Earnings/(loss) per share is calculated based on the profit attributable to shareholders of the Group for the six months ended 30.6.2004 of HK\$19,659,000 (6 months ended 30.6.2003: loss of HK\$2,043,000) and 261,684,910 shares (6 months ended 30.6.2003: 261,684,910 shares) of the Company in issue during the period.

No diluted earnings per share has been presented for the current period because there was no outstanding option at the period end. No diluted loss per share has been presented for the same period last year because the exercise of the outstanding options would have no dilutive effect for that period.
