## 1. Basis of preparation

In preparing the financial statements, the directors of the Company have given careful consideration to the future liquidity of the Group in light of its net current liabilities of approximately HK\$167 million and net liabilities of approximately HK\$159 million as at 30 June 2006.

However, restoring the liquidity and financial position of the Group is dependent upon the introduction of new equity capital and debts assignment by new investor. Provided that new equity capital can be injected into the Group, the directors of the Company are satisfied that the Group will be able to meet in full its financial obligations as they fall due for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

The condensed financial statements have been prepared in accordance with the applicable disclosure requirements set out in Appendix 16 to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited and with Hong Kong Accounting Standard 34 "Interim Financial Reporting".

#### 2. Principal accounting policies

The condensed financial statements have been prepared under the historical cost basis except for certain financial instruments which are measured at fair value.

The accounting policies used in the condensed financial statements are consistent with those followed in the preparation of the Group's annual audited financial statements for the year ended 31 December 2005 except in relation to the following amendments to and interpretation of HKFRSs issued by HKICPA that affect the Group and are adopted to the first time for the current period's financial statements:

HKAS 39 (Amendment)

HKAS 39 & HKFRS 4

The Fair Value Option (1)

HK(IFRIC) — Int 4

HK(IFRIC) — Int 8

The Fair Value Option (1)

Determining whether an Arrangement contains a Lease (1)

Scope of HKFRS 2 (2)

- (1) Effective for annual periods beginning on or after 1 January 2006
- (2) Effective for annual periods beginning on or after 1 May 2006

The adoption of the above HKFRSs did not result in material impact on the accounting policies of the Group's condensed consolidated financial statements.

The Group has not early adopted certain accounting Standards or Interpretations that have been issued but not yet effective. The adoption of such Standards and Interpretations will not result in substantial changes to the Group's accounting policies.

## f. Winding-up petition of 474/2006

On 7 September 2006, the Company received a petition for winding up of the Company (the "Petition") dated 5 September 2006, by HSH Nordbank AG, Hong Kong Branch (the "Petitioner"), due to the reason that the Company was unable to repay the outstanding debts of US\$8,807,366.07 (the "Debt") owed by two companies which the Company is a guarantor, the hearing of which is scheduled for 1 November 2006 and a summons dated 6 September 2006 for an application by the Petitioner to appoint provisional liquidators of the Company. The application for appointment of provisional liquidators was subsequently withdrawn on 19 September 2006 by way of consent summons between the parties.

On 1 November 2006, which the Petition was scheduled to be heard, immediately before the hearing for the Petition, the solicitors for both the Petitioner and the Company signed the consent summons (the "Consent Summons") for dismissal of the Petition. However, as the Petition had already been advertised, the Master hearing did not have jurisdiction to order a dismissal of the Petition and had to adjourn the case to 6 November 2006 before the Companies Judge. On 6 November 2006, upon the agreement of the Company and the Petitioner, and there being no objecting creditors, the Companies Judge ordered the Petition to be dismissed and an order had been sealed on 10 November 2006.

The reason of dismissal was that the Petitioner has entered into a debt assignment agreement (the "Agreement") with Fine Elite limited ("Fine Elite"), a private company incorporated in the British Virgin Islands, a third party independent of the Group and is not connected person of the Group, to assign the debt in the sum of approximately US\$8.8 million owed by the Company to the Petitioner subject to certain conditions precedent including but not limited to the resumption in trading in Shares. The Agreement was entered into between the Petitioner and Fine Elite, which the Company is not a party to the Agreement. The Company has not entered into any term or arrangement with Fine Elite and the Company has not given any security or guarantee to the Petition over the Debt.

Since in October 2006, HSH Nordbank AG Hong Kong Branch and other financial institutions have entered a debt assignment agreement with Fine Elite in the sum of approximately HK\$256 million and accrued interest subject to certain conditions precedent. Pursuant to the Agreement, the debt will not be assigned to third party unless the conditions is fulfilled. Therefore, HSH Nordbank AG Hong Kong Branch and the other financial institutions will not take any further legal action at the current stage. As at the date of this report, the liability of the Company to repay the Debt has been unchanged.

#### MANAGEMENT DISCUSSION AND ANALYSIS

#### **Business and Financial review**

Working against the challenging period for the six months ended 30 June 2006, the Group was adversely affected by lack of working capital from banks and a major supplier to finance the trading operation from February 2006. In addition, the fierce price competition in the computer components and information technology products market is harmed the gross profit of our products.

Thus, the Group recorded a loss of approximately HK\$15,547,000 for the six months ended 30 June 2006. The Group's turnover for the six months ended 30 June 2006 amounted to HK\$32,319,000, decreased 96% when comparing with last year's HK\$853,792,000. The Group recorded total current asset value of approximately HK\$169 million as at 30 June 2006 (31 December 2005: approximately HK\$217 million) and total current liabilities value of approximately HK\$335 million (31 December 2005: approximately HK\$370 million). The current ratio of the Group, calculated by dividing the total current assets value by the total current liabilities value, was about 0.5 as at 30 June 2006 (31 December 2005: approximately 0.59).

Fine Elite, a third party independent investor of the Group, has entered the debt assignment agreement with Intel, HSH Nordbank AG Hong Kong Branch and other financial institutions regarding to trade payable and bank borrowings. If the preceding conditions of the agreement are fulfilled, the debts will be assigned. It will reduce the current liabilities and improve the liquidity of the Group.
