

interim report 2005

## FORWARD-LOOKING STATEMENTS

This interim report contains forward-looking statements. These forward-looking statements are not historical facts. Rather, the forward-looking statements are based on the current beliefs, assumptions, expectations, estimates and projections of the directors and management of PCCW Limited (the "Company" or "PCCW") about the business and the industry and markets in which we operate. These forward-looking statements include, without limitation, statements relating to revenues and earnings. The words "believe", "intend", "is confident", "expect", "anticipate", "project", "estimate", "predict" and similar expressions are also intended to identify forward-looking statements.

These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control and are difficult to predict. Consequently, actual results could differ materially from those expressed or forecast in the forward-looking statements. Factors that could cause actual results to differ materially from those reflected in the forward-looking statements include:

- increased competition in the Hong Kong telecommunications markets and the continuing negative effects from the regulatory constraints that apply to us;
- the effects of the regulatory decisions relating to broadband access services;
- our ability to secure or successfully implement new business opportunities or anticipated projects with China Network Communications Group Corporation, or China Netcom Group;
- the risks related to loss of business with competitors of China Netcom Group;
- our ability to successfully implement the integration of SUNDAY Communications Limited, or SUNDAY, and develop fixed mobile convergence products;
- the risks associated with Pacific Century Premium Developments Limited, or PCPD, our property development subsidiary, including the development of the Cyberport project and future property development plans;
- our ability to implement our business plan as a consequence of our substantial debt;
- our exposure to interest rate risks;
- our ability to continue to pay dividends in the future;
- our ability to execute our business strategy, including our ability to enter into business combinations, strategic investments and acquisitions;
- the risks associated with the expansion of our operations outside Hong Kong;
- the risks associated with Reach Ltd., or REACH, our primary international connectivity services provider; and
- the risk factors set out in the "Risk Factors" section of the Company's 2004 Annual Report on Form 20-F filed with the United States Securities and Exchange Commission on May 12, 2005 and published on the Company's website.

Reliance should not be placed on these forward-looking statements, which reflect the views of our directors and management as at the date of this report only. We undertake no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after publication.

## EXCHANGE RATES

This report contains translations of certain Hong Kong dollar amounts into US dollars, and vice versa, at the fixed rate of US\$1 = HK\$7.80, solely for illustrative purposes. This does not mean that the currency conversions have been, or could be, converted at that rate or at any other rate of exchange.

## Statement from the Chairman

### Dear Fellow Shareholders,

The results for the six months ended June 30, 2005 demonstrate that we have built on our product and service innovations, and are benefiting from our new Fixed Carrier license. We are delivering on our strategy for creating value for shareholders.

We again delivered a solid financial and operating performance, while maintaining our market-leading service standards. Increasingly, we are benefiting from a strongly improving Hong Kong economy and a strong management team and products mix. Competitive challenges remain, but we are increasingly well positioned to compete.

We have become much more competitive in our core fixed-line business since the launching of new generation fixed-line services and NOW Broadband TV in 2003. Continuing enhancements to our TV delivery platform and content, and coming further enhancements to our phone products and services will ensure that we remain the premium, preferred telecommunications and broadband provider in Hong Kong.

Our acquisition of a majority interest in SUNDAY in June 2005 marks our return to the wireless sector in Hong Kong at a time when 3G is maturing and becoming a lower investment risk, and when fixed-mobile convergence is becoming a commercial reality. We are optimistic about our potential to broaden the customer base for SUNDAY, and strengthen the loyalty of PCCW customers through offering them a more complete array of telecommunications services.

Sales at our property division, Pacific Century Premium Developments, continues to benefit from the improving local economy. The strength of our premium brand, Bel-Air, should ensure that our property division would continue to contribute a steady stream of income and cashflow to the Group.

Our alliance with China Netcom Group continues to develop. Our discussions of potential areas of cooperation continue, and we look forward to investing successfully together in a variety of areas including broadband, property redevelopment, yellow pages, international and mobile.

In the UK, phased development of our wireless broadband business continues. We are pleased that customer feedback has been very positive.

We have achieved considerable progress during the first half of 2005 towards our strategic objectives for the year. I will continue to work closely with the Board in laying solid foundations for the future growth and prosperity of our Company.

**Richard Li**  
Chairman

## Statement from the Deputy Chairman and Group Managing Director

I am pleased to report our interim results for 2005 and the further progress we have made during the past six months in delivering results on our strategy.

### First Half 2005 Results

Group revenue rose 9 percent to HK\$11,701 million due primarily to stabilizing core telecom revenue and a higher contribution from Pacific Century Premium Developments Limited.

Profit for the period was HK\$1,100 million, up 43 percent from the same period last year. After deducting minority interests, net profit attributable to our shareholders was HK\$954 million, a 25 percent increase. The rise in net profit was due primarily to the 9 percent increase in consolidated revenue, a 10 percent reduction in general and administrative expenses, and higher net investment gains.

Earnings per share were 15.77 Hong Kong cents, an increase of 11 percent from the same period last year. It gives me great pleasure to inform you that the Board has declared an interim dividend of 6.5 Hong Kong cents per share.

### Operations

Core telecom services (TSS) revenue decreased by less than 1 percent in the first half of 2005 from the same period a year ago to HK\$7,497 million. Revenue growth from NOW Broadband TV ("NOW TV") services, international connectivity and subcontracting services offset lower revenues from local telephony and IDD.

TSS operating costs were tightly controlled in the first half of 2005 resulting in a 10 percent year-on-year reduction. TSS EBITDA was therefore almost flat compared to the same period a year ago at HK\$3,335 million. EBITDA margin was stable at 44 percent, the same level recorded in both the first and second half of 2004.

**Fixed Line** – We made good progress in slowing net fixed line loss in the face of strong competition. In June of 2003, our monthly line loss peaked at 38,000. In June 2004, we had reduced our line loss to 16,000 and in June 2005 our line loss was down to 1,000. It would appear that the fixed-line business will soon reach an inflection point, as line loss comes to an end. Indeed, in July, we achieved a small net line gain.

The significant reduction in line loss during the first half of 2005 was due in part to customer loyalty to our new generation fixed line ("NGFL") service, which is enjoyed by nearly a million customers. NGFL and other targeted retention programs have secured more than 65 percent of our customer base on some form of term plan. Reduced churn during the first half of 2005 has been achieved with little impact on EBITDA margin.

Targeted incentive promotions launched during the first half of 2005 were well received by the market. We will continue to leverage on our new freedom to compete – to protect and reclaim market share.

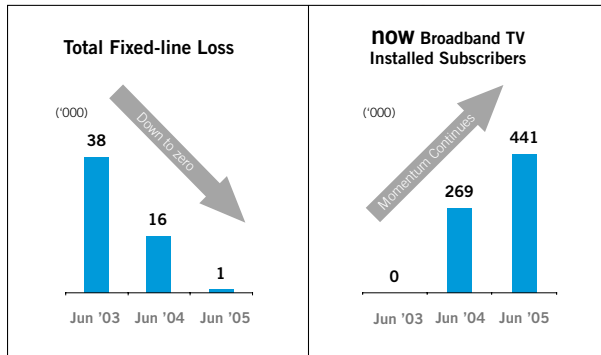

**Broadband** – Total broadband access lines in service reached 857,000 as at the end of June 2005 from 796,000 as at the end of December 2004.

The number of installed NOW TV customers reached 441,000 as at the end of June 2005, up from 361,000 as at the end of December 2004 and 269,000 as at the end of June 2004. The percentage of customers paying for channels increased to 61 percent in June from 53 percent as at the end of December 2004.

NOW TV's prospects were further enhanced recently following announcement of new long-term exclusive-content arrangements with HBO, STAR and Mei Ah Entertainment. In securing these exclusive arrangements, NOW TV has become the preferred home movie station in Hong Kong and we look forward to welcoming more movie fans as our customers.

These figures show the progress we have made during the past two years in stabilizing and revitalizing our core business.

### Improved Core Performance

Net fixed-line loss in respective months

**Business eSolutions** – Revenue in the first half of 2005 was 1 percent higher than a year ago at HK\$1,323 million. The number of business broadband customers continued to show positive growth. Higher revenue from our business broadband and China IT businesses was offset by lower revenue from our Hong Kong IT operations.

**Pacific Century Premium Developments Limited** – Bel-Air sales in the first half of 2005 continued to be impressive, with 197 units sold generating HK\$3,107 million in sales proceeds. A further HK\$497 million of surplus proceeds were distributed by the Cyberport project in June. Inclusive of the first distribution made in August last year, surplus proceeds received from the project to date have amounted to about HK\$1,417 million.

**UK Wireless Broadband** – In the UK, our wireless broadband business will expand its coverage area and subscriber base. We are continuing to take a prudent approach by implementing a phased rollout. Marketing activity is on track for the next phase of expansion, after the UK summer holiday period.

**SUNDAY Acquisition** – Our acquisition of an approximate 59.9 percent majority interest in the Hong Kong mobile-phone company, SUNDAY Communications Limited (“SUNDAY”), was completed on June 22. This was followed by a mandatory unconditional cash offer to all other shareholders. As at August 16, our shareholding in SUNDAY had reached approximately 77.6 percent.

We believe that the SUNDAY acquisition is an important strategic step in our future development and will allow us to re-enter the wireless communications, data services and 3G markets in Hong Kong. It will also enable us to work towards fixed-mobile convergence in the future. The acquisition will enhance our ability to be China Netcom Group’s preferred mobile partner in mainland China.

We anticipate that substantial operating synergies can be achieved in various areas including marketing, operation of shop outlets, back office administration, call centers and corporate overhead. We also anticipate that the customer base of SUNDAY would be complementary to ours.

Integrating the two companies is and will be an important focus of our efforts in the coming months as we move forward as an integrated telecommunications provider offering both fixed and mobile services.

### China Netcom Group Alliance

Our discussions with China Netcom Group on areas of investment cooperation have made good progress during the first half of 2005.

**Broadband** – The Group and China Netcom Group have reached a consensus under which the Group intends to acquire a 50 percent stake in China Netcom Broadband Corporation Limited, which provides broadband access and value added services in the cities of Hangzhou and Ningbo.

**Property Development** – Following a March MOU signed on joint property development in the mainland, the Group and China Netcom Group have jointly submitted an application to the Beijing Chaoyang district government seeking to acquire more land area adjacent to the China Netcom Group’s telephone exchange at Hujialou (呼家楼) for development. The Group would develop and manage the project. Proceeding with the project is subject to obtaining the necessary government approvals.

### *Statement from the Deputy Chairman and Group Managing Director*

**International Connectivity** – Given the international business restructuring within China Netcom Group, the joint working team will continue to discuss possible forms of cooperation.

