated in the contracts entered into with its customers. Accounting policies for revenue recognition, including methods for measurement of progress towards complete satisfaction of a performance obligation, are disclosed in note 3(k) to the consolidated financial statements.

#### (ii) Provision of ECL for trade receivables and contract assets

The Group uses provision matrix to calculate ECL for the trade receivables and contract assets. The provision rates are based on debtors' aging as groupings of various debtors that have same credit periods and similar payment patterns. The provision matrix is based on the Group's historical default rates taking into consideration forward-looking information that is reasonable and supportable available without undue costs or effort. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered. In addition, trade receivables and contract assets with significant balances and credit-impaired are assessed for ECL individually.

For the year ended 30 September 2023

## 4. SIGNIFICANT ACCOUNTING JUDGEMENT AND ESTIMATES (Continued)

## (ii) Provision of ECL for trade receivables and contract assets (Continued)

As at 30 September 2023, the aggregate carrying amount of trade receivables and contract assets is HK\$4,496,000 (2022: HK\$1,555,000) (net of loss allowance of HK\$1,813,000 (2022: HK\$3,576,000)).

The provision of ECL is sensitive to changes in estimates. The information about the Group's trade receivables and contract assets and the ECL are disclosed in notes 16, 17 and 28(a) to the consolidated financial statements respectively.

## 5. **REVENUE**

The principal activities of the Group are the provision of corporate finance advisory services and investment advisory services.

Deferred taxation		

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the "**Bill**") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying Group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of Group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

No provision for Hong Kong Profits Tax has been made as the entities in the Group have either no assessable profits for the year or available tax losses brought forward from prior years to offset the assessable profits generated during the year.

The income tax expense for the years can be reconciled to the results per the consolidated statement of profit or loss and other comprehensive income as follow:

	2023 HK\$'000	2022 HK\$'000

## **12. DIVIDEND**

No dividend was declared during the year, nor has any dividend been proposed since the end of the reporting period.

# **13. LOSS PER SHARE**

The calculation of the basic loss per share attributable to ordinary equity shareholders of the Company is based on the following data:

	2023	2022
Loss for the year attributable to equity shareholders of the Company (HK\$'000)	(1,941)	(9,285)
Weighted average number of ordinary shares ('000)	1,082,192	1,000,000

For each year ended 30 September 2023 and 30 September 2022, there were no potential ordinary shares in issue, thus no adjustment has been made to the basic loss per share amount presented in respect of dilution.

# **15. RIGHT-OF-USE ASSETS**

For both years, the Group leases offices and a warehouse for its operations. Lease contracts are entered into for fixed term of one to three years. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable. The Group regularly entered into short-term leases for a warehouse.

At 30 September 2022, the management performed impairment assessment on right-ofuse assets relating to the Group's corporate finance advisory service line and investment advisory service line with aggregate carrying amount of HK\$1,810,000 (before the impairment assessment) as the management concluded there was indication for impairment due to the challenging business environment.

Based on the estimate, impairment loss of HK\$1,810,000 was recognised to write-down the carrying amount of right-of-use assets as at 30 September 2022. The recoverable amount of the right-of-use assets are determined based on a value in use calculation using cash flow projection based on financial budgets covering a period of the remaining lease terms. The discount rate applied to the cash flow projection is 8.1%. For the year ended 30 September 2023, no further impairment loss has been recognised.

# **16. CONTRACT ASSETS**

	2023	2022
	HK\$'000	HK\$'000
Corporate finance advisory services	63	221

The contract assets primarily relate to the Group's right to consideration for work completed and not billed because the rights are conditioned on the Group's future performance. The contract assets are transferred to trade receivables when the rights become unconditional.

Typical payment terms which impact on the amount of contract assets recognised are as follows:

The Group typically receives a 50% deposit within three days upon commencement of the contract. The remaining consideration is payable when stated milestones in the contract are reached. If the contract is terminated, the Group is immediately entitled to receive payment for work done to date. When the Group's performance in relation to the contract does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date, the Group recognised the contract assets when the portion of the contract sum according to progress exceeds the billed portion of the contract.

