
STRUCTURE OF THE GLOBAL OFFERING

THE GLOBAL OFFERING

This prospectus is published in connection with the Hong Kong Public Offer as part of the Global Offering, ICBCI is the Sole Sponsor, Credit Suisse and ICBCI are the Joint Global Coordinators and the Joint Bookrunners, Credit Suisse and ICBC International Securities Limited are the Joint Lead Managers.

The Global Offering consists of the initial offer of 861,000,000 Shares, comprising 774,900,000 Shares to be offered under the International Placing (as described below in this section under the section headed “Basis of Allocation of Shares – The International Placing”) and 86,100,000 Shares to be offered in the Hong Kong Public Offer (as described in this section below under the section headed “Basis of Allocation of Shares – The Hong Kong Public Offer”). The Hong Kong Public Offer Shares include 8,610,000 Shares initially available for subscription by eligible full-time employees of our Group on a preferential basis (as described in this section below under the section headed “Basis of Allocation of Shares – Preferential Offer to Eligible Full-time Employees”).

Investors may apply for the Hong Kong Public Offer Shares under the Hong Kong Public Offer or indicate an interest, if qualified to do so, for the Offer Shares under the International Placing, but may not do both. The Hong Kong Public Offer is open to members of the public in Hong Kong as well as to institutional and professional investors in Hong Kong. The International Placing will involve selective marketing of the Offer Shares to institutional and professional investors.

The number of Offer Shares to be offered under the Hong Kong Public Offer and the International Placing respectively may be subject to reallocation as described in this section below in the section headed “Basis of Allocation of Shares”.

OFFER PRICE AND PRICE PAYABLE ON APPLICATION

The Offer Price will not be more than HK\$1.70 and is expected to be not less than HK\$1.30 per Offer Share. Based on the maximum Offer Price of HK\$1.70 per Offer Share, plus 1% brokerage fee, 0.004% SFC transaction levy, and 0.005% Stock Exchange trading fee, one board lot of 2,000 Shares will amount to a total of HK\$3,434.31.

The Offer Price is expected to be determined by our Company (for itself and on behalf of the Selling Shareholder) and the Joint Global Coordinators (on behalf of the Underwriters) on or before the Price Determination Date. The Price Determination Date is expected to be on or around Monday, 14 June 2010 and in any event not later than Sunday, 20 June 2010.

If, based on the level of interests expressed by prospective professional, institutional and/or other investors during the book-building process, and the Joint Global Coordinators (on behalf of the Underwriters, and with the prior consent of our Company) consider it appropriate (for instance, if the level of interests is below the indicative Offer Price range), the indicative Offer Price range may be reduced below that stated in this prospectus at any time prior to the morning of the last day for lodging applications. In such case, our Company will, as soon as practicable following the decision to make such reduction, and in any event not later than the morning of the last day for lodging applications under the Hong Kong Public Offer, cause to be published in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese) and on the website of the Stock Exchange at www.hkexnews.hk and our Company’s website at www.wvtt.hk, notice of the reduction of the indicative Offer Price range. Such notice will also include any financial information which

STRUCTURE OF THE GLOBAL OFFERING

may change as a result of any such reduction. **If applications for Hong Kong Public Offer Shares have been submitted prior to the day which is the last day for lodging applications under the Hong Kong Public Offer, then even if the indicative Offer Price range is so reduced, such applications cannot be subsequently withdrawn.**

If, for any reason, the Offer Price is not agreed between our Company (for itself and on behalf of the Selling Shareholder) and the Joint Global Coordinators (on behalf of the Underwriters) on or before the Price Determination Date, the Global Offering will not become unconditional and will lapse.

CONDITIONS

Acceptance of all applications for the Global Offering will be conditional upon:

- (i) the Listing Committee granting a listing of, and permission to deal in, the Shares (including any Shares which may fall to be issued upon the exercise of the Over-allotment Option or any Shares which may fall to be issued upon the exercise of any options that may be granted under the Share Option Scheme), and such listing and permission not subsequently having been revoked prior to the commencement of dealings in the Shares on the Stock Exchange;
- (ii) the Offer Price having been duly determined and the execution and delivery of the Price Determination Agreement on or before the Price Determination Date; and
- (iii) the obligations of the Underwriters under the Underwriting Agreements becoming unconditional (including the waiver of any condition(s) by the Joint Global Coordinators on behalf of the Underwriters) and not being terminated in accordance with the terms of either agreement or otherwise, in each case on or before the dates and times specified in the Underwriting Agreements.