**Directories (Yellow Pages)** – China Netcom Group and the Group are in discussion to form a joint venture to operate a directories and related value-added-services business in 20 provinces of mainland China through ChinaBig.

#### **Outlook**

The Group has made significant progress since we set for ourselves the target of reducing line loss two years ago. In the face of stiff competition but thanks to our unflinching efforts to bring innovative products to the market, line loss has been greatly reduced with little impact on EBITDA margin. We have reached the inflection point, beyond which we can look forward to zero line loss.

The introduction of new products to the market, particularly NGFL services and NOW TV not only solidified our position as the technology leader, it also increased customer loyalty, and has established a whole new business in pay-TV within a very short space of time. Our IPTV operation is being studied by many companies around the world for introduction into their own market. One of the biggest potential markets is mainland China.

We are working to establish joint venture investments or cooperation agreements with China Netcom Group in broadband, property development, international business and directories (Yellow Pages). The criteria for making these investments are that they should be capex-light, provide early returns and leverage on the strength of both companies. We are confident that our new shareholder will continue to point us in the direction of good opportunities.

The acquisition of SUNDAY during the period will certainly enhance the Group's position to participate eventually in the mobile business in mainland China. More immediate benefit to the Group is in bundling all of our fixed line, broadband, and mobile products, and in achieving operating synergies between the Group and SUNDAY. Our re-entry into the mobile phone market means the Group is again a comprehensive telecommunications provider and we can work with confidence towards the technological goal of fixed-mobile convergence.

The Group will continue to trim operating costs, and eliminate non-core business. Our debt repayment profile and average interest costs are at comfortable levels. Meanwhile, both the UK Broadband product launch and our IT operations arm Unihub are making satisfactory progress in the UK and mainland China, respectively.

When looking back from a few years hence, this year may be regarded as the turn-around point for the Group's core telecom business. The Group's management team is optimistic that building on the foundation already achieved in the core business in Hong Kong, the Group will go on to establish a strong leadership position in the region and internationally.

- Re-entering the mobile market via strategic acquisition of SUNDAY

### MANAGEMENT REVIEW

The results of PCCW Limited ("PCCW" or the "Company") and its subsidiaries (the "Group") in the first half of 2005 showed continuing progress in delivering on its strategy.

Consolidated revenue for the six months ended June 30, 2005 increased 9% to HK\$11,701 million and EBITDA increased 2% to HK\$3,237 million. Profit for the period increased 43% to HK\$1,100 million. Net of minority interests, profit attributable to equity holders of the Company increased 25% to HK\$954 million. Basic earnings per share increased 11% to 15.77 HK cents. The Board of Directors of PCCW (the "Board") has resolved to declare an interim dividend of 6.5 HK cents per share.

The increase in revenue was attributable to the higher contribution from Pacific Century Premium Developments Limited ("PCPD"), the Group's property flagship subsidiary. PCPD's sales of Bel-Air continued to be impressive, benefiting from the rising property market in Hong Kong.

Despite the high level of competition in the local telecommunications market, the Group's premium products and services including **NOW** Broadband TV ("**NOW** TV"), New Generation Fixed Line ("NGFL") services and PCCW Convergence, have proven to be successful in stabilizing its core revenue. Telecommunications Services ("TSS") revenue

decreased by less than 1% from the same period a year ago while TSS EBITDA remained fairly stable. Group and TSS EBITDA margins remained stable at approximately 28% and 44%, respectively.

In January 2005, the Office of the Telecommunications Authority ("OFTA") issued a new fixed carrier licence to PCCW-HKT Telephone Limited ("HKTC"), an indirect wholly-owned subsidiary of PCCW, which allowed HKTC to move from ex-ante to ex-post regulation. This in turn, enabled HKTC to compete on a more level playing field and to react to market challenges and customer requirements more flexibly. In June 2003, net monthly line loss peaked at 38,000. The figure reduced to 16,000 in June 2004 and further to 1,000 in June 2005.

Celebrating its second anniversary, **NOW** TV has grown from 23 channels to over 70 channels and built a subscription base of 441,000 as at June 2005. Recently, the Group has entered into long-term arrangements with Satellite Television Asian Region Limited (STAR), HBO Pacific Partners (HBO) and Mei Ah Entertainment Group Limited, to broadcast their content exclusively on **NOW** TV. PCCW has put Hong Kong on center stage globally by deploying the largest scale commercial IPTV service in the world. **NOW** TV has begun to contribute increasingly significant revenue to the Group.

## *Management's Discussion and Analysis*

Apart from the progress achieved in its core business, PCCW made an important strategic move to re-enter the mobile market in Hong Kong. On June 22, 2005, the Group acquired approximately 59.87% interest in SUNDAY Communications Limited ("SUNDAY"), a company offering local wireless communications and data services, at an aggregate cash consideration of HK\$1,164 million. Management of the Company believes that the acquisition was an important strategic step in the Group's future development as it allowed the Group to enter the wireless communications, data services and 3G markets in Hong Kong. It also enables the Group to progress its planning towards fixed-mobile convergence services in the future and cements its ability to be the preferred mobile partner in mainland China of China Network Communications Group Corporation ("China Netcom Group"). Under the requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and the Hong Kong Code on Takeovers and Mergers, a mandatory unconditional cash offer has been triggered. The offer period has been extended and the offer will remain open for acceptance until further notice. As at July 29, 2005, the Group held approximately 77.1% of the issued share capital of SUNDAY. For more information of the offer, please refer to the composite offer document dated July 8, 2005 and the joint announcement of the Company and SUNDAY dated July 29, 2005. For more information about the performance of SUNDAY, please refer to the 2005 interim results of SUNDAY released on August 18, 2005.

In the United Kingdom ("UK"), the wireless broadband business ("UK Broadband") will continue to expand its coverage area and subscriber base. The Group is continuing to take a prudent approach by implementing a phased rollout.

The Group continued to exercise cautious cost control and saved 10% in general and administrative expenses by further improving corporate overhead efficiency, overall productivity and streamlining certain loss-making businesses.

De-leveraging remained as one of the Group's key financial priorities. Net Debt<sup>1</sup> as at June 30, 2005 reduced by another 33% to HK\$17,614 million from HK\$26,200 million as at December 31, 2004.

The Group has changed certain of its accounting policies following its adoption of new Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards and Interpretations (collectively referred to as "new HKFRSs"), which are effective for accounting periods beginning on or after January 1, 2005. The adoption of the new HKFRSs is in accordance with HKICPA's objective of full convergence with International Financial Reporting Standards, International Accounting Standards and Interpretations established by the International Accounting Standards Board. Comparative figures in 2004 have been restated as required to conform with the new HKFRSs. It should be noted that none of these changes affect the Group's underlying business operation or cashflow.

Note 2: Business eSolutions included IT business provided under Unihub Limited ("Unihub"), retail business broadband and the Group's directories businesses.

Note 3: EBITDA represents earnings before interest, taxation, depreciation, amortization, gain/loss on disposal of property, plant and equipment, investment properties and interest in leasehold land held for own use, net other gains, provisions for impairment losses, restructuring costs, impairment losses on interests in jointly controlled companies and associates and the Group's share of results of jointly controlled companies and associates. While EBITDA is commonly used in the telecommunications industry worldwide as an indicator of operating performance, leverage and liquidity, it is not presented as a measure of operating performance in accordance with the new HKFRSs and should not be considered as representing net cash flows from operating activities. The computation of the Group's EBITDA may not be comparable to similarly titled measures of other companies.

## TSS

The table below sets out the financial performance of TSS for the six months ended June 30, 2005 and 2004:

<b>TSS EBITDA</b>	<b>3,335</b>	3,347	3,491	0%
<b>TSS EBITDA Margin</b>	<b>44%</b>	44%	45%	0%

TSS continued to actively manage its business and operations in response to the challenging operating and regulatory environment in Hong Kong's telecommunications market. PCCW's innovative products, NGFL services, PCCW Convergence, and NOW TV, continue to bring enhanced features to its customers and the quality of service is seen as a key differentiator against competitors.

TSS revenue for the six months ended June 30, 2005 decreased by less than 1% to HK\$7,497 million. The decline in traditional telecommunications services was offset by an increase in broadband and NOW TV; certain international connectivity and technical subcontracting services revenue.

**Local Telephony Services.** Revenue from local telephony services for the six months ended June 30, 2005 decreased 10% to HK\$2,462 million. This primarily reflected a reduction in the overall number of direct exchange lines in service operated by the Group as a result of competition from other network operators, and substitution by broadband access lines and wireless telecommunications services.

Under the new fixed carrier licence issued by OFTA to HKTC in early 2005, the Group is no longer required to obtain prior approval of tariff revisions, but merely notifies the regulator one day before the changes become effective. Various targeted marketing programmes were launched to retain and win-back fixed line customers. As a result, net line loss reduced significantly to 53,000 for the six months ended June 30, 2005 from 117,000 for the same period in 2004.

According to industry statistics provided by OFTA and the Group's estimate, the total number of direct exchange lines in the fixed line market contracted by approximately 0.7% in the first six months of 2005 as compared to 0.8% for the same period in 2004. As at June 30, 2005, the Group operated approximately 2,514,000 direct exchange lines with overall market share stabilizing at approximately 67%, compared to 2,567,000 lines and 68% market share at the end of 2004.

## Management's Discussion and Analysis

**Local Data Services.** Local data services revenue for the six months ended June 30, 2005 increased 3% to HK\$2,219 million. Demand for broadband products and services continued to be strong during the period and customer churn rate remained low as subscription of **now TV** increased stickiness. By the end of June 2005, total broadband access lines reached 857,000 while 441,000 **now TV** services were installed.

Increase in broadband and **now TV** revenue was partially offset by the decline in revenue from the provision of local area and wide area (LAN and WAN) corporate networks, and high-speed, high-volume data transmissions from mobile telephone operators and Internet service providers as a result of severe pricing pressure.

**International Telecommunications Services.** International telecommunications services revenue for the six months ended June 30, 2005 decreased marginally to HK\$1,167 million. The international telecommunications market continued to be competitive, driving down retail prices while boosting traffic volume. IPLC bandwidth sold increased 35% to 6,503 Mbps while retail outgoing IDD traffic increased 12% to 741 million minutes. Unit prices of IPLC, IDD and other international data products were lower than those in 2004, which were in line with the global market trend.

**Other Services.** Other services revenue for the six months ended June 30, 2005 increased 12% to HK\$1,649 million. This was due to a higher contribution from certain international connectivity and technical subcontracting businesses as a result of increased sales force efficiency.