All the other payables and accruals are expected to be settled within one year or are repayable on demand.

# **22. CONTRACT LIABILITIES**

	2023 HK\$'000	2022 HK\$'000
Corporate finance advisory services	217	22

Typical payment terms which impact on the amount of contract liabilities recognised are as follows:

When the Group receives a deposit in advance of provision of corporate finance advisory services to the customers, this will give rise to contract liabilities at the start of a contract, until the revenue recognised on the project exceeds the amount of the deposit. The Group typically receives a 50% deposit within three days upon commencement of the contract. The remaining consideration is payable when stated milestones in the contract are reached. If the contract is terminated, the Group is immediately entitled to receive payment for work done to date.

Note: On 5 December 2022, a total number of 100,000,000 new shares with par value of HK\$0.01 were issued at HK\$0.10 per share, raising a net proceeds of approximately HK\$9.7 million for general working capital of the Group.

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

# 27. CAPITAL RISK MANAGEMENT

The Group defines "capital" as total equity.

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The directors of the Company regularly review and manage the Group's capital structure to maintain a sufficient cash level to meet its liquidity requirements. Neither the Company nor its subsidiaries, except for the subsidiaries, Amasse Capital Limited ("Amasse Capital") and Amasse Asset Management Limited ("Amasse Asset"), are subject to externally imposed capital requirements. Amasse Capital and Amasse Asset are regulated by the Securities and Futures Commission ("SFC") and are required to comply with certain minimum capital requirements according to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong). The management monitors liquid capital of Amasse Capital and Amasse Asset daily to ensure they meet the minimum liquid capital requirement in accordance with the Securities and Futures (Financial Resources) Rules ("FRR") adopted by the SFC. Under the FRR, Amasse Capital and Amasse Asset must maintain the liquid capital in excess of HK\$3,000,000 and HK\$100,000 respectively. The required information of Amasse Capital and Amasse Asset is filed with SFC on a monthly basis and semi-annually basis respectively. Amasse Capital and Amasse Asset were in compliance with the capital requirements imposed by FRR during the year ended 30 September 2023. Other than this, the Company and other subsidiaries are not subject to externally imposed capital requirements.

## 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's major financial instruments include trade receivables, deposits and other receivables, cash and cash equivalents, financial assets at FVTPL, other payables and accruals and loans from securities brokers. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments include credit risk, liquidity risk and market risk (currency risk, interest rate risk and other price risk). The policies on how to mitigate these risks are set out below. The management of the Group manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

#### (a) Credit risk

The Group's maximum exposure to credit risk in the event of the counterparties' failure to perform their obligations at the end of the reporting period in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated statement of financial position.

In respect of trade receivables and contract assets, the Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate and therefore significant concentrations of credit risk primarily arise when the Group has significant exposure to individual customers. Consequently, individual credit evaluations are performed on all customers and counterparties. These evaluations focus on the counterparty's financial position, past history of making payments. The responsible officers of the Group are responsible for overall monitoring of the credit risk of their customers. Monitoring procedures have been implemented to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade receivable and contract assets balance at the end of each reporting period to ensure adequate impairment losses are made for irrecoverable amounts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The Group has concentration risk as 25.4% (2022: 21.5%) and 77.9% (2022: 79.4%) of the total gross trade receivables and contract assets was due from the largest counterparty and the five largest counterparties respectively as at the end of the reporting period.

The credit risk on liquid funds is limited because the counterparties are reputable banks and financial institution with high credit ratings.

The Group performs impairment assessment under ECL model on trade balances and contract assets individually or based on provision matrix. In this regard, the directors of the Company consider that the Group's credit risk is significant reduced. The Group does not hold any collaterals over these balances.

