### **Dear Shareholders**

On behalf of your Board, I am pleased to report on the operations of the Group for the year ended 30 June 2008.

## Disposal of the Group's Entire Interest in The Hong Kong and China Gas Company Limited to Henderson Land Development Company Limited

On 2 October 2007, the Company and Henderson Land Development Company Limited ("Henderson Land") entered into an agreement providing for the acquisition by Henderson Land of the Group's entire interest in 2,366,934,097 shares of The Hong Kong and China Gas Company Limited ("Hong Kong and China Gas"), representing approximately 39.06% of the total issued share capital of Hong Kong and China Gas. The consideration for the acquisition comprised (i) the issue to the Company of a share entitlement note (the "Share Entitlement Note"), which conferred on the holder the right to call for the issue by Henderson Land of 636,891,425 shares (including entitlement to Henderson Land's final dividend for the year ended 30 June 2007); and (ii) approximately HK\$3,707 million in cash. On 7 November 2007, Henderson Land agreed to increase the cash consideration for the acquisition by approximately

HK\$3,121 million as an additional incentive to Shareholders of the Company, making a total cash consideration of approximately HK\$6,828 million in addition to the Share Entitlement Note.

At an extraordinary general meeting of the Company held on 7 December 2007, Shareholders voted overwhelmingly in favour of the transaction. This was a concrete endorsement of the Group's efforts to unlock value for Shareholders.

As part of the transaction which was completed on 17 December 2007, a distribution in specie per share of the entitlement to 0.209 Henderson Land share allotted under the Share Entitlement Note and a cash distribution of HK\$1.03 per share was made to Shareholders. With the share premium reduction having become unconditional, a further cash distribution of HK\$1.21 per share was made to Shareholders on 25 January 2008, making total cash distributions of HK\$2.24 per share or approximately HK\$6,826 million in aggregate. A gain of HK\$33,781 million from the transaction was recorded by the Group.

Following completion of the transaction, the Group has remained as a listed company focusing on the infrastructure business in mainland China.

#### **Profit and Net Assets**

The Group profit attributable to equity Shareholders for the year amounted to HK\$35,390 million, representing an increase of HK\$29,999 million over the previous year. Earnings per share were HK\$11.61 (2007: HK\$1.77).

Excluding the profit for the year from discontinued operations of HK\$35,265 million, the profit attributable to equity Shareholders for the year from continuing operations amounted to HK\$125 million, representing a decrease of HK\$97 million or 44% from the previous year. This was mainly attributable to a reduction in bank interest income, the effect of which was partially offset by a higher profit contribution from the infrastructure business for the year. Earnings per share from continuing operations were HK\$0.04 (2007: HK\$0.07).

The reduction in bank interest income was due to a lower average cash balance maintained by the Group during the year when compared with that for the previous year, following the Group's cash distributions to Shareholders of approximately HK\$15,237 million (or HK\$5 per share) in June 2007, approximately HK\$3,139 million (or HK\$1.03 per share) in December 2007 and approximately HK\$3,687 million (or HK\$1.21 per share) in January 2008.

With the completion of disposal of the Group's entire interest in Hong Kong and China Gas to Henderson Land, the net asset value attributable to equity Shareholders as shown by the consolidated balance sheet at 30 June 2008 amounted to approximately HK\$1,630 million or HK\$0.53 per share.

#### Dividends

Your Board recommends the payment of a final dividend of HK\$0.02 per share (to Shareholders whose names appear on the Register of Members of the Company on 8 December 2008. Including the interim dividend already paid of HK\$0.02 per share, the total dividends for the full year will be HK\$0.04 per share (2007: HK\$0.28). Warrants for the final dividend will be sent to Shareholders on or before 9 December 2008.

In addition to the interim and final dividends for the year, as mentioned earlier a distribution in specie per share of the entitlement to 0.209 Henderson Land share allotted under the Share Entitlement Note and total cash distributions of HK\$2.24 per share or approximately HK\$6,826 million in aggregate were approved and made to Shareholders during the year following the disposal of interests in Hong Kong and China Gas and the share premium reduction.

#### **Business Review**

#### **Continuing Operations**

#### Infrastructure Business

The Group's infrastructure business comprises interests in Hangzhou Qianjiang Third Bridge and Maanshan City Ring Road, which are both held through China Investment Group Limited except for certain shareholdings in the toll bridge which the Group holds directly. In September 2007, the Group acquired the remaining 35.94% interest in China Investment Group Limited for a cash consideration of approximately HK\$145 million, making it a wholly-owned subsidiary of the Group. The Group's

effective interests in Hangzhou Qianjiang Third Bridge and Maanshan City Ring Road have thus increased to 60% and 49% respectively.

Hangzhou Qianjiang Third Bridge is situtated on National Highway No.104, a major trunk route linking Beijing and Fujian Province. Completed in 1997, this toll bridge spans approximately 5.8 km over the Qiantangjiang River in Hangzhou, Zhejiang Province and connects the urban parts of Southern Hangzhou and Xiaoshan and Binjiang. It is also an important nodal point for access to major roads leading to the Hangzhou Airport. During the year, its toll revenue amounted to HK\$216 million, an increase of HK\$78 million or 57%, reflecting the increased traffic volumes following the completion of major repair and maintenance work in October 2006.

Maanshan City Ring Road is a class I highway that stretches approximately 40.5 km around Maanshan, a leading industrial city in Anhui Province. Completed in 1997, it is also the major artery in the National Highway No.205 network with connections to Nanjing-Maanshan Expressway in the North and the Wuhu-Maanshan Expressway in the South. Toll revenue generated from this highway for the year amounted to HK\$56 million, an increase of HK\$5 million or 10%.

#### **Discontinued Operations**

A review of the discontinued operations is contained in the section headed "Financial Review" of this report.

#### **Prospects**

As announced by the Company on 27 August 2008, it is currently negotiating with the joint venture partner of Hangzhou Henderson Qianjiang Third Bridge Company Limited (the "Third Bridge JV") to sell the Company's entire 60% equity interest in the Third Bridge JV to the joint venture partner, although no agreement has been entered into. The Company, subject to the entering into of an agreement for the disposal of the interest in the Third Bridge JV, is considering the acquisition of new assets. Shareholders will be kept informed of developments in this respect through appropriate announcements.

#### Appreciation

I would like to take this opportunity to thank my fellow Directors for their wise counsel and support, and the management and staff at all levels for their dedication, hard work and contributions in the past year.

#### Lee Shau Kee

### Management discussion and analysis

#### Material acquisitions and disposals

#### Acquisition of remaining interest in China Investment Group Limited

On 29 August 2007, the Group entered into a sale and purchase agreement with certain parties in relation to the acquisition of the remaining 35.94% interest in China Investment Group Limited ("CIG") for a cash consideration of approximately HK\$145 million. The acquisition was completed in September 2007 and CIG became a wholly-owned subsidiary of the Company.

#### Disposal of interest in The Hong Kong and China Gas Company Limited

On 2 October 2007, the Company and Henderson Land Development Company Limited ("Henderson Land") entered into an agreement (as supplemented by a supplemental agreement dated 7 November 2007) in relation to the acquisition by Henderson Land of the Group's entire interest in 2,366,934,097 shares of The Hong Kong and China Gas Company Limited ("Hong Kong and China Gas"), representing approximately 39.06% of the total issued share capital of Hong Kong and China Gas. Details of the transaction are set out in the Chairman's Statement of this annual report.

#### Disposal of interests in the Ningbo Subsidiaries (as defined below)

The Group previously entered into a sale and purchase agreement with Fenghua Transportation Investment Co., Ltd. 奉化市交通投資公司, a minority shareholder of the Ningbo Subsidiaries (as defined below), to dispose of its entire interests in Ningbo Nickwell Highway Development Company Limited, Ningbo Wise Link Highway Development Company Limited and Ningbo Rayter Highway Development Company Limited (collectively referred to as the "Ningbo Subsidiaries") for a cash consideration of RMB70 million (approximately HK\$75 million). The transaction was completed during the financial year ended 30 June 2008, as a result of which the Group recognised a gain on disposal of approximately HK\$21 million.

Save as disclosed above, the Group did not undertake any significant acquisition or disposal of subsidiaries or assets during the financial year ended 30 June 2008.

#### Results of operations

The following discussions should be read in conjunction with the Company's consolidated accounts for the financial year ended 30 June 2008.

