GZI REIT Profile

GZI Real Estate Investment Trust (“GZI REIT”) is a Hong Kong real estate investment trust constituted by a trust deed entered into on 7 December, 2005 (“the Trust Deed”) between HSBC Institutional Trust Services (Asia) Limited as the trustee (“the Trustee”) and GZI REIT Asset Management Limited as the manager (“the Manager”). GZI REIT was listed on The Stock Exchange of Hong Kong Limited on 21 December, 2005 (“the Listing Date”).

GZI REIT’s property portfolio (“the Properties”) consists of four commercial properties located in Guangzhou and GZI REIT is the first real estate investment trust which invests in Guangzhou, Guangdong Province, the People’s Republic of China (“the PRC”).

Total Distributable Income

The Total Distributable Income (as defined in the Trust Deed) of GZI REIT to the unitholders of GZI REIT (“the Unitholders”) for the six-month period from 1 January, 2006 to 30 June, 2006 (“the 2006 Interim Period”) amounted to approximately HK\$103,375,000, representing distributable income per unit of HK\$0.1033. The Total Distributable Income (as defined in the Trust Deed) of GZI REIT for the 11-day period from the Listing Date to 31 December, 2005 (“the Relevant Period 2005”) amounted to approximately HK\$40,543,000, representing distributable income per unit of HK\$0.0405.

The Total Distributable Income (as defined in the Trust Deed) for the period from the Listing Date to 30 June, 2006 amounted to HK\$143,918,000, representing an aggregate distributable income per unit of HK\$0.1438.

Note: Total Distributable Income as defined in the Trust Deed is the amount calculated by the Manager as representing the consolidated audited or reviewed profit after tax of GZI REIT as adjusted for accounting purposes to eliminate the effects of accounting adjustments.

Distribution

In accordance with the Trust Deed, GZI REIT is required to distribute no less than 90% of Total Distributable Income to the Unitholders. The Manager’s policy is to distribute to the Unitholders 100% of GZI REIT’s Total Distributable Income (as defined in the Trust Deed) for each of the 2006, 2007 and 2008 financial years and thereafter at least 90% of Total Distributable Income (as defined in the Trust Deed) in each financial year.

To provide Unitholders with maximum returns, the Manager resolved to distribute to Unitholders 100% of GZI REIT’s Total Distributable Income (as defined in the Trust Deed) for the Relevant Period 2005.

Pursuant to the terms of the Trust Deed, distribution in respect of the Relevant Period 2005 would be paid at the same time as the distribution in respect of the 2006 Interim Period.

The Manager has resolved to declare an interim distribution to Unitholders for the 2006 Interim Period of HK\$0.1033 per unit and a final distribution for the Relevant Period 2005 of HK\$0.0405 per unit, amounting to a total first distribution of HK\$0.1438 per unit. This represents a 100% distribution of GZI REIT’s Total Distributable Income (as defined in the Trust Deed) for the 2006 Interim Period and the Relevant Period 2005.

The first distribution amounting to approximately HK\$143,918,000, in aggregate, will be effected on 8 November, 2006 and be payable to the Unitholders whose names appear on the register of Unitholders on 7 November, 2006.

The Manager has calculated the Total Distributable Income (as defined in the Trust Deed) based on GZI REIT’s consolidated profit after tax before transactions with the Unitholders and considered that no adjustments were required to eliminate the effects of certain non-cash items.

Ongoing Improvement of Tenant Mix

In order to increase the competitiveness of the Properties, the Manager placed much emphasis on the tenant mix and the strength of our tenants by adjusting tenant mix where and when appropriate. The Manager adhered to the features and positioning requirements of each of the Properties. Focusing on the expiring leases and the existing vacant units, the Manager has attracted quality tenants whose business fits in with the character of each of the Properties. On the other hand, the Manager continued to improve existing tenant mix and unit floor plan and encouraged extension of leases by quality tenants on a preferential basis so as to actively retain quality tenants. During the 2006 Interim Period, not only had our tenant mix been further improved, encouraging progress was also achieved in renewal of leases without any loss of major tenants.