### Business eSolutions (including Unihub)

Business eSolutions revenue for the six months ended June 30, 2005 slightly increased 1% to HK\$1,323 million primarily due to a more significant revenue contribution from the Group's retail business broadband business. The number of high-speed business broadband customers (inclusive of leased lines) grew to 80,000 as at June 30, 2005 from 74,000 at the end of 2004. The Group's Unihub business in mainland China continued to grow although the IT and systems integration business in Hong Kong remained competitive.

### Infrastructure

Infrastructure revenue for the six months ended June 30, 2005 increased 44% to HK\$3,352 million, primarily representing the contribution from PCPD. Bel-Air continued to show impressive sales performance, riding on the favorable property market conditions in Hong Kong.

Revenue from Infrastructure excluding Bel-Air dropped 23% as a result of the completion of the disposal of PCCW Tower in February 2005.

The Company converted Tranche A of the Convertible Notes (as defined in the shareholder circular of the Company dated March 26, 2004) issued by PCPD on May 10, 2004 with the principal amount of HK\$1,170 million effective March 1, 2005. Immediately after the conversion and as at June 30, 2005, the stake of the Group in PCPD was 61.66%.

For more information about the performance of the Infrastructure segment, please refer to the 2005 interim results of PCPD released on August 18, 2005.

### Others and Elimination

Other revenue primarily included revenue from the Group's businesses in Taiwan and Japan. The Group continued to streamline certain loss-making businesses including JALECO Ltd. ("JALECO"), the Group's gaming business in Japan. Thus, other revenue decreased 18% to HK\$160 million.

Subsequent to June 30, 2005, PCCW announced on July 22, 2005 the disposal of the Group's 79.72% interest in JALECO for a cash consideration of approximately US\$47 million or HK\$367 million. Subject to completion adjustments, the transaction should yield a book profit of approximately HK\$160 million.

Elimination of HK\$631 million predominantly relates to internal charges for communications services consumed, IT support and computer system network charges, customer support services and rental between the Group's business units.

**COSTS**

For the six months ended <i>HK\$ million</i>	<b>Jun 30, 2005</b>	Jun 30, 2004 (Restated) <sup>4</sup>	Dec 31, 2004 (Restated) <sup>4</sup>	Better/ (Worse) y-o-y
Staff costs	<b>1,438</b>	1,677	1,319	14%
Repair and maintenance	<b>174</b>	173	185	(1)%
Other operating costs	<b>959</b>	1,215	1,336	21%
Total operating costs before depreciation and amortization	<b>2,571</b>	3,065	2,840	16%

(Gain)/Loss on disposal of fixed assets	<b>(33)</b>	(75)	19	(56)%
General and administrative expenses	<b>3,834</b>	4,247	4,137	10%

The Group achieved 10% savings in general and administrative expenses during the period by further improving corporate overhead efficiency and overall productivity and further streamlining certain loss-making businesses.

Total cost of sales for the six months ended June 30, 2005 increased 30% to HK\$5,893 million primarily due to a higher cost of properties sold in relation to the increased Bel-Air sales, an increase in cost of sales of NOW TV and certain international connectivity business.

**EBITDA<sup>3</sup>**

Group EBITDA for the six months ended June 30, 2005 increased 2% to HK\$3,237 million while TSS EBITDA remained fairly stable compared to the same period a year ago. This reflected the ongoing effort in slowing fixed line loss, growing new broadband revenue streams and tight control over operating expenses.

Group EBITDA margin and TSS margin for the six months ended June 30, 2005 remained fairly stable at approximately 28% and 44%, respectively.

**REACH**

Effective from March 1, 2005, the Company agreed with Telstra Corporation Limited ("Telstra") and Reach Ltd. ("REACH") on a new operating model under which REACH would operate as an outsourcer of telecommunications network services for the Group and Telstra and its subsidiaries ("Telstra Group"). As part of the arrangements implementing the new operating model for REACH, the International Services Agreement (dated October 13, 2000, as amended) and the Capacity Prepayment Agreement (dated April 15, 2003) were terminated.

Further, as part of the arrangements, the Group and the Telstra Group agreed to acquire indefeasible rights to use the international undersea cable capacity of REACH and its subsidiaries ("REACH Group") (the "IRU") in consideration for US\$157 million each. In the case of the Group, this amount was settled by way of set-off against the equivalent amount of outstanding shareholder loan owed by the REACH Group, and not by way of new cash injections.

The Group believes that under the new operating model, REACH's cost base and structure can be streamlined for further cost efficiency. REACH's financial position would be further stabilized and, going forward, the shareholders' objective is to ensure REACH's reliance on their financial support can be eliminated.

## Management's Discussion and Analysis

### Other Gains, Net

Net other gains of HK\$545 million for the six months ended June 30, 2005 primarily included net realized and unrealized gains on cross currency swap contracts and on certain other investments of the Group.

### Interest Income and Finance Costs

Interest income increased nearly ten times mainly due to the higher average cash balance in the first six months in 2005. HK\$7.9 billion of proceeds from China Netcom Group and the balance from the disposal of PCCW Tower of approximately HK\$2.5 billion were received during the period. Finance costs for the six months ended June 30, 2005 increased 9% to HK\$1,100 million primarily due to interest and premium paid for the early repurchase of the Yen 30,000 million 3.65% guaranteed notes due 2031 ("Yen Note"). The Group prudently managed its interest rate risk by moving virtually all of its long-term and short-term debt from floating to fixed rates in view of the rising interest rate environment. Average cost of debt for the six months ended June 30, 2005 was approximately 6.6%.

### Share of Results of Associates

Share of results of associates of HK\$100 million for the six months ended June 30, 2005 (2004: HK\$8 million) primarily represented the Group's share of unrealized gain on its investment in MobileOne Ltd ("MobileOne").

Subsequent to June 30, 2005, PCCW announced that on August 17, 2005, a conditional agreement has been signed for the disposal of approximately 12.1% interest in MobileOne, by its joint venture with Cable and Wireless plc, Great Eastern Telecommunications Limited. The Company will receive approximately US\$77 million as its share of the consideration.

### Taxation

Taxation expense for the six months ended June 30, 2005 increased 36% to HK\$590 million primarily due to the increase in profit before taxation. The Group's effective tax rate for the six months ended June 30, 2005 was 35% (2004: 36%). This rate is higher than the statutory tax rate of 17.5% mainly due to the fact that the Hong Kong tax system does not allow for group loss relief. The Group's financing costs, to the extent that they are attributable to the acquisition of shares, are non-deductible. Excluding these factors, the Group would have an effective tax rate around the statutory tax rate of 17.5%.

### Profit Attributable to Equity Holders of the Company

Profit attributable to equity holders of the Company for the six months ended June 30, 2005 increased 25% to HK\$954 million mainly due to a 9% increase in consolidated revenue, a 10% reduction in general and administrative expenses, and higher net realized and unrealized gains on certain other investments of the Group.

### LIQUIDITY AND CAPITAL RESOURCES

The Group continued to deleverage and reduce Net Debt<sup>1</sup> by 33% to HK\$17,614 million as at June 30, 2005 from HK\$26,200 million as at December 31, 2004. Weighted average maturity was above 4 years. As at June 30, 2005, HKTC had a total of HK\$10,300 million committed medium-term revolving credit facilities which remained undrawn.

In February 2005, PCCW Tower, the Group's headquarters in Hong Kong, was disposed of at a cash consideration of HK\$2,808 million.

In March 2005, the shareholders of PCCW approved the strategic alliance transaction between the Company and China Netcom Group whereby China Netcom Group paid approximately HK\$7,927 million in cash for an approximately 20% stake in the enlarged issued share capital of the Company.

Subsequent to the first distribution of the surplus proceeds of the Cyberport project between the Government and PCCW in August 2004, a further HK\$497 million was distributed to the Group in June 2005.

The acquisition of approximately 59.87% of SUNDAY was completed on June 22, 2005 and HK\$1,164 million was paid. On July 29, 2005, the Group provided financial resources to SUNDAY to prepay the loans and performance bonds outstanding under the facility agreement with Huawei Tech. Investment Co., Limited, an equipment supplier to and a shareholder of SUNDAY. Management of the Company believes that such facilities would have been cost ineffective to the Group.

The Group continued to prudently manage its debt profile and the following financing activities took place since the beginning of the year:

- Redemption of US\$54 million 5% mandatory convertible note due to Telstra ("Telstra Note") on June 30, 2005.
- Repurchase and cancellation of the Yen Note on June 30, 2005.
- Issuance of US\$500 million 5.25% guaranteed notes due 2015 on July 20, 2005.

The Group's gross debt to total assets was 57.5% as at June 30, 2005.

#### Credit Ratings of HKTC

As of June 30, 2005, HKTC had investment grade ratings with Standard & Poor's Ratings Services (BBB/Positive), Moody's Investors Service (Baa2/Stable) and Fitch Ratings (BBB+/Stable). On July 13, 2005, Fitch Ratings reaffirmed its BBB+ rating but revised the rating outlook to Negative from Stable.

#### CAPITAL EXPENDITURE

Group capital expenditure for the six months ended June 30, 2005 remained stable at HK\$691 million (2004: HK\$690 million), excluding the IRU acquired by the Group. The majority of capital expenditure was spent on new initiatives including NOW TV, UK Broadband project, NGFL services, broadband access lines, and data services.

PCCW has made significant investment in its communications network in previous years. This included the upgrade and expansion of network coverage, and building a platform for broadband and fast developing IP initiatives. Besides on-going core network expansion, the capital expenditure in 2005 will cover development of the full IP Network, mobile network services and other new products and services. PCCW will continue to invest prudently, using criteria including internal rate of return, net present value and payback period.

#### HEDGING

Market risk arises from foreign currency exposure and interest rate exposure related to cash investments and borrowings. As a matter of policy, the Group continues to manage the market risk directly relating to its operations and financing and does not undertake any speculative derivative trading activities. The Finance and Management Committee, a sub-committee of the Executive Committee of the Board, determines appropriate risk management activities undertaken with the aim of managing prudently the market risk associated with transactions undertaken in the normal course of the Group's business. All treasury risk management activities are carried out in accordance with policies and guidelines approved by the Finance and Management Committee and the Executive Committee of the Company, which are reviewed on a regular basis.

In the normal course of business, the Group enters into forward contracts and other derivative contracts in order to limit its exposure to adverse fluctuations in foreign currency exchange rates and interest rates. These instruments are executed with creditworthy financial institutions, and all contracts are denominated in currencies of major industrial countries. Gains and losses on these contracts serve as hedges in that they offset fluctuations that would otherwise impact the Group's financial results. Costs associated with entering into such contracts are not material to the Group's financial results.

#### CHARGE ON ASSETS

As at June 30, 2005, certain assets of the Group with an aggregate carrying value of HK\$1,770 million (December 31, 2004: HK\$67 million) were pledged to secure loans and borrowing facilities utilized by the Group.

