

Corporate Governance Disclosure

THE BOARD

The Company's Board of Directors comprises a mix of executive and non-executive directors, including three independent non-executive directors, whose biographies are set out on pages 67 to 69. With three out of eight directors being independent non-executive directors, the Company has thus voluntarily maintained a Board composition that is in excess of the requirements of the Listing Rules of having at least two independent non-executive directors. The independent non-executive directors also represent over one-third of the members of the Board.

The Board is scheduled to meet at least four times a year to review the operations of the Group, determine corporate objectives, approve interim and annual results, budgets and any other significant matters that will affect the operations of the Group as a whole.

In the furtherance of their responsibilities, all directors and committees established by the Board also have recourse to external legal counsel and other professionals for independent advice at the Company's expense.

The number of meetings held and the attendance record of the Board members at these meetings since the listing of KPL is as follows:

INTERNAL CONTROLS

In performing their duties, the Board of Directors also acknowledges their responsibility for the Group's system of internal financial control. The system is designed with a view to provide reasonable assurance against any material misstatement or loss. These aim to ensure that assets of the Group are safeguarded, that proper accounting records are maintained and that the financial information used within the business and for publication is reliable. The control system also includes clearly drawn lines of accountability and delegation of authority and comprehensive reporting and analysis against approved budgets. The Group also prepares five year profit and loss accounts and cashflows for the Board's review. This helps the Board and the management to manage the business and to plan on a prudent and timely basis.

INTERNAL CONTROLS (CONTINUED)

Regular and ad hoc reports will also be prepared for the Board and its committees to ensure that directors are supplied with all the information they require in a timely and appropriate manner.