Success in Asset Enhancement

As stated in the Offering Circular, the Manager is determined to focus on improving the distribution return to Unitholders through asset enhancement. During the period of four months or so after the listing of GZI REIT, the Manager completed the renovation and leasing of Levels 8 and 9 of White Horse Units in April 2006 and successfully converted the area available for wholesale and retail purposes. All rentable area was leased out at the same time through public tender. The average rental achieved represented a premium of approximately 20% over the original estimated rental rates. Accordingly, the target of asset enhancement was achieved. The newly renovated Levels 8 and 9 were positioned as the "Marketing Region of Quality Brands of White Horse Building" and the tenants opened for business at the newly leased premises on 18 May, 2006.

Improving Safety Management System

In order to ensure the safety of the Properties, the Manager has taken measures to improve the safety management system. These include improvements to the maintenance of facility and repair systems, ensuring the normal operation of the fire prevention system and conducting regular fire safety inspections and fire emergency practices. As a precautionary measure, any potential safety risks identified must be eliminated within a specified time frame. To ensure performance of the fire prevention facilities, including mechanical and electrical aspects, the Manager has made special arrangements for relevant professionals from Jones Lang LaSalle to conduct a comprehensive review and assessment of the relevant facilities of the Properties. In addition, to ensure the safety of the Properties, the Manager conducts irregular fire safety inspections from time to time to supervise the implementation of fire safety management works.

Operating Efficiency and Cost Control

With a relatively streamlined management structure and an improved operating model, the Manager managed to raise the operating efficiency while maintaining the costs. The Manager will continue to raise the operating efficiency of GZI REIT with a view to provide increasing returns on investments to Unitholders.

Trust Review

Future Prospects

The Manager will continue to identify and attract suitable quality tenants to improve customer flow which would be beneficial to existing tenants. These include an improvement in tenant mix and an introduction of high quality brands, thereby enhancing the reputation of White Horse Units and Victory Plaza Units in the market. In addition, in respect of the office section of Fortune Plaza Units and City Development Plaza Units, the Manager will focus on maintaining good relationships with our tenants and giving timely responses to customers' needs in preparation for future renewal of leases.

In addition to implementing its planned strategy for asset enhancement, the Manager will adopt a positive but prudent approach in its asset acquisition plans in order to achieve sustainable profitability. Future acquisitions may include, but will not be limited to, acquisition of applicable existing or newly completed projects from Guangzhou Investment Company Limited ("GZI") through the exercise of the right of first refusal.

During the 2006 Interim Period, the aggregate amount of fees payable by GZI REIT to Yicheng and White Horse Property Management Company under these tenancy services agreements was approximately HK\$6,097,000.

Trade Mark Licence Agreements

Six licence agreements, each dated 7 December, 2005, have been entered into between Partat and White Horse Property Management Company pursuant to which White Horse Property Management Company has granted Partat the exclusive right to use six of its registered trademarks of different classes in the PRC from the effective date of the agreement (i.e., 7 December, 2005) to 31 December, 2006 in accordance with the terms of the licence agreements for a nominal fee of RMB1.00 with the right to extend, subject to certain conditions, the term of such licences.

Yue Xiu Enterprises (Holdings) Limited (“Yue Xiu”) and the Manager entered into a licence agreement dated 7 December, 2005 pursuant to which Yue Xiu granted to the Manager the right and licence to use and sub-licence certain “Yue Xiu” trademarks in connection with the business of GZI REIT in the PRC and Hong Kong for a nominal consideration of approximately HK\$1.00 in perpetuity commencing on 21 December, 2005, subject to early termination pursuant to the terms thereof.

