
STRUCTURE AND CONDITIONS OF THE GLOBAL OFFERING

THE GLOBAL OFFERING

This prospectus is published in connection with the Public Offering as part of the Global Offering. Goldman Sachs is the Global Coordinator and sole bookrunner of the Global Offering.

The Global Offering consists of (subject to adjustment and the Over-allotment Option):

- the Public Offering of 43,700,000 Shares (subject to adjustment as mentioned below) in Hong Kong as described below under “The Public Offering”; and
- the International Placing of 393,300,000 Shares (subject to adjustment as mentioned below) in the United States to QIBs in reliance on Rule 144A, and outside the United States in reliance on Regulation S.

Investors may apply for the Offer Shares under the Public Offering or indicate an interest, if qualified to do so, for the Offer Shares under the International Placing, but may not do both. The Public Offering is open to members of the public in Hong Kong as well as to institutional and professional investors in Hong Kong. The International Placing will involve selective marketing of the Offer Shares to QIBs in the United States in reliance on Rule 144A, as well as to institutional and professional investors and other investors expected to have a sizeable demand for the Offer Shares in Hong Kong and other jurisdictions outside the United States in reliance on Regulation S. The International Underwriters are soliciting from prospective investors indications of interest in acquiring the Offer Shares in the International Placing. Prospective investors will be required to specify the number of Offer Shares under the International Placing they would be prepared to acquire either at different prices or at a particular price. This process, known as “book-building,” is expected to continue up to, and to cease on or around Wednesday, 7 July 2004 (New York time).

The number of Offer Shares to be offered under the Public Offering and the International Placing respectively may be subject to reallocation as described below in “Pricing and Allocation”.

PRICING AND ALLOCATION

The Offer Price is expected to be fixed by agreement between the Global Coordinator (on behalf of the Underwriters) and our Company (on behalf of ourselves and the Selling Shareholders), on the Price Determination Date, when market demand for the Offer Shares will be determined. The Price Determination Date is expected to be on or around Wednesday, 7 July 2004 and in any event, no later than Monday, 12 July 2004.

The Offer Price will be not more than HK\$2.90 per Offer Share and is expected to be not less than HK\$2.20 per Offer Share, unless otherwise announced not later than the morning of the last day for lodging applications under the Public Offering, as explained below. Prospective investors should be aware that the Offer Price to be determined on the Price Determination Date may be, but is not expected to be, lower than the indicative Offer Price range stated in this prospectus.

If, based on the level of interest expressed by prospective institutional, professional and other investors during the book-building process, the Global Coordinator (on behalf of the Underwriters and with the consent of the Selling Shareholders) considers it appropriate, the indicative Offer Price range may be reduced below that stated in this prospectus at any time

STRUCTURE AND CONDITIONS OF THE GLOBAL OFFERING

prior to the morning of the last day for lodging applications under the Public Offering. In such a case, we and the Selling Shareholders will jointly, as soon as practicable following the decision to make such reduction, and in any event not later than the morning of the last day for lodging applications under the Public Offering on Wednesday, 7 July 2004, cause to be published in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese) notice of the reduction in the indicative Offer Price range. Such notice will also include confirmation or revision, as appropriate, of the offering statistics as currently set out in the section headed "Summary" in this prospectus, and any other financial information which may change as a result of such reduction. Before submitting applications for Public Offering Shares, applicants should have regard to the possibility that any announcement of a reduction in the indicative Offer Price range may not be made until the day which is the last day for lodging applications under the Public Offering. Applicants under the Public Offering should note that in no circumstances can applications be withdrawn once submitted, even if the indicative Offer Price range is so reduced. The Offer Price, if agreed upon, will be fixed within such revised Offer Price range. In the absence of any notice being published of a reduction in the indicative Offer Price range stated in this prospectus on or before the last day for lodging applications under the Public Offering, the Offer Price, if agreed upon, will under no circumstances be set outside the Offer Price range as stated in this prospectus.

The Shares to be offered in the Public Offering and the International Placing may, in certain circumstances, be reallocated as between these offerings at the discretion of the Global Coordinator.

Allocation of our Shares pursuant to the International Placing will be determined by the Global Coordinator and will be based on a number of factors including the level and timing of demand, total size of the relevant investor's invested assets or equity assets in the relevant sector and whether or not it is expected that the relevant investor is likely to buy further, and/or hold or sell Shares after the listing of the Offer Shares on the Stock Exchange. Such allocation may be made to professional, institutional, and corporate investors and is intended to result in a distribution of our Shares on a basis which would lead to the establishment of a solid shareholder base to the benefit of our Company and our shareholders as a whole.

Allocation of Shares to investors under the Public Offering will be based solely on the level of valid applications received under the Public Offering. The basis of allocation may vary, depending on the number of Public Offering Shares validly applied for by applicants, but will be made strictly on a pro rata basis, although the allocation of Public Offering Shares could, where appropriate, consist of balloting, which would mean that some applicants may receive a higher allocation than others who have applied for the same number of Public Offering Shares, and those applicants who are not successful in the ballot may not receive any Public Offering Shares.

