

## Nan Ao Production Plant

The Nan Ao jewellery plant was established in 1997. The Group imported the entire former Speidel factory from Germany and rebuilt it in China for the production of the various jewellery brands of the Group. The factory is equipped with state-of-the-art machinery such as ultrasonic cleaning, environmental sewage treatment, laser welding and electro-forming. It is able to offer the full range of jewellery production including bangling, stamping, wax mould making, casting, emering, plating and stone setting. Nan Ao factory today employs 1,700 workers, who are regularly trained to improve their skills in advanced manufacturing techniques.