#### **Continuing operations**

The Group's continuing operations comprise the infrastructure business in mainland China, being the operation of a toll bridge in Hangzhou and the operation rights of a toll highway in Maanshan, Anhui Province. Turnover for the financial year amounted to HK\$272 million (2007: HK\$189 million), representing an increase of HK\$83 million, or 44%, over that for the previous financial year. This was mainly attributable to the increase in traffic volume of the toll bridge in Hangzhou following the completion of major repair and maintenance work in October 2006. Profit contribution (representing turnover less direct costs) from the infrastructure business for the financial year increased by HK\$61 million, or 44%, to HK\$200 million (2007: HK\$139 million).

#### Financial Review

#### Discontinued operations

The results of the Group's discontinued operations for the financial year comprised mainly (i) the Group's share of post-tax profit of Hong Kong and China Gas of HK\$1,484 million for the period from 1 July 2007 to 17 December 2007 (being the completion date of the Group's disposal of its entire interest in Hong Kong and China Gas to Henderson Land, as referred to in the paragraph headed "Material acquisitions and disposals" above); and (ii) the gain on the Group's disposal of its entire interest in Hong Kong and China Gas (as referred to in the paragraph headed "Material acquisitions and disposals" above) of HK\$33,781 million.

The Group's share of post-tax profit of Hong Kong and China Gas of HK\$1,484 million for the period from 1 July 2007 to 17 December 2007 (Period from 1 July 2006 to 31 December 2006: HK\$1,290 million) represents an increase of HK\$194 million, or 15%. Such increase is mainly attributable to the increase in profit contribution from the property development segment of Hong Kong and China Gas, for the reason that there were increased property sales of the Grand Waterfront project during the period from 1 July 2007 to 17 December 2007 when compared with the corresponding period from 1 July 2006 to 31 December 2006.

#### Profit attributable to equity shareholders

Profit attributable to equity shareholders for the financial year amounted to HK\$35,390 million (2007: HK\$5,391 million), representing an increase of HK\$29,999 million over that for the previous financial year.

Profit attributable to equity shareholders from continuing operations for the financial year amounted to HK\$125 million (2007 (re-stated): HK\$222 million), representing a decrease of HK\$97 million, or 44%, from the previous financial year. This was mainly attributable to the fact that the Group earned less bank interest income during the financial year, for the reason that the Group maintained a lower average cash balance during the financial year when compared with that of the previous financial year, subsequent to the Group's cash distributions to shareholders of approximately HK\$15,237 million (or HK\$5 per share) in June 2007, approximately HK\$3,139 million (or HK\$1.03 per share) in December 2007 and approximately HK\$3,687 million (or HK\$1.21 per share) in January 2008. During the financial year, the effect of reduced bank interest income to the Group was partially offset by an increase in profit contribution from the infrastructure business to the Group.

Profit attributable to equity shareholders from discontinued operations for the financial year amounted to HK\$35,265 million (2007 (restated): HK\$5,169 million). The increase of HK\$30,096 million was mainly attributable to the gain on disposal of the Group's entire interest in Hong Kong and China Gas (as referred to in the paragraph headed "Material acquisitions and disposals" above) of HK\$33,781 million, which is offset against the profits attributable to equity shareholders derived from (i) the Group's interest in Hong Kong and China Gas of HK\$1,920 million during the corresponding period from 18 December 2006 to 30 June 2007 (given the completion date of the Group's disposal of its interest in Hong Kong and China Gas to Henderson Land on 17 December 2007); and (ii) certain subsidiaries and associates sold by the Group to Henderson Land during the year ended 30 June 2007 of HK\$835 million and the Group's profit on disposal arising therefrom of HK\$930 million, all of which amounts did not recur for the year ended 30 June 2008.

#### Financial resources, liquidity and loan maturity profile

At 30 June 2008, the aggregate amount of the Group's bank borrowings was HK\$40 million (2007: HK\$29 million). The cash and bank balances, the maturity profile of the bank borrowings and the gearing ratio of the Group were as follows:

	At 30 June 2008 HK\$ million	At 30 June 2007 HK\$ million
Cash and bank balances	836	3,684
Less: Bank borrowings repayable  — Within 1 year  — After 1 year but within 2 years  — After 2 years but within 5 years	11 18 11	23 6
Total bank borrowings	40	29
Net cash and bank balances	796	3,655
Gearing ratio	Nil	Nil

Finance costs for the financial year amounted to HK\$5 million (2007: HK\$4 million) which were immaterial to the Group's operations.

Based on the Group's net cash and bank balances of HK\$796 million at 30 June 2008, the Group has adequate financial resources in meeting the funding requirements for its ongoing operations as well as its future expansion.

### Treasury and financial management

The Group's financing and treasury activities are centrally managed at the corporate level. The Group's bank borrowings bear floating interest rates and are denominated in Renminbi to finance its infrastructure business in mainland China. During the financial year, the Group did not enter into any derivative financial instruments for speculative or hedging purposes. The Group monitors closely its interest rate exposure and foreign exchange rate exposure (the latter being its investments in the infrastructure business in mainland China which is denominated in Renminbi and is not hedged) and will consider hedging these exposures should the need arise.

Apart from the foregoing, the Group did not have any material exposures to interest rates or foreign exchange rates at 30 June 2008.

#### Charge on assets

Assets of the Group were not charged to any third parties at 30 June 2008, except that certain project financing facilities which were extended by banks to a subsidiary of the Company engaged in infrastructure projects in mainland China were secured by the Group's toll highway operation rights. At 30 June 2008, the outstanding balance of the Group's secured bank loans was HK\$40 million (2007: HK\$29 million).

# Financial Review

#### Capital commitments

At 30 June 2008, the Group did not have any capital commitments (2007: Nil).

#### Contingent liabilities

At 30 June 2008, the Group did not have any contingent liabilities (2007: Nil).

#### Employees and remuneration policy

At 30 June 2008, the Group had approximately 215 (2007: 330) full-time employees. The remuneration of the employees is in line with the market and commensurable with the level of pay in the industry. Discretionary year-end bonuses are payable to the employees based on individual performance. Other benefits to the employees include medical insurance, retirement scheme, training programmes and education subsidies.

Total staff costs for the continuing and discontinued operations for the financial year amounted to HK\$13 million (2007: HK\$125 million).

# Corporate Governance Report

The Board of Directors of the Company (the "Board") is pleased to present the Corporate Governance Report of the Company for the year ended 30 June 2008.

#### A) Commitment to Corporate Governance

The Company acknowledges the importance of good corporate governance practices and procedures and regards a pre-eminent board of directors, sound internal controls and accountability to all shareholders as the core elements of its corporate governance principles. The Company endeavours to ensure that its businesses are conducted in accordance with rules and regulations, and applicable codes and standards.

#### **B)** Corporate Governance Practices

During the financial year ended 30 June 2008, the Company applied all those principles as set out in the Code on Corporate Governance Practices (the "Code") in Appendix 14 to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited and complied with the relevant code provisions in the Code, with the exception of one deviation as set out under the paragraphs on "Board of Directors" below. The application of the relevant principles is stated in the following paragraphs.

#### C) Board of Directors

#### a) Responsibilities

The Board has the responsibility for management of the Company, which includes formulating business strategies, and directing and supervising the Company's affairs, approving interim reports and annual reports, announcements and press releases of interim and final results, considering dividend policy, and approving the issue, allotment or disposal or grant of options in respect of unissued new shares or debentures of the Company. The Board makes board policy decisions and has delegated the responsibility for detailed considerations to the standing committee of the Board (the "Standing Committee").

The day-to-day management, administration and operation of the Company are delegated to the management. The Board gives clear directions to the management as to their powers of management, and circumstances in which the management should report back.

All Directors have full and timely access to all relevant information as well as the advice and services of the Company Secretary, with a view to ensuring that Board procedures and all applicable rules and regulations are followed. The Non-executive Directors and Independent Non-executive Directors may take independent professional advice at the Company's expense in carrying out their functions, after making a request to the Board.

