

As at 30th June 2003, the Company has not granted any options to subscribe for Shares under the 2003 Scheme.

The Board does not consider it appropriate to disclose a theoretical value of the Share Options granted to the directors and employees of the Company in the previous years because a number of factors crucial for valuation cannot be determined; such factors include the exercise period and the conditions that a share option is subject to. Accordingly, any valuation of the share options based on the various speculative assumptions would not be meaningful and could be misleading to the shareholders.
