## Directors' Business Review

*(In this review, all the "\$" refer to the legal currency of the United States of America, unless specify otherwise)*

For the year ended 31 December 2008, the Group's turnover was \$53.77 million, an increase of \$11.93 million, or 28.5%, as compared to \$41.84 million for the previous year. The net loss attributable to shareholders was \$98.30 million, or \$0.9 cents per share, as compared to net loss of \$29.66 million, or \$0.55 cents per share, for the year of 2007. On the balance sheet, at the year end, the total assets of the Group were \$197.94 million, as compared \$309.41 million at 31 December 2007, and the net assets of the Group at 31 December 2008 were \$215.85 million, as compared \$293.87 million at 31 December 2007.

### BUSINESS OVERVIEW

The Group has two principal lines of business. The first line of business is to develop, explore and produce crude oil and mining, such as graphite, in Asian countries. The second line of business is to provide electronic manufacturing services in the United Kingdom.

Through its wholly-owned subsidiary, Kalrez Petroleum (Seram) Limited, the Company operates oilfields in Indonesia under the Bula Petroleum Production Sharing Contract ("Bula PSC"), which the Group entered into with BPMIGAS, Department of Petroleum of Indonesia, on 22 May 2000. The Bula PSC will expire in 2019.

Through its 70.5% owned subsidiary, Heilongjiang Beifang Graphite Co., Ltd., the Company is engaged in the business of exploration, production and sale of graphite products in Luobei, Heilongjiang Province of China. The Company has five product lines producing all kinds of quality graphite products to meet different market requirements.

Through its wholly owned subsidiary Axiom Manufacturing Services Ltd. ("Axiom") in the United Kingdom, the Company provides electronics manufacturing services in the business-to-business or business-to-industry sectors and to original equipment manufacturers in the following market sectors:

- Medical devices
- Industrial control equipment
- Domestic appliances
- Computer and related products
- Testing and instrumentation products
- Ministry of Defense products

As a result of efficiently managing costs and assets, Axiom is able to offer its customers an outsourcing solution that represents a lower total cost of acquisition than that typically provided by the OEM's own manufacturing operation. OEMs sign contracts with Axiom to build their products or to obtain services related to product development and prototyping, volume manufacturing or aftermarket support.

In many cases Axiom builds products that carry the brand name of its customers and substantially all of Axiom's manufacturing services are provided on a turnkey basis whereby the Company purchases customer-specific components from suppliers, assembles the components onto printed circuit boards, performs post production testing and provide the customer with production process and test documentation. Axiom also provides manufacturing services on a consignment basis whereby material is provided by the customer for Axiom to build into finished printed circuit boards or products. Axiom offers its customers flexible just-in-time delivery programs, which allow product shipments to be closely coordinated with the customers' inventory requirements. Additionally Axiom completes the assembly of final products for its customers by integrating the manufactured printed circuit boards into the customers' finished products. Most of Axiom's customers are located within the United Kingdom.

## Directors' Business Review (continued)

### RESULTS OF OPERATIONS

For the year ended 31 December 2008, the Group's turnover was \$53.77 million, representing an increase of \$11.93 million, or 28.5%, as compared to \$41.84 million for the year of 2007. During the year, the turnover of the Group's crude oil operation was \$17.23 million, an increase of \$9.84 million, or 136%, as compared to \$7.31 million of 2007. For the year the Group's graphite operation generated revenues of \$5.96 million. The turnover of the Group's electronics manufacturing service operation in 2008 was \$30.55 million, a decrease of \$3.89 million, or 11.2%, as compared to \$34.44 million for the year of 2007.

For the year ended 31 December 2008, the Group's had net loss of \$98.30 million, or \$0.90 cents per share, as compared to net loss of \$29.63 million, or \$0.55 cents per share for the last year. The loss in 2008 was largely due to written off of certain assets as a result of falling crude oil prices and worldwide financial crisis, such as approximately \$77 million was results of written off exploratory dry hole costs, approximately \$1.8 million was a result of an increase in oil revenue tax levied by the Indonesian government, approximately \$12.3 million was due to unrealised loss in trading securities and approximately \$7.6 million impairment of other receivable.

### LIQUIDITY AND CAPITAL RESOURCES

The Group's operations are primarily funded by cash flows from its operations, and to a certain extent, from issuance of the Company's ordinary shares.

At 31 December 2008, the Group's cash and cash equivalents were \$46.40 million, as compared to \$90.52 million as at 31 December 2007. For the year ended 31 December 2008, the Group's operating activities used net cash of \$25.25 million. During the same period, the Group's investing activities used net cash of \$20.33 million, primarily attributable to increase in additions to oil properties of \$15.07 million. For the year ended 31 December 2008, the Group's financing activities used net cash of \$1.97 million.

At 31 December 2008, the Group had no contingent liabilities. The Group believes that its cash balance and the cash generated from operations are adequate to meet its operating expenses and capital expenditure for the next twelve months. However, the Group's continuing operating and investing activities may require it to obtain additional sources of financing. In that case, the Group may seek financing from institutional investors, banks, or other sources of financing. There can be no assurance that any necessary additional financing will be available to the Group at that time.

### OFF BALANCE SHEET ARRANGEMENTS

At 31 December 2008, the Company had no off balance sheet arrangements.

### MAJOR CUSTOMERS AND SUPPLIERS

During the year, the Group's purchases from the five largest suppliers accounted for approximately 41.26% of the Group's total purchases and purchases from the largest supplier included therein accounted for approximately 17.78% of the Group's total purchases.

During the year, the Group's sales to the five largest customers accounted for approximately 68.54% of the Group's total turnover and sales to the largest customer included therein accounted for approximately 32.05% of the Group's total sales.

None of the Company's directors, their associates, or any shareholder (which to the knowledge of the directors owns more than 5% of the Company's share capital) had any interest in the Group's five largest customers in 2008 and 2007.

## Directors' Business Review (continued)

### EMPLOYEES AND REMUNERATION POLICIES

At 31 December 2008, the Group had a total of approximately 571 full-time employees in Indonesia, the United Kingdom, Mainland China and Hong Kong. The Group believes that its relationship with its employees is satisfactory.

The remuneration of each employee of the Group is determined on the basis of his or her performance and responsibility.

### MATERIAL UNCERTAINTIES

There are no material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

### FOREIGN EXCHANGE EXPOSURE

The Group's principal operating subsidiaries earn revenues and incur costs in US dollars, Renminbi and British pounds, respectively. The Group will continue to monitor the risk of foreign exchange fluctuation on the Group's results of operations, financial conditions and cash flows.