#### b) Board Composition

The Board currently comprises nineteen members (including alternate director), as detailed below:

#### **Executive Directors**

Lee Shau Kee (Chairman and Managing Director)

Lee Ka Kit

(Vice Chairman) Colin Lam Ko Yin

(Vice Chairman)

Lee Ka Shing

(Vice Chairm

(Vice Chairman)

Lee Tat Man

Suen Kwok Lam

Lee King Yue

Eddie Lau Yum Chuen

Li Ning

Patrick Kwok Ping Ho

Augustine Wong Ho Ming

Sit Pak Wing

#### Non-executive Directors

Woo Po Shing Philip Yuen Pak Yiu Leung Hay Man Jackson Woo Ka Biu

(as alternate to Woo Po Shing)

#### **Independent Non-executive Directors**

Gordon Kwong Che Keung Ko Ping Keung Wu King Cheong

The biographical details of the Directors are set out on pages 29 to 32 of this Annual Report. In particular, Dr. Lee Shau Kee is the father of Lee Ka Kit and Lee Ka Shing, father-in-law of Li Ning and the brother of Lee Tat Man. Sir Po-shing Woo is the father of Jackson Woo Ka Biu. Save as aforesaid, none of the members of the Board is related to one another.

The term of office of all Non-executive Directors (including Independent Non-executive Directors) has been fixed for a specific term for three years until 31 December 2010. They are subject to retirement by rotation and re-election at the Company's Annual General Meeting ("AGM") in accordance with the Articles of Association of the Company ("Articles").

During the year ended 30 June 2008, the Board at all times met the requirements of the Listing Rules relating to the appointment of at least three Independent Non-executive Directors with at least one Independent Non-executive Director possessing appropriate professional qualifications, or accounting or related financial management expertise.

The appointment of Independent Non-executive Directors strictly adheres to the guidelines for assessing independence set out in Rule 3.13 of the Listing Rules. The Company has received in writing confirmation of their independence from each of the Independent Non-executive Directors and considers them to be independent of the management and free of any relationship that could materially interfere with the exercise of their independent judgment. The Board considers that each of the Non-executive Directors and Independent Non-executive Directors brings his own relevant expertise to the Board.

The roles of the chairman and the chief executive officer of the Company have not been segregated as required by code provision A.2.1 of the Code. The Company is of the view that it is in the best interest of the Company that Dr. Lee Shau Kee, with his profound expertise in business, shall continue in his dual capacity as the Chairman and Managing Director.

### Corporate Governance Report

#### c) Appointment and Re-election of Directors

The Board is empowered under the Articles to appoint any person as a Director to fill a casual vacancy on or as an additional member of the Board. Only the most suitable candidates who are experienced and competent and able to fulfill the fiduciary duties and duties of skill, care and diligence would be recommended to the Board for selection.

In accordance with the Company's Articles, new appointments to the Board are subject to re-election by shareholders at the next following AGM. Furthermore, the nearest one-third of the Directors will retire from office by rotation but are eligible for re-election by shareholders at the AGM and the Board will ensure that every Director is subject to retirement by rotation at least once every three years.

#### d) Board Meetings

#### i) Number of Meetings and Directors' Attendance

The Board meets from time to time to discuss and exchange ideas on the affairs of the Company. During the year ended 30 June 2008, the Board held five meetings to approve interim/final results announcements and interim/annual reports, to determine the level of dividends, to discuss significant issues and the general operation of the Company and to approve matters and transactions specifically reserved to the Board for its decision. The attendance of the Directors is set out in the table on page 16.

#### ii) Practices and Conduct of Meetings

Notices of regular Board meetings are given to all Directors at least 14 days before the meetings. For other Board and committee meetings, reasonable notice is generally given.

The Company Secretary of the Company is responsible for taking and keeping minutes of all Board meetings and committee meetings. Draft minutes are normally circulated to Directors for comment within a reasonable time after each meeting and the final signed version is sent to all Directors for their records and open for Directors' inspection.

#### D) Board Committees

The Board has set up three main Board Committees, namely, the Standing Committee, the Audit Committee and the Remuneration Committee, for overseeing particular aspects of the Company's affairs. The Standing Committee of the Board operates as a general management committee with delegated authority from the Board. The terms of reference of the Audit Committee and the Remuneration Committee are no less exacting than those set out in the Code.

The Board Committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expenses.

#### a) Audit Committee

The Audit Committee was established in December 1998 and reports to the Board. The members of the Audit Committee are:

Independent Non-executive Directors

Non-executive Director

Gordon Kwong Che Keung (*Chairman*) Ko Ping Keung Wu King Cheong Leung Hay Man

### Corporate Governance Report

The Chairman has the appropriate professional qualifications as required under the Listing Rules. None of the members of the Audit Committee was a former partner of the Company's existing external auditors within one year immediately prior to the dates of their respective appointments. All members have appropriate skills and experience in reviewing financial statements as well as addressing significant control and financial issues of public companies. The Board expects the Committee members to exercise independent judgment in conducting the business of the Committee.

The written terms of reference include the authority and duties of the Audit Committee and amongst its principal duties are the review and supervision of the Company's financial reporting process and internal control procedures. The terms of reference of the Audit Committee are available on the Company's website.

The Audit Committee held three meetings during the year ended 30 June 2008. The major work performed by the Audit Committee in respect of the year ended 30 June 2008 included reviewing and recommending the re-appointment of external auditors, approving the terms of engagement (including the remuneration) of the external auditors, reviewing the unaudited interim report and interim results announcement, reviewing the audited accounts and final results announcement for the year ended 30 June 2008, reviewing the work of the Group's internal audit department and assessing the effectiveness of the Group's systems of risk management and internal control.

#### b) Remuneration Committee

The Remuneration Committee which was established in January 2005 comprises:

Executive Directors Independent Non-executive Directors

Lee Shau KeeWu King Cheong (Chairman)Colin Lam Ko YinGordon Kwong Che Keung

Ko Ping Keung

Each member is sufficiently experienced and is appropriately skilled in the issues of determining executive compensations in public companies. The Board expects the Committee members to exercise independent judgment in conducting the business of the Committee.

The written terms of reference include the specific duties of making recommendations to the Board on the Company's policy and structure for all remuneration of directors and senior management. The terms of reference of the Remuneration Committee are available on the Company's website.

The Remuneration Committee met once during the year ended 30 June 2008. The major work performed by the Remuneration Committee for the year ended 30 June 2008 included reviewing the salary structure of the employees of the Company as well as the remuneration of senior management staff. The Committee also reviewed the remuneration of the Directors with reference to the remuneration level of directors of comparable listed companies.

Particulars of the Directors' remuneration disclosed pursuant to Section 161 of the Companies Ordinance and Appendix 16 to the Listing Rules are set out in note 12 to the accounts on pages 63 and 64. The Directors' fee shall be subject to shareholders' approval at general meetings. Other emoluments shall from time to time be determined by the Board with reference to the Directors' duties and responsibilities and subject to a review by the Remuneration Committee.

#### c) Attendance Record at Board, Audit and Remuneration Committees' Meetings

The attendance of the individual Director at the meetings of the Board, the Audit Committee and the Remuneration Committee during the year ended 30 June 2008 is set out in the following table:

No. of	meetings attended/

Remarks:

Out of the five meetings of the Board, one Board meeting was held to consider the proposed acquisition of interests in certain companies of the Company by Henderson Land Development Company Limited. Absence of the relevant Directors in the relevant meeting of the Board was due to his deemed interests in the proposed acquisition.

<sup>2.</sup> Four meetings were attended by his alternate, Mr. Jackson Woo Ka Biu.

#### E) Directors' Responsibility for the Financial Statements

The Directors acknowledge their responsibility for preparing the financial statements for the financial year ended 30 June 2008, which give a true and fair view of the state of affairs of the Company and of the Group at that date and of the Group's results and cash flows for the year then ended and are properly prepared on the going concern basis in accordance with the statutory requirements and applicable accounting standards.

The statement of the Auditors of the Company about their reporting responsibilities on the financial statements of the Company is set out in the Report of the Independent Auditor on page 34.

#### F) Auditors' Remuneration

For the year ended 30 June 2008, the Auditors of the Company and its subsidiaries would receive approximately HK\$0.7 million for audit and audit related services (2007: HK\$3.9 million) and HK\$0.1 million for non-audit services (2007: HK\$3.3 million). The non-audit services rendered were to review the financial information in relation to the Group's consolidated interim accounts for the six months ended 31 December 2007.

#### G) Model Code

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers of the Listing Rules (the "Model Code") as the code for dealing in securities of the Company by the Directors. Having made specific enquiries, the Company confirms that all Directors have complied with the required standards as set out in the Model Code.

