After its establishment on 8 November 2004, China Shenhua Energy Company Limited successfully listed its H Shares on the Main Board of The Stock Exchange of Hong Kong Limited (the "Hong Kong Stock Exchange") (stock code: 1088) on 15 June 2005.

The Company is one of the largest coal-based energy companies in the world. In 2005, it ranked second and fourth in coal reserves and coal production, respectively, among listed coal companies worldwide. In addition, the Company is also the largest coal producer and export coal producer in China. As the only coal company in China that owns a large-scale integrated rail and port transportation network, it controls one of the two primary west-to-east coal rail lines in China. It also has a sizeable and rapidly growing power generation business which is developing alongside its coal business with synergy.