The net proceeds from the Global Offering accruing to us (after deduction of underwriting fees and estimated expenses payable by us in relation to the Global Offering, assuming that the Over-allotment Option is not exercised and an Offer Price of HK\$2.55, being the mid-point of the proposed Offer Price range of HK\$2.20 to HK\$2.90), are estimated to be approximately US\$74.5 million (HK\$581.0 million).

The net proceeds from the sale of Shares by the Selling Shareholders will be for the account of the relevant Selling Shareholders and not our Company.

STRUCTURE AND CONDITIONS OF THE GLOBAL OFFERING

The applicable Offer Price, level of applications in the Public Offering, the level of indications of interest in the International Placing, and the basis of allocations of the Public Offering Shares are expected to be announced on Tuesday, 13 July 2004 in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese).

CONDITIONS OF THE PUBLIC OFFERING

Acceptance of all applications for the Public Offering Shares pursuant to the Public Offering will be conditional on:

- (a) the granting by the Listing Committee of the Stock Exchange of listing of, and permission to deal in, our Shares being offered pursuant to the Global Offering; and
- (b) the execution and delivery of the International Underwriting Agreement on or around the Price Determination Date; and
- (c) the obligations of the Underwriters under each of the Public Offering Underwriting Agreement and the International Underwriting Agreement having become unconditional and not having been terminated in accordance with the terms of the respective agreements, in each case on or before the dates and times specified in the Underwriting Agreements (unless and to the extent such conditions are validly waived on or before such dates and times) and in any event not later than 30 July 2004.

If for any reason, the Offer Price is not agreed by Monday, 12 July 2004 between the Global Coordinator (on behalf of the Underwriters) and our Company (on behalf of ourselves and the Selling Shareholders), the Global Offering will not proceed and will lapse.

If the above conditions are not fulfilled or waived prior to the times and dates specified, the Global Offering will lapse and the Stock Exchange will be notified immediately. Notice of the lapse of the Public Offering will be caused to be published by us in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese) on the next day following such lapse. In such eventuality, all application monies will be returned, without interest, on the terms set out in the section headed "How to Apply for Public Offering Shares". In the meantime, the application monies will be held in separate bank account(s) with the receiving bankers or other bank(s) in Hong Kong licensed under the Banking Ordinance (Chapter 155 of the Laws of Hong Kong) (as amended).

The consummation of each of the Public Offering and the International Placing is conditional upon, among other things, the other becoming unconditional and not having been terminated in accordance with its terms.

THE PUBLIC OFFERING

Our Company and the Selling Shareholders are initially offering 43,700,000 Shares at the Offer Price, representing 10% of the 437,000,000 Shares initially available under the Global Offering, for subscription by or for sale to the public in Hong Kong. Subject to adjustment as mentioned below, the number of Shares offered under the Public Offering will represent 3.4% of our total issued share capital immediately after completion of the Global Offering. In Hong Kong, individual retail investors are expected to apply for Offer Shares through the Public Offering and individual retail investors, including individual investors in Hong Kong applying

STRUCTURE AND CONDITIONS OF THE GLOBAL OFFERING

through banks and other institutions, seeking Offer Shares in the International Placing, will not be allotted Offer Shares in the International Placing.

The Global Coordinator (on behalf of the Underwriters) may require any investor who has been offered Shares under the International Placing, and who has made an application under the Public Offering to provide sufficient information to the Global Coordinator so as to allow them to identify the relevant applications under the Public Offering and to ensure that it is excluded from any application for Shares under the Public Offering.

The Offer Price will be not more than HK\$2.90 and is expected to be not less than HK\$2.20. Applicants under the Public Offering are required to pay, on application, the maximum Offer Price of HK\$2.90 per Share plus 1.0% brokerage fee, 0.005% SFC transaction levy, 0.002% investor compensation levy and 0.005% Stock Exchange trading fee. If the Offer Price, as finally determined on the Price Determination Date, is lower than HK\$2.90, being the maximum price, we will refund the respective difference (including the brokerage fee, the SFC transaction levy, the investor compensation levy and the Stock Exchange trading fee attributable to the surplus application monies) to successful applicants, without interest. Further details are set out in “How to Apply for Public Offering Shares”.

For allocation purposes only, the 43,700,000 Shares initially being offered for subscription or for sale under the Public Offering (after taking into account any adjustment in the number of Offer Shares allocated between the Public Offering and the International Placing) will be divided equally into two pools: Pool A comprising 21,850,000 Public Offering Shares and Pool B comprising 21,850,000 Public Offering Shares, both of which are available on an equitable basis to successful applicants. All valid applications that have been received for Public Offering Shares with a total amount (excluding brokerage, SFC transaction levy, investor compensation levy and the Stock Exchange trading fee) of HK\$5 million or below will fall into Pool A and all valid applications that have been received for Public Offering Shares with a total amount (excluding brokerage, SFC transaction levy, investor compensation levy and Stock Exchange trading fee) of over HK\$5 million and up to the total value of Pool B, will fall into Pool B.

