

MISSION

CCT Telecom is one of the world's leading cordless phone manufacturers. We believe technology is the way of the future and are committed to delivering advanced telecom products to our customers. With an extensive business network and state-of-the-art manufacturing capabilities underpinned by a strong research and development team, we look forward to seizing the advantage and becoming a leading telecom product player in the hi-tech world of tomorrow.

Our mission -

To be a creator of winning communications technology in the new era