#### H) Internal Controls

The Board is responsible for ensuring sound and effective internal control systems to safeguard the shareholders' investment and the Company's assets. The Company has from time to time reviewed the effectiveness of the internal control systems in order to ensure that they meet with the dynamic and ever changing business environment.

The Internal Audit Department of the Company, which reports directly to the Audit Committee and is independent of the Company's daily operations, is responsible for conducting regular audit on the major activities of the Company. Its objective is to ensure that all material controls, including financial, operational and compliance controls and risk management functions are in place and functioning effectively. During the year, the Board has reviewed the effectiveness of the Group's internal control systems through the Internal Audit Department and the Audit Committee.

### Corporate Governance Report

#### I) Shareholder Rights and Investor Relations

The Articles contain the rights of shareholders to demand and the procedures for a poll voting on resolutions at shareholders' meetings. Details of such rights to demand a poll and the poll procedures are included in all circulars in relation to shareholders' meetings and will be explained during the proceedings of shareholders' meetings. In case poll voting is conducted, the poll results will be posted on the websites of the Stock Exchange and the Company on the business day following the shareholders' meeting.

The annual general meetings of the Company provide a forum for communication between the shareholders and the Board. The Chairman of the Board and the chairmen of all the Board Committees, or in their absence, other members of the respective Committees, are available to answer questions at the annual shareholders' meetings.

The Company continues to enhance communications and relationships with its investors. Designated senior management maintains regular communication and dialogue with shareholders, investors and analysts. Enquiries from investors are dealt with in an informative and timely manner.

As a channel to further promote effective communication, the Group maintains a website at http://www.hld.com where the Company's announcements, business developments and operations, financial information, corporate governance practices and other information are posted.

The Directors have pleasure in submitting to shareholders their annual report together with the audited accounts for the year ended 30 June 2008.

#### **Interests in Contracts and Connected Transactions**

During the year under review, the Group entered into the following transactions and arrangements as described below with persons who are "connected persons" for the purposes of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"):

- (1) Henderson Real Estate Agency Limited, a wholly-owned subsidiary of Henderson Land Development Company Limited ("Henderson Land") made advances from time to time to Henderson Investment Finance Limited, a wholly-owned subsidiary of the Company, with interest chargeable on the balances outstanding from time to time based on Hong Kong Inter-bank Offered Rate quoted by banks. As at 30 June 2008, an amount of approximately HK\$16 million was due by Henderson Investment Finance Limited to Henderson Real Estate Agency Limited.
  - Dr. Lee Shau Kee, Mr. Lee Ka Kit, Mr. Lee Ka Shing and Mr. Li Ning were taken to be interested in the above transaction as a director (and as more particularly described in the section "Disclosure of Interests" above) of the Company's holding company, Henderson Land.
- (2) As disclosed in the joint announcement dated 29 August 2007, Uniland Development Limited ("UDL"), a wholly-owned subsidiary of the Company entered into the sale and purchase agreement as the purchaser with seven vendors on 29 August 2007 for the acquisition of 35.94% interest, being all the remaining interest in China Investment Group Limited ("CIG"), the principal business activities of which (including its subsidiaries) are investment holding and the infrastructure business, at a total consideration of HK\$145.02 million.
  - Among the vendors, (a) Wong Ying Wai was a director of CIG, a subsidiary of the Company and Henderson Land; (b) both Gem Gain Enterprises Limited and Greyhound Investments L.P. were substantial shareholders (each holding 10% interest) of CIG; (c) Pearl Assets Limited was a company controlled by Jackson Woo Ka Biu who was a director of CIG and an alternate to Woo Po Shing, a director of both the Company and Henderson Land; and (d) each of Sino Grand Investments Limited and Welson Investment Limited was a company controlled by Wong Ying Wai and Choi Koon Shum respectively, each being a director of CIG, and was therefore an associate of a director of a subsidiary of the Company and Henderson Land. Each of the vendors mentioned in (a) to (d) above was therefore a connected person of the Company and Henderson Land within the meaning of the Listing Rules. The relevant transaction therefore constituted a connected transaction for each of the Company and Henderson Land for the purpose of the Listing Rules. The aggregate consideration paid to the said connected persons amounted to HK\$134.26 million.

The above transaction was subject to the reporting and announcement requirements but exempt from independent shareholders' approval requirements under Chapter 14A of the Listing Rules since each of the applicable percentage ratios was less than 2.5%.

(3) On 2 October 2007, the Company and Henderson Land entered into an agreement providing for the disposal by the Group to Henderson Land of the Group's entire interests in 2,366,934,097 shares of The Hong Kong and China Gas Company Limited ("Hong Kong and China Gas"), representing approximately 39.06% of the then total issued share capital of Hong Kong and China Gas (the "Disposal"). The consideration for the Disposal comprised (i) the issue to the Company of a share entitlement note (the "Share Entitlement Note"), which conferred on the holder the right to call for the issue by Henderson Land of 636,891,425 shares of Henderson Land (including entitlement to Henderson Land's final dividend for the year ended 30 June 2007); and (ii) approximately HK\$3,707 million in cash. On 7 November 2007, Henderson Land agreed to increase the cash consideration for the acquisition by approximately HK\$3,121 million as an additional incentive to the shareholders of the Company. Henderson Land paid an aggregate cash consideration of approximately HK\$6,828 million, in addition to the Share Entitlement Note, to the Company.

Henderson Land is a holding company of the Company, and is therefore a connected person of the Company. Accordingly, the above transaction constituted a connected transaction of the Company. As one or more applicable percentage ratio(s) in respect of the Disposal exceeded 75%, the above transaction also constituted a very substantial disposal of the Company. Therefore, for the Company, the above transaction was subject to the announcement, reporting and independent shareholders' approval requirements of Chapters 14 and 14A of the Listing Rules. A circular and a supplemental circular detailing the above transaction were dispatched by the Company to the shareholders of the Company on 20 October 2007 and 14 November 2007 respectively. At the extraordinary general meeting of the Company held on 7 December 2007, the Disposal was approved by independent shareholders of the Company.

As part of the transaction which was completed on 17 December 2007, a distribution in specie per share of the entitlement to 0.209 Henderson Land share allotted under the Share Entitlement Note and a cash distribution of HK\$1.03 per share was made by the Company to its shareholders. After the share premium reduction of the Company became unconditional, a further cash distribution of HK\$1.21 per share was made by the Company to its shareholders on 25 January 2008.

(4) The material related party transactions set out in note 36 to the accounts on page 81 include transactions that constitute connected/continuing connected transactions for which the disclosure requirements under the Listing Rules have been met.

Save as disclosed above, no other contracts of significance to which the Company, its holding company or any of its subsidiaries or fellow subsidiaries was a party, and in which a Director of the Company had a material interest, subsisted at the year end or at any time during the year.

#### **Directors' Interests in Competing Business**

For the year ended 30 June 2008, none of the Directors of the Company has interests in businesses which might compete with the Group.

#### **Service Contracts**

None of the Directors has a service contract with the Company or any of its subsidiaries which is of a duration exceeding three years or which is not determinable by the employer within one year without payment of compensation (other than statutory compensation).

#### Purchase, Sale or Redemption of the Company's Listed Securities

During the year, neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's listed securities during the year.

#### **Major Customers and Suppliers**

For the financial year ended 30 June 2008:

- (1) the aggregate amount of purchases attributable to the Group's five largest suppliers represented less than 30 per cent of the Group's total purchases.
- (2) The aggregate amount of turnover attributable to the Group's five largest customers accounted for 79% of the Group's total turnover and the amount of turnover attributable to the largest customer included therein accounted for 79% of the Group's total turnover. During the year under review, none of the directors of the Company or any of their associates or any shareholders of the Company (which to the knowledge of the directors, owned more than 5% of the Company's issued share capital) had any beneficial interest in such customer(s) of the Group.

#### **Management Discussion and Analysis**

A management discussion and analysis of the Group's annual results is shown on pages 6 to 10.

#### **Retirement Benefits Scheme**

Details of the retirement benefits schemes participated by the Group's employees are shown in note 30 to the accounts on page 76.

