The Company and the Placing Agent entered into the Placing Agreements after trading hours on 10th October, 2007. Set out below are the details of the Placing Agreements.

THE TRANCHE I PLACING AGREEMENT

Date

10th October, 2007

Parties involved

The Placing Agent and the Company

Placing Agent

The Placing Agent has conditionally agreed to place up to HK\$240,000,000 Convertible Notes I on a best effort basis and will receive a placing commission of 2.40% of the aggregate value of Conversion Notes I placed. The Directors (including the independent non-executive Directors) are of the view that the placing commission is fair and reasonable. The Placing Agent and its ultimate beneficial owners are third parties independent of the Company and its connected persons (as defined in the Listing Rules).

Placees

The Placing Agent agreed to place the Convertible Notes I on a best effort basis to not fewer than six Placees who and whose ultimate beneficial owners will be independent of and not be connected persons (as defined in the Listing Rules) of the Company and its connected persons (as defined in the Listing Rules). None of the individual Placee will hold 9.99% or more of the issued share capital of the Company upon exercise of Convertible Notes I.

Conversion Shares I

The Conversion Shares I represent (i) approximately 67.21% of the existing issued share capital of the Company of 3,570,639,015 Shares; (ii) approximately 40.20% of the Company's issued share capital of 5,973,639,015 Shares as enlarged by completion of the Tranche I Placing; and (iii) approximately 36.53% of the Company's issued share capital of 6,570,639,015 Shares as enlarged by completion of the Placings.

Ranking of Conversion Shares I

The Conversion Shares I will rank, upon issue, *pari passu* in all respects with the Shares in issue on the date of allotment and issue of the Conversion Shares I.

Conversion Price I

The Conversion Price I of HK\$0.10 represents:

- (i) a discount of approximately 24.24% to the closing price of HK\$0.132 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (ii) a discount of approximately 25.93% to the average closing price per Share of HK\$0.135 in the last five consecutive trading days up to and including the Last Trading Date; and

- (iii) a discount of approximately 28.06% to the average closing price per Share of HK\$0.139 in the last ten consecutive trading days up to and including the Last Trading Date.

The Conversion Price I was determined with reference to the prevailing market price of the Share and par value of the Share and was negotiated on an arm's length basis between the Company and the Placing Agent. The Directors (including the independent non-executive Directors) consider that the terms of the Tranche I Placing are on normal commercial terms and are fair and reasonable based on the current market conditions and in the interests of the Company and the Shareholders as a whole.

Conditions of the Tranche I Placing

Completion of the Tranche I Placing is conditional upon:

- (i) the Listing Committee of the Stock Exchange granting or agreeing to grant the listing of, and permission to deal in, the Conversion Shares I;
- (ii) the obligations of the Placing Agent under the Tranche I Placing Agreement becoming unconditional and not being terminated in accordance with the terms of the Tranche I Placing Agreement, including provisions regarding force majeure event; and
- (iii) the passing of a resolution by the Shareholders to approve (i) the issue of the Convertible Notes I; and (ii) the allotment, issue and dealing with the Conversion Shares I.

The completion of the Tranche I Placing is not subject to the completion of the Tranche II Placing and the completion of the Tranche II Placing is also not subject to the completion of the Tranche I Placing.

Completion of the Tranche I Placing

The Company and the Placing Agent agreed that the Tranche I Placing can be completed partially by a maximum of 4 tranches provided that the aggregate amount of the first tranche value of Convertible Notes I placed shall not be less than HK\$60,000,000 and that the listing approval in respect of the relevant Conversion Shares I has been obtained. The Company will make a maximum of 4 listing applications to the Listing Committee of the Stock Exchange for the listing of and permission to deal in the relevant Conversion Shares I once the Placing Agent confirms to the Company that the value of the first tranche Convertible Notes I to be placed by the Placees procured by the Placing Agent has reached HK\$60,000,000 and that partial completion can take place. There is no minimum value required for the second, third and fourth tranche of the Convertible Notes I and long-stop date for each of the sub-tranche for Tranche I Placing. There will be not fewer than six Placee(s) under the first sub-tranche for Tranche I Placing. An announcement will be made by the Company to provide details of the Placee(s) if there are fewer than six placee(s) under the second, third and fourth sub-tranche for Tranche I Placing. Placing of the Tranche I Placing in tranches shall give flexibility to the Company in raising funds and the Company may receive funds in a quicker manner as partial completion can take place once value of Convertible Notes placed by the Placing Agent.

Notwithstanding that if there remains any Convertible Notes I not being placed by the Placing Agent by the end of the Long Stop Date, the Tranche I Placing shall be terminated by the end of the Long Stop Date and the Tranche I Placing will not proceed and all obligations and liabilities of the parties under the Tranche I Placing Agreement will forthwith cease and determine and no party will have any claim against the others (save for any antecedent breaches hereof) provided that such termination shall not affect any partial completion of the Tranche I Placing that have taken place prior to such date of termination.

The Directors believe that the Longstop Date, which is 3 months from the date of obtaining all the necessary Shareholders' approval in respect of the transactions contemplated under the Placing Agreements at the SGM, is a reasonable timeframe as it would provide the Placing Agent with adequate time to seek a diversified field of investors at different points in time. Further announcement will be made by the Company to inform the Shareholders of the completion of the Tranche I (including each sub-tranche) Placing.

If the Tranche Placing I has not been completed on or before the Longstop Date, the Placing Agreement I shall lapse and become null and void and the parties will automatically be released from all obligations thereunder, save for any liability arising out of antecedent breaches. Any further extension of the Longstop Date for the Tranche I Placing will be treated as if a new placing agreement has been signed and will be subject to Shareholders' approval again.

Reasons for Placing

Use of proceeds

The maximum proceeds from the Tranche I Placing will be approximately HK\$240 million, which are intended to be used for general working capital, and those from the Tranche II Placing will be approximately HK\$60 million, which will be applied by the Group for general working capital. As acquisition of quality investment opportunities may involve a substantial amount of funds, the Directors consider that given the recent market sentiment, the Company should grasp the opportunity for raising funds so as to equip itself for future acquisitions. The Directors consider that notwithstanding that the Placings will result in the dilution of the existing shareholding interest of the Shareholders, the Placings represent an opportunity to raise additional capital for the Company to enhance its general working capital base and/or for certain possible investment projects which is expected to improve the profitability and revenue stream of the Group, as and when the Board considers it appropriate and in the interest of the Company and its Shareholders as a whole.
