NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED 30TH JUNE, 2001

1. BASIS OF PREPARATION

The condensed financial statements have been prepared in accordance with Statement of Standard Accounting Practice ("SSAP") 25 "Interim financial reporting" issued by the Hong Kong Society of Accountants and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules"), except that comparative figures are not presented either for the condensed consolidated statement of recognised gains and losses or for the first condensed consolidated cash flow statement to be included in the interim financial report relating to accounting periods ended on or after 1st July, 2000. Such departures from SSAP 25 are permitted under the Listing Rules.

2. PRINCIPAL ACCOUNTING POLICIES

The condensed financial statements have been prepared under the historical cost convention, as modified for the revaluation of certain properties and investments in securities.

The accounting policies adopted for the preparation of the interim financial report are consistent with those adopted by the Group in its annual financial statements for the year ended 31st December, 2000 except as described below.

In the current period, the Group has adopted, for the first time, the following revised or new SSAPs issued by the Hong Kong Society of Accountants:

Segment reporting

SSAP 26 "Segment reporting", which has been adopted for the first time in this interim reporting period, has established principles for reporting the segmental analysis of financial information. The details are set out in note 3.

Dividends proposed or declared after the balance sheet date

In accordance with SSAP 9 (Revised) "Events after the balance sheet date" dividends proposed or declared after the balance sheet date are not recognised as a liability in the balance sheet. In previous years, the declaration of dividends after the balance sheet date was treated as an adjusting post balance sheet event. The effect of this change has been to increase shareholders' funds at 1st January, 2000 and 31st December, 2000 by HK\$17,820,000 and HK\$13,365,000 respectively. Comparative information has been restated to reflect this change in accounting policy (See note 16).

Provisions

In accordance with SSAP 28 "Provisions, contingent liabilities and contingent assets", provisions are recognised when the Group has a present obligation as a result of a past event which it is probable will result in an outflow of economic benefits that can be reasonably estimated.

Goodwill

In the current period, the Group has adopted SSAP 30 "Business combinations" and has elected not to restate goodwill (negative goodwill) previously eliminated against

(credited to) reserves. Accordingly, goodwill arising on acquisitions of subsidiaries prior to 1st January, 2001 is held in reserves and will be charged to the income statement at the time of disposal of the relevant subsidiary, or at such time as the goodwill is determined to be impaired. Negative goodwill arising on acquisitions prior to 1st January, 2001 will be credited to income at the time of disposal of the relevant subsidiary.

Goodwill arising on acquisitions after 1st January, 2001 is capitalised and amortised over its estimated useful life i.e. over periods ranging between 5 and 20 years. Negative goodwill arising on acquisitions after 1st January, 2001 is presented as a deduction from assets and will be released to income based on an analysis of the circumstances from which the balance resulted.

Impairment of assets

SSAP 31 "Impairment of assets" has introduced a formal framework for the recognition of impairment losses in respect of the Group's assets other than financial assets and investment properties.

With the exception of SSAP 9 (Revised), the adoption of the above standards has had no material effect on amounts reported in prior years.

3. SEGMENT INFORMATION

The turnover and contributions to profit from operations of the Group for the six months ended 30th June, 2001, analysed by business segments and by geographical segments, are as follows:

8. EARNINGS PER SHARE

The calculation of the earnings per share is based on the net profit for the period of HK\$8,885,000 (six months ended 30/6/2000: HK\$21,908,000) and on 445,500,000 ordinary shares (six months ended 30/6/2000: 445,500,000 ordinary shares) in issue during the period.

9. INVESTMENT PROPERTIES

As SSAP 25 does not require an enterprise to arrange for a revaluation to be made by professional qualified valuers on revalued assets held at the interim period end, accordingly, no professional valuation has been performed in respect of the Group's investment properties as at 30th June, 2001. However, the directors consider that the values of the investment properties as at 30th June, 2001 would not differ materially from the professional valuation made as at 31st December, 2000 and, accordingly, no revaluation surplus or deficit has been recognised in the current period.

10. PROPERTY, PLANT AND EQUIPMENT

During the six months ended 30th June, 2001, the Group has no material acquisition or disposal of property, plant and equipment.
