Funding and Treasury Policy

The Group adopts a prudent funding and treasury policy with regard to its overall business operations. Property development projects are financed partly by internal resources and partly by bank financing. Project financing is normally arranged in local currency to cover a part of the land cost and a major portion or the entire amount of the construction cost, with interest calculated by reference to the interbank offered rates and the loan maturity tied in to the estimated project completion date. In addition to normal bank financing, issues of debt or equity-linked securities are considered and arranged to provide an alternative source of funding, when circumstances are appropriate. Forward exchange contracts and interest swaps are arranged, where appropriate, to hedge against the Group's currency and interest rate exposures.

Remuneration Policy

The Group employs approximately 2,700 staff in Hong Kong, 300 staff in Canada and 900 staff in The People's Republic of China.

Remuneration packages are generally structured by reference to market terms and individual merits. Salaries are normally reviewed and bonuses paid on an annual basis based on performance appraisals and other relevant factors. Staff benefits plans maintained by the Group include provident fund scheme and medical and life insurance.

The Company and Regal Hotels International Holdings Limited, the listed subsidiary company of the Company, each maintains an Executive Share Option Scheme under which share options are granted to selected eligible executives.
