SHARE OPTION SCHEME

The share option scheme adopted by the shareholders of the Company on 28 November 1991 (the “Old Share Option Scheme”) has expired on 28 November 2001. As at the date of this report, no option was outstanding under the Old Share Option Scheme.

At a special general meeting of the Company held on 11 July 2002, the shareholders of the Company adopted a new share option scheme (the “New Share Option Scheme”). The purpose of the New Share Option Scheme is to provide incentives and rewards to eligible participants who will contribute or have contributed to the success of the Group’s operations. Eligible participants of the New Share Option Scheme include any employee, executive or officer of the Group (including the executive and non-executive directors of members of the Group) who, in the sole discretion of the board of directors of the Company (the “Board”), will contribute or have contributed to the Group, and any supplier, consultant, agent, adviser, shareholder, customer, partner, business associate who, in the sole discretion of the Board, will contribute or have contributed to the Group. The New Share Option Scheme became effective on 11 July 2002 and, unless otherwise cancelled or amended, will remain in force for ten years from that date.

Pursuant to the New Share Option Scheme, the maximum number of shares in respect of which options may be granted under the New Share Option Scheme is such number of shares, when aggregated with shares subject to any other share option scheme(s) of the Company must not exceed 10% of the total number of the Company’s shares in issue as at the date of adoption of the New Share Option Scheme. The maximum number of shares issuable under share options to each eligible participant in the New Share Option Scheme within any 12-month period is, in aggregate, limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders’ approval in a general meeting of the Company.

Share options granted to a director, chief executive or substantial shareholder of the Company or any of its associates (as defined in the Listing Rules) are subject to the approval in advance by the independent non-executive directors of the Company. In addition, any share option granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in aggregate, over 0.1% of the total number of the shares of the Company in issue as at the date of grant and with an aggregate value (based on the closing price of the Company’s shares as stated in the daily quotation sheets of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) as at the date of the grant) in excess of HK\$5 million, within any 12-month period, are subject to the issue of a circular by the Company and shareholders’ approval in advance in a general meeting of the Company.

The offer of a grant of share options may be accepted within 28 days from the date of the offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determinable by the Board, and commences on a specified date and ends on a date which is not later than 10 years from the date of the offer of the share options or the expiry date of the New Share Option Scheme, whichever is earlier.

The exercise price of the share options is determinable by the Board, but may not be less than the highest of (i) the closing price of the Company’s shares as stated in the daily quotation sheets of the Stock Exchange on the date of grant, which must be a trading day; (ii) the average closing price of the Company’s shares as stated in the Stock Exchange’s daily quotation sheets for the five trading days immediately preceding the date of grant; and (iii) the nominal value of the Company’s shares.

REPORT OF THE DIRECTORS (continued)

SHARE OPTION SCHEME (continued)

No option has been granted under the New Share Option Scheme since the date of its adoption.

Details of the Old Share Option Scheme are set out in note 27 to the financial statements.

The directors consider that it is not appropriate or helpful to the shareholders of the Company to state the value of all options that can be granted pursuant to the New Share Option Scheme as if they had been granted as at the date of this report. The directors believe that any statement regarding the value of the options as at the date of this report will not be meaningful to the shareholders of the Company, since the options to be granted shall not be assignable, and no holder of the option shall in any way sell, transfer, charge, mortgage or create any interest (legal or beneficial) in favour of any third party over or in relation to any option.

In addition, the calculation of the value of the options is based on a number of variables such as the exercise price, the exercise period, interest rate, expected volatility and other relevant variables. The directors believe that any calculation of the value of the options as at the date of this report based on a great number of speculative assumptions would not be meaningful and would be misleading to the shareholders of the Company.
