# 主席報告

For the 12 months ended 31st March 2001, the Group achieved a turnover of HK\$892,703,000, representing an increase of approximately 35% over last year. Profit from operations surged 42% from HK\$30,699,000 to reach HK\$43,556,000 this year. Profit attributable to shareholders rose 28% to HK\$26,368,000. As at year end, the Group's cash holding amounted to HK\$112,347,000, significantly higher than last year's figure of HK\$55,201,000.

These satisfactory results owed much to the Group's reputation for quality products and services, as well as adoption of a dynamic and flexible expansion strategy. During the reporting period, the Group continued to pursue business and product diversification. This has helped to sustain business growth despite the economic downturn in the US and European markets. At the same time, the Group actively sought to expand the business of its computer storage products. This strategy, combined with the Group's leading position in the industry, has successfully opened up new income sources. In addition, greater 截至二零零一年三月三十一日止之十二 個月內,集團錄得之營業額為港幣 892,703,000元,比去年度增加約 35%。集團之經營溢利由去年之港幣 30,699,000元上升約42%至港幣 43,556,000元。而股東應佔溢利則攀升 28%至港幣26,368,000元。於年結 日,集團之手頭現金達港幣 112,347,000元,較去年之港幣 55,201,000元大幅攀升。

此令人滿意之成績乃由於集團之產品質 素優良及服務完善,加上配合一套靈活 之業務擴展策略所致。於報告期內,集 團致力推廣業務和使產品更趨多元化, 使業績得以不受歐美市場拖累而持續呈 現增長。集團積極拓展電腦存儲產品之 業務,並結合本身於此方面之領先優 勢,成功開發多項新收入來源。此外, 為配合市場對電子產品組裝業務之殷切 需求,集團已把此業務列為重點開發項 目之一。一系列之產品多元化策略不但

emphasis has been placed on electronic products assembly business. This product diversification strategy not only demonstrates the Group's responsiveness to changing market conditions, but also reflects its ongoing commitment to strengthen its business.

During the period under review, Western Europe remained the Group's principal market, accounting for 36% of total turnover. Contribution from the Japanese market increased from 23% last year to 27% this year. Sales in the North American market and Asian markets (excluding Japan) accounted for 21% and 16% of turnover respectively.

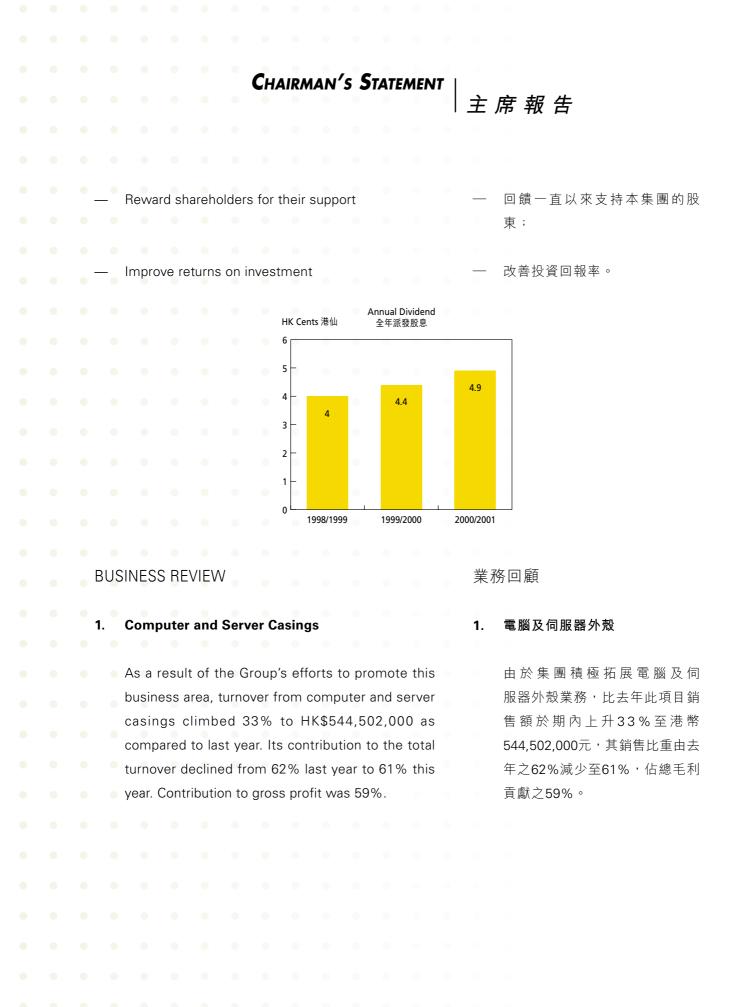

#### DIVIDEND

The Directors have recommended a final dividend of HK 3.8 cents per share to shareholders whose names appear on the Register Members of the Company on 20th August, 2001. Together with the interim dividend of HK 1.1 cents per share, total dividends for the year would amount to HK 4.9 cents per share. The final dividend will be payable on or about 30th August, 2001.

