The Main Board Listing Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial report to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of this interim financial report in accordance with Hong Kong Accounting Standard 34 "Interim Financial Reporting". We do not assume responsibility towards or accept liability to another person for the contents of this report.

Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial report consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial report is not prepared, in all material respects, in accordance with the Hong Kong Accounting Standard 34 "Interim Financial Reporting".

MANAGEMENT DISCUSSION AND ANALYSIS

Results

For the period under review, the Group's turnover was approximately HK\$50.2 million, representing a decrease of approximately 5% as compared to the last corresponding period (2007: approximately HK\$52.8 million). Gross profit was approximately HK\$47.8 million (2007: approximately HK\$47.8 million). Profit attributable to equity shareholders of the Company increased significantly to approximately HK\$51.2 million (2007: approximately HK\$6.7 million). As a result, earnings per share for the period also increased substantially to HK2.14 cents (2007: HK0.31 cents).

The reduction in the Group's consolidated turnover is attributable to the lower turnover of the travel business. The cruise business generated steady revenue but its performance deteriorated due to the increase in fuel oil price and operating costs. The travel business, despite recording a lower turnover figure, achieved better financial performance after effective cost control measures were implemented.

The Group's profitability increased year-on-year due to a gain on disposal of approximately 5% effective interest in Ponte 16, the Group's world-class integrated casino-resort project, which amounted to approximately HK\$117 million. However, some of the gain brought by the stake disposal was absorbed by the loss from the associates related to Ponte 16 shared by the Company. Casino business of Ponte 16 commenced operation in February 2008 while the hotel as well as the food and beverage facilities were still awaiting licence approval. As the business was still in its initial stage of operation and higher operating costs including staff cost, training cost as well as marketing and promotion expenses were incurred during the period under review, share of loss of the associates increased from approximately HK\$0.6 million for the corresponding period of last year to approximately HK\$64.3 million for this period.

Interim Dividend

The directors of the Company (the "Director(s)") do not recommend the declaration of any interim dividend for the six months ended 31 March 2008 (2007: Nil).

Review of Operations

Cruise Business

During the period under review, leasing and management of the Group's cruise ship, M.V. Macau Success (in which the Group has 55% interest) continued to be the major contributor to the Group's revenue and a stable source of income. Turnover from the cruise business was approximately HK\$48.0 million (2007: approximately HK\$47.9 million), accounting for approximately 95.6% of the Group's total turnover. In 2007, it accounted for approximately 90.6% of the Group's total turnover. Segment profit from this business decreased by 31.3% to approximately HK\$13.5 million compared with approximately HK\$19.6 million in the corresponding period of 2007. This reduction in profitability was mainly driven by increasing fuel cost and operating costs.

Travel Business

During the period under review, turnover from the travel business was approximately HK\$2.2 million, representing a decrease of approximately 55.5% from the corresponding figure of 2007. The travel business accounted for approximately 4.4% of the Group's total turnover (2007: approximately 9.4% of the Group's total turnover). Segment loss from this business narrowed by 11.6% to HK\$0.3 million, compared with a loss of approximately HK\$0.4 million in 2007.

It is the Group's strategy to develop the travel business into a unique platform, providing professional travel services to high-end customers while enhancing the business of Ponte 16.

Investment Project – Ponte 16

Ponte 16, the Group's flagship project, is a world-class integrated casino-entertainment resort comprising a five-star luxury hotel - Sofitel Macau at Ponte 16, a casino, a shopping arcade, and food and beverage facilities. Featuring a unique European theme, the development is located at Pier 16, which has been in operation since the beginning of the last century and is now a famous historic landmark. A two-minute ferry connection between Ponte 16 and Zhuhai provides a convenient access for tourists.

Investment Project – Ponte 16 (Continued)

Casino of Ponte 16 started operation on 1 February 2008 with a grand opening ceremony and management is delighted by its performance in the initial stage of operation. The highest number of visitors recorded in one single day amounted to 30,000 during the Chinese New Year period. The average number of visitors per day during the first two months since its opening exceeded 10,000. Average daily mass drop during these two months was HK\$14 million. However, there was a delay in the opening schedule of Sofitel Macau at Ponte 16 as the licence from the Government of the Macau Special Administrative Region of the People's Republic of China ("Macau") was yet to be obtained. The delay in the hotel opening imposed some uncertainty on the overall financial performance of the project, but the effect is expected to be temporary and should not overcast the Group's outlook in the long run.

