NOTES TO INTERIM FINANCIAL STATEMENTS

1. Basis of Presentation and Accounting Policies

The unaudited interim consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" ("HKAS 34") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

The preparation of interim financial statements in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The accounting policies and methods of computation used in the preparation of the interim financial statements are consistent with those described in the annual financial statements for the year ended 31 December 2007 except for the following new accounting policy adopted by the Group.

Revenue recognition

Revenue is recognized when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- Service income is recognized when the services are rendered.
- Revenue from sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold.
- Rental income is recognized on the straight-line basis over the lease term.
- Bank interest income is accrued using the effective interest method.

The HKICPA has issued a number of new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. There is however no significant impact on the Group's results and financial position nor any substantial changes in the Group's accounting policies, except for the above new accounting policy, applied in these financial statements as a result of these developments.

The Group has not applied any new and revised HKFRSs, that have been issued but are not yet effective in these financial statements.