## 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(Continued)

#### (a) Credit risk (Continued)

As part of the Group's credit risk management, the Group uses debtors' aging to assess the impairment for its customers in relation to its operation. The following table provides information about the exposure to credit risk for trade receivables and contract assets which are assessed based on provision matrix within lifetime ECL (not credit-impaired). Credit-impaired debtors with gross carrying amounts of HK\$3,216,000 as at 30 September 2023 (2022: HK\$2,201,000) were assessed individually.

	Expected loss rate %	2023 Gross carrying amount HK\$'000	Loss allowance HK\$'000	Expected loss rate %	2022 Gross carrying amount HK\$'000	Loss allowance HK\$'000
					(Restated)	
Within 1 month 1 to 3 months Over 3 months	2% 2% 13%	1,530 900 <u>600</u> 3,030	24 15 79 118	22% 38% 59%	505 210 1,994 2,709	111 79 1,185 1,375

The estimated loss rates are estimated based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information that is available without undue cost or effort. The grouping is regularly reviewed by management to ensure relevant information about specific debtors is updated.

As at 30 September 2023, the Group provided approximately HK\$118,000 (2022: HK\$1,375,000) loss allowance for trade receivable based on the provision matrix. Loss allowance of HK\$1,695,000 (2022: HK\$2,201,000) were made on credit impaired debtors.

For the year ended 30 September 2023

## 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(Continued)

#### (a) Credit risk (Continued)

Movement in the loss allowance account in respect of trade receivables during the year is as follows:

	Lifetime ECL (Not credit- impaired) HK\$'000	Lifetime ECL (Credit- impaired) HK\$'000	Lifetime ECL Total HK\$'000
At 1 October 2021	423	2,280	2,703
Impairment losses recognised during the year	952	(79)	873
As at 30 September 2022 and 1 October 2022	1,375	2,201	3,576
Impairment losses recognised during the year	(1,257)	1,579	322
Written-off		(2,085)	(2,085)
As at 30 September 2023	118	1,695	1,813

The following significant changes in the gross carrying amounts of trade receivables contributed to the net decrease in the loss allowance balance:

- increase in credit-impaired trade receivables, including transferal of non-creditimpaired trade receivables with a gross carrying amount of HK\$2,472,000, resulted in an increase in credit-impaired loss allowance of HK\$1,579,000 when there is information indicating that those credit-impaired trade debtors are in severe financial difficulty or has breached the contract.
- after the above-mentioned transferal of non-credit-impaired trade receivables to credit-impaired trade receivables, the additions in new non-credit-impaired trade receivables during the year with a gross carrying amount of HK\$3,030,000 resulted in an addition in loss allowance of HK\$118,000.
- credit-impaired trade receivables with a gross carrying amount of HK\$2,085,000, and the corresponding loss allowance of the same amount, have been written-off during the year, resulted in an decrease in loss allowance balance of HK\$2,085,000.

For the year ended 30 September 2023

## 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(Continued)

#### (b) Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following tables show the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, based on undiscounted cash flows (including interest payments computed using contractual rates) and the earliest date the Group can be required to pay:

#### (c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's interest rate risk arises primarily from cash and cash equivalents, lease liabilities and loans from securities brokers (see notes 20, 23 and 24 for details of these balances). Variable rate cash at bank and other financial institutions and loans from securities brokers expose the Group to cash flow interest rate risk; while fixed deposits at fixed rates expose the Group to fair value interest rate risk. The Group currently does not have any interest rate hedging policy in relation to fair value and cash flow interest rate risks. The directors monitor the Group's exposure on an ongoing basis and will consider hedging the interest rate should the need arises.

For the year ended 30 September 2023

## 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

(Continued)

#### (c) Interest rate risk (Continued)

The directors of the Company consider that the exposure of cash flow interest rate risk arising from variable-rate bank balances, cash at other financial institutions and loans from securities brokers is insignificant.

#### (d) Currency risk

The Group is exposed to currency risk primarily through ordinary business operations which give rise to financial assets at fair value through profit or loss and cash and cash equivalent that are denominated in a foreign currency, i.e. a currency other than the functional currency of the operations to which the transactions relate. The currencies giving rise to this risk are primarily United States Dollars ("**US\$**") and Renminbi ("**RMB**").

