

The October Shows – Mega Show Part One, held on 20-23 October 2004, took up all available space at the Hong Kong Convention and Exhibition Centre ("HKCEC"). With the all-time high of 4,670 booths occupied by 3,058 exhibitors from 33 countries and regions, the October Shows attracted a record-breaking of 63,905 international buyers.

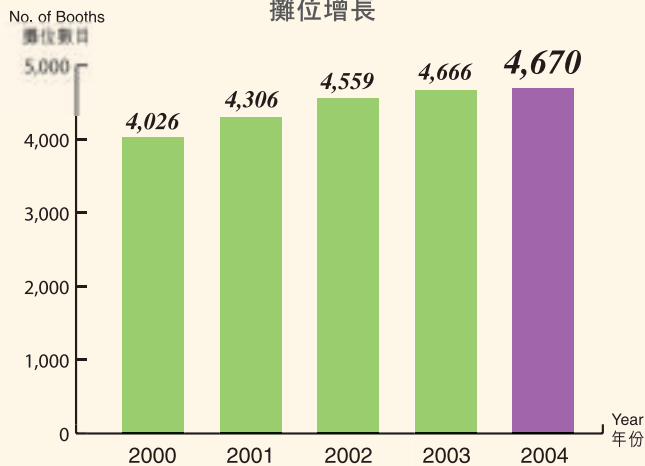

The next October Shows – Mega Show Part One will be held on 20-23 October 2005 at the HKCEC, and all exhibition booths have been fully booked by the end of November 2004. To accommodate the growing demand for exhibition booths, we are actively seeking all possible options to expand this mega event.