If the above conditions are not fulfilled or waived, prior to the dates and times specified, the Global Offering will lapse and the Stock Exchange will be notified immediately. Notice of the lapse of the Global Offering will be caused to be published by us in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese) and on the website of the Stock Exchange at www.hkexnews.hk and our Company's website at www.wvtt.hk on the next Business Day following such lapse. If these conditions are not fulfilled or waived, all application monies will be returned, without interest, on the terms set out in the section headed "How to Apply for Hong Kong Public Offer Shares" in this prospectus. In the meantime, such monies will be held in separate bank accounts with the receiving bankers or other licensed bank(s) in Hong Kong.

BASIS OF ALLOCATION OF SHARES

The Global Offering

The Global Offering consists of the International Placing and the Hong Kong Public Offer. The 861,000,000 Shares initially offered will comprise 774,900,000 Shares being offered under the International Placing (being 631,400,000 New Shares offered for subscription by our Company and 143,500,000 Sale Shares offered for sale by the Selling Shareholder) and 86,100,000 Shares being offered under the Hong Kong Public Offer (including 8,610,000 Shares initially available for

STRUCTURE OF THE GLOBAL OFFERING

subscription by eligible full-time employees of our Group on a preferential basis). The 861,000,000 Shares being offered under the Global Offering will represent approximately 30% of our Company's share capital immediately after completion of the Global Offering but without taking into account any Shares which may fall to be issued upon the exercise of the Over-allotment Option or any Shares which may fall to be issued upon the exercise of any options that may be granted under the Share Option Scheme. The Over-allotment Option is expected to be granted to the International Underwriters, which is exercisable by the Joint Bookrunners. The Over-allotment Option will not be part of the Hong Kong Public Offer.

Subject to possible reallocation on the basis set forth below, 86,100,000 Shares, representing 10% of the total number of Shares initially being offered under the Global Offering, less the Hong Kong Public Offer Shares validly subscribed for by applicants under the PINK Application Forms, will be offered to the public in Hong Kong under the Hong Kong Public Offer. The Hong Kong Public Offer is open to all members of the public in Hong Kong as well as to institutional and professional investors.

Out of the total 861,000,000 Shares offered pursuant to the Global Offering, 774,900,000 Shares, representing 90% of the total number of Shares initially being offered under the Global Offering, will be placed with professional, institutional investors and/or other investors in Hong Kong, Europe and other jurisdictions outside the United States under the International Placing. The International Placing Shares will be offered in Hong Kong, Europe and other jurisdictions outside the United States in offshore transactions, as defined in, and in reliance on, Regulation S of the U.S. Securities Act.

In connection with the Global Offering, we expect to grant to the International Underwriters the Over-allotment Option which is exercisable by the Joint Bookrunners, on behalf of the International Underwriters, within 30 days from the last date for lodging applications under the Hong Kong Public Offer. Pursuant to the Over-allotment Option, our Company may be required to allot and issue up to an aggregate of 129,150,000 additional Shares (representing 15% of the number of Shares initially being offered under the Global Offering) to cover over-allocations in the International Placing. The Joint Bookrunners may also cover over-allocations in the International Placing by purchasing Shares in the secondary market or by a combination of purchases in the secondary market and the exercise, in part or in full, of the Over-allotment Option. The number of Shares that may be over-allocated will not exceed the maximum number of Shares that may be issued under the Over-allotment Option. Any such secondary market purchases will be made in compliance with all applicable laws, rules and regulations. If the Over-allotment Option is exercised in full, on completion of the Global Offering but without taking into account any Shares which may fall to be issued upon the exercise of the option that may be granted under the Share Option Scheme, the Offer Shares will represent approximately 33.0% of our Company's enlarged issued share capital.

If the Joint Bookrunners decide to exercise the Over-allotment Option, it will be exercised solely to cover over-allocations in the International Placing. The International Placing Shares (including any over-allocations) will be allocated prior to the commencement of trading of the Shares on the Stock Exchange.