### LEGAL PROCEEDINGS

The Group is not a party to any material legal proceedings.

### REVIEW BY THE AUDIT COMMITTEE

The financial results of the Company and its subsidiaries for the year ended 31 December 2008 have been reviewed by the Audit Committee of the Board of the Directors.

As of the date of this Report, the Audit Committee consists of the following independent non-executive directors: Mr. Ho Choi Chiu (Chairman), Mr. Lu Ren Jie, and Mr. Chai Woon Chew.

**Lee Sin Pyung**

## Corporate Governance Report

### CORPORATE GOVERNANCE PRACTICE

The Company is firmly committed to maintaining statutory and regulatory standards and adherence to the principles of corporate governance emphasizing transparency, independence, accountability, responsibility and fairness. The Board has adopted the Code on Corporate Governance Practices (the "Code") contained in Appendix 14 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited as its own Code on Corporate Governance Practices.

Throughout the year ended 31 December 2008, the Company was in compliance with the Code of Corporate Governance Practices, save for a deviation from code provision A.4.1 of the Code in respect of the service term of independent non-executive directors.

Under code provision A.4.1 of the Code, Non-Executive Directors (including independent non-executive directors) shall be appointed for a specific term and subject to re-election. None of the Company's existing Independent Non-Executive Directors was appointed for a specific term. This constitutes a deviation from code provision A.4.1 of the Code. However, all Independent Non-Executive Directors are subject to retirement by rotation and re-election at the annual general meeting of the Company in accordance with the provisions of the Company's Articles of Association.

In addition to complying with applicable statutory requirements, the Board of the Directors of the Company expects continually reviewing and enhancing its corporate governance practices in light of local and international best practices.

### BOARD OF DIRECTORS

The Board of Directors of the Company determines the overall strategies, monitors and controls operating and financial performance and set appropriate policies to manage risks in pursuit of the Group's strategic objectives. Day-to-day management of the Company's business is delegated to the executive directors or officers in charge. The functions and power that are so delegated are reviewed periodically by the Board to ensure that they remain appropriate.

Matters reserved for the Board of Directors are those affecting the Group's overall strategic policies, finances and shareholders, including financial statements, dividend policy, significant changes in accounting policies, material contracts and major investments. All board members have separate and independent access to the Group's senior management to fulfill their duties. They also have full and timely access to relevant information about the Group and are kept abreast of the conduct, business activities and development of the Group. Independent professional advice can be sought at the Group's expense upon the directors' requests.

## Corporate Governance Report (continued)

The Board currently consists of three executive directors and three independent non-executive directors:

### **Executive Directors:**

Mr. Zhou Ling – *Chairman*

Ms. Lee Sin Pyung – *Managing Director*

Ms. Sit Mei

### **Independent Non-executive Directors:**

Mr. Lu Ren Jie

Mr. Chai Woon Chew

Mr. Ho Choi Chiu

The Company Secretary is responsible for taking minutes of the Board meetings and draft of which will be circulated to all directors for their review, comments and approval after the meetings. The minute books are kept at the registered office of the Company and will be opened for inspection by the directors upon request. All Directors have access to the advice and service of the Company Secretary who is responsible to the Board for ensuring that the procedures are followed and that all applicable laws and regulations are complied with.

All Directors, other than three Executive Directors, are non-executive and independent of Management. The Board includes three active independent non-executive directors to whom shareholders concerns can be conveyed. The Non-Executive Directors may also bring a wide range of business and financial experience to the Board, which contributes to the effective direction of the Group.

Under the Company's Articles of Association, every Director is subject to retirement by rotation at least once every three years. One-third of the Directors must retire from office at each annual general meeting and their re-election is subject to a vote of shareholders.

The details of all Directors, including Chairman, Executive Directors and Independent Non-Executive Directors are given on page 8 of the Company's Report of the Directors.

There was no financial, business, family or other material or relevant relationships among members of the Company's Board of Directors.

During the year ended 31 December 2008, the Board at all times fulfilled the requirements of the Listing Rules relating to the appointment of at least three independent Non-Executive Directors.

Directors ensure that they can give sufficient time and attention to the affairs of the Company. Directors have disclosed to the Company the number and nature of offices held in public companies or organizations and other significant commitments, with the identity of the public companies or organizations and an indication of the time involved.

## Corporate Governance Report (continued)

### ATTENDANCE RECORD AT BOARD MEETINGS

During the year ended 31 December 2008, four Board meetings were held. All Directors are given an opportunity to include any matter in the agenda for regular Board meetings and are given sufficient time to review the documents and information to be discussed in Board meeting in advance. The following table sets out the details of Directors' attendance at the annual general meeting ("AGM"), board and board committee meetings held in 2008:

Directors	Board Meeting	Audit Committee Meeting	Remuneration Committee Meeting	AGM
Mr. Zhou Ling	4	N/A	N/A	1
Ms. Lee Sin Pyung	4	N/A	N/A	1
Ms. Sit Mei	4	N/A	N/A	1
Mr. Lu Ren Jie	4	2	–	–
Mr. Chai Woon Chew	3	2	–	–
Mr. Ho Choi Chiu	3	2	–	1

### CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Code A.2.1 stipulates that the responsibilities between the chairman and chief executive officer should be divided. The Chairman of the Board of the Directors of the Company is Mr. Zhou Lin, and the Managing Director is Ms. Lee Sin Pyung, who is the Chief Executive Officer as described in Appendix 14 of the Listing Rules. The Chairman's and the Managing Director's roles are clearly defined to ensure the independence, accountability and responsibility.

The Chairman takes the lead in formulating overall strategies and policies of the Company; ensures the effective performance by the Board of its functions, including compliance with good corporate governance practices; and encourages and facilitates active contribution of Directors in Board activities and constructive relations between Executive and Non-Executive Directors. The Chairman also ensures effective communication with shareholders of the Company and receipt by the Directors of adequate and complete information.

The Managing Director, supported by other Board members and the senior management, is responsible for the day-to-day business of the Company. The Managing Director is also accountable to the board for the implementation of the Company's overall strategies, and coordination of overall business operations.

### INDEPENDENT NON-EXECUTIVE DIRECTORS

Pursuant to Rules 3.10(1) and 3.10(2) of the Listing Rules, the Company has appointed three Independent Non-Executive Directors. Independent Non-Executive Directors are expected to participate in the activities of the board, particularly in the establishment of a selection process to ensure a mix of competent directors and officers; adoption of a system of internal check and balances; scrutiny of the Company's performance in achieving agreed corporate goals and objectives; and ensuring that exercise of the Board authority is within the powers conferred to the board under its Articles of Association and applicable laws, rules and regulations.

