

CORPORATE PROFILE

IDT, established in 1977, is a leader in the design, development, manufacturing, marketing and distribution of lifestyle consumer electronic products through the application of innovative LCD and microprocessor technology under four main categories: LCD consumer electronic products; telecommunications products; electronic learning products and digital media products.

For over 25 years, IDT's reputation and corporate image have been consistently developed in the international markets. IDT's own brand "Oregon Scientific" has been widely recognised in the world. Its innovative consumer electronic products have gained high degree of recognition and consumer confidence for enhancing the people's quality of living.

IDT International Limited was listed on The Stock Exchange of Hong Kong Limited in 1988. (Stock Code: 167)

In 1997, the LCD consumer electronic products division became a separate corporate entity whose shares were listed on The Singapore Exchange Securities Trading Limited.

IDT operates 13 wholly owned marketing and distribution subsidiaries in 11 countries around the world. Our business presence has been established in over 35 countries through exclusive distributors.