The levels of indication of interest in the International Placing and the basis of allotment and the levels of applications in the Hong Kong Public Offer are expected to be published in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese) and on the

STRUCTURE OF THE GLOBAL OFFERING

website of the Stock Exchange at www.hkexnews.hk and our Company's website at www.wvtt.hk on or before 21 June 2010.

The Hong Kong Public Offer

Our Company is initially offering 86,100,000 Hong Kong Public Offer Shares, representing 10% of the total number of Shares initially being offered in the Global Offering, for subscription by way of a public offer in Hong Kong. The Hong Kong Public Offer Shares are being offered at the Offer Price. Pursuant to the Hong Kong Underwriting Agreement, the Hong Kong Public Offer is fully underwritten by the Hong Kong Underwriters, subject to agreement on the Offer Price between our Company (for ourselves and on behalf of the Selling Shareholders) and the Joint Global Coordinators (on behalf of the Underwriters) on the Price Determination Date.

The total number of Shares available for subscription under the Hong Kong Public Offer less the Hong Kong Public Offer Shares validly subscribed for by applicants under the **PINK** Application Forms (as more particularly set out in this section below in the section headed "Preferential Offer to Eligible Full-time Employees"), after taking into account any reallocation referred to below, is to be divided into two pools for allocation purposes: pool A and pool B. The Shares in pool A (being an aggregate of 38,746,000 Shares) will be allocated on an equitable basis to applicants who have applied for Shares with an aggregate subscription amount of HK\$5 million (excluding the brokerage fee, the SFC transaction levy and the Stock Exchange trading fee payable) or less. The Shares in pool B (being an aggregate of 38,744,000 Shares) will be allocated on an equitable basis to applicants who have applied for Shares with an aggregate subscription amount of more than HK\$5 million (excluding the brokerage fee, the SFC transaction levy, and the Stock Exchange trading fee payable) and up to the value of pool B. Investors should be aware that applications in pool A and applications in pool B may receive different allocation ratios. If Shares in one (but not both) of the pools are undersubscribed, the surplus Shares will be transferred to the other pool to satisfy demand in the pool and be allocated accordingly.

Applicants can only receive an allocation of Shares from either pool A or pool B but not from both pools. Multiple or suspected multiple applications within either pool or between pools and any application for more than the maximum number of Shares you may apply for (i.e., 38,744,000 Shares) are liable to be rejected. Each applicant under the Hong Kong Public Offer will also be required to give an undertaking and confirmation in the Application Form submitted by him that he and any person(s) for whose benefit he is making the application have not received any Shares under the International Placing and such applicant's application is liable to be rejected if the said undertaking and/or confirmation is breached and/or untrue (as the case may be).

The allocation of the Shares between the International Placing and the Hong Kong Public Offer is subject to adjustment.

If the number of Shares validly applied for under the Hong Kong Public Offer represents 15 times or more but less than 50 times the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be reallocated to the Hong Kong Public Offer from the International Placing, so that the total number of Shares available for subscription under the Hong Kong Public Offer will increase to 258,300,000 Shares, representing 30% of the Shares initially available for subscription under the Global Offering.

If the number of Shares validly applied for under the Hong Kong Public Offer represents 50 times or more but less than 100 times the number of Shares initially available for subscription under

STRUCTURE OF THE GLOBAL OFFERING

the Hong Kong Public Offer, then the number of Shares to be reallocated to the Hong Kong Public Offer from the International Placing will be increased so that the total number of Shares available for subscription under the Hong Kong Public Offer will be 344,400,000 Shares, representing 40% of the Shares initially available for subscription under the Global Offering.

If the number of Shares validly applied for under the Hong Kong Public Offer represents 100 times or more the number of Shares initially available for subscription under the Hong Kong Public Offer, then the number of Shares to be reallocated to the Hong Kong Public Offer from the International Placing will be increased, so that the total number of Shares available for subscription under the Hong Kong Public Offer will increase to 430,500,000 Shares, representing 50% of the Shares initially available for subscription under the Global Offering. In each such case, the additional Shares reallocated to the Hong Kong Public Offer will be allocated equally between pool A and pool B and the number of Shares allocated to the International Placing will be correspondingly reduced.