The Company has received, from each of the Independent Non-Executive Directors, annual confirmation of his/her independence pursuant to Rule 3.13 of the Listing Rules. The Company considers that all the Independent Non-Executive Directors are independent.

## Corporate Governance Report (continued)

### APPOINTMENT, RE-ELECTION AND REMOVAL OF DIRECTORS

Code provision A.4.1 stipulates that non-executive directors should be appointed for a specific term and subject to re-election. Non-executive directors of the Company are not appointed for a specific term but they are subject to the retirement by rotation at least once every three years in accordance with the Articles of Association of the Company. A retiring director is eligible for re-election.

Currently the Company has no Nomination Committee. Directors are responsible for making recommendations to the board for consideration and approval on nominations, appointment of directors, with a view to appoint to the board individuals with those experienced, high caliber individuals. The board formulates the policy, reviews the size, structure and composition of the board, and assesses the independence of its independent non-executive directors in accordance with the criteria prescribed under the Listing Rules and the Code.

### BOARD COMMITTEES

The board has established two committees under the board, namely Audit Committee and Remuneration Committee to oversee different aspects of the Group's affairs and to assist in the execution of the board's responsibilities.

### AUDIT COMMITTEE

The Company formulated written terms of reference for the Audit Committee in accordance with the requirements of the Stock Exchange. The Audit Committee consists of all the independent non-executive directors.

For the year ended 31 December 2008, the members of the Audit Committee consisted of:

Mr. Ho Choi Chiu, Mr. Lu Ren Jie and Mr. Chai Woon Chew. The major roles and functions of the Audit Committee are as follows:

- To be primarily responsible for making recommendation to the Board on the appointment, re-appointment and removal of external auditors, and to approve the remuneration and terms of engagement of the external auditors, and any issue in relation to the resignation or dismissal of such auditors;
- To review and monitor the external auditors' independence and objectivity and the effectiveness of the audit process in accordance with applicable standards;
- To monitor integrity of financial statements of the Company and the Company's annual report and accounts and interim reports, and to review significant financial reporting judgments contained in them. In this regard, in reviewing the Company's annual report and accounts and half-year reports before submission to the Board, focusing particularly on any significant adjustments resulting from the audit; compliance with accounting standards and compliance with the Listing Rules and other legal requirements in relation to financial reporting;
- To review the Company's financial controls, internal control and risk management systems;
- To discuss with the management the system of internal control and ensure that management has discharged its duty to have an effective internal control system;
- To consider any findings or major investigations of internal control matters as delegated by the Board or its own initiative and management response;

## Corporate Governance Report (continued)

- Where an internal audit function exists, to ensure co-ordination between the internal and external auditors, and to ensure that the internal audit function is adequately resourced and has appropriate standing within the Company, and to review and monitor the effectiveness of the internal audit function;
- To review the Group's financial and accounting policies and practices;
- To review the external auditors' management letter, any material queries raised by the auditors to management in respect of the accounting records, financial accounts or systems of control and management's response; and
- To ensure that the Board will provide a timely response to the issues raised in the external auditors' management letter.

The Audit Committee held four meetings in 2008. Each committee meeting has been supplied with the necessary financial information of the Group for members to consider, review and address significant issues arising from the work conducted.

During the year under review, the Audit Committee had performed the following work:

- Reviewed the annual results for the year ended 31 December 2008 and the interim results for the six months ended 30 June 2008;
- Discussed with the management of the Company over the completeness, fairness and adequacy of accounting standards and policies of the Group in the preparation of the 2008 interim and annual financial statements;
- Reviewed and discussed with the external auditors over the financial reporting of the Company;
- Recommended to the Board, for the approval by shareholders, of the reappointment of the auditors; and
- Reviewed the internal control procedures of the Group.

Based on these reviews and discussions, and the report of the external auditors, the Audit Committee recommended to the Board of Directors approval of the consolidated financial statements for the year ended 31 December 2008 with the Auditors' Report thereon.

The Committee recommended to the Board that the shareholders be asked to re-appoint JP Union & Co., Certified Public Accountants, as the Company's external auditors for 2009.

## Corporate Governance Report (continued)

### REMUNERATION COMMITTEE

The Company formulated written terms of reference for the Remuneration Committee in accordance with requirements of the Stock Exchange. The Remuneration Committee consists of three independent non-executive directors. During the year, the members of the Remuneration Committee were:

Mr. Lu Ren Jie  
Mr. Chai Woon Chew  
Mr. Ho Choi Chiu

The major roles and functions of the Company's Remuneration Committee are, but not limited to, as follows:

- To make recommendation to the Board on matters relating to the Company's policy and structure for the remuneration of the Directors and senior management and on the establishment of a formal and transparent procedure for developing policy on such remuneration;
- To have the delegated responsibility to determine the specific remuneration packages of all executive Directors and senior management, and make recommendations to the Board of the remuneration of non-executive Directors. The Committee should consider factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors, employment conditions elsewhere in the Group and desirability of performance-based remuneration;
- To review and approve performance-based remuneration by reference to corporate goals and objectives resolved by the Board from time to time;
- To review and approve compensation arrangements relating to dismissal or removal of Directors for misconduct to ensure that such arrangements are determined in accordance with relevant contractual terms and that any compensation payment is otherwise reasonable and appropriate;
- To ensure that no director or any of his associates is involved in deciding his own remuneration; and
- To form a view in respect of service contracts that require shareholders' approval and advise shareholders (other than shareholders who are Directors with a material interest in the service contracts and their associates) as to whether the terms are fair and reasonable, to advise whether such contracts are in the interests of the Company and its shareholders as a whole, and advise shareholders on how to vote.

## Corporate Governance Report (continued)

### DIRECTORS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Companies Ordinance requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the Group as at the end of the financial year and of their respective profit or loss for the year then ended. In preparing the financial statements, the directors are required to select suitable accounting policies and apply them on a consistent basis, making judgments and estimates that are prudent, fair and reasonable; state the reasons for any significant departure from accounting standards; prepare the financial statements on the going concern basis, unless it is not appropriate to presume that the Company and the Group will continue in business for the foreseeable future.

The directors are responsible for keeping proper accounting records, for safeguarding the assets of the Company and of the Group and taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors confirm that, to the best of their knowledge, information and belief, having made all reasonable enquiries, they are not aware of any matters uncertainly relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

### COMPLIANCE OF THE MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Companies (the "Model Code") contained in Appendix 10 of the Listing Rules. All directors have confirmed that, following specific enquiry by the Company, they complied with the required standard as set out in the Model Code throughout the year of 2008.