### SPECIAL DIVIDEND

Subject to the approval of the shareholders, the Directors propose the payment of a special dividend of HK 6.2 cents per share for the following reasons:—

 The Group's cash holding is far in excess of its current and future operating and capital requirements 主 席 ,更反 反映集團對市場變化 之敏鋭觸覺 映出其不斷鞏固業務之進取精神。 於回顧期內,西歐繼續成為集團之主要 市場,佔總營業額之36%。日本市場 之比重進一步由去年之23%上升至 27%。而北美地區及亞洲其他地區(日 本除外)之比重則分別佔總營業額之 21%及16%。 股息 董事會建議派發末期股息每股3.8港仙 予所有於二零零一年八月二十日名列公 司股東名冊之股東,連同中期股息每股 1.1港仙,全年股息為每股4.9港仙。末 期股息將於二零零 -年八月三 十日派 發 特別股息 倘若獲得股東通過,董事局建議派發特 別股息每股6.2港仙 主要原因如 集團現時持有充裕現金 遠超於 日常營運及未來資本性開支需 求

### 2. Office Automation Products

Sales of office automation products exhibited significant growth and accounted for 27% of the total turnover as compared to 20% for the corresponding period last year. In relation to such products, total sales surged 83% to HK\$236,248,000. Contribution to the Group's gross profit for the period was 28%. This outstanding performance was attributable to the efforts of the Group's marketing division in securing new orders. This business is expected to maintain stable growth and to continue forming a major part of the Group's total sales.

#### 3. Moulds and plastic and metal parts

Continuous product upgrades have helped to lower product costs. For the year, sales of moulds and parts increased satisfactorily to HK\$66,287,000, up 26% from the previous year. Contribution to gross profit stood at 12%.

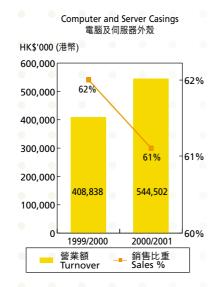

#### 4. Video Cassette Housings

In line with the Group's strategies to develop the high growth businesses and downsize the business of video products, sales of video cassette housings continued to slide. For the reporting period, sales of these products amounted to HK\$45,666,000, representing approximately 5% of total turnover.

CHAIRMAN'S STATEMENT

主席報告

During the period under review, the operating environment continued to be challenging. In view of mounting competition, the Group has strengthened its fully integrated business model with prime focus on raising product quality and service standards so as to enhance its competitiveness. To strengthen earnings capacity, the Group has implemented various measures which aim at lifting overall operational efficiencies.

The Group has adopted a stringent policy on cost controls and revamped management controls, which have significantly trimmed general administration costs. These changes were designed to ensure a flexible and efficient labor force. In addition, the Group also introduced a more efficient system for material purchases to cater for changes in supply conditions.

於回顧期內,整體營商環境仍然 充滿挑戰,有見及日趨激烈之競 爭,集團繼續強化其完全垂直式 作業模式,並重點提升產品及服 務質素,進一步增強競爭力。為 壯大盈利基礎,集團已採納了一 系列措施,力求進一步提升整體 營運效率。

集團嚴謹控制各類開支及重整管 理模式,有效地減省不必要之行 政開支。一系列之措施,主要為 確保集團擁有一隊既高效率亦具 靈活性之員工隊伍。此外,集團 亦已採用了更具效率之原材料採 購政策,以應付原材料供應市場 之變化。

In line with the Group's pledge for provision of excellent service, the marketing division has adopted a more proactive approach on every client interface while also maintaining close communication with the production division. With the concerted efforts of all staff, the Group has been highly commended by its major clients. In November 2000, the Group was presented with an "Excellent Supplier Award" by Compaq. In February 2001, NEC presented a "Certificate of Appreciation" to the Group in recognition of its commitment to assist clients to achieve their business goals.

#### PROSPECTS

#### Preface

 Although the US economy has been showing signs of economic slowdown since last year, the impact on the Group was relatively small. The main principle of the Group's "business model" has always been diversification: whether with customers, products or in its geographical distribution for product shipments. For the financial year under review, shipments to the US accounted for only 21% of the Group's total turnover.

# 主席報告

 Nevertheless, the Group has undertaken a series of reforms and changes in anticipation of the uncertainty as a result of such economic slowdown. The Group believes that without such changes, the Group will not be able to thrive in this supercompetitive marketplace.

# FUNDAMENTAL REFORMS TO ACHIEVE QUALITATIVE AND QUANTITATIVE IMPROVEMENTS

The Group has undertaken and still continues to pursue reforms in three aspects:

#### 1. Organizational

- The Board has authorized the formation of a new Executive Committee. One of the primary functions of the Executive Committee is to spearhead the reforms throughout all levels within the Group
- Improve the inventory and accounts receivable
   levels to ensure high liquidity through an interdepartmental cooperation

Infuse staff with "crisis mentality' and emphasise the need for constant selfenhancement to cope with the supercompetitive marketplace  雖然如此,本集團自去年底開始 已經不斷積極為這不可預知的經 濟環境作好準備。本集團深信倘 若在這如此慘烈的競爭環境當中 不作出應變革新,相信難以繼續 維持經營,必遭市場淘汰。

脱胎换骨,質量並進

本集團已進行及繼續推行下列三方面的 改革:

- 1. 行政制度方面
  - 一經董事局授權成立〈執行委員
     會〉,積極推動公司進行改
     革;
  - 一各部門通力合作,改善存貨
     水平及應收帳,務求將存貨
     數量及應收帳繼續調低,確
     保資金流轉暢順;
  - 一經常提醒員工必須備有「危機
     感意識」,同時鼓勵員工要自
     我增值,不斷將技術及知識
     提升,以切合現時市場劇烈
     競爭的需要。

土

#### 2. Marketing

- Consolidate existing customer base and explore the markets for the electronic product assembly service
- Keep monitoring progress of the development of new products. These products included laser printers, point-of-sale system, and magnetic tape drive. So far the results have been very satisfactory.

#### 3. Production

- Freeze capital expenditure temporarily to improve cash flow, as the capacities of the equipment recently purchased is sufficient to meet the orders placed
- Study the cost and benefits of more subcontracting to outside sub-contractors to improve production flexibility
- Re-organize factories into different "vertical business units" with clear profit and loss responsibilities