Certain other financial assets at fair value through profit or loss, with an aggregate value of HK\$168 million (December 31, 2004: HK\$224 million of other investments), were placed as collateral in relation to certain equity-linked transactions entered into by the Group in 2002.

As at December 31, 2004, the Group's equity interest in REACH was used to secure the Telstra Note. The charge was released upon the full redemption of the Telstra Note on June 30, 2005.

Apart from the above, on April 23, 2002, a writ of summons was issued against PCCW-HKT Limited ("HKT"), an indirect wholly-owned subsidiary of the Company, by New Century Infocomm Tech Co., Ltd. for HKT's failure to purchase 6,522,000 shares of Taiwan Telecommunication Network Services Co., Ltd. ("TTNS"), an indirect subsidiary of the Company, pursuant to an option agreement entered into on July 24, 2000. The total claim against HKT amounted to approximately HK\$105 million (NT\$418 million), being the purchase price of shares in TTNS, contractual interest for the period from January 1, 2001 to January 2, 2002 at 6.725% per annum and interest on the due amount pursuant to Sections 48 and 49 of the High Court Ordinance, Chapter 4 of the Laws of Hong Kong. However, this figure should be reduced by the current market value of the shares in TTNS which would be transferred to HKT in the event that the claimants are successful in their claim. A defense was filed by HKT on May 29, 2002 and proceedings are ongoing. Based on legal advice received, the Directors consider that HKT has valid defenses and therefore no provision has been made.

HKTC is in dispute with Hong Kong's Inland Revenue Department (the "IRD") regarding the deductibility of certain interest and financing expenses. On April 21, 2005, HKTC received additional assessments for the years of assessment from 2000/01 to 2003/04 totaling HK\$240 million as a result of the disallowance by the IRD of the disputed expenses. A formal objection has been lodged by HKTC to the IRD against the additional assessments on May 20, 2005. The Directors consider that their grounds for claiming the deduction are reasonable and therefore no provision for taxation has been made.

### HUMAN RESOURCES

As at June 30, 2005, the Group had approximately 12,661 employees (2004: 12,415), excluding employees of SUNDAY. The majority of these employees work in Hong Kong. The Company has established incentive bonus schemes designed to motivate and reward employees at all levels to achieve the Company's business performance targets. Payment of bonuses is generally based on achievement of revenue and EBITDA targets for the Company's individual businesses and the Group as a whole. The Company also operates a discretionary employee share option scheme and two share award schemes to motivate employee performance in enhancing shareholder value.

PCCW places great emphasis on training and developing its people to keep the Company at the leading edge of Information and Communication Technologies as well as at the forefront of the best business and customer service practices. A wide spectrum of training programs on product, system, business and management practices were provided to help build a competitive workforce and cultivate effective managerial practices throughout the Group. Career and leadership development programs and various trainee schemes were in place to take care of career development of both internal talents and top-notch graduate intakes while serving to build general business and management strength for the Group.

### INTERIM DIVIDEND

The Board has resolved to declare an interim dividend of 6.5 HK cents per share for the six months ended June 30, 2005 to shareholders whose names appear on the Register of Members of the Company on September 27, 2005 and payable on or around October 4, 2005. An interim dividend of 5.5 HK cents per share was paid by the Company on November 25, 2004.

The Register of Members will be closed from September 23, 2005 to September 27, 2005 both days inclusive, during which period no transfer of shares will be effected. In order to qualify for the interim dividend of 6.5 HK cents per share, all transfers, accompanied by the relevant share certificates, should be lodged with the Company's Registrars, Computershare Hong Kong Investor Services Limited, Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong, for registration not later than 4:00 p.m. on September 22, 2005. Dividend warrants will be despatched on or around October 4, 2005.

# Notes to the Unaudited Condensed Consolidated Financial Statements

For the six months ended June 30, 2005

## 1. BASIS OF PREPARATION

The unaudited condensed consolidated financial statements of PCCW Limited (the “Company”) and its subsidiaries (collectively known as the “Group”) have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”).

The unaudited condensed consolidated financial statements have been reviewed by the Company’s Audit Committee and, in accordance with Statement of Auditing Standards 700 “Engagements to review interim financial reports” issued by the HKICPA, by the Company’s auditors.

The preparation of the unaudited condensed consolidated financial statements in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The accounting policies and methods of computation used in preparing these unaudited condensed consolidated financial statements are consistent with those followed in preparing the Group’s annual financial statements for the year ended December 31, 2004, except that the Group has changed certain of its accounting policies following its adoption of new Hong Kong Financial Reporting Standards (“HKFRSs”), HKASs and Interpretations (hereinafter collectively referred to as “new HKFRSs”) which are effective for accounting periods beginning on or after January 1, 2005.

The new HKFRSs that will be effective or are available for voluntary early adoption in the annual financial statements for the year ending December 31, 2005 may be affected by the issue of additional interpretation(s) or other changes announced by the HKICPA subsequent to the date of this interim report. Therefore the policies that will be applied in the Group’s financial statements for that period cannot be determined with certainty at the date of this interim report.

The changes to the Group’s accounting policies and the effect of adopting these new policies are set out in note 2 below.

## Notes to the Unaudited Condensed Consolidated Financial Statements

### 2. CHANGES IN ACCOUNTING POLICIES

The HKICPA has issued a number of new HKFRSs that are effective or available for early adoption for accounting periods beginning on or after January 1, 2005. The Group has adopted the new HKFRSs below, which are relevant to its operations, in the preparation of the unaudited condensed consolidated financial statements. The 2004 comparatives have been amended as required, in accordance with the relevant requirements.

## 2. CHANGES IN ACCOUNTING POLICIES (continued)

The adoption of HKASs 1, 2, 7, 8, 10, 11, 12, 14, 16, 19, 21, 23, 24, 27, 28, 31, 33, 34 and 37, HKAS-Ints 12 and 15, HKFRS 5 and HK-Int 4 did not result in substantial changes to the Group's accounting policies. In summary:

- HKAS 1 has affected the presentation of minority interests, share of net after-tax results of associates and jointly controlled companies and other disclosures.
- HKASs 2, 7, 8, 10, 11, 12, 14, 16, 19, 21, 23, 27, 28, 31, 33, 34, 37, HKAS-Ints 12 and 15, HKFRS 5 and HK-Int 4 had no material effect on the Group's accounting policies.
- HKAS 24 has affected the identification of related parties and some other related-party disclosures.

The effect of the adoption of certain new HKFRSs, which results in substantial changes to the Group's accounting policies, is set out below.

### HKAS 17

In prior years, leasehold land and buildings held for own use were stated at cost less accumulated depreciation and impairment losses. Depreciation was calculated to write off the cost on a straight-line basis over the shorter of the lease term and the estimated useful lives of the buildings.

With the adoption of HKAS 17 as from January 1, 2005, the interest in leasehold land held for own use is accounted for as being held under an operating lease where the fair value of the interest in any buildings situated on the leasehold land could be separately identified from the fair value of the interest in leasehold land at the time the lease was first entered into by the Group, or taken over from the previous lessee, or at the date of construction of those buildings, if later. Any prepaid land premiums for acquiring the land leases, or other lease payments, are amortized in the income statement on a straight-line basis over the lease term or where there is impairment, the impairment is expensed in the income statement. This new accounting policy has been adopted retrospectively and comparative amounts have been restated accordingly. The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

### HKAS 18

In prior years, up-front fees received for installation of equipment and activation of customer service were recognized when installation and activation were completed.

Upon the adoption of HKAS 18 as from January 1, 2005, up-front fees received for installation of equipment and activation of customer service are deferred and recognized over the expected customer relationship period, which is estimated based on the expected stabilized churn rate. The change in accounting policy has been adopted retrospectively and comparative amounts have been restated accordingly. The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

*Notes to the Unaudited Condensed Consolidated Financial Statements***2. CHANGES IN ACCOUNTING POLICIES (continued)****HKASs 32 and 39**

In prior years, the accounting policies for certain financial instruments were as follows:

- Equity investments, other than investments in subsidiaries, associates, joint ventures and jointly controlled companies, were classified as (i) investment securities, where the investments were held on a continuing basis for an identifiable long-term purpose were classified as investment securities and were stated at cost less any provisions for diminution in value; and (ii) other investments, where the investments were other than investment securities and held-to-maturity securities and were stated at fair value with changes in fair value recognized in the income statement as they arose.
- The notional amounts of derivative financial instruments, including interest rate and currency swaps, forward interest rate agreements, interest rate options and equity options, entered into by the Group were not reflected in the balance sheet. The related interest flows were accounted for on an accrual basis and the premiums received or paid on written or purchased options were amortized over the terms of the respective options.
- Convertible note and bonds issued were stated at amortized cost (including transaction costs), with any difference between the cost and redemption value being recognized in the income statement over the period of the convertible note and bonds on a straight-line basis.

With effect from January 1, 2005, and in accordance with HKASs 32 and 39, the following new accounting policies have been adopted for the financial instruments mentioned above:

- All non-trading investments, other than investments in subsidiaries, associates, joint ventures and jointly controlled companies, are classified as available-for-sale financial assets and carried at fair value. Changes in fair value are recognized in the fair value reserve under equity, unless there is objective evidence that an individual investment has been impaired. If there is objective evidence that an individual investment has been impaired, any amount held in the fair value reserve in respect of the investment is transferred to the income statement for the period in which the impairment is identified. Any subsequent increase in the fair value of available-for-sale financial assets is recognized directly in the fair value reserve. If there is no reasonable estimate on the fair value, the available-for-sale financial asset is stated at cost less impairment loss.
- All derivative financial instruments entered into by the Group are stated at fair value. Changes in fair value are recognized in the income statement as they arise.
- Convertible note and bonds issued, that are convertible into shares of the Company at a fixed number, are split into their liability and equity components at initial recognition by recognizing the liability component at its fair value and attributing to the equity component the difference between the proceeds from the issue and the fair value of the liability component. The liability component is subsequently carried at amortized cost (including transaction costs), with any difference between the fair value at initial recognition and redemption value being recognized in the income statement over the period of the convertible note and bonds on an effective interest rate basis. The equity component is recognized in the convertible note and bonds reserve until the note or bond is either converted (in which case it is transferred to share premium) or the note or bond is redeemed (in which case it is released directly to deficit).

