NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 June 2007

1. SIGNIFICANT ACCOUNTING POLICIES

The interim financial report is unaudited, but has been reviewed by the Company's audit committee. The interim financial report has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited, including compliance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting", issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

The interim financial report has been prepared in accordance with the same accounting policies adopted in the 2006 annual financial statements except for the accounting policy changes that are expected to be reflected in the 2007 annual financial statements as follows.

In the current interim period, a number of new standards, amendments and interpretations have been issued by the HKICPA, which are effective for accounting periods beginning on or after 1 January 2007.

The following new standards, amendments to standards and interpretations which are relevant to Group's operations are mandatory for financial year ending 31 December 2007.

HKAS 1 (Amendment)	Capital Disclosures
HKFRS 7	Financial Instruments: Disclosures

The adoption of new/revised HKAS 1 (Amendment) and HKFRS 7 did not result in significant changes to the Group's accounting policies applied on these financial statements for the periods presented.

The following new standards, amendments to standards and interpretations have been issued but are not effective for year ending 31 December 2007 and have not been early adopted by the Group:

HKFRS 8	Operating Segments
HKAS 23 (Revised)	Borrowing Costs
HK(IFRIC) – Int 11	HKFRS 2 - Group and Treasury Share Transactions
HK(IFRIC) – Int 12	Service Concession Arrangements

The Group is in the process of making an assessment of what the impact of these amendments, new standards and new interpretations is expected to be in the period of initial application but is not in a position to state whether these new standards, amendments and interpretations would have a significant impact on the Group's results of operations and financial position.

The preparation of an interim report in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

The interim financial report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2006 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all of the information required for full set of financial statements prepared in accordance with HKFRSs.

Notwithstanding that the Group had net current liabilities as at 30 June 2007, the directors are of the opinion that the Group are able to continue as a going concern and to meet their obligations as and when they fall due having regard to adequate committed undrawn credit facilities available to the Group.

The directors believe that the Group will have sufficient cash resources to satisfy its future working capital and other financing requirements. Accordingly, it is appropriate that this interim financial report should be prepared on going concern basis and do not include any adjustments that would be required should that Group fail to continue as a going concern.

2. SEGMENT INFORMATION

Segment information is presented on a primary segment reporting basis by business segment because it is more relevant to the Group's internal financial reporting.

The Group comprises the following main business segments:

Property investment and management: the leasing of properties to generate rental income and to gain from the appreciation in the properties' value in the long term, and the provision of building management services.

Property construction and development: the development, construction and sale of properties, and project management.

Horticultural services: the provision of horticultural services.

The operations outside Hong Kong contributed less than 10% of turnover and less than 10% of consolidated operating loss.

Acquisition of subsidiaries

During the period on 25 May 2007, the Group has entered into a conditional agreement with HFC, an associate of the Company at the date of the agreement, to acquire the entire equity interest in Goldease and its subsidiaries (collectively the "Goldease Group"). The agreement was completed on 1 August 2007. After completion of the agreement, HFC's interest in the Company has increased from 40.4% to 62.8%. The cash portion was settled by the Group's existing banking facilities.

BUSINESS REVIEW

During the period, the Group continues to engage in property related businesses and provision of horticultural services. The decrease in turnover was mainly due to the decrease in revenue from disposal of development properties.

The Group recorded net loss of approximately HK\$42.5 million in the period despite of the recognition of valuation gains on investment properties, net of deferred tax of approximately HK\$4.9 million. The increase in loss was mainly attributable to the increase in share of loss of an associate of approximately HK\$21.4 million which was mainly due to provision for deferred tax liability on investment property valuation gains on adoption of new financial reporting standards in Singapore the effect of which has exceeded the increase in profit from disposal of development properties and reversal of provision for impairment of development properties.

