

Investor Relations

The Company's main duty in investor relationship is to provide information on the Company's latest development strategy, business management, financial information and business progress and development clearly to shareholders, investors, analysts, banks and media. The Company ensures the dissemination of important information to the market as soon as possible through different channels. These channels include: Interim results report of the Company, press conferences, analyst briefing sessions, road shows and meetings organised by investment institutions. To enhance communication with the investment sector, the Company updated and launched its new web site in late April, to ensure important events during the course of business development of the Company can be transmitted rapidly to the capital market through the web site of the Company.

The management of the Company meets analysts and investors regularly to introduce the latest development strategy and operating conditions to them and answers questions raised by investors in a timely manner. Following the listing of the Company in 2005, the management have held more than 30 meetings with investors within six months and arranged bankers and media to visit the sites of the Company for several times. Besides, the management has also participated in investment seminars organised by major investment banks in the US, Europe, Singapore and Hong Kong. Through the above events, the communication between the management of the Company and the capital market has been enhanced. Besides, the transparency of business activities of the Company such as operation and management has also been enhanced. In 2006, the Company will further strengthen its efforts in this respect and maintain good relationship with investors through multiple channels and at multiple levels.

The Company's management announced its 2005 annual results at a press conference.

The Company's management explained to the analysts on the latest development plans following the results announcement.
