MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

During the Reporting Period, the hotel industry of the Shanghai area continued to experience relatively notable recovery since the beginning of the second quarter of 2010, with the benefit of the opening of the Shanghai World Expo 2010. During the Reporting Period, revenue for the Group amounted to approximately RMB2,762,358,000, which represented an increase of 81.89% against the same period last year. Operating profit of the Group was approximately RMB273,197,000, which was 6.28% higher than the amount for the same period last year. Operating profit of the Group excluding other income was approximately RMB151,539,000, representing an increase of RMB161,759,000 as compared to the same period of 2009. Profit attributable to the shareholders of the Company amounted to approximately RMB118,129,000, representing a growth of approximately 8.78% against the same period last year. The increase in revenue was mainly attributable to the increase in revenue from the Group's Star-rated hotels and Budget Hotels, as well as the proportionate consolidation of IHR Group's 50% revenue following the acquisition of such jointly controlled entity since 18 March 2010. The substantial increase in operating profit excluding other income was mainly attributable to the substantial increase in revenue generated from Star-rated hotels and Budget Hotels.

In terms of business expansion, as at 30 June 2010, the Group held or managed 614 hotels with approximately 97,000 rooms either in operation or under development, spreading across 148 cities in 31 provinces, autonomous regions and municipalities in China. The Group remains the leading hotel group in the PRC in terms of the number of hotel rooms offered.

During the Reporting Period, the Group achieved further progress in its internal reorganisation with the completion of ownership transfer procedures relating to the assets swap of Star-rated hotels and Budget Hotels, the Acquired Interests, the Disposed Interests and the receipt of "Asset Ownership Transaction Certificates" issued by the Shanghai United Assets and Equity Exchange.

The Group established HAC on a 50:50 basis jointly with Thayer, a company with proven experience in investments. On 18 December 2009, HAC entered into a merger agreement with IHR Group to acquire the entire equity interests in IHR Group at a price of US\$2.25 per share. The transaction was completed on 18 March 2010. Following completion, IHR Group became a wholly-owned subsidiary of HAC and the Company indirectly owns a 50% equity interest in IHR Group through HAC.

On 1 April 2010, Shanghai Jin Jiang International Hotels Group (HK) Co., Ltd. entered into a hotel management joint venture agreement with Interstate Europe S.A.R.L., an indirect wholly-owned subsidiary of IHR Group, in respect of the establishment of a joint venture hotel management company. On the same day, the Company entered into (i) an equity investment management company joint venture contract with Thayer International Capital LLC (a company controlled by or affiliated with Thayer) in respect of the establishment of an equity investment management company; (ii) a non-legally binding industrial fund memorandum with Thayer in respect of the joint establishment of a fund; and (iii) a training plan memorandum with IHR Group and Thayer.

The Group collected a number of awards in hospitality industry during the Reporting Period. We were named again in the list of "Hotels China Award 2010, Hotel Corporate Top 10" awarded by the Chinese edition of the US HOTELS magazine. Furthermore, Jin Jiang International Hotel Management Company Limited, a subsidiary of the Group, was named a "Model for Corporate Governance in the PRC Hotel Industry". During the Reporting Period, "Jin Jiang Inn" trademark was recognised by the Trademark Office of the State Administration of Industry and Commerce as a famous trademark, and "Jin Jiang Inn" brand was named among the best branded budget hotels in the Greater China by the Tourism Award Committee of TTG China.

As the Group actively seized business opportunities arising from the Shanghai World Expo, seven Star-rated hotels under the Group were designated to provide accommodation for domestic distinguished guests of the Shanghai World Expo, while 12 Star-rated hotels and 26 Jin Jiang Inn Budget Hotels were designated as participation hotels of the Shanghai World Expo. RevPAR of the Group's Star-rated hotels in Shanghai increased by approximately 55% during the Reporting Period and by approximately 130% in May and June, as compared to the corresponding periods last year. RevPAR of the Group's Budget Hotels in Shanghai rose approximately 28% to approximately RMB200 during the Reporting Period and approximately 60% to RMB269 in May and June, as compared to the corresponding periods last year.

MANAGEMENT DISCUSSION AND ANALYSIS

STAR-RATED HOTELS

Star-rated hotel business is one of the major sources of revenue for the Group and Shanghai is the base of the Group's business where approximately 80% of our self-managed Star-rated hotels are located. During the Reporting Period, Star-rated hotel business contributed approximately RMB1,213,267,000 to the Group's revenue, growing by 34.5% against the same period last year.

The overall refurbishment of Peace Hotel has been completed and the hotel has been re-opened since 28 July 2010. The re-opened Peace Hotel features state-of-the-art modern facilities in a setting of historical and cultural heritage and the Group intends to develop it as one of the most luxurious Star-rated hotels in Shanghai.

Y.M.C.A Hotel commenced soft operation in February 2010 as the first Commercial Hotel under the new brand name of "Marvel". The renovated Y.M.C.A Hotel features 142 hotel rooms and a 24-hour restaurant. The hotel has been well received by the market since its opening and its Occupancy Rate has increased quickly.

Renovation of the guest rooms, the corridors and the elevator hall at the North Tower of Jin Jiang Hotel was completed in mid April 2010. Renovation of the guest rooms on every floor, the executive lounge on the 40th floor and the 24-hour restaurant at the lobby at Jin Jiang Tower has been fully completed, while renovation work at the reception area of the lobby of Jin Jiang Tower was completed in late April 2010. The renovation has resulted in significant improvements in guest-room facilities.

