

2005

AWARDS

During the year, we had the honour of receiving a number of awards in recognition of our services and contributions to the community.

2005 HKMA BEST ANNUAL REPORTS AWARDS

We were delighted to be selected as one of the winners, and was awarded the Citation for Achievement in Corporate Governance and Honourable Mention by The Hong Kong Management Association (HKMA) in the 2005 HKMA Best Annual Reports Awards. This annual competition is organised to encourage the publication of accurate, informative, well-presented and timely annual reports.

Our 2004 Annual Report was commended for its General Presentation, which reflected the Company's vision and mission. The design and presentation of our annual report was noted for its achievements in 'engaging, inspiring and attracting investors and shareholders as well as addressing other interested parties'.

The management discussion and analysis section in our report also won a special mention for excellence for the "General Description of Business" category. According to the panel of judges, the winning reports 'provided operational and financial reviews of very high standard' and 'highlighted and gave good attention to relevant information regarding key businesses, including their activities, objectives, performance, management and work practice.'

LOGISTICS AWARDS HONG KONG 2005

Kerry Logistics continues to gain recognition for its superb services and innovation, as evidenced in two major awards — the Local (Hong Kong) Logistics Award and the Mainland Logistics (non-SME) Award — in the first Logistics Awards Hong Kong 2005.

This prestigious industry event was organized by the Hong Kong Trade Development Council and four other renowned local trade associations. The awards acknowledged Kerry Logistics' outstanding services in the logistics industry in Hong Kong and Mainland China.

ECO-ACTION CHAMPION

The Group was named an Eco-Action Champion for 2005 by the Hong Kong Sustainable Communications Association in recognition of our environmental commitment. As an Eco-Action Champion, we contribute to the building of a sustainable future by taking an active role in environmental protection and organising green programmes.
