# NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 SEPTEMBER 2025

## 1. GENERAL INFORMATION

Fameglow Holdings Limited (the "Company") was incorporated in the Cayman Islands as an exempted company with limited liability on 2 March 2018 under the Companies Law Chapter 22 of the Cayman Islands. The shares of the Company were listed on GEM of The Stock Exchange on 15 October 2018 (the "Listing"). The immediate holding company of the Company is Equal Joy Holdings Limited ("Equal Joy"), which is incorporated in the British Virgin Islands ("BVI"), and is 50% and 50% owned by Ms. Fu Chi Ching ("Ms. Fu") and Mr. Yip Chun Kwok Danny ("Mr. Yip"), spouse of Ms. Fu (Mr. Yip together with Ms. Fu collectively known as the "Controlling Shareholders"). The addresses of the registered office and the principal place of business of the Company are disclosed in the section headed "Corporate Information" of this interim report.

The Company acts as an investment holding company and its subsidiaries are principally engaged in provision of treatment services and sale of skincare products in Hong Kong. The Company and its subsidiaries hereinafter referred to as the "Group". The condensed consolidated financial statements are presented in Hong Kong Dollar ("HK\$") which is also the functional currency of the Company and its principal subsidiaries.

## 2. BASIS OF PREPARATION

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") as well as the applicable disclosure requirements of Chapter 18 of the Rules Governing the Listing of Securities on the GEM of the Stock Exchange.

As at 30 September 2025, the Group recorded net current liabilities of HK\$30,414,000. The net current liabilities arose mainly from the contract liabilities of approximately HK\$59,739,000, which represented services to be performed and shall not result in any cash outflow of the Group eventually. The Group has been taking various cost control measures to tighten the costs of operations and implementing various strategies to enhance the Group's revenue, proactively negotiating with bankers to obtain credit facility to finance the Group's operation and the Controlling Shareholders agreed to provide financial support to finance the Group's working capital requirements.

Taking into account the above consideration, the directors of the Company are satisfied that the Group will have sufficient financial resources to meet its financial obligations as they fall due in the next twelve months from the end of the reporting period. Accordingly, the condensed consolidated financial statements have been prepared on a going concern basis.

### 3. SIGNIFICANT ACCOUNTING POLICIES

The condensed consolidated financial statements have been prepared on the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Other than changes in accounting policies resulting from application of new and amendments to HKFRSs, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 September 2025 are the same as those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2025, except for the adoption of the standards, amendments and interpretation issued by the HKICPA mandatory for the annual periods beginning on 1 April 2025. The effect of the adoption of these standards, amendments and interpretation is not material on these unaudited condensed consolidated financial statements.

The profits of corporations not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

For the six months ended 30 September 2025, Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2,000,000 of the estimated assessable profits of one of the subsidiaries of the Company and at 16.5% on the estimated assessable profits above HK\$2,000,000 of that subsidiary. The profits of other group entities not qualified for the two-tier profits tax regime will continue to be taxed at a flat rate of 16.5%. (six months ended 30 September 2024: same).

## 8. DIVIDEND

## 9. EARNINGS PER SHARE

No diluted earnings per share for both periods was presented as there were no potential ordinary shares in issue during both periods.

## 10. MOVEMENTS IN PROPERTY, PLANT AND EQUIPMENT AND RIGHT OF USE ASSETS

For the six months ended 30 September 2025, the Group acquired property, plant and equipment with aggregate cost of approximately HK\$28,180,000 (six months ended 30 September 2024: HK\$41,023,000).

For the six months ended 30 September 2025, the Group recognise the additions to right-of-use assets of approximately HK\$19,975,000 (six months ended 30 September 2024: HK\$18,397,000).

## 11. TRADE RECEIVABLES AND OTHER RECEIVABLE

### Trade Receivables

The customers usually settle the prepaid packages by credit cards and electronic payment system ("EPS"). For credit card payments, the banks will normally settle the amounts received, net of handling charges, within 90-180 days after trade date. Payment by EPS will normally be settled within one to two days. In addition, the trade receivables also include receivable from a department store for collecting customers' receipt of the sales counters on behalf of the Group where the credit period is 30 days.

An ageing analysis of the trade receivables, based on the invoice date, which approximate the revenue recognition date, is as follows:

	As at <b>30 September</b>	As at <b>31 March</b>
	2025	2025
	HK\$'000	HK\$'000
	(Unaudited)	(Audited)
0–30 days	<b>20,598</b>	16,744
31–90 days	<b>20,473</b>	24,100
Over 90 days	<b>6,177</b>	6,248
	<hr/> <b>47,248</b>	<hr/> 47,092

As at 30 September 2025 and 31 March 2025, included in the Group's trade receivables balance are debtors with aggregate carrying amount of HK\$720,000 and HK\$872,000 respectively which are past due as at the reporting date. The directors of the Company do not consider the amount as significant increase in credit risk with reference to the historical records, past experience and also available reasonable and supportive forward-looking information of these debtors, and the recurring overdue records of these debtors with satisfactory settlement history.

In order to minimise the credit risk, the directors of the Company have delegated a team responsible for monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group measures lifetime ECL on trade receivables on individual basis at the end of the reporting period.

In view of the business nature, management of the Group considers that the credit risks of trade receivables are insignificant after considering the credit quality and financial ability of the relevant financial institutions and there is no history of default in settlement by them. In the opinion of the management of the Group, the risk of default by these counterparties is not significant and the Group assessed that the ECL on these balances are insignificant on 30 September 2025 and thus no impairment loss allowance was recognised for the six months ended 30 September 2025.

## 11. TRADE RECEIVABLES AND OTHER RECEIVABLE (Continued)

As at 30 September 2025, prepayment amounted to approximately HK\$28,668,000 (31 March 2025: approximately HK\$23,738,000) mainly comprise of prepayment for property, plant and equipment of approximately HK\$8,720,000, prepayment for inventories and consumables of approximately HK\$8,988,000 and prepayments for marketing expenses of approximately HK\$7,568,000 (31 March 2025: prepayment for marketing expenses of approximately HK\$9,566,000 and prepayment for property, plant and equipment of approximately HK\$9,135,000).
