The Company has a share option scheme, which was adopted on 2 June 1997 whereby the directors of the Company are authorised, at their discretion, to invite employees of the Group, including directors of any company in the Group, to take up options to subscribe for shares of the Company. The purpose of the share option scheme is to encourage the officers and staff to participate in the ownership of the Company in order to provide additional incentives to them. The share option scheme shall be valid and effective for a period of ten years ending 1 June 2007. However, with effect from 1 September 2001, the Company no longer can grant any further options under the Scheme unless the Company changes the terms of the Scheme to comply with the requirements of Chapter 17 of the Listing Rules.

For options granted before 1 September 2001, the exercise price of options was determined by the board of directors and was the higher of the nominal value of the shares of the Company and 80% of the average of the closing prices of the shares on the Stock Exchange of Hong Kong Limited for the five business days immediately preceding the date of grant. The options vest after one year from the date of grant and are then exercisable up to 1 June 2007. However, between 28 June 2001 and 23 August 2001, most of the holders of the options undertake with the Company that the exercise of the options shall be restricted in the following manner:

Period	Number of Shares
10 Jul 2001 to 31 Dec 2001 (both dates inclusive)	Not more than 10% of the outstanding options
1 Jan 2002 to 28 Feb 2002 (both dates inclusive)	Not more than 10% of the outstanding options
1 Mar 2002 to 30 Jun 2002 (both dates inclusive)	Not more than 15% of the outstanding options
1 Jul 2002 to 30 Sept 2002 (both dates inclusive)	Not more than 15% of the outstanding options
1 Oct 2002 to 31 Dec 2002 (both dates inclusive)	Not more than 15% of the outstanding options
1 Jan 2003 to 31 Mar 2003 (both dates inclusive)	Not more than 15% of the outstanding options
1 Apr 2003 to 31 Jul 2003 (both dates inclusive)	Not more than 20% of the outstanding options

In view that the Company no longer can issue options under the existing Scheme, the total number of shares available for issue under the share option scheme at 31 December 2006 will be 30,240,000 shares, which represents the outstanding options that have been granted but not yet lapsed or exercised at 31 December 2006, and it is 1.32% of the issued share capital of the Company as at the date of the annual report.

In respect of the maximum entitlement of each participant under the scheme, no limitation in relation to the number of shares issued and to be issued upon exercise of the options granted to each participant in any 12-month period of the Company's ordinary shares in issue.
