

Foreign currency exposure

The Group's sales and purchases are mainly denominated in Hong Kong Dollar and US Dollar, with some in Renminbi and Euro Dollar. Since Hong Kong Dollar remains pegged to US Dollar, the Group does not foresee a substantial exchange risk exposure in this regard.

As for currencies other than Hong Kong Dollar, the Group will closely monitor their movement trends in relation to US Dollar and will engage in exchange rate hedges when necessary.

At 30th June, 2004, the Group did not use any financial instrument for hedging purposes.

SHARE OPTIONS SCHEME

A share option scheme (the "Scheme") was adopted pursuant to the Annual General Meeting held on 17th May, 2002 and will expire on 16th May, 2012. The primary purpose of the Scheme is to recognise and motivate the contribution of employees and other persons who may have a contribution to the Group and to provide incentives and help the Company in retaining its existing employees and recruiting additional employees and to provide them with a direct economic interest in attaining the long term business objectives of the Company.

Under the Scheme, the board of directors of the Company may offer to any employees, including full time or part time employees, of the Company and/or its subsidiaries including any executive and non-executive director or proposed executive and non-executive director of the Company or any subsidiary options to subscribe for shares in the Company in accordance with the terms of the Scheme for the consideration of HK\$1 for each lot of share options granted.

At the date of this report, the number of shares in respect of which options had been granted and remained outstanding under the Scheme was 1,000,000, representing approximately 0.33% of the shares of the Company in issue at that date.

The total number of shares in respect of which options may be granted under the Scheme is not permitted to exceed 10% of the shares of the Company in issue. In addition, the maximum number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other share option schemes of the Company shall not exceed 30% (or such higher percentage as may be allowed under the Listing Rules of the Stock Exchange) of the total number of shares in issue from time to time. The number of shares in respect of which options may be granted to any individual in any one year is not permitted to exceed 1% of shares of the Company in issue, at any point at time, without prior approval from the Company's shareholder.

Options granted under the Scheme must remain open for acceptance until 5:00 p.m. on the 5th business day following the offer date provided that no such offer shall be open for acceptance after the tenth anniversary of the adoption date or after the Scheme has been terminated. Options may be exercised during the period as the board of directors of the Company may in its absolute discretion determine, save that such period shall not be more than 10 years from the date of the grant of the options and the board of directors may provide restrictions on the exercise of an option during the period an option may be exercised. The exercise price is determined by the board of directors of the Company and will be at least the highest of the followings:

- a) the closing price of shares at the date of grant of a share option;
- b) the average closing price of the shares for the five business days immediately preceding the date of grant; and
- c) the nominal value of a share.

Details of the movements in the Company's share options under the Scheme during the year are as follows:

	Number of options outstanding at 1/1/2004	Number of options granted during the period	Number of shares issued and exercise of options during the period	Number of options outstanding at 30/6/2004	Date granted	Exercise price per share HK\$	Exercisable Period
Employees	3,700,000	-	3,700,000	-	2/7/2003	0.638	2/8/2003 to 31/12/2011
Others	1,000,000	-	-	1,000,000	5/6/2002	0.664	5/7/2002 to 17/5/2012
Grand Total	<u>4,700,000</u>	<u>-</u>	<u>3,700,000</u>	<u>1,000,000</u>			

The closing price of the Company's shares immediately before 5th June, 2002, and 2nd July, 2003, the dates of grant of the options, were HK\$0.64 and HK\$0.73 respectively.

The weighted average closing price of the shares immediately before the dates on which options were exercised was HK\$0.88.

No charge is recognised in the income statement in respecting the value of options granted in the period.

The directors of the Company considered that it is not appropriate to value share options granted under the option scheme during the period as a number of factors critical for the valuation of the share options granted cannot be determined accurately. In the absence of readily available market value of the options under the option scheme, any valuation of the share options would be meaningless and could be misleading to the shareholders.