#### To the shareholders of Henderson Investment Limited

(Incorporated in Hong Kong with limited liability)

We have audited the consolidated accounts of Henderson Investment Limited (the "Company") set out on pages 35 to 84, which comprise the consolidated and Company balance sheets as at 30 June 2008, and the consolidated profit and loss account, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### Directors' responsibility for the accounts

The directors of the Company are responsible for the preparation and the true and fair presentation of these consolidated accounts in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants, and the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of accounts that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### Auditor's responsibility

Our responsibility is to express an opinion on these consolidated accounts based on our audit and to report our opinion solely to you, as a body, in accordance with section 141 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the accounts. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the accounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated accounts give a true and fair view of the state of affairs of the Company and of the Group as at 30 June 2008 and of the Group's profit and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

#### 1 General information

Henderson Investment Limited (the "Company") is incorporated in Hong Kong and its shares are listed on The Stock Exchange of Hong Kong Limited. The address of the Company's registered office and principal place of business is 72-76/F, Two International Finance Centre, 8 Finance Street, Central, Hong Kong.

The principal activity of the Company is investment holding and the principal activities of its subsidiaries during the year were investment holding and infrastructure.

#### 2 Significant accounting policies

## (a) Statement of compliance

These accounts have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong, and the requirements of the Hong Kong Companies Ordinance. These accounts also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. A summary of the significant accounting policies adopted by the Company and its subsidiaries (together referred to as the "Group") is set out below.

The HKICPA has issued a number of new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group and the Company.

There have been no significant changes to the accounting policies applied in these accounts for the years presented as a result of these developments. However, as a result of the adoption of HKFRS 7 "Financial instruments: Disclosures" and the amendment to HKAS 1 "Presentation of financial statements: Capital disclosures", there have been some additional disclosures provided as follows:

Following the adoption of HKFRS 7, the accounts include expanded disclosure about the significance of the Group's financial instruments and the nature and extent of risks arising from those instruments, compared with the information previously required to be disclosed by HKAS 32 "Financial instruments: Disclosure and presentation".

The amendment to HKAS 1 introduces additional disclosure requirements to provide information about the Group's level of capital and the Group's objectives, policies and processes for managing capital. These new disclosures are set out in note 31(g).

Both HKFRS 7 and the amendment to HKAS 1 do not have any material impact on the classification, recognition and measurement of the amounts recognised in the financial statements.

Up to the date of issue of these accounts, the HKICPA has issued a number of amendments, new standards and new interpretations which are not yet effective for the year ended 30 June 2008 and which have not been adopted in these accounts.

The Group is in the process of making an assessment of the impact of these amendments, new standards and new interpretations in the period of initial application. So far it has concluded that the adoption of the following amendment and new standard may result in new or amended disclosures in the accounts:

Effective for accounting periods beginning on or after

HKAS 1 (revised) HKFRS 8 Presentation of financial statements Operating segments 1 January 2009 1 January 2009

In respect of HK(IFRIC) – Int 12 "Service concession arrangements" which is effective for accounting periods beginning on or after 1 January 2008, it applies to contractual arrangements whereby a private sector operator participates in the development, financing, operation and maintenance of infrastructure for public sector services. The adoption of HK(IFRIC) – Int 12 will result in a retrospective change in accounting policy for the Group's toll bridge. The toll bridge is to be reclassified from property, plant and equipment to toll highway operation rights to the extent that the Group receives a right (a license) to charge users of the public service. In addition, as a toll road operator, the Group is required to account for revenue and costs relating to toll road operation services in accordance with HKAS 11 "Construction contracts" and account for revenue and costs relating to toll road operation services in accordance with HKAS 18 "Revenue".

In respect of other amendments, new standards and new interpretations, the Group is not yet in a position to state whether they would have a significant impact on the Group's results of operations and financial position.

# 2 Significant accounting policies (continued)

#### (b) Basis of preparation of the accounts

The consolidated accounts for the year ended 30 June 2008 comprise the Company and its subsidiaries.

The measurement basis used in the preparation of the accounts is the historical cost basis.

Assets classified as held for sale are stated at the lower of their carrying amount and fair value less costs to sell (see note 2(t)(i)).

The preparation of accounts in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs and estimates that have significant effect on the accounts are discussed in note 3.

#### (c) Subsidiaries and minority interests

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that are presently exercisable are taken into account.

An investment in a subsidiary is consolidated into the consolidated accounts from the date that control commences until the date that control ceases. Intra-group balances and transactions and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated accounts. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Minority interests represent the portion of the net assets of subsidiaries attributable to interests that are not owned by the Company, whether directly or indirectly through subsidiaries, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. Minority interests are presented in the consolidated balance sheet within equity, separately from equity attributable to the equity shareholders of the Company. Minority interests in the results of the Group are presented on the face of the consolidated profit and loss account as an allocation of the total profit or loss for the year between minority interests and the equity shareholders of the Company.

Where losses applicable to the minority exceed the minority's interest in the equity of a subsidiary, the excess, and any further losses applicable to the minority, are charged against the Group's interest except to the extent that the minority has a binding obligation to, and is able to, make additional investment to cover the losses. If the subsidiary subsequently reports profits, the Group's interest is allocated all such profits until the minority's share of losses previously absorbed by the Group has been recovered.

Loans from holders of minority interests and other contractual obligations towards these holders are presented as financial liabilities in the consolidated balance sheet in accordance with notes 2(k) and (l) depending on the nature of the liability.

In the Company's balance sheet, an investment in a subsidiary is stated at cost less impairment losses (see note 2(j)). The results of subsidiaries are accounted by the Company on the basis of dividend received and receivable.

For the year ended 30 June 2008

## 2 Significant accounting policies (continued)

#### (d) Associates

An associate is an entity in which the Group or the Company has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

An investment in an associate is accounted for in the consolidated accounts under the equity method and is initially recorded at cost and adjusted thereafter for the post-acquisition change in the Group's share of the associate's net assets. The consolidated profit and loss account includes the Group's share of the post-acquisition, post-tax results of the associates for the year, including any impairment loss on goodwill relating to the interests in associates recognised for the year (see notes 2(e) and (j)).

When the Group's share of losses exceeds its interest in the associate, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

Unrealised profits and losses resulting from transactions between the Group and its associate are eliminated to the extent of the Group's interest in the associate, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

In the Company's balance sheet, its investments in associates are stated at cost less impairment losses (see note 2(j)). The results of associates are accounted for by the Company on the basis of dividend received and receivable.

#### (e) Goodwill

Goodwill represents the excess of the cost of a business combination or an investment in an associate over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities.

Goodwill is stated at cost less accumulated impairment losses. Goodwill is allocated to cash-generating units and is tested annually for impairment (see note 2(j)). In respect of associates, the carrying amount of goodwill is included in the carrying amount of the interests in the associates.

Any excess of the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of a business combination or an investment in an associate is recognised immediately in profit or loss.

On disposal of a cash-generating unit or an associate during the year, any attributable amount of purchased goodwill is included in the calculation of the profit or loss on disposal.

#### (f) Other investments in equity securities

Investments in equity securities are initially stated at cost, which is their transaction price unless fair value can be more reliably estimated using valuation techniques whose variables include only data from observable markets. Cost includes attributable transaction costs.

Investments in equity securities, other than investments in subsidiaries and associates, that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are recognised in the balance sheet at cost less impairment losses (see note 2(j)).

# 2 Significant accounting policies (continued)

#### (g) Property, plant and equipment

Property, plant and equipment are stated in the balance sheet at cost less accumulated depreciation and impairment losses (see note 2(j)).

Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight-line method over their estimated useful lives as follows:

Bridge Others Over the operating period of 29 years 2 to 10 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

#### (h) Toll highway operation rights

Toll highway operation rights are stated at cost less accumulated amortisation and impairment losses (see note 2(j)).

Amortisation is provided to write off the cost of toll highway operation rights using the straight-line method over the operating period of 25 years.

Toll highway operation rights are derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gains or losses arising from derecognition of toll highway operation rights are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

## (i) Trade and other receivables

Trade and other receivables are initially recognised at fair value and thereafter stated at amortised cost less allowances for impairment of doubtful debts (see note 2(j)).