Management considers that the Group's exposure to foreign currency risk arising from US\$ denominated assets is minimal. As Hong Kong dollar is pegged to US\$, the directors of the Company consider that the currency risk of US\$ is insignificant.

#### Exposure to currency risk

The following table details the Group's exposure at the end of the reporting period to currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the entity to which they relate.

#### Sensitivity analysis

The following table indicates the instantaneous change in the Group's profit/(loss) after tax (and retained earnings/(accumulated losses)) and other components of consolidated equity that would arise if foreign exchange rates to which the Group has significant exposure at the end of the reporting period had changed at that date, assuming all other risk variables remained constant. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollars would be materially unaffected by any changes in movement in value of the United States dollars against other currencies.

#### Exposure to currency risk (Continued)

Results of the analysis as presented in the above table represent an aggregation of the instantaneous effects on each of the Group entities' loss/profit after tax and equity measured in the respective functional currencies, translated into Hong Kong dollars at the exchange rate ruling at the end of the reporting period for presentation purposes.

The sensitivity analysis assumes that the change in foreign exchange rates had been applied to re-measure those financial instruments held by the Group which expose the Group to foreign currency risk at the end of the reporting period. The analysis excludes differences that would result from the translation of the financial statements of foreign operations into the Group's presentation currency.

#### (e) Other price risk

The Group's financial assets at FVTPL are measured at fair value at end of the reporting period. Therefore, the Group is exposed to security price risk. Management manages this exposure by maintaining a portfolio of investments with different risk profiles.

The sensitivity analyses below have been determined based on the exposure to equity price risks at the reporting date.

In respect of financial assets at FVTPL, the following table demonstrates the impact on loss/profit after tax, other comprehensive expense/income and equity if the price had been 5% higher/lower.

#### (f) Fair value measurement

The carrying amounts of the Group's financial instruments carried at amortised cost were not materially different from their fair values as at 30 September 2023 and 2022.

The following table presents the fair value of the group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs.

During the years ended 30 September 2023 and 2022, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

## **30. PROVISION FOR LONG SERVICE PAYMENT**

Under the Hong Kong Employment Ordinance, the Group is obligated to make lump sum payments on cessation of employment in certain circumstances to certain employees who have completed at least five years of service with the Group. The amount payable is dependent on the employees' final salary and years of service and is reduced by entitlements accrued under the Group's retirement plan that are attributable to contributions made by the Group. The Group does not set aside any assets to fund any remaining obligations. The long service payments are paid out from the Group's cash at banks when such payments are required.

Details of the provision for long service payments of the Group are as follows:

	2023 HK\$'000	2022 HK\$'000
At beginning of the year Charged/(credited) to profit or loss	137 107	171 (34)
At end of the year	244	137

## **31. RELATED PARTY TRANSACTIONS**

Save as disclosed in note 11(a) to these consolidated financial statements, the Group had the following material transactions with related parties.

#### (a) Compensation of key management personnel

Key management personnel are those persons holding positions with authority and responsibility for planning, directing and controlling the activities of the Group, directly or indirectly, including the directors of the Company.

Key management personnel remuneration was as follow:

	2023 HK\$'000	2022 HK\$'000
Short-term employee benefits Post-employment benefits	5,258 98	4,132 97
	5,356	4,229

For the year ended 30 September 2023

## 31. RELATED PARTY TRANSACTIONS (Continued)

#### (b) Transactions with related parties

During the year, the Group entered into the following transactions with its related parties:

	2023 HK\$'000	2022 HK\$'000
A beneficial owner: Luo Lei - Short-term employee benefits	95	

The related party transactions did not constitute connected transactions (including continuing connected transactions) as defined in Chapter 20 of the GEM Listing Rules.