## 2. CHANGES IN ACCOUNTING POLICIES (continued)

### HKASs 32 and 39 (continued)

- Fair value of financial instruments is estimated as follows:
  - (i) The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the balance sheet date.
  - (ii) The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt. Other techniques, such as estimated discounted cash flows, are used to determine the fair value for the remaining financial instruments. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows. The fair value of forward foreign exchange contracts is determined using forward exchange market rates at the balance sheet date.
  - (iii) The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

The above changes in accounting policies were adopted by way of an adjustment to the opening balances of deficit or convertible note and bonds reserve as at January 1, 2005. Comparative amounts have not been restated nor has the opening balance of the fair value reserve been restated as this is prohibited by the transitional arrangements in HKAS 39. The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

### HKFRS 3 and HKASs 36 and 38

In prior periods, goodwill arising on consolidation for acquisitions:

- before January 1, 2001 was taken directly to reserves at the time it arose, and was not recognized in the income statement until disposal or impairment of the acquired business; and
- on or after January 1, 2001 was amortized on a straight-line basis over its useful life and was subject to impairment testing when there were indications of impairment.

With effect from January 1, 2005, in accordance with the transitional arrangements under HKFRS 3, and the provisions of HKASs 36 and 38:

- The Group ceased amortization of goodwill prospectively;
- The cumulative amount of amortization as at January 1, 2005 has been offset against the cost of the goodwill, with no comparative amounts restated;
- Goodwill which had previously been taken directly to reserves will not be recognized in the income statement on disposal or impairment of the acquired business, or under any other circumstances;
- Goodwill is tested annually for impairment, including in the year of its initial recognition, as well as when there are indications of impairment. Impairment losses are recognized when the carrying amount of the cash generating unit to which the goodwill has been allocated exceeds its recoverable amount; and
- The Group has reassessed the useful lives of its intangible assets and no adjustment is resulted from this reassessment.

The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

*Notes to the Unaudited Condensed Consolidated Financial Statements***2. CHANGES IN ACCOUNTING POLICIES (continued)****HKAS 40**

In prior years, changes arising on the revaluation of the Group's investment properties were recognized directly in the property revaluation reserve except when, on a portfolio basis, the reserve was insufficient to cover a deficit on the portfolio, in which case the excess was charged to the income statement. When a deficit previously recognized in the income statement reversed, the reversal was recognised as a credit in the income statement. Revaluation reserve was included in the calculation of the gain or loss on disposal of an individual investment property.

For dual use properties, the parts held for own use and used as investment properties were accounted for separately if more than 15% by area or value of the property was occupied by members of the Group.

Upon the adoption of HKAS 40 as from January 1, 2005, all changes in the fair value of investment properties are recognized directly in the income statement in accordance with the fair value model in HKAS 40. There is no requirement for the Group to restate the comparative information and accordingly, any adjustment relating to the treatment of the property revaluation surplus has been made to the deficit as at January 1, 2005, including the reclassification of any amount held in the property revaluation reserve.

In addition, HKAS 40 states that dual use properties can only be classified as investment properties if:

- the portion used as investment properties can be separately sold or leased out under finance lease; or
- the portion occupied by members of the Group is insignificant.

Upon the adoption of HKAS 40 as from January 1, 2005, part of the properties being accounted for as investment properties in prior years is treated as properties held for own use and hence is accounted for in accordance with HKAS 16. The change in accounting policy has been adopted retrospectively and comparative amounts have been restated accordingly.

The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

**HKAS-Int 21**

In prior years, the Group was required to apply the tax rate that would be applied for recovery of the carrying value of the investment properties through sale to determine whether any amounts of deferred tax liabilities should be recognized on the revaluation of investment properties.

As from January 1, 2005, in accordance with HKAS-Int 21, the Group recognizes deferred tax liabilities on movements in the value of an investment property using tax rates that are applied for recovery of the carrying value of the investment properties through use, if the Group has no intention to sell it and the property would have been depreciable had the Group not adopted the fair value model. The change in accounting policy has been adopted retrospectively and the resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

## 2. CHANGES IN ACCOUNTING POLICIES (continued)

### HKFRS 2

In prior years, no amounts were recognized for the equity-settled share-based payment transactions in the Group, including:

- share options granted to employees or directors of the Group to acquire shares of the Company at specified exercise prices under the share option schemes operated by the Group;
- shares of the Company granted to employees (but not directors) of the Group under the share award schemes operated by the Group; and
- certain shares granted to employees of the Group by the principal shareholder of the Company.

If the employees or directors of the Group chose to exercise the share options, the nominal amount of share capital and share premium were credited only to the extent of the share option's exercise price receivable.

With effect from January 1, 2005, in order to comply with HKFRS 2, the Group recognizes the fair value of such share options or shares as an expense in the income statement. A corresponding increase is recognized in the employee share-based compensation reserve under equity. Where the employees or directors are required to meet vesting conditions before they become entitled to the share options or shares, the Group recognizes the fair value of the share options or shares granted as an expense over the vesting period. If the employees or directors choose to exercise share options, the respective amount in the employee share-based compensation reserve is transferred to share capital and share premium, together with the exercise price. At each balance sheet date, the Group revises its estimates of the number of share options or shares that are expected to become vested. The impact of the revision of original estimates, if any, is recognized in the income statement with a corresponding adjustment to the employee share-based compensation reserve over the remaining vesting period.

The new accounting policy has been applied retrospectively with comparatives restated in accordance with HKFRS 2, except that the Group has taken advantage of the transitional provisions set out in paragraph 53 of HKFRS 2 under which the new recognition and measurement policies have not been applied to the following grants of share options or shares:

- all share options or shares granted to employees or directors on or before November 7, 2002; and
- all share options or shares granted to employees or directors after November 7, 2002 but had been vested before January 1, 2005.

The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

### HK-Int 3

In prior years, revenue arising from the pre-sales of properties under development was recognized on the percentage of construction completion basis.

Upon the adoption of HK-Int 3 as from January 1, 2005, revenue arising from the pre-completion contracts for the sale of development properties entered into on or after January 1, 2005 is recognized when the property is completed. Payments received from the purchasers prior to this stage are recorded as customers' deposits received and are deducted from the carrying value of properties under development. The resulting effect on the financial statements of the Group is set out in notes 2(a) and (b) below.

The following sets out summary of the effect of the abovementioned changes in accounting policies for the annual accounting period beginning on January 1, 2005 which have been reflected in the unaudited condensed consolidated financial statements.

a. Effect on the unaudited consolidated income statement

In respect of the six-month period ended June 30, 2005, the following table provides estimates of the extent to which the profits for that period are higher or lower than they would have been had the previous policies still been applied in the interim period, where it is practicable to make such estimates.

In respect of the six-month period ended June 30, 2004, the table discloses the adjustments that have been made to the profits as previously reported for that period, in accordance with the transitional provisions of the respective new HKFRSs. As retrospective adjustments have not been made for all changes in accounting policies as explained above, the amounts shown for the six months ended June 30, 2004 may not be comparable to the amounts shown for the current interim period.

## 3. MATERIAL TRANSACTIONS

- a. On January 19, 2005, China Network Communications Group Corporation (“China Netcom Group”), a state-owned enterprise established under the laws of the People’s Republic of China (the “PRC”), and China Netcom Group Corporation (BVI) Limited (“CNC (BVI)”), a company incorporated in the British Virgin Islands which is a wholly-owned subsidiary of China Netcom Group, entered into a conditional subscription agreement (the “Subscription Agreement”) with the Company. Pursuant to the Subscription Agreement, CNC (BVI) conditionally agreed to subscribe for 1,343,571,766 new ordinary shares of the Company of HK\$0.25 each at a price of HK\$5.90 per share (the “Subscription”), representing approximately 20% of the Company’s issued share capital as enlarged by the allotment and issue of the subscription shares. The proceeds of the Subscription were approximately HK\$7,927 million (before deduction of expenses). Subject to the Group’s capital investment procedures and the identification of appropriate investment opportunities, the Company intends to invest up to HK\$5,000 million of these proceeds in telecommunications opportunities in the PRC. The remainder will be used for reducing the Group’s debt and general corporate purposes. The Subscription Agreement and related matters were approved by the Company’s shareholders pursuant to an ordinary resolution passed at an extraordinary general meeting of the Company held on March 16, 2005. On April 1, 2005, the Subscription was completed and CNC (BVI) became a substantial shareholder and connected person (as defined in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”)) of the Company.

*Notes to the Unaudited Condensed Consolidated Financial Statements***3. MATERIAL TRANSACTIONS (continued)**

- b.** Pursuant to the property sale and purchase agreement dated December 21, 2004 between Partner Link Investments Limited (“Partner Link”), an indirect subsidiary of the Company, and an independent third party purchaser (“Property Sale and Purchase Agreement”), the disposal by Partner Link of PCCW Tower, the Group’s headquarters in Hong Kong, was completed on February 7, 2005 such that the entire cash consideration of HK\$2,808 million was all received by Partner Link and the assignment of PCCW Tower to the purchaser was completed on February 7, 2005, resulting in a gain on disposal of approximately HK\$13 million to the Group for the period ended June 30, 2005. On completion of the disposal of PCCW Tower, there is a rental guarantee pursuant to which Partner Link will guarantee to the purchaser a net monthly rental of approximately HK\$13.3 million.
- c.** On February 24, 2005, the Company elected to convert Tranche A of the convertible note with the principal amount of HK\$1,170 million, which was issued by Pacific Century Premium Developments Limited (“PCPD”), an indirect non wholly-owned subsidiary of the Company, to the Company on May 10, 2004, into new shares of PCPD of HK\$0.10 each at HK\$2.25 per PCPD share. Upon the exercise of conversion rights by the Company effective March 1, 2005, PCPD allotted and issued 520,000,000 new PCPD shares to Asian Motion Limited (“Asian Motion”), a wholly-owned subsidiary of the Company, as directed by the Company, which rank *pari passu* in all respects with the existing shares of PCPD. Immediately after the conversion and as at June 30, 2005, the Company, through Asian Motion, holds an equity interest of approximately 61.66% in the issued share capital of PCPD.
- d.** On April 16, 2005, the Company agreed with Telstra Corporation Limited (“Telstra”) and Reach Ltd. (“REACH”) on a new operating model under which REACH would operate as an outsourcer of telecommunications network services for the Group and Telstra and its subsidiaries (the “Telstra Group”). To implement this new operating model, PCCW Communications (Singapore) Pte Ltd (“PCCW Communications”), an indirect wholly-owned subsidiary of the Company, and Telstra each agreed to acquire indefeasible rights to use international undersea cable capacity of REACH and its subsidiaries (“Reach Group”) (the “IRU”), for which PCCW Communications and Telstra each paid Reach Global Networks Limited, a wholly-owned subsidiary of REACH, US\$157 million (approximately HK\$1,225 million) which was settled by way of set-off against, in the case of the Group and pursuant to the Reach Debt and Asset Restructure Deed dated April 16, 2005 between certain members of the Group, the Telstra Group and the Reach Group, the equivalent amount of the outstanding loan of approximately US\$600 million plus interest of US\$8 million owed to the Group by the Reach Group (“Shareholder Loan”), and not by way of new cash injections.