If the Hong Kong Public Offer is not fully subscribed, the Joint Global Coordinators may, in their discretion, reallocate all or any unsubscribed Shares originally included in the Hong Kong Public Offer to the International Placing in such proportion as they consider appropriate provided that there is sufficient demand under the International Placing to take up such re-allocated Offer Shares. If the International Placing is not fully subscribed, the Joint Global Coordinators may, in their discretion, reallocate all or any unsubscribed Shares originally included in the International Placing to the Hong Kong Public Offer, in such proportion as they consider appropriate provided that there is sufficient demand under the Hong Kong Public Offer to take up such re-allocated Offer Shares.

Credit Suisse and ICBCI are the Joint Global Coordinators and the Joint Bookrunners of the Hong Kong Public Offer which is underwritten at the Offer Price by the Hong Kong Underwriters, on and subject to the terms and conditions of the Hong Kong Underwriting Agreement.

Allocation of Hong Kong Public Offer Shares to investors under the Hong Kong Public Offer will be based solely on the level of valid applications received under the Hong Kong Public Offer. The basis of allocation may vary, depending on the number of Hong Kong Public Offer Shares validly applied for by applicants although this could, where appropriate, consist of balloting. Balloting would mean that some applicants may receive a higher allocation than others who have applied for the same number of Hong Kong Public Offer Shares and those applicants who are not successful in the ballot may not receive any Hong Kong Public Offer Shares.

Preferential Offer to Eligible Full-time Employees

Up to 8,610,000 Hong Kong Public Offer Shares, representing 10% of the Hong Kong Public Offer Shares initially being offered under the Hong Kong Public Offer, 1% of the Offer Shares and 0.3% of the issued share capital of our Company upon completion of the Global Offering assuming the Over-allotment Option is not exercised, are available for subscription, on a preferential basis by eligible full-time employees of our Group, excluding the Directors or the chief executive of our Company or any member of the Group, existing beneficial owners of Shares of our Company or any member of the Group and their respective associates and/or connected persons.

In the event of over-subscription on PINK Application Forms, the 8,610,000 Shares initially available to applicants on PINK Application Forms will be allocated to such applicants on a pro-rata

STRUCTURE OF THE GLOBAL OFFERING

basis on proportion (as nearly as possible without involving portions of a board lot) to the level of valid applications received from eligible employees, or balloted if there are insufficient Shares available to PINK Application Form applicants. If balloting is conducted, some eligible full-time employees may be allocated more Shares than others who have applied for the same number of Shares. No favour will be given to the employees who apply for a large number of Shares or any employees holding senior positions within our Group. Applications for more than the 8,610,000 Shares initially available to applicants on PINK Application Forms will be rejected. Allocation of Hong Kong Public Offer Shares to applications made on PINK Application Forms will be based on the allocation guidelines contained in Practice Note 20 to the Listing Rules and, in case any exceptions are noted, an announcement will be made in accordance with Practice Note 20 to the Listing Rules.

In case not all of the 8,610,000 Shares are subscribed for by eligible full-time employees of our Group, the under-subscribed Shares will be available for subscription by the public under the Hong Kong Public Offer.

The International Placing

Our Company is initially offering 774,900,000 Shares (comprising 631,400,000 New Shares and 143,500,000 Sale Shares) as International Placing Shares, representing 90% of the total number of Shares initially being offered in the Global Offering (subject to adjustment and the Over-allotment Option), for subscription or purchase by way of the International Placing subject to the reallocation of Offer Shares between the International Placing and the Hong Kong Public Offer. Pursuant to the International Underwriting Agreement, the International Placing will be fully underwritten by the International Underwriters, subject to agreement on the Offer Price between our Company (for ourselves and on behalf of the Selling Shareholder) the Joint Global Coordinators (on behalf of the Underwriters) on the Price Determination Date.

The International Underwriters are soliciting from prospective professional, institutional investors and/or other investors' indications of interest in acquiring International Placing Shares in the International Placing. Prospective professional, institutional investors and/or other investors will be required to specify the number of International Placing Shares they would be prepared to acquire either at different prices or at a particular price. This process is known as "book building". In Hong Kong, individual retail investors should apply for Hong Kong Public Offer Shares in the Hong Kong Public Offer, as individual retail investors applying for International Placing Shares, including individual retail investors applying through banks and other institutions, will not be allocated any International Placing Shares.

