

The Group's dedication towards quality and service to customers across a fast expanding network and the constant desire of our people to progress and to innovate is the key to creating value for our shareholders

PROPERTY

The property division of Kerry Properties Limited is engaged in the creation and management of distinguished residential neighbourhoods as well as prime-quality, strategically-located mixed-use developments. These are being presented as part of a real estate network offering innovative value-added features and services throughout the Asia-Pacific region.

LOGISTICS NETWORK

Kerry Logistics Network Limited (Kerry Logistics) has established a leading position as Asia's premier supply chain management expert and third-party logistics service provider, both in terms of customer satisfaction and shareholder value. With a China focus and being an Asia specialist, Kerry Logistics has progressively built up world-class capabilities to access and empower the supply chains of niche customer sectors across the globe.

INFRASTRUCTURE

The infrastructure division's strategy is to work side-by-side with strategic public or private-sector partners in infrastructure developments, committing itself to those projects that improve the quality of life and that contribute towards the conservation of our environment for future generations.