Directors are required to declare their direct or indirect interests, if any, in any proposals or transactions to be considered by the board of directors at board meetings and withdraw from the meetings as appropriate. At each financial reporting period, the Company seeks confirmation from directors in respect of any transactions of the Company or its subsidiaries that are related to Directors or their associates.

At 31 December 2008, the directors of the Company held following long position in the ordinary share of the Company:

Name	Number of Ordinary Shares held		Approximate % of shareholding
	Personal Interests	Corporate Interests	
Zhou Ling	–	32,000,000	0.29%

Save as disclosed above, as at 31 December 2008, none of the directors and executive officers of the Company and their respective associates had any interest or short position in the shares, underlying shares and debentures of the Company or any of its associated corporations that were required, pursuant to Section 352 of the Securities and Futures Ordinance ("SFO"), to be entered in the register referred to therein or which were required, pursuant to the Model Code contained in the Listing Rules, to be notified to the Company and the Stock Exchange.

All directors have confirmed that throughout the year ended 31 December 2008 they complied with the required standard set out in the Model Code.

### REMUNERATION OF DIRECTORS

Remuneration Committee of the Board of Directors comprises three Independent Non-Executive Directors. The Committee was set up to review and approve the remuneration packages of the Directors.

The main elements of the Company's remuneration policies are:

- No individual should determine his or her own remuneration;
- Remuneration should be broadly aligned with companies with whom the Company competes for human resources; and
- Remuneration should reflect performance, complexity and responsibility with a view to attracting, motivating and retaining high performing individuals and promoting the enhancement of the value of the Company to its shareholders.

### NON-EXECUTIVE DIRECTORS' REMUNERATION

The role of non-executive directors has become more complex and demanding due to regulatory changes and the increasing part they play in the governance of listed companies. The Company believes that the level of remuneration for any particular Non-Executive Directors should reflect the likely workload, the scale and complexity of the business and the responsibility involved.

Non-Executive Directors of the Company are paid fees in line with market practice. Executive Directors serving on the board and board committees are not entitled to any directors' fees. The Non-Executive Directors of the Company received no other compensation from the Company except for the fees disclosed above.

### EXECUTIVE DIRECTORS' REMUNERATION

In determining the remuneration of Executive Directors, the remuneration data of comparable positions in the market, including local and regional companies of comparable size, complexity and business scope, are referenced.

The remuneration paid to the Executive Directors of the Company in 2008 was as below:

Name of Executive Directors	Compensation Per Annum US\$'000
Mr. Zhou Ling	79
Ms. Lee Sin Pyung	55
Ms. Sit Mei	61

No Executive Directors has a service contract with the Company or any of its subsidiaries with a notice period in excess of one year or with provisions for predetermined compensation on termination that exceeds one year's salary and benefits in kind.

### AUDITORS' REMUNERATION

Prior to 10 December 2007, the Company's independent auditors were J K. M. Choi & Au Yeung Limited, and since 7 January 2008, the Company's independent auditors have been JP Union & Co. In order to maintain their independence, the Company's independent auditors will not be employed for non-audit work unless it is permissible under the Listing Rules of the Hong Kong Stock Exchange and have been pre-approved by the Audit Committee of the Company.

The following is a summary of the fees billed to us by our principal independent auditors during the financial years ended 31 December 2008 and 2007:

Fee Category	2008 US\$'000	2007 US\$'000
Audit fees	142	168
Other services	30	12

The Audit Committee has resolved the re-appointment of JP Union & Co for statutory audits for the financial year 2009. This resolution has been approved by the board of directors and is subject to final approval and authorization by the shareholders at the 2009 annual general meeting.

### INTERNAL CONTROLS

The Board has overall responsibility for maintaining a proper and effective system of internal control of the Group. The internal control system includes safeguard of the interest of shareholders and the Group's assets. The Board has delegated to management the implementation of all relevant financial, operational, compliance controls and risk management function without a defined framework. During the year ended 31 December 2008, the Board has conducted a review of the system of internal control to ensure the effectiveness and adequacy of the system. No significant areas of concern that might affect shareholders were identified. The Board shall conduct such review at least once annually.

### FINANCIAL REPORTING

The directors acknowledge their responsibility for preparing all information and representations contained in the financial statements of the Company for the year under review. The directors consider that the financial statements have been prepared in conformity with the generally accepted accounting standards published by the Hong Kong Institute of Certified Public Accountants, and reflect amounts that are based on the best estimates and reasonable, informed and prudent judgment of the board and management with an appropriate consideration to materiality. As at 31 December 2008, the directors, having made appropriate enquiries, are not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company's ability to continue as a going concern. Accordingly, the directors have prepared the financial statements of the Company on a going concern basis.

## Corporate Governance Report (continued)

In 2008, the Company adopted some new and revised Hong Kong Financial Reporting Standards, including Hong Kong Accounting Standards and applicable Interpretations which came into effect on 1 January 2008. They are set out in the Significant Accounting Policies of the Notes to the Accounts on page 32.

The responsibilities of the external auditors with respect to financial reporting are set out in the Report of the Auditors on pages 21 to 22.

### COMMUNICATIONS WITH SHAREHOLDERS AND INVESTORS

The Board recognizes the importance of good communications with all shareholders. The Company's annual general meeting is a valuable forum for the Board to communicate directly with the shareholders. Mr. Zhou Ling, the chairman of the Board and Mr. Ho Choi Chiu, the chairman of the Audit and Remuneration Committees together with the external auditors attended the 2008 annual general meeting of the Company to answer shareholders' questions. The annual report together with the annual general meeting notice are distributed to all the shareholders at least 20 clear business days before the annual general meeting.

By Order of the Board

## Independent Auditors' Report

中順聯合會計師事務所

JP UNION & CO., Certified Public Accountants

### TO THE SHAREHOLDERS OF SOUTH SEA PETROLEUM HOLDINGS LIMITED

*(incorporated in Hong Kong with limited liability)*

We have audited the consolidated financial statements of South Sea Petroleum Holdings Limited (the "Company") set out on pages 23 to 69, which comprise the consolidated and Company balance sheets as at 31 December 2008, the consolidated income statement, consolidated statement of changes in equity and consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

### DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation and the true and fair presentation of these financial statements in accordance with the Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants (HKICPA) and the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

### AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. This report is made solely to you, as a body, in accordance with section 141 of the Hong Kong Companies Ordinance for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of the report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the HKICPA. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Independent Auditors' Report

### OPINION

In our opinion, the consolidated financial statements gives a true and fair view of the state of the affairs of the Company and of the Group as at 31 December 2008 and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

## Notes to Financial Statements

### 1. CORPORATE INFORMATION

The Company was incorporated in Hong Kong with limited liability. Its principal place of business is situated at Room 6605, 66/F, The Centre, 99 Queen's Road Central, Hong Kong. The Company's Securities are listed on the Stock Exchange of Hong Kong Limited for trading (Stock Code: 76).