Connected Party Transactions

Renovation of Levels 8 and 9 of White Horse Units

The contractor for carrying out the renovation works of Levels 8 and 9 of the White Horse Units, for the purpose of transforming them into wholesale and retail premises, was selected through a transparent tender process, arranged by Guangzhou Construction Works Dealing Centre (廣州建設工程交易中心), a government body responsible for the management and supervision of all tenders for building and construction works within Guangzhou required to be carried out under “廣東省建設工程招標投標管理條例”. Guangzhou City Construction & Development Decoration Limited (“GCCD Decoration”), a 98.62% indirectly-owned subsidiary of GZI and one of the 5 bidders for the renovation works, was awarded the renovation contract by Guangzhou Construction Works Dealing Centre on 24 January, 2006.

GCCD Decoration, in its capacity as a main contractor, sub-contracted part of the renovation works to two independent third party sub-contractors pursuant to two separate sub-contracts both dated 26 January, 2006. By another two separate agreements entered into between GCCD Decoration, Partat and each of the two sub-contractors both dated 28 January, 2006 (as supplemented and amended by two separate confirmations entered into between the same parties both dated 24 August, 2006), GCCD Decoration’s rights and obligations (including, payment obligations) under the sub-contracts were assigned to Partat, subject to the terms and conditions set out in the respective confirmations. Accordingly, the amount payable by Partat to GCCD Decoration pursuant to the terms of the renovation contract dated 26 January, 2006 was reduced to Renminbi 414,148.08 (i.e., approximately HK\$398,219.00), representing the difference between the total amount of all renovation works (i.e., Renminbi 5,176,851.05 (i.e., approximately HK\$4,977,741.00)) and the sums directly payable by Partat to the two sub-contractors (i.e. Renminbi 4,762,702.97 (i.e., approximately HK\$4,579,522.00) in aggregate).

GCCD Decoration and its associates (as defined in the REIT Code) had not entered into any other connected transactions with GZI REIT. The amount payable by Partat to GCCD Decoration under the renovation contract is less than 5% of the net asset value of GZI REIT as per the audited financial statements published in the 2005 annual report. The amount is also less than 15% of the amount of HK\$26.70 million committed to be spent by GZI REIT on renovation and upkeep of the White Horse Units (as disclosed in the Offering Circular). Accordingly, no Unitholders’ approval was required for entering into the transaction.

HSBC Group

Note: “HSBC Group” means The Hongkong and Shanghai Banking Corporation Limited (“HSBC”) and its subsidiaries and, unless expressly stated, excludes the Trustee and its proprietary subsidiaries (being the subsidiaries of the Trustee but excluding those subsidiaries formed in its capacity as the trustee of GZI REIT).

Connected Party Transactions

Leasing Transactions

Certain portions of the Properties have been leased to members of the HSBC Group. Details are as follows:

Corporate Finance Transactions

The SPVs (as borrowers) and GZI REIT Holding 2005 Limited (“REIT Holdco”) (as guarantor) entered into a facility agreement with certain lending banks on 7 December, 2005 for a three year floating rate term loan facility of US\$165 million to be drawn on the Listing Date. To secure the SPVs’ obligations under the loan on a pari passu and pro rata basis, a security package, including registered mortgage over each Property and the SPV shares, assignment of rental income and all other proceeds arising from each of the Property and of all tenancy agreements relating to the Properties, has been granted in favour of a security trustee to hold on behalf of the lending banks. HSBC was one of the lending banks and acted as the agent and security agent of the lending banks. On 21 December, 2005, the facility was drawn by GZI REIT in full, as to US\$63,900,000 was advanced by HSBC and US\$63,900,000 remained outstanding as at 30, June 2006.

In conjunction with the loan facility, each of the SPVs has also entered into agreements with each of the lending banks for US\$/RMB non-deliverable swap facilities covering the swap of a floating rate US dollar liability into a synthetic RMB liability with a series of fixed rate cash flows denominated in RMB, payable in US dollars, with a principal exchange at maturity also settled in US dollars for an aggregate notional principal amount of US\$165 million for a minimum tenor of three years. HSBC was one of the swap providers and participated in the swap for US\$63.9million/RMB516.5 million.

The SPVs’ obligations under the swap agreements are secured, pari passu and pro rata, on the security package described above. They have also granted guarantees in favour of the lending banks (as swap providers) to secure their obligations under the swap agreement. During the 2006 Interim Period, interest under the facility agreement in the amount of approximately HK\$8,026,000 were payable by GZI REIT to HSBC during the 2006 Interim Period.