Allocation of the International Placing Shares pursuant to the International Placing is based on a number of factors, including the level and timing of demand and whether or not it is expected that the relevant investor is likely to buy further and/or hold or sell its Shares after the Listing. Such allocation is generally intended to result in a distribution of the International Placing Shares on a basis which would lead to the establishment of a broad shareholder base to the benefit of our Company and its Shareholders as a whole.

The International Underwriters or selling agents nominated by the International Underwriters shall, on behalf of our Company, conditionally place the International Placing Shares with professional, institutional and/or other investors in Hong Kong, Europe and other regions. The International Placing Shares are being offered and sold in offshore transactions only to persons

STRUCTURE OF THE GLOBAL OFFERING

outside the United States, in reliance on Regulation S under the U.S. Securities Act. The International Placing shall be subject to the Global Offering restrictions set out under the section “Information about this Prospectus and the Global Offering”.

The International Placing is conditional on the same conditions as set out in the section headed “Conditions” above. The total number of International Placing Shares to be sold and transferred or allotted and issued pursuant to the International Placing may change as a result of the clawback arrangement referred to in the section headed “The Hong Kong Public Offer” above, the exercise of the Over-allotment Option and any reallocation of unsubscribed Shares originally included in the Hong Kong Public Offer.

OVER-ALLOTMENT OPTION AND STOCK BORROWING ARRANGEMENT

Over-allotment Option

In connection with the Global Offering, we expect to grant to the International Underwriters the Over-allotment Option, which is exercisable by the Joint Bookrunners, on behalf of the International Underwriters, no later than 30 days from the last day for the lodging of applications under the Hong Kong Public Offer. Pursuant to the Over-allotment Option, our Company may be required to allot and issue at the Offer Price up to an aggregate of 129,150,000 additional Shares, (representing 15% of the total number of Shares initially available under the Global Offering), to cover over-allocations in the International Placing, if any, to be issued on the same terms and conditions as the Shares subject to the Global Offering. If the Over-allotment Option is exercised in full, the additional Offer Shares will represent approximately 4.3% of our Company’s enlarged issued share capital following the completion of the Global Offering and the exercise of the Over-allotment Option but without taking into account any Shares which may fall to be issued upon the exercise of any options that may be granted under the Share Option Scheme. In the event that the Over-allotment Option is exercised, a press announcement will be made.

Stock Borrowing Arrangement

In order to facilitate the settlement of over-allocations in connection with the Global Offering, the Joint Bookrunners may choose to borrow, whether on their own or through their affiliates, up to 129,150,000 Shares from Soar Plan pursuant to the Stock Borrowing Agreement, or acquire Shares from other sources, including exercising the Over-allotment Option. The terms of the Stock Borrowing Agreement will be in compliance with the requirements set out in Rule 10.07(3) of the Listing Rules and will therefore not be subject to the restrictions of Rule 10.07(1)(a) of the Listing Rules.

The principal terms of the Stock Borrowing Agreement are set out below:

- such stock borrowing arrangement with Soar Plan is entered into by Credit Suisse to facilitate the settlement of over-allocations in connection with the International Placing;
- the maximum number of Shares which may be borrowed from Soar Plan will be limited to the maximum number of Shares which may be issued upon the full exercise of the Over-allotment Option;
- the same number of Shares so borrowed from Soar Plan will be returned to Soar Plan on or before the third business day following the earlier of (i) the last day on which the Over-allotment Option may be exercised; (ii) the day on which the Over-allotment Option is

STRUCTURE OF THE GLOBAL OFFERING

exercised in full; and (iii) such earlier time as may be agreed between Soar Plan and Credit Suisse; and

- the arrangement under the Stock Borrowing Agreement will be effected in compliance with all applicable laws, rules and regulatory requirements.

STABILISATION

In connection with the Global Offering, the stabilising manager, or any person acting for it, may over-allocate or effect transactions with a view to supporting the market price of the Shares at a level higher than that which might otherwise prevail for a limited period. Such transactions, if commenced, may be discontinued at any time. Credit Suisse has been or will be appointed as stabilising manager for the purposes of the Global Offering in accordance with the Securities and Futures (Price Stabilising) Rules made under the SFO and, should stabilising transactions be effected in connection with the Global Offering, such first stabilising transaction will be conducted by the stabilising manager to the extent reasonably practicable, in agreement between the Joint Bookrunners, and any subsequent stabilising transactions shall be effected in connection with the Global Offering at the absolute discretion of the stabilising manager and will be effected in accordance with the laws, rules and regulations in place in Hong Kong on stabilisation, and will be reported to the Joint Bookrunners on a daily basis. An announcement will be made to the public within seven days after the end of the stabilising period as required under the Securities and Futures (Price Stabilising) Rules made under the SFO.

