## NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

*For the six months ended 31 December 2006*

### 1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The unaudited condensed consolidated interim financial statements ("Interim Financial Statements") for the six months ended 31 December 2006 ("Current Period") have been prepared in accordance with Hong Kong Statement of Standard Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the applicable disclosure requirements set out in Appendix 16 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited ("Listing Rules"). The interim financial statements were approved for issued by the board of directors on 11 June 2008.

The accounting policies adopted in the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 30 June 2006.

The HKICPA had issued a number of new or revised standards, amendments and interpretations that were effective or available for early adoption for the Current Period. The Group has adopted all new or revised standards, amendments and interpretations that are effective for the Current Period and are relevant to the Group's operations. The adoption of these new or revised standards, amendments and interpretations has no significant impact on the Group's results and financial position.

The Group has not early adopted the new or revised standards and interpretations that have been issued but are not yet effective. The Group has carried out an assessment of these new or revised standards and interpretations and considered that the application of these new or revised standards and interpretations will not result in substantial effect on the Group's accounting policies.

In preparing the financial statements, the directors have considered the future liquidity of the Group in view of its net liabilities position as at 31 December 2006. The Group incurred loss of HK\$5,090,000 for the six months ended 31 December 2006, and as at that date, it had consolidated net current liabilities and consolidated net liabilities of HK\$140,240,000 and HK\$131,309,000 respectively. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern and therefore that it may be unable to realise its assets and discharge its liabilities in the normal course of business. Nevertheless, the directors are of the opinion that the Group will be able to finance its future working capital and financial requirements given that:

- (i) the Group has been actively discussing with prospective investors to obtain new working capital;

**1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS (Continued)**

- (ii) the Company's controlling shareholder has agreed to provide financial support as is necessary to enable the Group to meet its liabilities as they fall due; and
- (iii) based on a cash flow forecast prepared by the Group's management for the twenty-one months ending 31 December 2009, the Group will be able to generate adequate cash flows from its operation.

The ability to obtain new working capital from the investor is dependent on the approval by the Stock Exchange of the resumption proposal and the trading of the Company's shares on the Stock Exchange successfully resumed.

Accordingly, the directors are of the opinion that it is appropriate to prepare the financial statements for the six month ended 31 December 2006 on a going concern basis. Should the Group be unable to continue to operate as a going concern, adjustments would have to be made to write down the value of assets to their recoverable amounts, to provide for further liabilities which might arise and to reclassify non-current assets as current assets. The effect of these adjustments has not been reflected in the financial statements.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Financial results**

The Group recorded a consolidated turnover of HK\$89,022,000, a decrease of 6.9% over last period. Loss attributable to equity holders was HK\$5,090,000 as compared to loss of HK\$147,294,000 of last period, representing loss per share of HK0.08 cents (2005: HK2.39 cents). Improving the financial condition of the Group continues to be the primary target of the management.

### **Business review and outlook**

During the period, the Company's principal activity continued to be investment holding whilst its major subsidiary was mainly engaged in trading of multi-media and communication products.

The management is working aggressively with financial advisors and lawyers on the resumption of trading of the company stocks on the Stock Exchange of Hong Kong Limited ("Stock Exchange"). If the resumption is successful, the Group will consider acquiring additional capital to strengthen its financial base.

Other than its existing core business, the management will continue put its best effort to explore new businesses to enhance value of the Group; to keep operating expenses at the minimum level and to maintain resources for future developments.

### **Liquidity and financial resources**

As at 31 December 2006, the Group had net liabilities of HK\$131 million comprising total assets of HK\$69 million and total liabilities of HK\$200 million. The Group's non-current assets consisted mainly of available-for-sale investment of HK\$8 million. The current ratio, representing by current assets divided by current liabilities, was 0.30. The bank balances and cash at the balance sheet date was HK\$21.8 million.

As at 31 December 2006, The Group had short-term borrowings of HK\$25.9 million. The loans were subject to interest at prevailing commercial lending rates. Calculation of the gearing ratio, which is based on the total borrowings and the Group's shareholders' funds, would not be appropriate as the shareholders' funds were negative as at the balance sheet date.

The Group will actively seek for financial resources and improve its capital structure so as to strengthen its financial base and will also restructure its existing operation to improve shareholder returns.

**Foreign currency exposure**

The Group was exposed to foreign exchange risk arising mainly from the exposure of HK\$ against RMB.