Waiver from Strict Compliance

A waiver from strict compliance with the disclosure and Unitholders’ approval requirements under Chapter 8 of the REIT Code in respect of the above transactions with connected persons (as defined in Rule 8.1 of the REIT Code) of the Trustee has been granted by the SFC on 8 December, 2005 subject to specific caps on fees payable by GZI REIT for corporate finance services, review by the auditors for each relevant financial period, annual review by the Audit Committee and the INEDs and other terms and conditions. Particulars of the Waiver Letter and its terms conditions have been published in the Offering Circular.

Connected Party Transactions

- (b) on normal commercial terms (to the extent that there are comparable transactions) or, where there are not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to GZI REIT than terms available to or from (as appropriate) independent third parties; and
- (c) in accordance with the relevant agreement and the Manager's internal procedures governing them (if any) on terms that are fair and reasonable and in the interests of the Unitholders as a whole.

INDEPENDENT REVIEW REPORT TO THE DIRECTORS OF GZI REIT ASSET MANAGEMENT LIMITED (the "MANAGER")

INTRODUCTION

We have been instructed by the Manager to review the interim financial report of GZI Real Estate Investment Trust ("GZI REIT") set out on pages 22 to 41.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS OF THE MANAGER AND AUDITORS

The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of an interim financial report of GZI REIT to be in compliance with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and the relevant provisions thereof. The interim financial report of GZI REIT is the responsibility of, and has been approved by, the directors of the Manager.

It is our responsibility to form an independent conclusion, based on our review, on the interim financial report of GZI REIT and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

REVIEW WORK PERFORMED

We conducted our review in accordance with Statement of Auditing Standard 700 "Engagements to Review Interim Financial Reports" issued by the HKICPA. A review consists principally of making enquiries of the Manager and applying analytical procedures to the interim financial report and based thereon, assessing whether the accounting policies and presentation have been consistently applied unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the interim financial report of GZI REIT.

REVIEW CONCLUSION

On the basis of our review which does not constitute an audit, we are not aware of any material modifications that should be made to the interim financial report of GZI REIT for the six months ended 30 June, 2006.

The above condensed consolidated interim income statement should be read with the accompanying notes to this condensed consolidated interim financial information.

Notes:

- (i) In accordance with the Trust Deed dated 7 December, 2005 (the “Trust Deed”), GZI REIT is required to distribute to Unitholders not less than 90% distributable income for each financial period. GZI REIT has a limited life of 80 years from the date of establishment. Accordingly, the units contain contractual obligations to pay cash dividends and also upon termination of the trust, a share of all net cash proceeds derived from the sale or realisation of the assets of GZI REIT less any liabilities, in accordance with Unitholders’ proportionate interests in GZI REIT at the date of the termination of GZI REIT. The Unitholders’ funds are therefore classified as a financial liability rather than equity in accordance with HKAS 32: Financial Instruments: Disclosure and Presentation. Consistent with Unitholders’ funds being classified as a financial liability, the distributions to Unitholders are part of finance costs which are recognised in the income statement. The classification does not have an impact on the net assets attributable to the Unitholders. It only affects how Unitholders’ funds are disclosed in the balance sheet and how distributions are disclosed in the income statement. Distributable income is determined in the Distribution Statement on page 26.
- (ii) Earnings per unit based upon profit after tax before transactions with Unitholders and the average number of units in issue, is presented in note 19.
- (iii) There are no comparative figures for the condensed consolidated interim income statement as this is the first set of condensed consolidated interim income statement prepared for the Group since the date of establishment of GZI REIT, 7 December, 2005.

Notes to the Condensed Consolidated Interim Financial Information

1 GENERAL INFORMATION

GZI Real Estate Investment Trust and its subsidiaries (collectively referred to as the “Group”) are mainly engaged in the leasing of commercial properties in Mainland China (“China”).