Financial Review

Pledge of Assets

As at 31 March 2008, the Group pledged the time deposits of approximately HK\$0.8 million (30 September 2007: HK\$0.8 million) to certain banks for issuance of several bank guarantees of approximately HK\$0.8 million (30 September 2007: HK\$0.8 million) for operation of the Group.

As at 31 March 2008, World Fortune Limited ("World Fortune"), a non wholly-owned subsidiary of the Company, pledged all (30 September 2007: 100%) of its shares in Pier 16 – Property Development Limited ("Pier 16 – Property Development"), an associate of the Company, to a bank, for and on behalf of a syndicate of lenders, in respect of a syndicated loan facility granted to Pier 16 – Property Development.

Contingent Liabilities

As at 31 March 2008, the Group gave the following undertakings:

2. A loan facility of up to HK\$250 million (30 September 2007: HK\$250 million) was granted to a wholly-owned subsidiary of the Company. The maximum guarantee amount borne by the Company was HK\$250 million (30 September 2007: HK\$250 million).

Liquidity, Financial Resources and Gearing

As at 31 March 2008, the Group had net current assets of approximately HK\$175.7 million (30 September 2007: approximately HK\$113.8 million) and had net assets of approximately HK\$1,317.6 million (30 September 2007: approximately HK\$1,026.9 million).

As at 31 March 2008, the Group did not have any interest-bearing borrowings and financial lease obligations (30 September 2007: Nil).

As at 31 March 2008, there were loans from minority shareholders of approximately HK\$107.3 million (30 September 2007: Nil). The loans are non interest-bearing, unsecured and will not be repaid within the next twelve months.

The Group did not have any bank loan as at 31 March 2008 (30 September 2007: Nil).

Equity attributable to equity shareholders of the Company as at 31 March 2008 was approximately HK\$1,257.5 million (30 September 2007: approximately HK\$976.9 million).

Accordingly, the gearing ratio, which is measured on the basis of the interest-bearing borrowings of the Group over equity attributable to equity shareholders of the Company, was zero for this period and the last corresponding period.

Partnership with Maruhan

In October 2007, the Company through its wholly-owned subsidiary disposed to Maruhan Corporation ("Maruhan") of 10.2% of the entire issued share capital of, and related shareholder's loan to, World Fortune for a consideration of approximately HK\$208.5 million. World Fortune owns 49% equity interest in Pier 16 – Property Development.

The Company and Maruhan also entered into a subscription agreement in October 2007, pursuant to which Maruhan has subscribed for and the Company has allotted and issued 220 million new shares of the Company at a subscription price of HK\$1.062 each. Besides, Maruhan also acquired 220 million shares of the Company from the market in October 2007.

Consequently, Maruhan held approximately 18.2% interest in the Company and through its equity interest in the Company and World Fortune, Maruhan currently has an effective interest of about 13% in Pier 16 – Property Development.

Human Resources

As at 31 March 2008, the Group had over 300 employees. Remuneration is determined on the basis of qualification, experience, responsibility and performance.

Apart from the basic remuneration, staff benefits include medical insurance and retirement benefits under the Mandatory Provident Fund Scheme. Share options might also be granted to eligible employees of the Group as a long-term incentive.

Prospects

Management is positive about the Group's future and is actively seeking new opportunities to accelerate the Group's growth and improve its profitability.

The travel business of the Group is expected to be strengthened and expanded with the addition of the network of the Jade Travel Group (as defined below) in North America and Canada. These cross-selling business opportunities between travel business and Ponte 16 will enhance the business of Ponte 16. In the long run, this unique travel platform will definitely benefit the Group's expansion in gaming and entertainment-related business in the Asia-Pacific region.

Management anticipates the operating environment of the cruise business is still tough and further challenges are lying ahead taking into account of surging fuel price and there is no sign of price stability in the near future. The operation of this business segment is being closely monitored and reviewed.

Ponte 16 is the most significant project realized by the Group in recent years. Having reviewed the operating statistics of the casino of Ponte 16 in its initial stage of operation, management is confident of the prospects for the whole project. Before the granting of a licence for the hotel operation by the Government of Macau, the Company has cooperated with Sofitel Macau at Ponte 16 to implement a series of marketing programmes for the purpose of drawing tourists and business travellers to Sofitel Macau at Ponte 16. The overwhelming enquiries for hotel room bookings received so far have confirmed management's confidence. The hotel and restaurant facilities will definitely help boost the business of the casino.