The Group has two principal lines of business. The first line of business is to develop, explore and produce crude oil and mining, such as graphite, in Asian countries. The second line of business is to provide electronic manufacturing services in the United Kingdom.

Through its wholly-owned subsidiary, Kalrez Petroleum (Seram) Limited, the Company operates oilfields in Indonesia under the Bula Petroleum Production Sharing Contract ("Bula PSC"), which the Group entered into with BPMIGAS, Department of Petroleum of Indonesia, on 22 May 2000. The Bula PSC will expire in 2019.

Through its 70.5% owned subsidiary, Heilongjiang Beifang Graphite Co., Ltd., the Company is engaged in the business of exploration, production and sale of graphite products in Luobei, Heilongjiang Province of China. The Company has five product lines producing all kinds of quality graphite products to meet different market requirements.

Through its wholly owned subsidiary Axiom Manufacturing Services Ltd. ("Axiom") in the United Kingdom, the Company provides electronics manufacturing services in the business-to-business or business-to-industry sectors and to original equipment manufacturers in the following market sectors:

- Medical devices
- Industrial control equipment
- Domestic appliances
- Computer and related products
- Testing and instrumentation products
- Ministry of Defense products

As a result of efficiently managing costs and assets, Axiom is able to offer its customers an outsourcing solution that represents a lower total cost of acquisition than that typically provided by the OEM's own manufacturing operation. OEMs sign contracts with Axiom to build their products or to obtain services related to product development and prototyping, volume manufacturing or aftermarket support.

In many cases Axiom builds products that carry the brand name of its customers and substantially all of Axiom's manufacturing services are provided on a turnkey basis whereby the Company purchases customer-specific components from suppliers, assembles the components onto printed circuit boards, performs post production testing and provide the customer with production process and test documentation. Axiom also provides manufacturing services on a consignment basis whereby material is provided by the customer for Axiom to build into finished printed circuit boards or products. Axiom offers its customers flexible just-in-time delivery programs, which allow product shipments to be closely coordinated with the customers' inventory requirements. Additionally Axiom completes the assembly of final products for its customers by integrating the manufactured printed circuit boards into the customers' finished products. Most of Axiom's customers are located within the United Kingdom.

## Notes to Financial Statements (continued)

### 2. BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which also include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). In addition, these financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited and by the Hong Kong Companies Ordinance.

The measurement basis in the preparation of the financial statements is historical cost, except for the measurement of land and buildings, investment properties and certain financial instrument, which are measured at revalued amount or fair values, as explained in the accounting policies set out below.

The preparation of the consolidated financial statements in conformity with HKFRSs requires the use of certain key assumptions and estimates. It also requires the directors to exercise its judgements in the process of applying the accounting policies. The areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 5 to the financial statements.

#### **Basis of Consolidation**

The consolidated financial statements include the financial statements of the Company and its subsidiaries for the year ended 31 December 2008. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All significant intercompany transactions and balances within the Group are eliminated on consolidation.

Minority interests represent the interests of outside shareholders not held by the Group in the results and net assets of the Company’s subsidiaries. An acquisition of minority interests is accounted for using the entity concept method whereby the difference between the consideration and the book value of the share of the net assets acquired is dealt with in equity directly.

## Notes to Financial Statements (continued)

### 3. APPLICATION OF NEW AND REVISED HKFRSS

The Group adopted the following new and revised HKFRSS that are effective or available for early adoption for accounting periods beginning on or after 1 January 2008.

HKAS 39 & HKFRS 7 (Amendments)	Reclassification of Financial Assets
HK(IFRIC)-Int 11	HKFRS 2: Group and Treasury Share Transactions
HK(IFRIC)-Int 12	Service Concession Arrangements
HK(IFRIC)-Int 14	HKAS 19: The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction

The adoption of the above new and revised HKFRSSs has no material impact on the financial statements.

The Group has not early adopted the new and revised standards, amendments or interpretations that have been issued but not yet effective during the year. The Group is in the process of assessment of the impact of these amendments to the Group.

### 4. SIGNIFICANT ACCOUNTING POLICIES

#### Subsidiaries

A subsidiary is an entity whose financial and operating policies the Company controls, directly or indirectly, so as to obtain benefits from its activities.

The results of subsidiaries are included in the Company's income statement to the extent of dividends received and receivable. The Company's investments in subsidiaries are stated at cost less any impairment losses.

#### Goodwill

Goodwill represents the excess of cost of acquisition over the fair value of the Group's share of net identifiable assets of the acquired subsidiary at the date of acquisition.

Goodwill is tested annually for impairment and is carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity being sold.

For the purpose of impairment testing, goodwill is allocated to cash-generating units that are expected to benefit from the business combination in which the goodwill arose.

Any excess of the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the cost of business combination is recognised immediately in profit or loss.

## Notes to Financial Statements (continued)

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Oil properties**

The successful efforts method of accounting is followed for oil exploration and development costs. The initial acquisition costs of oil properties and the costs of drilling and equipping successful exploratory wells are capitalised. Impairment of initial acquisition costs is recognised based on exploratory experience and management judgment. Exploratory drilling costs are capitalised pending determination of proven reserves. The costs of exploration wells classified as unsuccessful and all other exploration costs, as incurred, are charged to the income statement. All development costs are capitalised. Maintenance and repairs are charged to the income statement while renewals and betterments, which extend the economic lives of assets, are capitalised.

#### **Depreciation, depletion and amortisation of oil properties**

The capitalised costs of proven oil properties, plant and equipment are depleted/depreciated using the unit of production method based on estimated proven oil reserves.

The capitalised costs of significant unproven oil properties are assessed regularly to determine whether an impairment in value has occurred, in which case such amount is charged to the income statement.

#### **Land and buildings**

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the consolidated balance sheet at their revalued amount, being the fair value at the date of revaluation less any subsequent accumulated depreciation and impairment losses. Revaluations are performed by qualified valuers with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using fair values at the balance sheet date.

Any revaluation increase arising on revaluation of land and buildings is credited to the revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised as an expense, in which case the increase is credited to the consolidated income statement to the extent of the decrease previously charged. A decrease in net carrying amount arising on revaluation of an asset is dealt with as an expense to the extent that it exceeds the balance, if any, on the revaluation reserve relating to a previous revaluation of that asset.