The net asset value of the Group per share as at 30 June 2007 was approximately HK\$1.24 based on the 1,492,410,986 shares issued. Subsequent to 30 June 2007 and as set out in note 18, the Group has completed a capital reorganisation, group reorganisation and the acquisition of Goldease Group on 1 August 2007 and has only retained the business of the redevelopment project at 38 Conduit Road in Hong Kong and the provision of horticultural services while enlarged by the business of the Goldease Group.

As at 30 June 2007, the Group had a total of 62 employees. Employees are remunerated according to their performance and working experience. On top of basic salaries, discretionary bonus and share options may be granted to eligible employee by reference to individual's performance. In addition, the Group provides social security benefits to its staff such as mandatory provident fund scheme in Hong Kong and the pension scheme in the PRC.

All the Group's funding and treasury activities are centrally managed and controlled at the corporate level. There is no significant change in respect of treasury and financing policies from the information disclosed in the Group's latest annual report. The Group has no exposure to foreign exchange rate fluctuations except for the interest in an associate in Singapore which is held as long term investment. The Group's borrowings are denominated in Hong Kong dollars and arranged on a floating rate basis.

The Group's working capital requirements are met by recurring cash flows from the investment properties portfolios and committed undrawn credit facilities. As at 30 June 2007, the outstanding bank loan was approximately HK\$505 million. These loan facilities were secured by the Group's properties. The end of period gearing ratio based on bank loans less cash and bank balances to equity was approximately 27% (31 December 2006: 25%). The Company has provided guarantees in respect of bank facilities made available to subsidiaries totaling approximately HK\$974 million.

The following is the maturity profile of the Group's bank borrowings as of 30 June 2007:

Withing 1 year	2%
After 1 year but within 2 years	2%
After 2 years but within 5 years	
	100%

The foundation work of the redevelopment of 38 Conduit Road has commenced and is expected to complete in the year. The redevelopment is currently expected to complete by the end of 2009.

Following the completion of the group reorganisation and acquisition of Goldease Group, revenue of the Group will mainly comprise rental income generated from and sale proceeds of the properties of Goldease Group and revenue from provision of horticultural services.

Following specific enquiry by the Company, all directors confirmed that they have complied with the required standards as set out in the Model Code throughout the period.

CORPORATE GOVERNANCE

The Company has complied with the Code on Corporate Governance Practices (the "Code") as set out in Appendix 14 of the Listing Rules with the following deviations:

- (i) Under Code A.2.1, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. Cheong Pin Chuan, Patrick is both the Chairman of the board, as well as the Group's chief executive officer ("CEO")/managing director. Given the size and that the Company's and the Group's current business operations and administration have been relatively stable and straightforward, the board is satisfied that one person is able to effectively discharge the duties of both positions. However, going forward, the board will review from time to time, the need to separate the roles of the Chairman and the CEO if the situation warrants it.
- (ii) Under Code A.4.1, non-executive directors should be appointed for a specific term, subject to re-election. Non-executive directors of the Company are not appointed for a specific term although they are subject to retirement and rotation and re-election at the annual general meeting under the Company's Bye-laws and except for the chairman of the board and/or the managing director of the Company, each director is effectively appointed under an average term of three years.
- (iii) Under Code B.1, a remuneration committee with specific written terms of reference which deal clearly with its authority and duties. A majority of the members of the remuneration committee should be independent non-executive directors.

The board does not have a remuneration committee. The board conducts an informal assessment of the individual director's contribution. No director decides his or her own remuneration.

(iv) Under Code C.3.3, the audit committee should have the duties to be primary responsible for making recommendation to the board on the appointment, reappointment and removal of the external auditor, and to approve the remuneration and terms of engagement of the external auditor, and any questions of resignation or dismissal of that auditor.

The recommendation on the appointment, reappointment and removal of the external auditor, and to approve the remuneration of the external auditors, and any questions of resignation or dismissal of that auditor of the Company is made by the board to the audit committee for approval.

ON BEHALF OF THE BOARD

Cheong Pin Chuan, Patrick