GZI REIT is a Hong Kong collective investment scheme constituted as a unit trust by the Trust Deed entered into between GZI REIT Asset Management Limited, as the manager of GZI REIT (the “Manager”), and HSBC Institutional Trust Services (Asia) Limited, as the trustee of GZI REIT (the “Trustee”) on 7 December, 2005 and authorised under section 104 of the Securities and Futures Ordinance (“SFO”) subject to the applicable conditions imposed by Securities and Futures Commission (“SFC”) from time to time. The address of its registered office is 24/F, Yue Xiu Building, 160-174 Lockhart Road, Wanchai, Hong Kong.

GZI REIT is listed on The Stock Exchange of Hong Kong Limited. The condensed consolidated interim financial information was approved for issue by the Board of Directors of the Manager on 24th August, 2006.

2 BASIS OF PREPARATION

The condensed consolidated interim financial information for the six months ended 30 June, 2006 has been prepared in accordance with HKAS 34, “Interim financial reporting”. The interim condensed financial report should be read in conjunction with the audited financial statements for the period from 7 December, 2005 (date of establishment of GZI REIT) to 31 December, 2005.

3 ACCOUNTING POLICIES

The accounting policies adopted are consistent with those set out in the audited financial statements for the period from 7 December, 2005 (date of establishment of GZI REIT) to 31 December, 2005 except as described below.

(a) Effect of adopting new standards, amendments to standards and interpretations

The following new standards, amendments to standards and interpretations are mandatory for financial year ending 31 December, 2006.

- Amendment to HKAS 19, “Actuarial gains and losses, group plans and disclosures”;
- Amendment to HKAS 39, Amendment “The fair value option” on the classification and valuation of the Group’s financial instruments classified as at fair value through profit or loss prior to 1 January, 2006;
- Amendment to HKAS 21, Amendment “Net investment in a foreign operation”;
- Amendment to HKAS 39, Amendment “Cash flow hedge accounting of forecast intragroup transactions”;
- Amendment to HKAS 39 and HKFRS 4, Amendment “Financial guarantee contracts”;

Notes to the Condensed Consolidated Interim Financial Information

3 ACCOUNTING POLICIES (Continued)

(a) Effect of adopting new standards, amendments to standards and interpretations (Continued)

- HKFRS 6, “Exploration for and evaluation of mineral resources”;
- HK(IFRIC)-Int 4, “Determining whether an arrangement contains a lease”;
- HK(IFRIC)-Int 5, “Rights to interests arising from decommissioning, restoration and environmental rehabilitation funds”;
- HK(IFRIC)-Int 6, “Liabilities arising from participating in a specific market – waste electrical and electronic equipment”.

The adoption of the above has no material impact to the condensed consolidated interim financial information of the Group, except as follows:

The adoption of Amendment to HKAS 39, Amendment “The fair value option” has restricted the circumstances in which a financial asset or liability may be designated as at fair value through profit or loss and has resulted in a change in accounting policy relating to the measurement of net assets attributable to Unitholders, from fair value to amortised cost. The change in accounting policy has been made in accordance with the transitional provisions in the standard. The date of de-designation of net assets attributable to Unitholders as at fair value through profit or loss is deemed to be its date of initial recognition, which is 21 December, 2005. At the date of de-designation, the fair value of the net assets attributable to Unitholders was approximately HK\$3,075,000,000.

The following are the effects of the changes in the accounting policy described above on individual account caption:

	Effect on adoption of Amendment to HKAS 39, Amendment “The fair value option” HK\$’000
Income statement item for the six months ended 30 June, 2006	
- change in fair value of units	350,000
Result for the period	<u>(350,000)</u>

The change in accounting policy does not have an impact on the net assets attributable to Unitholders as at 30 June, 2006 and 31 December, 2005.

