

V.S. International Group Limited (“Company”) and its subsidiaries (collectively referred to as the “Group”) commenced business in June 1997 and the Company was listed on the main board of The Stock Exchange of Hong Kong Limited (“Stock Exchange”) on 8 February 2002.

The Group excels in the manufacturing and sales of plastic moulded products and parts, assembling of electronic products, as well as the design and fabrication of moulds. In October 2002, the Group established a joint venture with Andes Electric Co., Ltd. (“Andes”) and Sumitronics Hong Kong Ltd. (“STX”) for the production of printed circuit board with precision surface mounting technology, and this enhanced the Group’s integrated manufacturing solutions capability.

In September 2004, the Group entered into a joint venture agreement with Wako (Hong Kong) Co., Limited (“Wako”), a subsidiary of Wako Co., Ltd. which is one of the renowned operators and developers in Japan of spray painting technology and has extensive experience and special know-how in the spray painting of plastic parts and other components. With strong technological support from Wako, the Group’s competitiveness as a whole will be further enhanced and solidified.