#### **Investment properties**

Investment properties are land and buildings which are owned or held under a leasehold interest to earn rental income and/or for capital appreciation. They are stated in the consolidated balance sheet at fair value. Any gain or loss arising from a change in fair value or from the retirement or disposal of an investment property is recognized in profit or loss.

#### **Fixed assets and depreciation**

Fixed assets other than oil properties, freehold land and investment properties are stated at cost less accumulated depreciation and impairment loss, if applicable. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the fixed assets have been put into operation, such as repairs and maintenance, is normally charged to the income statement in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the fixed asset, the expenditure is capitalised as an additional cost of that asset.

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Fixed assets and depreciation (Continued)

Depreciation is calculated on the straight-line basis to write off the cost of each asset over its estimated useful life. The principal annual rates used for this purpose are as follows:

Freehold land	Nil
Buildings	10 to 36 years
Machinery and equipment	10% – 20%
Furniture, fittings and computer	14% – 50%
Motor vehicles	10 – 30%

An item of fixed asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the consolidated income statement in the year in which the item is derecognised.

#### Construction in progress

Construction in progress includes fixed assets in the course of construction for production or for its own use purposes. Construction in progress is carried at cost less any recognised impairment loss. Construction in progress is classified to the appropriate category of fixed assets when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended uses.

#### Investments and other financial assets

Financial assets in the scope of HKAS 39 are classified as financial assets at fair value through profit or loss, loans and receivables, and available-for-sale financial assets, as appropriate. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs.

The Group determines the classification of its financial assets after initial recognition and, where allowed and appropriate, re-evaluates this designation at the balance sheet date.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

#### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term.

Gains or losses on investments held for trading are recognised in profit or loss. The net fair value gain or loss recognised in the profit or loss does not include any dividends on these financial assets, which are recognised in accordance with the policy set out for "Revenue recognition" below.

## Notes to Financial Statements (continued)

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are subsequently carried at amortised cost using the effective interest method less any allowance for impairment. Amortised cost is calculated taking into account any discount or premium on acquisition and includes fees that are an integral part of the effective interest rate and transaction costs. Gains and losses are recognised in the income statement when the loans and receivables are derecognised or impaired, as well as through the amortisation process.

#### Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets in listed and unlisted equity securities that are designated as available for sale or are not classified in any of the other two categories. After initial recognition, available-for-sale financial assets are measured at fair value, with gains or losses recognised as a separate component of equity until the investment is derecognised or until the investment is determined to be impaired, at which time the cumulative gain or loss previously reported in equity are included in the income statement. Interest and dividends earned are reported as interest income and dividend income, respectively and are recognised in income statement as "Other income" in accordance with the policies set out for "Revenue recognition" below. Losses arising from the impairment of such investments are recognised in the income statement as "Impairment losses on available-for-sale financial assets" and are transferred from the available-for-sale investment revaluation reserve.

#### Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

##### (i) *The Group as lessor*

Amounts due from lessees under finance leases are recorded as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised in the consolidated income statement on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

##### (ii) *The Group as lessee*

Assets held under finance leases are recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on borrowing costs (see below).

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease. Benefits received and receivable as an incentive to enter into an operating lease are recognised as a reduction of rental expense over the lease term on a straight-line basis.

## Notes to Financial Statements (continued)

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Impairment of tangible assets other than goodwill

At each balance sheet date, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount under another standard, in which case the impairment loss is treated as a revaluation decrease under that standard.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at a revalued amount under another standard, in which case the reversal of the impairment loss is treated as a revaluation increase under that standard.

#### Impairment of financial assets other than financial assets at fair value through profit or loss

For unquoted equity securities and current receivables carried at costs, the impairment loss is measured as the difference between the carrying amounts of the financial assets and the estimated future cash flow, discounted at the current market rate of return for a similar financial asset where the effect of discounting is material. Impairment losses for current receivables are reversed if in a subsequent period the amount of the impairment loss decreases. Impairment losses for equity securities are not reversed.

#### Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the first-in, first-out and weighted average method in different subsidiaries. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

#### Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods sold and services provided in the normal course of business, net of discounts and sales related taxes.

- (a) Revenue from sale of goods is recognised when the goods are delivered and title has passed.
- (b) Interest income is recognized as it accrues using the effective interest method.
- (c) Rental income is recognized on the straight-line basis over the lease terms.
- (d) Service income is recognized when services are rendered.
- (e) Dividend income from investments is recognized when the shareholders' rights to receive dividends have been established.

## Notes to Financial Statements (continued)

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Borrowing costs**

All borrowing costs are recognised as and included in finance costs in the consolidated income statement in the period in which they are incurred.

#### **Government grants**

Government grants are recognized in the balance sheet initially as deferred income when there is reasonable assurance that they will be received and that the Group will comply with the conditions attaching to them. Grants that compensate the Group for expenses incurred are recognized as revenue in the income statement on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the group for the cost of an asset are recognized in the income statement as revenue on a systematic basis over the useful life of the asset.

#### **Deferred income tax**

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. It is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred income tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

#### **Convertible debentures**

The component of convertible bonds that exhibits characteristics of a liability is recognised as a liability in the balance sheet, net of transaction costs. On issuance of convertible bonds, the fair value of the liability component is determined using a market rate for an equivalent non-convertible bonds; and this amount is carried as a long term liability on the amortised cost basis until extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in shareholders' equity, net of transaction costs. The carrying amount of the conversion option is not remeasured in subsequent years. Transaction costs are apportioned between the liability and equity components of the convertible bonds based on the allocation of proceeds to the liability and equity components when the instruments are first recognised.

If the conversion option of convertible bonds exhibits characteristics of an embedded derivative, it is separated from its liability component. On initial recognition, the derivative component of the convertible bonds is measured at fair value using the Black-Scholes model and presented as part of derivative financial instruments. Any excess of proceeds over the amount initially recognised as the derivative component is recognised as the liability component. Transaction costs are apportioned between the liability and derivative components of the convertible bonds based on the allocation of proceeds to the liability and derivative components when the instruments are initially recognised. The portion of the transaction costs relating to the liability component is recognised initially as part of the liability. The portion relating to the derivative component is recognised immediately in the income statement.

## Notes to Financial Statements (continued)

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Trade and other receivables

Trade and other receivables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade and other receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in the income statement.

#### Trade payable

Trade payables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### Foreign currency transactions

(i) *Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The Company's functional currency is Hong Kong Dollars. The Group's presentation currency of the financial statements is the United States Dollars, which is the functional currency of the Group's main operations, crude oil business.