Prospects (Continued)

The bright future of Ponte 16 is set against the backdrop of a booming Macau economy. Management has great confidence in the future growth in the economy and tourist industry of Macau as well as the opportunities provided to the Group. According to the Government of Macau, the number of tourists who visited Macau in the first quarter of 2008 reached approximately 7.5 million, an increase of 17.9% over the corresponding period in 2007. As 58.4% of the tourists are from Mainland China, the strong economic development in Mainland China should further enhance Macau's economy. In the first quarter of 2008, gaming revenue in Macau surged to MOP29.8 billion, representing an increase of 62% over the same period of the last year.

Management expects to commence operation of the hotel and restaurants in the near future, probably in the third quarter of calendar year 2008 while Phase Two of Ponte 16 commercial complex, the shopping arcade, will be completed in 2009.

Other than the Ponte 16 project, there have been a number of important strategic moves made by the Group which can benefit the future development of the Group.

Introduction of Maruhan as a Strategic Investor

With reference to the section headed "Partnership with Maruhan", Maruhan has become a strategic investor of the Group. Maruhan, being a leading company in the pachinko industry in Japan with more than 1 million memberships and extensive experience in the entertainment industry as well as business network in Japan, is expected to bring Japanese and Korean customers to Ponte 16. The Group and Maruhan also anticipate to cooperate in developing the gaming industry in Japan, pending a grant of gaming licences. This partnership should accelerate the Group's future growth in the gaming and entertainment-related businesses in the Asia-Pacific region.

Letter of Intent with SBI Macau

On 15 April 2008, Favor Jumbo Limited ("Favor Jumbo"), a wholly-owned subsidiary of the Company, entered into a letter of intent (the "LOI") with SBI Macau Holdings Limited ("SBI Macau"), a wholly-owned subsidiary of SBI Holdings, Inc. ("SBI Holdings"), in relation to the proposed disposal by Favor Jumbo to SBI Macau of certain equity interest in Golden Sun Profits Limited which indirectly owns approximately 44% of the entire issued share capital of Pier 16 – Property Development (the "Proposed Disposal"). Pursuant to the LOI, Favor Jumbo and SBI Macau agreed to negotiate in good faith with a view to entering into a legally binding sale and purchase agreement in respect of the Proposed Disposal (the "S&P Agreement") by no later than 16 June 2008 or such later date as they may agree in writing. Letter of Intent with SBI Macau (Continued)

The Group is taking the initiative to develop a strategic partnership with this reputable Japanese finance group. SBI Holdings and its subsidiaries are engaged in asset management, brokerage and investment banking, housing and real estate businesses and the provision of other financial services. The partnership with SBI Holdings should lift the Group's financial position and further strengthen the Group's network in Japan.

Proposed Acquisition of the Jade Travel Group

On 5 May 2008, the Company signed a conditional sale and purchase agreement to acquire the entire issued share capital of Smart Class Enterprises Limited ("Smart Class") for CAD2.90 million (equivalent to approximately HK\$22.62 million) (the "Acquisition"), which will be settled by the allotment and issue of 19.5 million new shares of the Company at an agreed issue price of HK\$1.16 per share. The principal asset of Smart Class is its 80% equity interest in certain companies in Canada and the United States of America ("US") which conduct the business of air travel consolidator, travel agent, tour provider and provider of related services in Canada and US (the "Jade Travel Group"). Upon completion of the Acquisition, the Company will indirectly hold 80% equity interest in the Jade Travel Group.

The Acquisition will strengthen the Company's international network in the travel business. The Jade Travel Group is a major air travel consolidator offering travellers competitive fares to Asia and other parts of the world. With an extensive office network in Vancouver, Calgary, Toronto, Montreal and New York, the Jade Travel Group offers complex travel plans and tailor-made tour packages to customers. The Acquisition will enhance the Group's travel business with economies of scale and better operational efficiency among its core businesses, including Ponte 16. The new platform can also facilitate cross-selling between the integrated casino-entertainment resort and the tour packages.

Conclusion

On top of its solid core businesses, the Group is striving hard to explore new opportunities that will create synergies, broaden the revenue base and enhance its profitability. Steering to the goal of becoming one of the leading gaming and entertainment-related companies in the Asia-Pacific region, management is making strides to create more value for its shareholders.