PCCW Communications and Telstra also each assumed one half of REACH’s committed future capital expenditure payments in order to support growth in their own retail services. PCCW Communications’ share of these payments over the next 17-year period from March 2005 to 2022 is expected to be approximately US\$106 million. PCCW Communications and Telstra will only assume any additional future capital expenditure if such expenditure is approved by both parties.

For accounting purposes, the IRU has been recognized as “Property, plant and equipment” in the amount of HK\$1,576 million. It consists of an offset against an existing shareholder loan of US\$157 million (approximately HK\$1,225 million) and the assumption of one half of REACH’s future capital expenditure payments relating to the IRU totalling approximately US\$45 million (approximately HK\$351 million). The remaining future capital expenditure will be recognized as “Property, plant and equipment” as and when it is incurred as the substantive risks and rewards in relation to the underlying assets would be assumed by the Group.

### 3. MATERIAL TRANSACTIONS (continued)

In addition, interest of US\$6 million due by REACH to the Group was waived and US\$290 million of the remaining balance of the Shareholder Loan was capitalized by way of the issue of 445,000,000 shares in REACH to Pacific Century Cable Holdings Limited, a wholly-owned subsidiary of the Company and holder of the Group's interest in REACH since its formation. Following the set-off and capitalization referred to above, REACH's aggregate indebtedness to the Group was reduced to US\$155 million.

The subscription of additional shares in REACH and waiver of interest payable would have no impact on the financial statements of the Group as the carrying value of the Shareholder Loan and the outstanding amount under the capacity prepayment agreement entered into on April 15, 2003, together with their accrued interest, had been written off entirely in prior years.

Further, pursuant to the Reach Network Services Agreement dated April 16, 2005 between certain members of the Group, the Telstra Group and the Reach Group ("Reach Network Services Agreement"), REACH will provide to the Group and the Telstra Group certain outsourcing services in relation to the international undersea cable capacity allocated by way of the grant of the IRU.

As part of the arrangements relating to the establishment of the new operating model for REACH, the International Services Agreement was terminated pursuant to the provisions of the Reach Network Services Agreement and the Group's obligations under the capacity prepayment agreement have been satisfied under the Reach Debt and Asset Restructure Deed.

- e. On May 26, 2005, the Company and Telstra agreed that the Company would redeem the US\$54 million 5% mandatory convertible note due 2005 issued to Telstra ("Telstra Note") upon its scheduled maturity on June 30, 2005 for US\$58,386,346.06 in cash, which is a 5% discount to the outstanding principal amount and accrued interest as at June 30, 2005 of US\$61,459,311.64, and not by the mandatory conversion into ordinary shares of the Company. Subsequently, the Telstra Note was fully redeemed on June 30, 2005.
- f. On June 13, 2005, the Company entered into a conditional sale and purchase agreement ("First Agreement") with Distacom Hong Kong Limited ("Distacom HK") and Distacom Communications Limited, whereby the Company conditionally agreed to purchase (or procure the purchase by one of its wholly-owned subsidiaries) and Distacom HK conditionally agreed to sell an aggregate of 1,380,000,000 ordinary shares of HK\$0.10 each ("SUNDAY Shares") of SUNDAY Communications Limited ("SUNDAY"), a company incorporated in the Cayman Islands with limited liability whose shares are listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") and on NASDAQ National Market in the United States of America, representing approximately 46.15% of the issued share capital of SUNDAY, for the consideration of HK\$897,000,000 in cash, being a price of HK\$0.65 per SUNDAY Share. On the same date, the Company entered into a separate conditional sale and purchase agreement ("Second Agreement") with Townhill Enterprises Limited ("Townhill") and USI Holdings Limited, whereby the Company conditionally agreed to purchase (or procure the purchase by one of its wholly-owned subsidiaries) and Townhill conditionally agreed to sell an aggregate of 410,134,000 SUNDAY Shares, representing approximately 13.72% of the issued share capital of SUNDAY, for the consideration of HK\$266,587,100 in cash, being a price of HK\$0.65 per SUNDAY Share. Upon the completion of both the First Agreement and the Second Agreement on June 22, 2005, the Company, through PCCW Mobile Holding No. 2 Limited ("Mobile Holding No. 2"), was interested in an aggregate of 1,790,134,000 SUNDAY Shares, representing approximately 59.87% of the existing issued share capital of SUNDAY, and as a result, SUNDAY became a subsidiary of the Company.

*Notes to the Unaudited Condensed Consolidated Financial Statements*

### 3. MATERIAL TRANSACTIONS (continued)

Under Rule 26.1 of the Hong Kong Code on Takeovers and Mergers (“Takeovers Code”), upon completion of the First Agreement, Mobile Holding No. 2 is required to make a mandatory unconditional cash offer (the “Offer”) for all the SUNDAY Shares not already owned or agreed to be acquired by Mobile Holding No. 2. Details of the Offer are set out in note 19(a).

- g.** On June 30, 2005, Profit Century Finance Limited, an indirect wholly-owned subsidiary of the Company, repurchased and cancelled in full the Yen 30,000 million 3.65% guaranteed notes due 2031.

- a. On March 5, 2004, the Company and Dong Fang Gas Holdings Limited (“DFG”), a company incorporated in Bermuda and whose shares are listed on the Stock Exchange, entered into an agreement, under which DFG conditionally agreed to purchase the Company’s interest in certain investment properties, the Cyberport project and related property and facilities management companies for an aggregate consideration of HK\$6,557 million. Such consideration was satisfied by the issuance of the then 93.42% of the increased share capital of DFG of approximately HK\$2,967 million to Asian Motion, and the issuance of convertible notes of HK\$3,590 million to the Company respectively. The agreement became unconditional on May 10, 2004 and DFG was subsequently renamed Pacific Century Premium Developments Limited. As the Company became the controlling shareholder (as defined under the Listing Rules) of DFG on completion of the transaction, the transaction was accounted for as a reverse acquisition and the Company was treated as acquiring a 93.42% interest in DFG. Accordingly, the Group recorded a deemed disposal gain of approximately HK\$36 million for the period ended June 30, 2004. Upon the adoption of new HKFRSs effective January 1, 2005, the deemed disposal gain was restated to approximately HK\$26 million.
- b. On April 30, 2004, the Company and Asian Motion agreed to sell, through Citigroup Global Markets Hong Kong Futures and Securities Limited, 237,000,000 PCPD shares at a price of HK\$2.65 per PCPD share. The Group’s gain (net of expenses) from the share placing was approximately HK\$252 million for the period ended June 30, 2004 and the net proceeds were used for the general working capital purposes of Asian Motion. Upon the adoption of new HKFRSs effective January 1, 2005, the gain on placement of shares of PCPD was restated to approximately HK\$230 million.

## 12. SHARE CAPITAL (continued)

- a. Pursuant to an ordinary resolution passed at an extraordinary general meeting of the Company held on March 16, 2005, the authorized share capital of the Company was increased from HK\$1,600,000,000 to HK\$2,500,000,000 by the creation of an additional 3,600,000,000 ordinary shares of HK\$0.25 each, ranking pari passu with the existing shares of the Company.
- b. Upon the completion of the Subscription on April 1, 2005 as set out in note 3(a), CNC (BVI) subscribed for 1,343,571,766 new ordinary shares of the Company of HK\$0.25 each at a price of HK\$5.90 per share. The proceeds from the Subscription were approximately HK\$7,927 million (before deduction of expenses), of which up to HK\$5,000 million will be used for investing in telecommunications opportunities in the PRC and the remainder will be used for reducing the Group's debt and general corporate purposes.
- c. During the period, 787,998 staff share options were exercised by the eligible option holders at their respective subscription prices of HK\$4.35 for a total cash consideration of HK\$3,427,791 resulting in the issue of 787,998 new ordinary shares of HK\$0.25 each.

## 13. DEFICIT

Pursuant to a special resolution passed at an extraordinary general meeting of the Company held on May 19, 2004 and the subsequent order of the High Court of Hong Kong made on August 3, 2004, the entire amount of HK\$173,464,615,915 then standing to the credit of the share premium account of the Company was cancelled in accordance with the provisions of the Hong Kong Companies Ordinance (the "Capital Reduction").

Out of the credit arising from the Capital Reduction, HK\$152,932,345,321 was applied to eliminate the accumulated losses of the Company as at June 30, 2004. An undertaking was given by the Company in connection with the Capital Reduction. Pursuant to the undertaking, the balance of HK\$20,532,270,594 of the credit arising from the Capital Reduction and any sum received by the Company in respect of its investments against which provision for impairment loss or diminution in value had been made up to June 30, 2004 (or, in the case of a revaluation or disposal of any of such investment, sums revalued or realized in excess of the written down value of the relevant investment as at June 30, 2004) up to an aggregate amount of HK\$152,932,345,321 shall be credited to a special capital reserve in the accounting records of the Company. While any debt or liability of, or claim against, the Company at the date of the Capital Reduction remains outstanding and the person entitled to the benefit thereof has not agreed otherwise, the special capital reserve shall not be treated as realized profit and (for so long as the Company remains a listed company) shall be treated as an undistributable reserve for the purposes of section 79C of the Hong Kong Companies Ordinance. The undertaking, however, is subject to the following provisos:—

- (i) the amount standing to the credit of the special capital reserve may be applied for the same purposes as a share premium account may be applied or may be reduced or extinguished by the aggregate of any increase in the Company's issued share capital or share premium account resulting from an issue of shares for cash or other new consideration or upon a capitalization of distributable reserves after the date of the Capital Reduction;

*Notes to the Unaudited Condensed Consolidated Financial Statements*

**13. DEFICIT (continued)**

- (ii) an amount of up to HK\$20,532,270,594 of the special capital reserve may be applied by the Company for the purpose of eliminating any loss sustained after June 30, 2004, provided that if subsequent to the elimination any of the Company's investments against which provision for impairment loss or diminution in value has been made for the period respecting the loss shall be revalued in excess of their written down value at the end of that period or realized for a sum in excess of such written down value, or any sum is received by the Company in respect of such investment, then a sum equal to the amount of the revaluation or the sum realized in excess of the written down value or the sum received by the Company in respect of such investment as aforesaid up to an aggregate amount of HK\$20,532,270,594 or the total amount of the non-permanent losses sought to be eliminated (whichever is less) shall be re-credited to the special capital reserve; and
- (iii) upon the coming into force of one or more guarantees to be issued by Standard Chartered Bank (HK) Limited in the form scheduled to the undertaking, the Company will be released from the undertaking to the extent of an amount equal to the sum so guaranteed less the fees and expenses incurred in issuing the relevant guarantee(s), with the result that such amount of the special capital reserve would thereby become distributable.