#### (j) Impairment of assets

#### (i) Impairment of investments in equity securities and trade and other receivables

Investments in equity securities (other than investments in subsidiaries and associates: see note 2(j)(ii)) and other current and non-current receivables that are stated at cost or amortised cost or are classified as available-for-sale securities, and are reviewed at each balance sheet date to determine whether there is objective evidence of impairment. Objective evidence of impairment includes observable data that comes to the attention of the Group about one or more of the following events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; and
- a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

For the year ended 30 June 2008

#### 2 Significant accounting policies (continued)

#### (j) Impairment of assets (continued)

#### (i) Impairment of investments in equity securities and trade and other receivables (continued)

If any such evidence exists, any impairment loss is determined and recognised as follows:

- For unquoted equity securities carried at cost, the impairment loss is measured as the difference between the carrying
  amount of the financial asset and the estimated future cash flows, discounted at the current market rate of return for a
  similar financial asset. Impairment losses for equity securities are not reversed.
- For trade and other current receivables and other financial assets carried at amortised cost, the impairment loss is measured as the difference between the asset's carrying amount and the estimated future cash flows, discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition of the asset).

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through profit or loss. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

#### (ii) Impairment of other assets

Internal and external sources of information are reviewed at each balance sheet date to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- toll highway operation rights;
- investments in subsidiaries and associates (except for those classified as held for sale or included in a disposal group that is classified as held for sale (see note 2(t)(i))); and
- goodwill.

If any such indication exists, the asset's recoverable amount is estimated. In addition, the recoverable amount of goodwill is estimated annually whether or not there is any indication of impairment.

#### Calculation of recoverable amount

The recoverable amount of an asset is the greater of its net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

#### Recognition of impairment losses

An impairment loss is recognised in profit or loss whenever the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs to sell, or value in use, if determinable.

#### Reversals of impairment losses

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

## 2 Significant accounting policies (continued)

## (k) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in profit or loss over the period of the borrowings, together with any interest and fees payable, using the effective interest method.

#### (l) Trade and other payables

Trade and other payables are initially recognised at fair value and are subsequently stated at amortised cost.

### (m) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

#### (n) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

#### (o) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised directly in equity, in which case they are recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which such deferred tax assets can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

#### 2 Significant accounting policies (continued)

#### (o) Income tax (continued)

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at each balance sheet date and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
  - the same taxable entity; or
  - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets
    are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a
    net basis or realise and settle simultaneously.

#### (p) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

# (q) Revenue recognition

Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in profit or loss as follows:

(i) Interest income

Interest income is recognised as it accrues using the effective interest method.

(ii) Toll fee income

Toll fee income is recognised when services are provided.

- (iii) Dividends
  - Dividend income from unlisted investments is recognised when the shareholder's right to receive payment is established.
  - Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend.

# 2 Significant accounting policies (continued)

#### (r) Translation of foreign currencies

Items included in the accounts of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated accounts are presented in Hong Kong dollars, which is the Company's functional and presentation currency.

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the balance sheet date. Exchange gains and losses are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was determined.

The results of foreign operations are translated into Hong Kong dollars at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Balance sheet items are translated into Hong Kong dollars at the foreign exchange rates ruling at the balance sheet date. The resulting exchange differences are recognised directly in a separate component of equity. Goodwill arising on consolidation of an acquired foreign operation is translated at the closing rate at the balance sheet date.

On disposal of a foreign operation, the cumulative amount of the exchange differences recognised in equity which relate to that foreign operation is included in the calculation of the profit or loss on disposal.

#### (s) Borrowing costs

Borrowing costs are expensed in profit or loss in the period in which they are incurred.

#### (t) Non-current assets held for sale and discontinued operations

#### (i) Non-current assets held for sale

A non-current asset (or disposal group) is classified as held for sale if it is highly probable that its carrying amount will be recovered through a sale transaction rather than through continuing use and the asset (or disposal group) is available for sale in its present condition. A disposal group is a group of assets to be disposed of together as a group in a single transaction, and liabilities directly associated with those assets that will be transferred in the transaction.

Immediately before classification as held for sale, the measurement of the non-current assets (and all individual assets and liabilities in a disposal group) is brought up-to-date in accordance with the accounting policies before the classification. Then, on initial classification as held for sale and until disposal, the non-current assets (except for certain assets as explained below), or the disposal group, are recognised at the lower of their carrying amount and fair value less costs to sell. The principal exceptions to this measurement policy so far as the accounts of the Group are concerned are deferred tax assets, financial assets (other than investments in subsidiaries and associates) and investment properties. These assets, even if held for sale, would continue to be measured in accordance with the policies set out elsewhere in note 2.

As long as a non-current asset is classified as held for sale, or is included in a disposal group that is classified as held for sale, the non-current asset is not depreciated or amortised.

#### (ii) Discontinued operations

A discontinued operation is a component of the Group's business, the operations and cash flows of which can be clearly distinguished from the rest of the Group and which represents a separate major line of business or geographical area of operations, or is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or is a subsidiary acquired exclusively with a view to resale.

Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale (see (i) above), if earlier. It also occurs when the operation is abandoned.

Where an operation is classified as discontinued, a single amount is presented on the face of the profit and loss account, which comprises:

- the post-tax profit or loss of the discontinued operation; and
- the post-tax gain or loss recognised on the measurement to fair value less costs to sell, or on the disposal, of the assets or disposal group(s) constituting the discontinued operation.

For the year ended 30 June 2008

## 2 Significant accounting policies (continued)

#### (u) Related parties

For the purposes of these accounts, a party is considered to be related to the Group if:

- (i) the party has the ability, directly or indirectly through one or more intermediaries, to control the Group or exercise significant influence over the Group in making financial and operating policy decisions, or has joint control over the Group;
- (ii) the Group and the party are subject to common control;
- (iii) the party is an associate of the Group or a joint venture in which the Group is a venturer;
- (iv) the party is a member of key management personnel of the Group or the Group's parent, or a close family member of such an individual, or is an entity under the control, joint control or significant influence of such individuals;
- (v) the party is a close family member of a party referred to in (i) or is an entity under the control, joint control or significant influence of such individuals; or
- (vi) the party is a post-employment benefit plan which is for the benefit of employees of the Group or of any entity that is a related party of the Group.

Close family members of an individual are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity.

#### 3 Accounting estimates and judgements

The key sources of estimating uncertainty and critical accounting judgements in applying the Group's accounting policies are described below:

#### (a) Impairment of non-current assets

If circumstances indicate that the carrying amounts of property, plant and equipment and toll highway operation rights may not be recoverable, the assets may be considered impaired and are tested for impairment. An impairment loss is recognised when the asset's recoverable amount has declined below its carrying amount. The recoverable amount is the greater of the net selling price and value in use. In determining the recoverable amount which requires significant judgements, the Group estimates the future cash flows to be derived from continuing use and ultimate disposal of the asset and applies an appropriate discount rate to these future cash flows.

#### (b) Impairment of trade receivable

If circumstances indicate that the carrying amount of trade receivable may not be recoverable, an impairment loss may be recognised. The carrying amount of trade receivable is reviewed periodically in order to assess whether the recoverable amount has declined below the carrying amount. The Group estimates the future cash flows from the trade receivable with reference to the age of the trade receivable, debtors' credit-worthiness and repayment history.

For the year ended 30 June 2008

#### 4 Financial instruments

Exposure to credit, liquidity, interest rate and foreign currency risks arises in the normal course of the Group's business. These risks are monitored by the Group's financial management policies and practices described below.

#### (a) Credit risk

The Group's credit risk is primarily attributable to bank deposits, trade and other receivables, other non-current assets and amounts due from affiliates. The Group maintains a defined credit policy and the exposures to these credit risks are monitored on an ongoing basis.

Cash is deposited with financial institutions with sound credit ratings and the Group has exposure limit to any single financial institution. Given their high credit ratings, management does not expect any of these financial institutions will fail to meet their obligations.

Trade and other receivables comprise toll income receivable and other trade and other receivables. In respect of toll income receivable, the amount is collected on behalf of the Group by a relevant government body in Hangzhou in accordance with the terms of the agreement entered into between the Group and the government body. In respect of other trade and other receivables, credit terms given to customers are generally based on the financial strength and repayment history of each customer. Normally, the Group does not obtain collateral from customers. Regular review and follow-up actions are carried out on the overdue amounts. Ageing analysis of the receivables is prepared on a regular basis and is closely monitored to minimise exposure to credit risk. Adequate impairment losses have been made for the estimated irrecoverable amounts.

In respect of the amounts due from affiliates, management monitors the recovery of the debts closely and ensure that adequate impairment losses have been made for the estimated irrecoverable amounts.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the balance sheets. The Group does not provide any other guarantees which expose the Group to credit risk.