Notes to the Condensed Consolidated Interim Financial Information

3 ACCOUNTING POLICIES (Continued)

(b) Standards, amendments to standards and interpretations have been issued but are not effective

The following new standards, amendments to standards and interpretations have been issued but are not effective for 2006 and have not been early adopted:

- HK(IFRIC)-Int 7, “Applying the Restatement Approach under HKFRS 29”, effective for annual periods beginning on or after 1 March, 2006;
- HK(IFRIC)-Int 8, “Scope of HKFRS 2”, effective for annual periods beginning on or after 1 May, 2006;
- HK(IFRIC)-Int 9, “Reassessment of Embedded Derivatives”, effective for annual periods beginning on or after 1 June, 2006;
- HKFRS 7, “Financial instruments: Disclosures”, effective for annual periods beginning on or after 1 January, 2007. HKAS 1, “Amendments to capital disclosures”, effective for annual periods beginning on or after 1 January, 2007.

The Manager does not expect HK(IFRIC)-Int 7, 8 and 9 to be relevant to the Group. The Group assessed the impact of HKFRS 7 and the amendment to HKAS 1 and concluded that the main additional disclosures will be the sensitivity analysis to market risk and capital disclosures required by the amendment of HKAS 1. The Group will apply HKFRS 7 and the amendment to HKAS 1 from accounting periods beginning 1 January, 2007.

5 INVESTMENT PROPERTIES - GROUP

Beginning and end of the period

HK\$'000

4,053,800

The investment properties are located in China and held on land use rights of 40 years to 50 years, expiring in 2047 through 2055. The directors of the Manager consider that there is no material change in the fair value of these investment properties between 1 January, 2006 to 30 June, 2006.

In the condensed consolidated interim income statement, direct operating expenses include HK\$294,000 relating to investment properties that were vacant.

As at 30 June, 2006, all investment properties were pledged as collateral for the Group's bank borrowings (Note 13).

6 DEFERRED ASSETS - GROUP

Rental income is recognised on an accrual basis by averaging out the impact of rent-free periods, contracted rental escalations and such other terms affecting the monthly cash received from rental income under each tenancy agreement. Thus, monthly rental income is recognised on a straight-line basis for the entire lease term of each tenancy agreement, which effectively amortises the impact of rent-free periods, contracted rental escalations and other relevant terms on the rental income over the relevant lease periods. The temporary difference between the monthly rental income as set out in the lease agreements and accounting monthly rental income is reflected as deferred assets.

7 GOODWILL - GROUP

Beginning and end of the period

HK\$'000

152,917

Impairment test for goodwill

Goodwill is allocated to the Group's cash-generating units ("CGUs") identified according to the business segment. Upon acquisition of subsidiaries, all goodwill was allocated to the Group's only business segment, the leasing operation.

For the purpose of impairment reviews, the recoverable amount of goodwill is determined based on value-in-use calculations. The value-in-use calculations use cash flow projections based on financial budgets approved by the Manager covering a one-year period. There are a number of assumptions and estimates involved in the preparation of cash flow projections for the period covered by the approved budget.

Notes to the Condensed Consolidated Interim Financial Information

7 GOODWILL - GROUP (Continued)

Key assumptions used for in the cash flow projections are as follows:

Discount rate 6.77%

These assumptions have been used for the analysis of the cash-generating unit. The Manager prepared the financial budgets reflecting actual and prior year performance and market development expectations. The Manager estimates the discount rate using pre-tax rates that reflect market assessments of the time value of money and the specific risks relating to the cash-generating unit. Judgement is required to determine key assumptions adopted in the cash flow projections and changes to key assumptions can significantly affect these cash flow projections.

8 RENTAL RECEIVABLES, PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES - GROUP

Rental receivables – net	193	320
Prepayments, deposits and other receivables	5,243	4,478
	<u>5,436</u>	<u>4,798</u>

The carrying amounts of rental receivables, prepayments, deposits and other receivables approximate their fair value.

The majority of the Group's rental income is received in cash and there is no specific credit terms given to the tenants. The rental receivables are generally fully covered by the rental deposits from corresponding tenants. All rental receivables at 30 June, 2006 and 31 December, 2005 are aged within 30 days.

There is no concentration of credit risk with respect to rental receivables, as the Group has a large number of tenants.