Following any over-allocation of Shares in connection with the Global Offering, the stabilising manager or any person acting for them may cover such over-allocation by (among other methods) making purchases in the secondary market or exercising the Over-allotment Option in full or in part, or by any combination of purchases and exercise of the Over-allotment Option. Any such purchases will be made in compliance with all applicable laws and regulatory requirements including the Securities and Futures (Price Stabilising) Rules made under the SFO. The number of Shares which can be over-allocated will not exceed the number of Shares which may be issued upon exercise of the Over-allotment Option, being 129,150,000 Shares representing 15% of the Shares initially available under the Global Offering.

In order to facilitate the settlement of over-allocations in connection with the Global Offering, the stabilising manager (or its affiliate(s)) may choose to borrow Shares from Soar Plan under stock borrowing arrangements, or acquire Shares from other sources, including exercise of the Over-allotment Option. Such stock borrowing arrangements include arrangements under the Stock Borrowing Agreement, the principal terms of which are set out in the section headed “Stock Borrowing Arrangement” above.

The stabilising manager or its authorised agents may borrow up to 129,150,000 Shares from Soar Plan, equivalent to the maximum number of additional Shares to be offered upon full exercise of the Over-allotment Option, under the Stock Borrowing Agreement. The stock borrowing arrangement under the Stock Borrowing Agreement will comply with the requirements set out in Rule 10.07(3) of the Listing Rules such that it will not be subject to the restrictions of Rule 10.07(1) of the Listing Rules. Rule 10.07(3) of the Listing Rules requires that:

- the Stock Borrowing Agreement will be for the sole purpose of covering any short position prior to the exercise of the Over-allotment Option in connection with the International Placing;

STRUCTURE OF THE GLOBAL OFFERING

- the maximum number of Shares to be borrowed from Soar Plan will be limited to the maximum number of Shares which may be issued or sold upon exercise of the Over-allotment Option;
- the same number of Shares so borrowed must be returned to Soar Plan within three business days after the last day on which the Over-allotment Option may be exercised or, if earlier, the date on which the Over-allotment Option is exercised in full;
- borrowing of Shares pursuant to the Stock Borrowing Agreement will be effected in compliance with all applicable Listing Rules, laws and other regulatory requirements; and
- no payments will be made to Soar Plan by the stabilising manager in relation to the Stock Borrowing Agreement.

The possible stabilising action which may be taken by the stabilising manager in connection with the Global Offering may involve (among other things): (i) over-allocation of Shares, (ii) purchases of, or agreement to purchase, Shares, (iii) establishing, hedging and liquidating positions in Shares, (iv) exercising the Over-allotment Option in whole or in part, and/or (v) offering or attempting to do any of the foregoing.

Specifically, prospective applicants for and investors in Offer Shares should note that:

- the stabilising manager may, in connection with any stabilising action, maintain a long position in the Shares;
- there is no certainty regarding the extent to which and the time period for which the stabilising manager will maintain such a position;
- liquidation of any such long position by the stabilising manager may have an adverse impact on the market price of the Shares;
- no stabilising action can be taken to support the price of the Shares for longer than the stabilising period which is expected to begin on the Listing Date and is expected to expire on the 30th day after the last date for the lodging of applications under the Hong Kong Public Offer. After this date, when no further action may be taken to support the price of the Shares, demand for the Shares, and therefore the price of the Shares, could fall;
- the price of any security (including the Shares) cannot be assured to stay at or above its offer price by the taking of any stabilising action; and
- stabilising bids may be made, or transactions effected, in the course of the stabilising action at any price at or below the Offer Price, which means that stabilising bids may be made, or transactions effected, at a price below the price paid by applicants for, or investors in, the Shares.

STRUCTURE OF THE GLOBAL OFFERING

SHARES WILL BE ELIGIBLE FOR CCASS

All necessary arrangements have been made enabling the Shares to be admitted into CCASS.
