I

G H To cope with the worldwide oil crisis and the need for environmental protection, the Group's two subsidiary companies operating public buses in Chongqing deploy CNG replacing petrol and diesel as fuel. Route 601 of Chongqing Kwoon Chung (New Town) Public Transport Co., Ltd. is one of the most popular bus routes in northern city of Chongqing.

I Another subsidiary, Chongqing Kwoon Chung (No.3) Public Transport Co., Ltd., has successfully obtained the right of operating a new bus route crossing the newly constructed major bridge in Chongqing, the "E Gong Yan Great Bridge".

J The local management and our resident Chief Engineer, Mr. Yuen (the 2nd on the right) are delighted to hold the celebration ceremony in respect of the new bus route crossing "E Gong Yan Great Bridge".

K **L** The Group has diversified into tourism business in Mainland China by acquiring 60% equity interest in Chongqing Tourism (Group) Co., Ltd. which holds investments in a hotel, a travel agency company, a tour bus company and a hydro-electric power plant. Here are the "Chongqing Grand Hotel" and "Chongqing Everbright International Travel Service".
