

Corporate Profile

Ocean Grand Chemicals Holdings Limited principally engages in the subcontracting, manufacturing and trading of precious metal electroplating chemicals in the PRC and Hong Kong. Its production facilities are strategically located in the Nanping Technology Zone, Zhuhai City, the PRC and Hung Hom, Hong Kong. The Group is one of the largest precious metal electroplating chemicals manufacturers in the PRC. The mission of the Group is to develop its brand name “Kenlap” as the premium electroplating chemicals product in the region.