(ii) *Transactions and balances*

Foreign currency transactions are translated into the functional currency at the applicable rates of exchange ruling at the transaction dates. Monetary assets and liabilities denominated in other currencies are translated at the rates ruling at the balance sheet date. All exchange differences are dealt with in the income statement.

(iii) *Group companies*

The results and financial position of all the Group's entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (a) Assets and liabilities for each balance sheet presented are translated at the closing rate of that balance sheet;
- (b) Income and expenses for each income statement are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (c) All resulting exchange differences are recognized as a separate component of equity.

#### Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, and it is probable that the Group will be required to settle that obligation. Provisions are measured at the directors' best estimate of the expenditure required to settle the obligation at the balance sheet date, and are discounted to present value where the effect is material.

## Notes to Financial Statements (continued)

### 4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Discontinued operations

A discontinued operation is a component of the Group's business, the operations and cash flows of which can be clearly distinguished from the rest of the Group and which represents a separate major line of business or geographical area of operations, or is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or is a subsidiary acquired exclusively with a view to resale.

Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier. It also occurs when the operation is abandoned.

Where an operation is classified as discontinued, a single amount is presented on the face of the income statement, which comprises:

- the post-tax profit or loss of the discontinued operation; and
- the post-tax gain or loss recognised on the measurement to fair value less costs to sell, or on the disposal, of the assets or disposal group constituting the discontinued operation.

#### Segmental reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and returns that are different from those of segments operating in other economic environment.

#### Employee benefits

##### *Salaries, bonus and leave entitlements*

Salaries, annual bonuses, paid annual leave, leave passage and the cost to the Group of non-monetary benefits are accrued in the year in which the associated services are rendered by employees of the Group. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

##### *Retirement benefits*

The Group has arranged in Hong Kong employees to join the Mandatory Provident Fund Scheme (the "MPF Scheme") established under the Mandatory Provident Fund Ordinance. Under the MPF Scheme, each of the Group (the "employer") and its employees makes monthly contributions to the Scheme at 5% of the employees' earnings as defined under the Mandatory Provident Fund Ordinance. The contributions from employer and each of the employees respectively are subject to a cap of HK\$1,000 per month and thereafter contributions are voluntary. The assets of the MPF Scheme are held separately from those of the Group and managed by an independent trustee.

The subsidiary in United Kingdom operates a defined contribution scheme for its employees. The assets of the scheme are held separately from those of the subsidiary. Contributions to defined contribution retirement schemes are charged to the income statement as incurred.

#### Cash equivalents

Cash equivalents comprise cash at banks and on hand, net of outstanding bank overdrafts, which are repayable on demand, and short term highly liquid investments which are readily convertible into known amounts of cash and which were within three months of maturity when acquired.

## Notes to Financial Statements (continued)

### 5. SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS

The Group makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

**(a) Impairment of receivables**

The ageing analysis of accounts and collectability of the accounts receivable are reviewed by the management during the year. A considerable amount of judgement is required in assessing the ultimate realization of these receivables, including the current creditworthiness and the past collection history of each customer. If the financial conditions of customers of the Group were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required.

**(b) Impairment of goodwill**

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value.

**(c) Impairment of available-for-sale investments**

The Group determines that the Available-for-sale investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolonged requires judgement. In making this judgement, the Group evaluates the financial health of the investee, industry and sector performance, changes in technology, and operational and financing cash flows. Any indication of deterioration of the above factors will affect the fair value.

**(d) Impairment of oil properties**

The Group reviews the carrying amounts of the oil properties to determine whether there is any indication that these assets have suffered an impairment loss. The determination involves management estimates and judgements as to the future crude oil price and production. Impairment of initial acquisition costs is recognised based on exploratory experience and management judgment.

### 16. FIXED ASSETS (Continued)

Investment properties of the Group are held on long lease situated outside Hong Kong. The freehold land and buildings are pledged to secure general banking facilities.

The Freehold land and buildings were revalued on 6 March 2009 on the basis of their open market value by Cookie & Arkwright, an independent firm of chartered surveyors. In the opinion of the directors, the carrying amount of the freehold land and buildings as at 31.12.2008 is not different materially from this valuation.

Had the Group's Freehold land and buildings been measured on a historical cost basis, their carrying amount would have been US\$4,953,000 (2007: US\$6,908,000).

The investment properties were revalued on 4 February 2009 on the basis of their open market value by Youlanda, an independent firm of chartered surveyors. The value is not different materially from the carrying amount at 31.12.2008 and no adjustment is made.

The net book value of plant and machinery held under finance leases of the Group was US\$1,323,000 (2007: US\$992,000).

On 2 June 2007, the Company entered into a subscription agreement with Great Wall Street, Inc. for an aggregate amount of US\$200,000,000 of Nil interest unlisted convertible debentures due June 2012 ("Debenture June 2012").

The Company will issue the portion of Debenture which is fully paid. The Debenture holder has right to convert the fully paid portion of Debenture into the Company's shares of US\$0.01 each at the conversion price, within the conversion period from the time of Debenture issued to the Maturity Date (1 June 2012) provided that the number of shares shall not exceed 6,000,000,000.

The conversion price shall be 98% of the average share price of five trading days immediately prior to the date of the Conversion Notice. If the conversion takes place within nine months after the Stock Exchange granting approval for listing of, and permission to deal in, the New Shares, then the Conversion Price shall be 96% of the average closing share price of five trading days immediately prior to the date of the Conversion Notice. The Debentures are redeemable at 100% of the principal amount on the Maturity Date.

During the year 2007, the Company issued the Debenture June 2012 for US\$141,596,000 and conversion right was exercised to convert all of the convertible debenture for 5,999,944,961 shares of US\$0.01 each.

Debenture 2010, Debenture March 2012 and Debenture June 2012 will not result in the exchange of a fixed number of shares of the Company. These Convertible Debentures do not contain equity component and must be separated into two component elements: a derivative component of the conversion option and the liability component of the straight debt element of the Convertible Debentures.

The fair values of these Convertible Debentures issued in 2007 were determined by independent professional valuations at the weighted average issue date and weighted average conversion date using the Black-Scholes Option Pricing Model. Their fair values at issue date are approximate to those at the conversion date. No profit or loss for the change in fair values on conversion is recognized.