## 15. CONTINGENT LIABILITIES (continued)

On April 23, 2002, a writ of summons was issued against PCCW-HKT Limited (“HKT”), an indirect wholly-owned subsidiary of the Company, by New Century Infocomm Tech Co., Ltd. for HKT’s failure to purchase 6,522,000 shares of Taiwan Telecommunication Network Services Co., Ltd. (“TTNS”), an indirect subsidiary of the Company, pursuant to an option agreement entered into on July 24, 2000. The total claim against HKT amounted to approximately HK\$105 million (NT\$418 million), being the purchase price of shares in TTNS, contractual interest for the period from January 1, 2001 to January 2, 2002 at 6.725% per annum and interest on the due amount pursuant to Sections 48 and 49 of the High Court Ordinance, Chapter 4 of the Laws of Hong Kong. However, this figure should be reduced by the current market value of the shares in TTNS which would be transferred to HKT in the event that the claimants are successful in their claim. A defense was filed by HKT on May 29, 2002 and proceedings are ongoing. Based on legal advice received, the directors consider that HKT has valid defenses and therefore no provision has been made.

PCCW-HKT Telephone Limited (“HKTC”), an indirect wholly-owned subsidiary of the Company, is in dispute with Hong Kong’s Inland Revenue Department (the “IRD”) regarding the deductibility of certain interest and financing expenses. On April 21, 2005, HKTC received additional assessments for years of assessment from 2000/01 to 2003/04 totalling HK\$240 million as a result of the disallowance by the IRD of the disputed expenses. A formal objection has been lodged by HKTC to the IRD against the additional assessments on May 20, 2005. HKTC has successfully applied for a holdover of the tax demanded on condition that HKTC would purchase Tax Reserve Certificates of the equivalent amount demanded under these additional assessments. On June 9, 2005, HKTC purchased Tax Reserve Certificates amounting to HK\$240 million. There may be further additional assessments totalling approximately HK\$72 million relating to the deductibility of interest and financing expenses incurred subsequent to the year of assessment 2003/04 and up to June 30, 2005. The directors consider that the grounds for claiming the deduction are reasonable and therefore no provision for taxation has been made.

## 16. CHARGE ON ASSETS

As at June 30, 2005, certain assets of the Group with an aggregate carrying value of HK\$1,770 million (December 31, 2004: HK\$67 million) were pledged to secure loans and borrowing facilities utilized by the Group.

Certain other financial assets at fair value through profit or loss, with an aggregate value of HK\$168 million (December 31, 2004: HK\$224 million of other investments), were placed as collateral in relation to certain equity-linked transactions entered into by the Group in 2002.

As at December 31, 2004, the Group’s equity interest in REACH was used to secure the Telstra Note. The charge was released upon the full redemption of the Telstra Note on June 30, 2005 as set out in note 3(e).

## 17. ACQUISITION OF SUBSIDIARIES

As set out in note 3(f), on June 22, 2005, the Group, through Mobile Holding No. 2, acquired approximately 59.87% of the issued share capital of SUNDAY for a total cash consideration of HK\$1,163,587,100. SUNDAY and its subsidiaries (“SUNDAY Group”) is a developer and provider of wireless communications and data services in Hong Kong, and a 3G license holder. Revenue and net profit contributed by the acquired business to the Group from June 22, 2005 to June 30, 2005 were considered immaterial. If the acquisition had occurred on January 1, 2005, the estimated Group revenue would have been HK\$12,259 million, and profit before taxation would have been HK\$1,625 million.

### c. Details of transactions with a jointly controlled company

An indirect wholly-owned subsidiary of the Company and a wholly-owned subsidiary of a jointly controlled company (“JV”) have entered into a Hong Kong Domestic Connectivity Agreement and an International Services Agreement for the provision of domestic and international connectivity services in Hong Kong and between Hong Kong and other countries. Pursuant to the International Services Agreement, for the first five years of operations subsequent to the formation of the JV, the Group is required to acquire 90%, 90%, 80%, 70% and 60% per annum, respectively, of its total annual purchases of “Committed Services” (being international public switched telephone network terminating access, international transmission capacity and Internet gateway access services) from the wholly-owned subsidiary of the JV. The Hong Kong Domestic Connectivity Agreement contemplates a reciprocal arrangement, whereby the Group will provide local connectivity services in Hong Kong to the wholly-owned subsidiary of the JV under similar terms and conditions. These agreements were subsequently amended on January 31, 2001 and further amended on April 15, 2003 such that each of the Group and Telstra have agreed to purchase 90% per annum of the Group’s and Telstra’s respective Committed Services from the JV and its subsidiaries until repayment of the outstanding portion of US\$1,200 million (approximately HK\$9,360 million) of the debt under the amended US\$1,500 million syndicated term loan facility (the “Reach Term Facility”) to a wholly-owned subsidiary of the JV on December 31, 2010 or earlier at rates benchmarked at least annually to prevailing market prices. The wholly-owned subsidiary of the JV similarly must acquire 90% per annum of its local connectivity services from the Group under the amended agreement for domestic connectivity services, similarly extended for the same period. The International Services Agreement was terminated as part of the arrangements relating to the establishment of the new operating model for the JV on April 16, 2005, details of which are set out in note 3(d).

Purchases made by the Group from the JV for the six months ended June 30, 2005 were HK\$156 million (2004: HK\$417 million).

*Notes to the Unaudited Condensed Consolidated Financial Statements***18. RELATED PARTY TRANSACTIONS (continued)****c. Details of transactions with a jointly controlled company (continued)**

On June 17, 2004, the Company and Telstra agreed to purchase from the syndicate of banks the entire outstanding portion of US\$1,200 million of the debt under the Reach Term Facility for approximately US\$310.9 million (approximately HK\$2,425 million). The Company's share of the purchased debt was 50%, or approximately US\$155.45 million (approximately HK\$1,213 million). The purchase was completed on June 18, 2004. This loan receivable from the wholly-owned subsidiary of the JV is secured and will be repayable in a single payment on December 31, 2010. Interest on the loan receivable has been suspended for six months from June 18, 2004 and agreed to be at London Interbank Offered Rate ("LIBOR") plus 250 basis points following such period. As at December 31, 2004, the loan receivable from the wholly-owned subsidiary of the JV was approximately HK\$1,214 million and has been included in "interests in jointly controlled companies" in the unaudited consolidated balance sheet. This loan receivable was subsequently set-off pursuant to the arrangements relating to the establishment of the new operating model for the JV on April 16, 2005, details of which are set out in note 3(d).

In addition, on June 17, 2004, the Company and Telstra agreed to provide the JV with a revolving working capital loan facility with each of the Company and Telstra contributing up to US\$25 million (approximately HK\$195 million) to this facility. The facility is secured and will be repayable in full by the JV on December 31, 2007. The interest receivable under this facility is LIBOR plus 250 basis points. As at June 30, 2005, no draw down has been made by the JV under this facility (2004: Nil).

As set out in note 3(d), pursuant to the Reach Network Services Agreement dated April 16, 2005, the JV will provide to the Group and the Telstra Group certain outsourcing services in relation to the international undersea cable capacity allocated by way of the grant of the IRU. During the six months ended June 30, 2005, the outsourcing fees paid or payable to the JV were HK\$284 million (2004: Nil).

**19. POST BALANCE SHEET EVENTS**

- a.** As set out in note 3(f), on July 8, 2005, Mobile Holding No. 2 made the Offer, through Citigroup Global Markets Asia Limited, to acquire all the SUNDAY Shares other than those owned by Mobile Holding No. 2 pursuant to Rule 26.1 of the Takeovers Code. The offer price is at HK\$0.65 per SUNDAY Share, which is the same as the price payable by Mobile Holding No. 2 for each SUNDAY Share purchased under the First Agreement and the Second Agreement. As at July 29, 2005, Mobile Holding No. 2 had received valid acceptances in respect of 515,013,960 SUNDAY Shares, representing approximately 17.22% of the entire issued share capital of SUNDAY. As a result, Mobile Holding No. 2 was interested in an aggregate of 2,305,147,960 SUNDAY Shares, representing approximately 77.10% of the entire issued share capital of SUNDAY. In addition, the Offer period has been extended and the Offer will remain open for acceptance until further notice. The Offer is not closed at the date of this interim report.

## 19. POST BALANCE SHEET EVENTS (continued)

- b.** On July 8, 2005, the Company has confirmed to Mandarin Communications Limited (“Mandarin”), an indirect wholly-owned subsidiary of SUNDAY, its in-principle agreement (directly or through one or more of its subsidiaries) to provide the necessary financial resources to Mandarin to repay the principal and accrued interest and performance bonds outstanding under a facility agreement (“Facility Agreement”) entered into, among others, with Huawei Tech. Investment Co., Limited (“Huawei Tech.”), an equipment provider to and shareholder of SUNDAY, and to cancel any undrawn facilities under the Facility Agreement. On July 25, 2005, the Company and SUNDAY 3G (Hong Kong) Limited (“SUNDAY 3G”), an indirect wholly-owned subsidiary of SUNDAY, entered into a performance bond fee letter whereby SUNDAY 3G shall pay to the Company a non refundable commission (which is at a commercial rate or better) in consideration of the Company having entered into a banking facility (“PCCW Performance Bond Facility”) and having arranged for the issue of performance bonds in replacement of the then existing performance bonds in the aggregate amount of HK\$210.746 million issued under the Facility Agreement. In addition, on July 27, 2005, Mandarin and an indirect wholly-owned subsidiary of the Company entered into a facility agreement (“Intercompany Facility Agreement”) pursuant to which, a general facility and an equipment facility (“Facilities”) are made available to Mandarin for prepayment of the general facility and the equipment facility under the Facility Agreement. The Facilities are interest bearing at a commercial rate or better. On July 29, 2005, all principal and accrued interest and performance bonds outstanding under the Facility Agreement were prepaid by the drawdown of approximately HK\$874 million under the Intercompany Facility Agreement and the issuance of performance bonds under the PCCW Performance Bond Facility and the undrawn facilities under the Facility Agreement were cancelled.
- c.** On July 20, 2005, PCCW-HKT Capital No.3 Limited, an indirect wholly-owned subsidiary of the Company, issued US\$500 million 5.25% guaranteed notes due 2015. The notes are irrevocably and unconditionally guaranteed by HKTC and rank pari passu with all other outstanding unsecured and unsubordinated obligations of HKTC. The proceeds are used for general corporate purposes.
- d.** On July 22, 2005, a sale and purchase agreement was signed to dispose of the Company’s 79.72% interest in JALECO Ltd. for a consideration of approximately US\$47 million subject to certain completion adjustments, at an estimated disposal gain of approximately HK\$160 million for the Group. The disposal is expected to be completed before the end of August 2005.
- e.** On August 17, 2005, the Company announced that a conditional agreement has been signed to dispose of approximately 12.1% interest in MobileOne Ltd, one of the three mobile telephone operators in Singapore, by Great Eastern Telecommunications Limited (“GET”), an associate of the Company, for a consideration of approximately S\$260.8 million, subject to the approval from The Info-communications Development Authority of Singapore (“IDA”). As a 49% shareholder of GET, the Group will receive approximately US\$77 million (approximately HK\$601 million) and the disposal is estimated to realize a gain of approximately HK\$27 million to the Group. The official approval from IDA is anticipated by the end of September 2005.

