

Anode casting machine in Qingyuan smelting plant

## Vision and Mission

**VISION** Our vision is to become the leading supplier of non-ferrous and scrap metals in China. We will achieve this by building a global supply chain network covering sourcing, smelting, logistics, warehousing, financing and mining investment, focused on copper, aluminum, zinc and precious metals.

**MISSION** Our mission is to develop strategic partnerships with selective major quasi-sovereign enterprises in China's non-ferrous metals sector, using our global sourcing and financing capabilities to provide them with high quality supply chain services. We aim to expand our business on the basis of well-structured risk management and sound finances, providing strong but stable returns to shareholders.