#### (b) Liquidity risk

The treasury function of the Group is arranged centrally to cover expected cash demands. The Group's policy is to regularly monitor current and expected liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and adequate committed funding lines from major financial institutions to meet its liquidity requirements in the short and longer term.

#### 4 Financial instruments (continued)

#### (b) Liquidity risk (continued)

The following table sets out the remaining contractual maturities at the balance sheet date of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates ruling at the balance sheet date) and the earliest date on which the Group can be required to pay:

	Carrying amount HK\$ million	Total contractual undiscounted cash flow HK\$ million	2008 Within 1 year or on demand HK\$ million	More than 1 year but less than 2 years HK\$ million	More than 2 years but less than 5 years HK\$ million
Secured bank loans	40	46	14	20	12
Trade and other payables	72	72	72	_	_
Amount due to a fellow subsidiary	16	16	16	_	_
Amounts due to minority shareholders	126	126	126	_	_
	254	260	228	20	12

	Carrying amount HK\$ million	Total contractual undiscounted cash flow HK\$ million	2007 Within 1 year or on demand HK\$ million	More than 1 year but less than 2 years HK\$ million	More than 2 years but less than 5 years HK\$ million
Secured bank loans	29	31	24	1	6
Trade and other payables	186	186	186	_	_
Amount due to a fellow subsidiary	1,653	1,656	1,656	_	_
Amounts due to minority shareholders	148	148	148	_	_
	2,016	2,021	2,014	1	6

#### (c) Interest rate risk

The Group is exposed to interest rate risk primarily through its borrowings from banks (see note 25) and a fellow subsidiary (see note 27) which bear floating interest rates. The Group monitors closely its interest rate exposure and will consider hedging significant interest rate exposure should the need arise. During the year, the Group did not enter into any interest rate hedging instruments.

#### 4 Financial instruments (continued)

#### (c) Interest rate risk (continued)

In respect of income-earning financial assets and interest-bearing financial liabilities, the following table indicates their effective interest rates at the balance sheet date and the periods in which they reprice or the maturity dates, if earlier.

	Fixed/ floating	2008 Effective interest rate	Within one year HK\$ million
Deposits with banks	Fixed	1.15%-2.3%	771
Cash at bank	Floating	0%-0.72%	65
Secured bank loans	Floating	6.33%-9.29%	40
Amount due to a fellow subsidiary	Floating	1.31%	16

	Fixed/ floating	2007 Effective interest rate	Within one year HK\$ million
Deposits with banks	Fixed	0.5%-4.37%	3,609
Cash at bank	Floating	0.72%-1.95%	77
Secured bank loans	Floating	6.33%-7.78%	29
Amount due to a fellow subsidiary	Floating	4.11%	1,653

At 30 June 2008, it is estimated that a general increase/decrease in interest rate of 100 basis points, with all other variables held constant, would increase/decrease the Group's profit after tax and total equity attributable to equity shareholders of the Company both by approximately HK\$8 million (2007: HK\$23 million) mainly due to increase in net interest income from interest bearing floating rate financial assets less financial liabilities.

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the balance sheet date, and had been applied to the exposure to interest rate risk for financial instruments in existence at that date. The exposure to interest rate risk as referred to above represents management's assessment of a reasonably possible change in interest rates during the period from the balance sheet date until the next annual balance sheet date. The sensitivity analysis is performed on the same basis for 2007.

#### (d) Foreign currency risk

The Group's primary foreign currency exposure arises from its operations in mainland China as the functional currency of these operations is Renminbi. Where appropriate and cost efficient, the Group seeks to finance these investments by Renminbi borrowings with reference to the future Renminbi funding requirements from the investment and related returns.

At 30 June 2008, there were balances between the Group's companies where the denomination is in a currency other than the functional currencies of the Group's entities to which they relate. The impact on the Group's profit after tax and total equity attributable to equity shareholders of the Company is not expected to be material in response to reasonably possible changes in the foreign exchange rates of the other currencies to which the Group is exposed.

#### (e) Fair values

Financial assets and liabilities are carried at amounts not materially different from their fair values at 30 June 2007 and 2008.

For the year ended 30 June 2008

## 5 Material acquisitions and disposal during the year

- (a) On 29 August 2007, Uniland Development Limited, a wholly-owned subsidiary of the Company which beneficially owned 64.06% interest in China Investment Group Limited ("CIG"), entered into a sale and purchase agreement with certain parties in relation to the acquisition of the remaining 35.94% interest in CIG, for a cash consideration of HK\$145 million. The transaction was completed in September 2007 and CIG became a wholly-owned subsidiary of the Company.
- (b) During the period from 1 July 2007 to 10 August 2007, Macrostar Investment Limited, a wholly-owned subsidiary of the Company, acquired 31,159,000 shares of The Hong Kong and China Gas Company Limited ("HKCG"), an associate of the Group, at a price range of between HK\$16.59 and HK\$18.15 per share, for an aggregate consideration of HK\$545 million. As a result of these acquisitions, the Group was beneficially interested in approximately 39.06% of the issued share capital of HKCG.
- (c) On 2 October 2007, the Company as vendor and Henderson Land Development Company Limited ("HLD"), the Company's intermediate holding company, as purchaser entered into a conditional agreement (as supplemented by a supplemental agreement dated 7 November 2007) pursuant to which HLD and its certain subsidiaries acquired the Group's entire interest in HKCG (representing 2,366,934,097 shares of HKCG or approximately 39.06% of HKCG's issued share capital) through the acquisition of the Company's interests in two wholly-owned investment holding subsidiaries, namely, Macrostar Investment Limited and Timpani Investments Limited (together referred to as the "Sale Companies"), and the shareholder's loans owing by the Sale Companies (the "Transaction"). The Transaction was approved pursuant to an ordinary resolution passed at an extraordinary general meeting of the Company held on 7 December 2007 and was completed on 17 December 2007.

The consideration of the Transaction comprised (i) the issue to the Company of the share entitlement note, which conferred on the holder thereof the right to call for the issue of 636,891,425 ordinary shares of HLD (including entitlement to be paid by HLD of an amount which is equal to HLD's final dividend for the year ended 30 June 2007); and (ii) cash of HK\$6,828 million. Further details are set out in the Company's circular dated 20 October 2007 and supplementary circular dated 14 November 2007.

The consideration of the Transaction amounted to HK\$50,264 million and a gain on disposal of HK\$33,781 million (note 6(b)) was recognised by the Group.

## 6 Discontinued operations

# (a) The Group's discontinued operations comprise the following:

For the year ended 30 June 2008:

— the Group's interest in HKCG, an associate, which was disposed of by the Group to HLD on 17 December 2007 (note 5 (c)).

For the year ended 30 June 2007:

- the Group's interests in certain subsidiaries and associates which were engaged in the businesses of property leasing, hotel operation, security guard services, sale of properties and other businesses, as well as certain associates including Miramar Hotel and Investment Company, Limited and Hong Kong Ferry (Holdings) Company Limited; and
- the Group's interest in a subsidiary which was engaged in property investment,

the disposal of which resulted in a gain on disposal of HK\$930 million (note 6 (b)) which was recognised by the Group during the year ended 30 June 2007.

After the disposal of the above discontinued operations during the year, the Group's principal activity is infrastructure business in mainland China.

On 27 February 2008, the Financial Secretary of the Government of the Hong Kong Special Administrative Region announced a cut in the Profits Tax rate applicable to the Group's operations in Hong Kong from 17.5% to 16.5% with effect from the fiscal year 2008-09 and a one-off rebate of 75% of tax payable for 2007-08 assessment subject to a ceiling of HK\$25,000. These have been taken into account in the preparation of the Group's 2008 accounts. In this regard, no provision for Hong Kong Profits Tax has been made for the reason that there is no assessable profit for the year subject to Hong Kong Profits Tax (2007: provision for Hong Kong Profits Tax was made at 17.5% on the estimated assessable profit). Taxation for subsidiaries outside Hong Kong is calculated at the rates prevailing in the relevant jurisdictions. Certain subsidiaries of the Group operating in mainland China are eligible for certain tax holidays and concessions for the year.

On 16 March 2007, the National People's Congress approved the Corporate Income Tax Law of the People's Republic of China, under which the Group's principal income tax rate is gradually accelerated to the higher tax rate of 25% in a period of 5 years starting from 1 January 2008. The applicable principal income tax rate for the year ended 30 June 2008 is 18%.