**Material acquisitions and disposals of investments**

During the period ended 31 December 2006, there were no material acquisitions or disposals of subsidiaries or affiliated companies.

**Employees and remuneration policy**

The Group employed a staff of 50 persons as at 31 December 2006 (2005: 45). They were remunerated according to the prevailing manpower conditions and individual performance. There was no change on the staff policy during the period.

## **CORPORATE GOVERNANCE**

Commencing from 1 July 2005, the Company has adopted the Code on Corporate Governance Practices (the "Code") as set out in the Appendix 14 of the Listing Rules. Despite the fact that the Company has made effort to maintain proper corporate governance standard, certain code provisions are not fully complied with and the material deviations are set out below:

- (a) Under Code provision A.2.1, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. The chairman of the Company is now performing both roles. The board will continue to review the management structure, taking into consideration and the nature and extent of the Group's operation.

Subsequent to the resignation of one independent non-executive director during the financial year, out of the seven directors in the board, only two of them were independent non-executive directors and rule 3.10 of the Listing Rules, which requires the board of the Company must include at least three independent non-executive directors, was also not complied with.
- (c) Under Code provision A.4.1, the non-executive directors should be appointed for a specific term, subject to re-election. Non-executive directors of the Company are not appointed for a specific term but are subject to retirement and re-election at the annual general meeting in accordance with the Company's Bye-Law.
- (d) Under Code provision A.4.2, every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. All directors of the Company are subject to retirement and re-election at the annual general meeting in accordance with the Company's Bye-Law.

## **REVIEW OF RESULTS BY AUDITORS**

The Group's interim report for the period ended 31 December 2006 have been reviewed by the Group's auditors, Graham H.Y. Chan & Co., in accordance with Hong Kong Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", issued by the HKICPA.

## **SUSPENSION OF TRADING**

Dealing in the shares of the Company has been suspended by The Stock Exchange of Hong Kong Limited ("Stock Exchange") since 1 April 2004 mainly for the reason that the Company failed to keep the market informed of its developments and make timely disclosure of its financial position for a period of time. The Listing Committee of the Stock Exchange decided on 29 November 2007 to give the Company a period of six months to remedy those matters which had rendered it unsuitable for listing. If the Company failed to take adequate action to meet the conditions for resumption as required and obtain a restoration of listing, the Stock Exchange intended to cancel the listing of the Company on 12 June 2008.

A resumption proposal which contains the actions taken or proposed to be taken by the Company to remedy those matters raised by the Stock Exchange has been submitted to the Stock Exchange on 28 May 2008.

The Stock Exchange has subsequently requested the Company to provide further information and address certain issues. The Company is currently working towards providing further information to the Stock Exchange and to carry out actions necessary to fulfill the conditions for resumption. As at the date of this report, the resumption proposal has not been approved by the Stock Exchange but further announcements will be made on the progress if and when there are material developments.

### **Report on Review of Interim Financial Statements To the Board of Directors of CIL Holdings Limited**

*(incorporated in Bermuda with limited liability)*

#### **Introduction**

We have reviewed the interim financial statements set out on pages 3 to 13, which comprise the condensed consolidated balance sheet of CIL Holdings Limited (the "Company") and its subsidiaries (together the "Group") as at 31 December 2006 and the related condensed consolidated income statement, condensed consolidated statement of changes in equity and condensed consolidated cash flow statement for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on the interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants. The directors are responsible for the preparation and presentation of these interim financial statements in accordance with HKAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

#### **Scope of review**

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements have not been properly prepared, in all material respects, in accordance with HKAS 34.

## **Emphasis of matter**

Without qualifying our opinion we draw your attention to Note 1 to the interim financial statements concerning the adoption of going concern basis on which the interim financial statements have been prepared. As further explained in the notes, the interim financial statements of the Group have been prepared on a going concern basis, notwithstanding that the Group incurred a loss of HK\$5,090,000 during the six months ended 31 December 2006 and, as at that date, the Group reported consolidated net current liabilities and consolidated net liabilities of HK\$140,240,000 and HK\$131,309,000 respectively. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the ability of the Group to continue as a going concern. The interim financial statements have been prepared on a going concern basis, the validity of which is dependent on the continual financial support from the controlling shareholder in order to finance the Group's future working capital and financial requirements and the Group's ability to obtain new working capital from prospective investors and to generate adequate cash flows from its operation in the foreseeable future. The interim financial statements do not include any adjustment that would result from a failure to obtain such financial support and working capital. We consider that adequate disclosures have been made.