## **32. SHARE OPTION SCHEME**

The Company's share option scheme (the "**Share Option Scheme**") was adopted pursuant to a resolution passed on 26 February 2018 for the primary purpose of providing incentives or rewards to directors and eligible employees, and will expire on 26 February 2028. Under the Share Option Scheme, the Board of the Company may grant options to eligible employees, including directors of the Company and its subsidiaries, to subscribe for shares of the Company.

#### (a) Purpose

The purpose of the Share Option Scheme is to provide incentive or reward to the eligible participants for their contribution to, and continuing efforts to promote the interests of the Group.

#### (b) Eligible Participants

Eligible participants include employee, adviser, consultant, service provider, agent, client, partner or joint venture partner of the Company or any subsidiary (including any director of the Company or any subsidiary) who is in full-time or part-time employment with or otherwise engaged by the Company or any subsidiary at the time when an option is granted to such employee, adviser, consultant, service provider, agent, client, partner or joint- venture partner or any person who, in the absolute discretion of the Board of Director, has contributed or may contribute to the Group as incentive or reward for their contribution to the Group to subscribe for the shares thereby linking their interest with that of the Group. The basis of eligibility shall be determined by the Board from time to time.

#### (c) Total Number of Shares available for Issue

The maximum number of shares in respect of which options may be granted under the Share Option Scheme is 100,000,000 shares, representing 10% of the shares of the Company in issue immediately upon completion of the public share offering and the capitalisation issue.

For the year ended 30 September 2023

## 32. SHARE OPTION SCHEME (Continued)

#### (d) Total Maximum Entitlement of each Eligible Participant

Unless approved by the shareholders in the manner set out below, the total number of shares issued and to be issued upon exercise of the options granted and to be granted pursuant to the Share Option Scheme and any other share option schemes of the Group (including both exercised and outstanding options) in any 12-month period must not exceed 1% of the shares in issue. Where any further grant of options would result in the shares issued and to be issued upon exercise of all options granted and to be granted to such person (including exercised and outstanding options) in the 12-month period up to and including the date of such further grant representing in aggregate over 1% of the shares in issue, such further grant must be separately approved by shareholders in general meeting with such Eligible Participant and his close associates (or his associates if the Eligible Participant is a connected person) abstaining from voting. The Company must send a circular to the shareholders and the circular must disclose the identity of the Eligible Participant, the number and terms of the options to be granted (and options previously granted to such Eligible Participant). The number and terms (including the subscription price) of options to be granted to such Eligible Participant must be fixed before shareholders' approval and the date of meeting of our Board for proposing such further grant should be taken as the date of offer for the purpose of calculating the subscription price.

The exercise of any option shall be subject to the shareholders in general meeting approving any necessary increase in the authorised share capital of the Company. Subject thereto, the Board shall make available sufficient authorised but unissued share capital of our Company to allot the shares on the exercise of any option.

#### (e) Option period and Payment on Acceptance of the Option

Options granted must be taken up within 21 days of the date of grant, upon payment of HK\$1 on acceptance of the offer. Options may be exercised at any time during a period commencing on or after the date on which the option is accepted and granted and expiring on a date to be notified by the Board to each grantee which shall not be more than 10 years from the date on which the option is accepted and granted.

## (f) Minimum Period for which an Option must be Held before it can be Exercised

No minimum period for which an option must be held before it can be exercised unless otherwise determined by the Board at the time of grant.

For the year ended 30 September 2023

## 32. SHARE OPTION SCHEME (Continued)

#### (g) Subscription Price of Shares

The subscription price for shares under the Share Option Scheme shall be determined at the absolute discretion of the Board but in any event will not be less than the highest of (a) the closing price of the shares on the Stock Exchange as shown in the daily quotations sheet of the Stock Exchange on the offer date of the particular option, which must be a business day; (b) the average of the closing prices of the shares as shown in the daily quotations sheets of the Stock Exchange for the five consecutive business days immediately preceding the offer date of that particular option; and (c) the nominal value of a share on the offer date of the particular option.

No option had been granted or agreed to be granted, exercised, cancelled or lapsed under the Share Option Scheme from the listing date to 30 September 2023 (2022: Nil).