<sup>\*</sup> resigned upon retirement on 30 June 2007.

There was no arrangement under which a director has waived or agreed to waive any emoluments during the year.

Certain of the directors received remunerations from the Company's intermediate holding company for services provided to the Group. No apportionment has been made as the directors are of the opinion that it is impracticable to apportion the amounts between their services to the Company's intermediate holding company and its subsidiaries.

On 16 December 1999, the Group was granted the operation rights of Maanshan Huan Tong Highway (the "Highway") by the People's Government of Anhui Province (安徽省人民政府) for a period of 25 years. During the 25-year toll highway concession period, the Group has the rights of management of the Highway and the toll-collection rights thereof. The Group is required to maintain and operate the Highway in accordance with the regulations promulgated by the relevant government authority.

At 30 June 2007 and 2008, the toll highway operation rights are pledged to secure the Group's bank loans (see note 25).

The amortisation charge for the year is included in "direct costs" in the consolidated profit and loss account.

#### Non-current receivable

Non-current receivable represents the non-current portion of the balance of consideration receivable (stated at present value) in relation to the disposal of the Group's toll collection rights of certain toll bridges during the year ended 30 June 2004. At 30 June 2008, the total balance of the consideration receivable is RMB115 million (equivalent to HK\$131 million) (2007: RMB134 million, equivalent to HK\$137 million) which will be settled by instalments of RMB28 million (equivalent to HK\$32 million) per annum for the period from 1 June 2003 to 27 October 2010 and RMB16 million (equivalent to HK\$18 million) per annum for the period from 28 October 2010 to 20 July 2015. At 30 June 2008, the current portion of HK\$32 million (2007: HK\$27 million) is included in "Trade and other receivables" (note 22).

### (b) The Company

No deferred taxation has been recognised as the Company did not have significant temporary differences at 30 June 2007 and 2008.

#### 29 Disposal group

The Group previously entered into a sale and purchase agreement with Fenghua Transportation Investment Co., Ltd 奉化市交通投資公司, a minority shareholder of the Ningbo Subsidiaries (as defined below), to dispose of its entire interests in Ningbo Nickwell Highway Development Company Limited, Ningbo Wise Link Highway Development Company Limited and Ningbo Rayter Highway Development Company Limited (collectively referred to as the "Ningbo Subsidiaries") at a cash consideration of RMB70 million (approximately HK\$75 million). The transaction was completed during the year and a net gain on disposal of the Ningbo Subsidiaries of approximately HK\$21 million was recognised.

The results of the Ningbo Subsidiaries for the year are as follows:

	2008 HK\$ million	2007 HK\$ million
Revenue Expenses	8 (3)	18 (7)
Profit for the year of disposal group	5	11

The major classes of assets and liabilities of the Ningbo Subsidiaries at 30 June 2007 are as follows:

	2007 HK\$ million
Assets	
Property, plant and equipment	3
Toll highway operation rights	415
Bank balances and cash (note 24)	2
	420
Liabilities	
Amount due to a minority shareholder (note)	255
Net assets classified as held for sale	165

Note: The amount was unsecured, interest-free and had no fixed terms of repayment.

The cumulative income recognised directly in the equity of the Group relating to the Ningbo Subsidiaries amounts to HK\$14 million immediately before the completion of the Group's disposal of its interest therein (30 June 2007: HK\$10 million).

Although the Ningbo Subsidiaries belong to the infrastructure segment (which is a continuing operation of the Group), completion of the disposal of the Ningbo Subsidiaries took place during the year after which the Group ceased to be interested in the operations of the Ningbo Subsidiaries.

#### 30 Employee retirement benefits

The Group's employees in Hong Kong participate in the Henderson Staff Provident Fund (the "Fund"), a defined contribution provident fund scheme as defined in the Occupational Retirement Schemes Ordinance or in another defined contribution scheme (the "Scheme") as mentioned below or in schemes (the "MPF Schemes") registered under the Mandatory Provident Fund Schemes Ordinance ("MPFO").

Contributions to the Fund are made by the participating employers at rates ranging from 4% to 6%, and by the employees at 2%, of the employees' basic monthly salaries. The portion of the employers' contributions to which the employees are not entitled and which has been forfeited shall not be used to reduce the future contributions of the participating employers.

As for the Scheme, contributions are made by both the employers and the employees at the rate of 5% of the employees' basic monthly salaries. Forfeited contributions can be applied towards reducing the amount of future contributions payable by the employers. No forfeited contribution was utilised during the year (2007: HK\$Nil). There was no such balance at 30 June 2007 and 2008.

No employees of the Group were eligible to join the Fund or the Scheme on or after 1 December 2000.

Employees of the Group in Hong Kong who are not members of the Fund and the Scheme participate in the MPF Schemes. In addition to the minimum benefits set out in the MPFO, the Group provides certain voluntary top-up benefits to employees participating in the MPF Schemes. The portion of the employer's contributions to which the employees are not entitled and which has been forfeited can be used by the Group to reduce the future contributions. No forfeited contributions were utilised during the year (2007: HK\$Nil).

Employees of the subsidiaries in mainland China are members of the central pension scheme operated by the PRC government. The Group is required to contribute a certain percentage of employees' remuneration to the central pension scheme to fund the benefits. The only obligation for the Group with respect to the central pension scheme is the associated required contribution under the central pension scheme. Contributions to the plan vest immediately.

#### 31 Capital and reserves (continued)

#### (d) Reduction of share premium

Pursuant to a special resolution passed at an extraordinary general meeting of the Company held on 14 May 2007 and an order of the High Court of the Hong Kong Special Administrative Region made on 5 June 2007, an amount of HK\$5,000 million then standing to the credit of the Company's share premium account was reduced on 13 June 2007 and the same amount was credited to the Company's retained profits in accordance with the provisions of the Hong Kong Companies Ordinance.

Pursuant to a special resolution passed at the extraordinary general meeting of the Company held on 7 December 2007 and an order of the High Court of the Hong Kong Special Administrative Region dated 16 January 2008, the Company's entire share premium of approximately HK\$4,216 million was reduced on 17 January 2008 and the same amount was credited to the Company's retained profits in accordance with the provisions of the Hong Kong Companies Ordinance.

#### (e) Nature and purpose of reserves

#### (i) Share premium

The application of share premium is governed by Section 48B of the Hong Kong Companies Ordinance.

#### (ii) Property revaluation reserve

Property revaluation reserve relates to other land and buildings. Where other land and buildings is reclassified to investment property, the cumulative increase in fair value at the date of reclassification is included in the property revaluation reserve, and will be transferred to retained profits upon the retirement or disposal of the relevant property.

#### (iii) Fair value reserve

The fair value reserve comprises the cumulative net change in the fair value of available-for-sale securities held at the balance sheet date.

#### (iv) Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the accounts of foreign operations. The reserve is dealt with in accordance with the accounting policy set out in note 2(r).

#### (f) Distributability of reserves

At 30 June 2008, the aggregate amount of reserves available for distribution to equity shareholders of the Company was HK\$457 million (2007: HK\$2,824 million). After the balance sheet date, the directors proposed a final dividend of HK2 cents (2007: HK15 cents) per share, amounting to HK\$61 million (2007: HK\$457 million). This dividend has not been recognised as a liability at the balance sheet date.

#### (g) Capital management

The Group's primary objective for capital management is to safeguard the Group's ability to continue as a going concern so that the Group can continue to provide financial returns to shareholders, and by securing access to financing sources at reasonable costs.

The Group regularly reviews and manages its capital structure under the policy of prudent financial management. The Group maintains a financially sound capital position and, where appropriate, makes adjustments to its capital structure in the light of remarkable changes in the financial and capital markets and in economic conditions.

The Group monitors its capital structure on the basis of gearing ratio, which is one of the most commonly adopted measurement standards for capital management by companies engaged in investments in infrastructure projects. Gearing ratio is calculated based on the net bank borrowings and shareholders' funds of the Group at the balance sheet date. At 30 June 2008, the Group maintained net cash and bank balances (after deducting the Group's total bank borrowings of HK\$40 million (2007: HK\$29 million)) of HK\$796 million (2007: HK\$3,655 million) and therefore the Group's gearing ratio was Nil (2007: Nil).

Neither the Company nor any of its other subsidiaries are subject to externally imposed capital requirements during the year and at 30 June 2008.
