

## Corporate Profile

V.S. International Group Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") have been providing integrated manufacturing solutions to their renowned customers since 1997. This solution has catered for manufacturing and sales of plastic injection mould products and parts, assembling of electronic products, as well as the design and fabrication of moulds.

To diversify the Group's product lines, it has commenced the production of printed circuit board with precision surface mounting technology and mobile phone plastic parts in 2003.

The Group spans its manufacturing arms in Shenzhen, Zhuhai, and Qingdao, to capitalise on the enormous market and opportunities in the People's Republic of China (the "PRC").