Applicants should be aware that applications in Pool A and Pool B are likely to receive different allocation ratios. If Public Offering Shares in one pool (but not both pools) are undersubscribed, the surplus Public Offering Shares will be transferred to the other pool to satisfy demand in that other pool and be allocated accordingly. Applicants can only receive an allocation of Public Offering Shares from either Pool A or Pool B but not from both pools. Multiple or suspected multiple applications and any application for more than 50% of the 43,700,000 Shares initially comprising the Public Offering (that is 21,850,000 Public Offering Shares) are liable to be rejected.

The allocation of Shares between the Public Offering and the International Placing is subject to adjustment. If the number of Shares validly applied for in the Public Offering represents (i) 15 times or more but less than 50 times, (ii) 50 times or more but less than 100 times, and (iii) 100 times or more, of the number of Shares initially available under the Public Offering, the total number of Shares available under the Public Offering will be increased to 131,100,000, 174,800,000 and 218,500,000 Shares, respectively, representing 30% (in the case of (i)), 40% (in the case of (ii)) and 50% (in the case of (iii)), respectively, of the total number of Shares initially available under the Global Offering (before any exercise of

STRUCTURE AND CONDITIONS OF THE GLOBAL OFFERING

the Over-allotment Option). In such cases, the number of Shares allocated in the International Placing will be correspondingly reduced, in such manner as the Global Coordinator deems appropriate, and such additional Shares will be allocated to Pool A and Pool B.

If the Public Offering Shares are not fully subscribed, the Global Coordinator has the authority to reallocate all or any unsubscribed Public Offering Shares to the International Placing, in such proportions as the Global Coordinator deems appropriate.

References in this prospectus to applications, Application Forms, application monies or to the procedure for application relate solely to the Public Offering.

THE INTERNATIONAL PLACING

The number of Shares to be initially offered for sale and subscription under the International Placing will be 393,300,000 Shares, representing 90% of the Offer Shares under the Global Offering. The International Placing is subject to the Public Offering being unconditional.

Pursuant to the International Placing, the International Underwriters will conditionally place our Shares with QIBs in the United States in reliance on Rule 144A, as well as with institutional and professional investors and other investors expected to have a sizeable demand for our Shares in Hong Kong and other jurisdictions outside the United States in reliance on Regulation S.

OVER-ALLOTMENT OPTION

The Selling Shareholders expect to grant the Over-allotment Option to the International Underwriters, exercisable by the Global Coordinator on behalf of the International Underwriters for up to 30 days from the last day for the lodging of applications under the Public Offering. Pursuant to the Over-allotment Option, the Global Coordinator will have the right to require the Selling Shareholders to sell up to an aggregate of 63,000,000 additional Shares, representing in aggregate 14.4% of the initial Offer Shares, at the Offer Price, solely to cover over-allocations in the International Placing, if any.

The Global Coordinator may also cover any over-allocations in accordance with arrangements described in the section headed “Information about this Prospectus and the Global Offering — Over-Allotment and Stabilization” in this prospectus. In the event that the Over-allotment Option is exercised, an announcement will be made by our Company setting out the relevant details.

In connection with the Global Offering, the Global Coordinator may over-allocate up to and not more than an aggregate of 63,000,000 additional Shares and cover such over-allocations by exercising the Over-allotment Option or by making purchases in the secondary market at prices that do not exceed the Offer Price or through stock borrowing arrangements or a combination of these means. In particular, for the purpose of covering such over-allocations, the Global Coordinator may borrow up to 63,000,000 Shares from IDB Carriers (BVI) Limited, one of the Selling Shareholders, equivalent to the maximum number of Shares to be issued on a full exercise of the Over-allotment Option, under the Stock Borrowing Agreement. **The Global Coordinator (on behalf of the Company and IDB Carriers (BVI) Limited) has applied to the Stock Exchange for a waiver from strict compliance with Rule 10.07(1) of the Listing Rules which restricts the disposal of Shares by the controlling shareholders**

following a new listing, in order to allow IDB Carriers (BVI) Limited to enter into and perform its obligations under the Stock Borrowing Agreement on the following conditions:

- the Stock Borrowing Agreement will only be effected by Goldman Sachs International for settlement of over-allocations in the International Placing;
- the maximum number of Shares borrowed from IDB Carriers (BVI) Limited will be limited to the maximum number of Shares which may be sold upon exercise of the Over-allotment Option;
- the same number of Shares so borrowed must be returned to IDB Carriers (BVI) Limited on or before the third Business Day following the earlier of (i) the last day on which Shares may be sold by IDB Carriers (BVI) Limited pursuant to the Over-allotment Option, and (ii) the day on which the Over-allotment Option is exercised in full and the relevant over-allotment Shares have been sold;
- the Stock Borrowing Agreement will be effected in compliance with all applicable laws and regulatory requirements; and
- no payments will be made to IDB Carriers (BVI) Limited in relation to the Stock Borrowing Agreement.

UNDERWRITING ARRANGEMENTS

The Public Offering is fully underwritten by the Public Offering Underwriters under the terms of the Public Offering Underwriting Agreement, subject to agreement on the Offer Price between the Global Coordinator (on behalf of the Underwriters) and our Company (on behalf of ourselves and the Selling Shareholders) on the Price Determination Date.