### SHARE OPTION SCHEMES

#### 1. Share Option Schemes of the Company

The Company adopted a share option scheme on September 20, 1994 (the "1994 Scheme"). At the annual general meeting of the Company held on May 19, 2004, the shareholders of the Company approved the termination of the 1994 Scheme and adoption of a new share option scheme (the "2004 Scheme"). Following the termination of the 1994 Scheme during 2004, no further share options will be granted under such scheme, but in all other respects the provisions of such scheme will remain in full force and effect. Since May 19, 2004, the board of directors of the Company (the "Board") may, at its discretion, grant share options to any eligible person to subscribe for shares in the Company subject to the terms and conditions stipulated in the 2004 Scheme.

Details of the share options outstanding and movements during the six months ended June 30, 2005 are as follows:

## SHARE OPTION SCHEMES (continued)

### 1. Share Option Schemes of the Company (continued)

#### B. 2004 Scheme (continued)

#### (2) Options granted during the six months ended June 30, 2005 (continued)

The weighted average values per option granted during the six months ended June 30, 2005 estimated at the date of grant using the trinomial option pricing model was HK\$0.98. The weighted average assumptions used are as follows:

	At June 30, 2005
Risk-free interest rate	2.4 percent
Expected life (in years)	4
Volatility	0.32
Expected dividend per share	HK\$0.15

The trinomial option pricing model was developed for use in estimating the fair value of traded options that are fully transferable. Such an option pricing model requires input of highly subjective assumptions, including the expected stock price volatility. Because the Company's share options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, the trinomial option pricing model does not necessarily provide a reliable measure of the fair value of the share options.

The accounting policy adopted for the share options is described in note 2 to the financial statements.

#### (3) Options exercised during the six months ended June 30, 2005

During the period under review, no share options were exercised by any directors or chief executive of the Company or employees of the Group.

#### 2. Share Option Schemes of Subsidiaries of the Company

##### A. PCPD

PCPD, an indirect non wholly-owned subsidiary of the Company, adopted a share option scheme on March 17, 2003 (the "2003 Scheme"). In order to align the terms of the share option scheme of PCPD with those of the Company and in view of the limited number of shares capable of being issued under the 2003 Scheme relative to the current capital base of PCPD, the shareholders of PCPD approved the termination of the 2003 Scheme and adoption of a new share option scheme (the "2005 Scheme") at PCPD's annual general meeting held on May 13, 2005. The 2005 Scheme was adopted on May 23, 2005 following its approval by the shareholders of the Company. No further share options will be granted under the 2003 Scheme following its termination, but the provisions of such scheme will remain in full force and effect with respect to the options granted prior to its termination. The board of directors of PCPD may, at its discretion, grant share options to any eligible person to subscribe for shares in PCPD subject to the terms and conditions stipulated in the 2005 Scheme. No share options have been granted under the 2005 Scheme during the six months ended June 30, 2005 since its adoption, and no share options were outstanding at June 30, 2005 under such scheme.

Details of the share options outstanding under the 2003 Scheme of PCPD and movements during the six months ended June 30, 2005 are as follows:

### 2. Share Option Schemes of Subsidiaries of the Company (continued)

#### B. SUNDAY Communications Limited (“SUNDAY”)

SUNDAY, an indirect non wholly-owned subsidiary of the Company, adopted a share option scheme on March 1, 2000 (the “2000 Scheme”). On May 22, 2002, the shareholders of SUNDAY approved the adoption of a new share option scheme (the “2002 Scheme”) and termination of the 2000 Scheme. Upon the termination of the 2000 Scheme, no further share options will be granted thereunder but the provisions of the 2000 Scheme will remain in full force and effect in respect of the existing options granted. The board of directors of SUNDAY may, at its discretion, grant share options to any eligible person to subscribe for shares in SUNDAY subject to the terms and conditions stipulated in the 2002 Scheme. No share options have been granted under the 2002 Scheme since its adoption to June 30, 2005, and no share options were outstanding at January 1, 2005 and June 30, 2005 under such scheme.

Details of the share options outstanding under the 2000 Scheme of SUNDAY and movements during the six months ended June 30, 2005 are as follows:

## General Information

### SHARE OPTION SCHEMES (continued)

Notes:

1. All dates are shown month/day/year.
2. Due to the large number of employees participating in the 1994 Scheme, certain information such as the date of grant can only be shown within a reasonable range in this interim report. For options granted to employees, the options were granted, where applicable, during the underlying periods for acceptance of the offer of such options by the employees concerned.
3. These options vest in installments during a period starting from the first anniversary of the offer date of such options (the "Offer Date") and ending on either the third or fifth anniversary of the Offer Date inclusive.
4. These options vest in installments during a period starting from: (i) May 26, 2001 and ending on May 26, 2003 inclusive; (ii) the first anniversary of the Offer Date and ending on the third anniversary of the Offer Date inclusive; or (iii) the first anniversary of the Offer Date and ending on the fifth anniversary of the Offer Date inclusive. All these options are exercisable in installments from the commencement of the relevant vesting period until the tenth anniversary of the Offer Date.
5. These options vest in installments during a period starting from: (i) March 15, 2001 and ending on March 15, 2005 inclusive; or (ii) the first anniversary of the Offer Date and ending on the third anniversary of the Offer Date inclusive. All these options are exercisable in installments from the commencement of the relevant vesting period until the tenth anniversary of the Offer Date.
6. These options vest in installments during a period starting from: (i) dates ranging between the date of grant to August 26, 2001 and ending on dates ranging between December 7, 2002 to August 26, 2005 inclusive; (ii) the first anniversary of the Offer Date and ending on the third anniversary of the Offer Date inclusive; or (iii) the first anniversary of the Offer Date and ending on the fifth anniversary of the Offer Date inclusive. All these options are exercisable in installments from the commencement of the relevant vesting period until the tenth anniversary of the Offer Date.
7. These options vest in installments during a period starting from: (i) May 26, 2001 and ending on May 26, 2005 inclusive; (ii) the first anniversary of the Offer Date and ending on the third anniversary of the Offer Date inclusive; or (iii) the first anniversary of the Offer Date and ending on the fifth anniversary of the Offer Date inclusive. All these options are exercisable in installments from the commencement of the relevant vesting period until the tenth anniversary of the Offer Date.
8. These options vest in installments during a period starting from: (i) the date of grant and ending on either May 26, 2003 or October 27, 2003 inclusive; or (ii) May 21, 2003 and ending on May 21, 2005 inclusive. All these options are exercisable in installments from the commencement of the relevant vesting period until the tenth anniversary of the Offer Date.
9. Of the share options granted, 40 percent are vested and become exercisable after one year from the date of grant and 30 percent per annum during the following two years.

Save as disclosed above, at no time during the period under review was the Company or any of its subsidiaries, holding companies or fellow subsidiaries a party to any arrangement which may enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate and none of the directors or chief executive of the Company or their spouses or children under 18 years of age had any right to subscribe for equity or debt securities of the Company or any of its associated corporations or had exercised any such right during the period under review.

Note:

Ocean Star Investment Management Limited was deemed interested and to have short positions under the SFO in the shares and underlying shares of the Company by virtue of it being the investment manager of The Ocean Unit Trust and The Starlite Unit Trust which together held 100 percent of PCGH (see the Notes of the previous section headed “INTERESTS AND SHORT POSITIONS OF SUBSTANTIAL SHAREHOLDERS”).

Save as disclosed above in this section and the previous section headed “INTERESTS AND SHORT POSITIONS OF SUBSTANTIAL SHAREHOLDERS”, the Company had not been notified of any other person (other than any directors or chief executive of the Company) who had an interest or a short position in the shares and underlying shares of the Company as recorded in the register required to be kept by the Company pursuant to Section 336 of the SFO as at June 30, 2005.

### PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES

During the six months ended June 30, 2005, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the listed securities of the Company.

### AUDIT COMMITTEE

The Company's Audit Committee has reviewed the accounting policies adopted by the Group and the unaudited interim financial statements of the Group for the six months ended June 30, 2005. Such interim financial statements have not been audited but have been reviewed by the Company's auditors.

### MODEL CODE SET OUT IN APPENDIX 10 OF THE LISTING RULES

The Company has established its own code of conduct regarding securities transactions by directors and senior management namely PCCW Code of Conduct for Securities Transactions by Directors & Senior Management (the “PCCW Code”) on terms no less exacting than the required standard set out in the Model Code as set out in Appendix 10 of the Listing Rules. Having made specific enquiry of all directors of the Company, they have confirmed that they complied with the required standard set out in the Model Code and the PCCW Code during the accounting period covered by this interim report.

## COMPLIANCE WITH THE CODE ON CORPORATE GOVERNANCE PRACTICES

The Company has complied with the code provisions of the Code on Corporate Governance Practices (the “Code”) as set out in Appendix 14 of the Listing Rules during the accounting period covered by this interim report, except for the deviations from code provisions A.4.1, A.4.2, D.1.2 and E.1.2 of the Code as described below.

Under code provision A.4.1 of the Code, non-executive directors should be appointed for a specific term and subject to re-election. The non-executive directors of the Company are not appointed for a specific term of office. However, the non-executive directors of the Company are subject to retirement by rotation and re-election at annual general meetings in accordance with the Company’s Articles of Association.

Under the second part of code provision A.4.2 of the Code, every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. All directors of the Company are subject to retirement by rotation pursuant to the Company’s Articles of Association. According to the Company’s Articles of Association, one-third of the directors for the time being (or, if their number is not a multiple of three, then the number nearest to but not greater than one-third) shall retire from office at each annual general meeting. The relevant provisions of the Company’s Articles of Association will be reviewed and amendment will be proposed if necessary, to ensure full compliance with code provision A.4.2 of the Code.

Under the first part of code provision D.1.2 of the Code, an issuer should formalize the functions reserved to the board and those delegated to management. This code provision has been complied with subsequent to June 30, 2005.

Under the first part of code provision E.1.2 of the Code, the chairman of the board should attend annual general meetings. The Chairman of the Board did not attend the annual general meeting of the Company held on May 23, 2005 as he had another business engagement.