### 30. CONVERTIBLE DEBENTURES (Continued)

The followings are the significant assumptions adopted in calculating the fair value of the Convertible Debentures:

- (i) Risk free rate of between 3.763% and 3.797% which was determined with reference to the yield of the Hong Kong Exchange Fund Notes.
- (ii) Expected life was estimated with reference to the historical Convertible Debentures granted by the Company.
- (iii) Volatility of between 15.12% and 287.695% which was determined based on the historical stock price of the Company under the same period as the expected life in (ii).
- (iv) The blockage discounts were derived from the put option with reference to "Banister Financial, Inc., Volume X, Number 3".

### 32. SHARE OPTION SCHEME

Pursuant to the share option scheme of the Company (the "Scheme") approved on 23 December 1998, which replaced the former share option scheme adopted since November 1989, the board of directors of the Company (the "Board") is authorised to grant options to any executive director or full time employee of the Group to subscribe for shares of the Company (the "Shares").

A summary of the principal terms of the Scheme is set out below:

**1. The Purpose**

The purpose of the Scheme is to provide incentive to the participants.

**2. The Participants**

The Board may, at its discretion offer any full time employee or executive director of the Company or any of its subsidiaries to take up options.

**3. Maximum number of Shares available for issue under the Scheme**

The total number of Shares in respect of which options may be granted (together with options exercised and options then outstanding) under the Scheme and any other scheme adopted by resolution of the Company in general meeting which provides for the acquisition of or subscription for Shares may not exceed 10 per cent of the issued share capital of the Company (excluding shares issued pursuant to the Scheme) from time to time.

**4. Maximum entitlement of each participant**

No option may be granted to any person which, if exercised in full, would result in the total number of Shares already issued and issuable to him or her under the Scheme exceeding 25 per cent of the aggregate number of Shares for the time being issued and issuable under the Scheme.

**5. Exercise period**

An option may be exercised in accordance with the terms of the Scheme at any time during the period commencing on the date of the grant of the option and expiring on a day to be determined by the Board, which shall be not later than the fifth anniversary of the date of grant of such option or 10 years from the date of adoption of the Scheme, whichever shall occur earlier.

**6. Payment on acceptance of option**

Options granted should be taken up at the amount of HK\$1 per option.

**7. Basis of determining the exercise price**

The exercise price will be determined by the Board in its absolute discretion and will not be less than the greater of (a) 80% of the average closing price of the Shares on the five trading days immediately preceding the offer of the options; and (b) the nominal value of the Shares.

**8. The remaining life of the Scheme**

The Scheme will remain in force for a period of 10 years commencing on 1 January 1999.

No share option was granted during the year.

### 39. FINANCIAL RISK MANAGEMENT

#### 39A Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The Group intends to use a combination of financial instruments to manage its financial risks.

The risk management of the Company, and its subsidiaries, are centralized at head office level in accordance with the Group's risk management policy. The Group identifies, evaluates and monitors financial risks closely with the Group's operating units. The Group has written policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and cash management.

#### (a) Foreign exchange risk

The Group's entities have only a small amount of sales that are denominated in currencies other than the functional currency of that group entities. Therefore, the Group is not exposed much to foreign exchange currency rise.

The Group's reporting currency is US dollar. Foreign currency exposures of the Group primarily arise from the Group's operations in China and United Kingdom, whose functional currency are Renminbi and Pound Sterling. Foreign exchange swaps or forward contract and foreign exchange option may be employed to minimise the net exposure to foreign currency fluctuations.

## Notes to Financial Statements (continued)

### 39. FINANCIAL RISK MANAGEMENT (Continued)

#### 39A Financial risk factors (Continued)

(b) *Interest rate risk*

The interest rate risk arises from debt borrowing. Borrowing issued at variable rates exposes the Group to cash flow interest rate risk while borrowing issued at fixed rates expose the Group to fair value interest rate risk.

(c) *Price risk*

Global Select Ltd., a wholly owned subsidiary of the Company, sells crude oil it produces in Indonesia to BP MIGAS, the national petroleum company of Indonesia, at market prices, which exposes the Group at price risk, if the crude oil price falls significantly. During the year of 2008, the crude oil price keeps increasing, and therefore, no measures have been taken. However, the Group intends to actively monitor and manage the crude oil price risk.

(d) *Other Price Risk*

The Group is exposed to equity price risk through its investment in listed equity securities. The management manage this exposure by maintaining a portfolio of investments with different risk and return profiles.

At 31 December 2008, it is estimated that an increase/decrease of 10% in market value of the trading securities, with all other variable held constant, loss for the year and the equity would decrease/increase by US\$1,138,000 (2007: US\$1,940,000).

(e) *Credit Risk*

The credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company and its operating subsidiaries have established the credit policy to limit the credit risk exposure. All receivables are due for settlement no more than 60 days after issue and collectability is reviewed on an ongoing basis.

(f) *Liquidity Risk*

Liquidity risk is prudently managed by maintaining sufficient amount of available committed credit facilities. In addition, the Group actively manages and extends its debt maturity profile to ensure that the Group's maturing debt each year will not exceed the anticipated cash flow and the Group's ability to refinance the debt in that year.

The contractual maturity of the obligation under finance lease is shown on notes 27 of the financial statements. The following non-derivative financial liabilities of the Group are repayable within one year or on demand.

### 39. FINANCIAL RISK MANAGEMENT (Continued)

#### 39A Financial risk factors (Continued)

##### (f) Liquidity Risk (Continued)

	Group 2008 US\$'000	2007 US\$'000
Trade and other payables	5,547	7,635
Prepayment due to a minority shareholder	–	1,282
Bank loan on discounted debtors	2,429	3,764
	<b>7,976</b>	12,681

#### 39B Fair value of financial instruments

The carrying amounts of the Group's financial instruments are as follows:

- (i) The fair value of financial assets with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices.
- (ii) The fair value of other financial assets and financial liabilities (including derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices or rates from observable current market transactions as input.
- (iii) The carrying value of bank and cash balances, trade and other receivables, amounts due from subsidiaries and trade and other payables are assumed to approximate their fair values due to the short term maturities of these assets and liabilities.

### 40. CAPITAL RISK MANAGEMENT

The purpose of the Group's capital management is to ensure that entities in the Group will be able to continue as a going concern while maximizing the return to shareholders through the optimization of the debt and equity balance. The Group's overall strategy remains unchanged from the previous year.

The capital structure of the Group consists of debt, which includes the bank loan on discounted debtors, cash and cash equivalents, and equity attributable to equity holders of the Company, comprising issued share capital and reserves.

The directors of the Company review the capital structure periodically. As part of this review, the directors consider the cost of capital and the risks associated with the capital. Based on recommendations of the directors, the Group will balance its overall capital structure through payment of dividends, issuance of new capital shares or issuance of new debts.
