## NOTES TO THE CONDENSED FINANCIAL STATEMENTS

#### 1. BASIS OF PREPARATION

The condensed financial statements have been prepared in accordance with Statement of Standard Accounting Practice ("SSAP") 25 "Interim financial reporting" issued by the Hong Kong Society of Accountants, and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

#### 2. PRINCIPAL ACCOUNTING POLICIES

The condensed financial statements have been prepared under the historical cost convention as modified for the revaluation of investment properties and certain investments in securities.

The accounting policies adopted are consistent with those followed in the preparation of the Group's financial statements for the year ended 31st March, 2001, except that in the current period, the Group has adopted for the first time, a number of new and revised SSAPs which has resulted in the adoption of SSAP 30 "Business Combinations" and the Group has elected not to restate goodwill (negative goodwill) previously eliminated against (credited to) reserves. Accordingly, goodwill arising on acquisitions prior to 1st April, 2001 is held in reserves and will be charged to the income statement at the time of disposal of the relevant subsidiary or associate, or at such time as the goodwill is determined to be impaired. Negative goodwill arising on acquisitions prior to 1st April, 2001 will be credited to income at the time of disposal of the relevant subsidiary or associate.

Any goodwill arising on acquisitions after 1st April, 2001 will be capitalised and amortised over its estimated useful life. Any negative goodwill arising on acquisitions after 1st April, 2001 will be presented as a deduction from assets and will be released to income based on an analysis of the circumstances from which the balance resulted.

Apart from SSAP 30, the other new and revised SSAPs adopted during the period do not have significant impact to the Group.

### 7. (LOSS) EARNINGS PER SHARE

The calculation of the basic and diluted (loss) earnings per share for the period, is based on the following data:

|   | Six months ended 30th September, |   |
|---|----------------------------------|---|
|   | 2001                             | 2000  |
|   | HK\$'000                         | HK\$'000  |
| (Loss) earnings for the purpose of basic (loss) earnings per share  | (66,192)                         | 29,445  |
| Effect of dilutive potential ordinary shares:<br>– adjustment to the share of results of a former indirectly<br>owned subsidiary of the Company, with its shares listed<br>on the Stock Exchange, based on dilution of its earnings |                                  |   |
| per share<br>– adjustment to the share of results of a former associate,<br>with its shares listed on the Stock Exchange, based on  | -                                | (1,066)   |
| dilution of its (loss) earnings per share   |                                  | (122)   |
| (Loss) earnings for the purpose of diluted (loss) earnings per share  | (66,192)                         | 28,257  |
|   |                                  | nonths ended<br>September,<br>2000<br>Number of<br>shares |
| Weighted average number of ordinary shares for the purposes of  |                                  |   |
| basic and diluted (loss) earnings per share   | 324,466,320                      | 312,947,194   |

For the six months ended 30th September, 2000, the computation of diluted earning per share does not assume the exercise of the Company's outstanding share options as the exercise price was higher than the average fair value per share. The computation also does not assume the conversion of the Company's outstanding convertible redeemable notes since their exercise would result in an increase in earnings per share from continuing ordinary operations.

The weighted average number of the shares for the purpose of basic and diluted (loss) earnings per share for the six months ended 30th September, 2000 has been adjusted for the effect of the consolidation of the Company's shares as set out in note 15.