On 28 January 2010, the Company entered into a share transfer agreement with Shanghai Sanhe Real Estate Company Limited ("Shanghai Sanhe") for the disposal of all its 30% equity interest in Chengdu Jinhe Real Estate Company Limited ("Chengdu Jinhe") to Shanghai Sanhe for a consideration of approximately RMB17,760,000. The final consideration will be further negotiated based on the valuation of the 30% equity interest in Chengdu Jinhe and is not determinable as at 27 August 2010. After completion of the transfer, the Company will no longer hold any equity interest in Chengdu Jinhe.

Energy conservation continued to be on top of the Group's agenda as we actively employed energy-saving technologies. During the Reporting Period, the Group completed the renovation of the exterior walls of Galaxy Hotel and Rainbow Hotel, where aluminum panels with temperature-keeping fillings were used and energy-saving aluminum alloy windows with sound and heat insulation features were installed to replace the traditional single-layer glass, resulting in significant energy conservation for the overall architecture of the two hotels. Meanwhile, the Group implemented air-source technology upgrade projects on a trial basis at various other hotels where appropriate, after achieving initial success in the geo-thermal heat pump energy-conservation technology projects. Trial operations of residual heat recycling were also conducted at certain of the Group's hotels, in addition to the employment of pressurised energy-saving water pump technology at certain hotels to carry out energy-saving conversions for traditional, powerful water pumps.

As at 30 June 2010, the Group owned and managed 109 Star-rated hotels with a total of 33,000 guest rooms, of which 77 hotels were managed by third-parties other than Jin Jiang International.

For online sales, development of the Jin Jiang Central Reservation System (JREZ) continued during the Reporting Period with efforts to expand channels for centralised reservations. Bookings through JREZ for about 67,000 room nights were received during the Reporting Period, representing a 68% increase against the same period last year. Referrals through the international distribution system (IDS) and the global distribution system (GDS) accounted for 63% of the patrons.

BUDGET HOTELS

Budget Hotels represent another principal operation of the Group. The business of Budget Hotels comprises mainly the operation of Jin Jiang Inn Budget Hotels on leased properties, the grant of franchises of the brand of Jin Jiang Inn to third-party hotel owners and the development of Budget Hotels on the Group's own properties.

MANAGEMENT DISCUSSION AND ANALYSIS

Budget Hotels reported a fast growth in turnover during the Reporting Period, contributing approximately RMB737,810,000 to the Group's revenue, representing a 37.3% growth over the same period last year and accounting for 26.7% of the Group's turnover. Initial and ongoing franchise fees income amounted to approximately RMB50,335,000, representing a 38.4% growth over the same period last year.

During the Reporting Period, Jin Jiang Inn entered into new agreements for the development of 16 self-managed hotels and 50 franchised hotels. As at 30 June 2010, a total of 505 Jin Jiang Inn Budget Hotels were either in operation or under development (including 38 Bestay Hotels Express), offering over 63,000 guest rooms. During the Reporting Period, 36 new Jin Jiang Inn Budget Hotels commenced operations, among which 11 were self-managed hotels and 25 were franchised hotels. As at 30 June 2010, there were 369 Jin Jiang Inn Budget Hotels in operation.

During the Reporting Period, 160,000 patrons enrolled as members of Jin Jiang Inn, taking the total number of membership to 990,000. A total of 390,000 Jin Jiang Inn-Bank of Communications Cards had been issued and over 6,300 enterprises had registered as corporate members. Meanwhile, through the commissioning of the new paging centre and by strengthening its marketing efforts for online reservation, Jin Jiang Inn has effectively enhanced its room reservation functions, provided additional marketing support for chain outlets throughout the nation and boosted its capacity for guest reception.

FOOD AND RESTAURANTS

During the Reporting Period, the Group's various brands of restaurant chains held through Jin Jiang Hotels Development continued to report a stable growth. As at 30 June 2010, Shanghai KFC had a total of 260 outlets, 14 more than it had as at the end of 2009, recording a steady growth in revenue and profit and maintaining its leading position in Shanghai's fast food industry. New Asia Snacks, Shanghai Yoshinoya and Jing An Bakery had 56, 19 and 65 outlets respectively. Chinoise Story operated two restaurants at Jin Jiang Hotel and Wuhan Jin Jiang International Hotel respectively.

OVERSEAS HOTELS

The overseas hotel business of the Group was mainly represented by IHR Group in which the Group had a 50% equity interest. For the period from 18 March 2010 (date of acquisition of IHR Group) to 30 June 2010, IHR Group and its affiliates managed and/or owned interests in 232 hotel properties located variously in 36 states and the District of Columbia of the United States, Russia, India, Mexico, Belgium, Canada, Ireland and England, supplying over 46,000 guest rooms in aggregate. 1 GENERAL INFORMATION

The Company formerly known as Shanghai New Asia (Group) Company, was established on 16 June 1995 as a wholly state-owned company with limited liability and has been directly under the administration and control of the State-Owned Assets Supervision and Administration Commission of Shanghai Municipal Government ("Shanghai SASAC") or its predecessors. Pursuant to an enterprise reorganisation in June 2003, the Company was designated by Shanghai SASAC as a wholly-owned subsidiary of Jin Jiang International, which is also a wholly state-owned company directly under the administration and control of Shanghai SASAC. In September 2005, Jin Jiang International allocated its 5% equity interest in the Company to its wholly-owned subsidiary, Shanghai Jin Jiang International Investment and Management Company Limited (formerly known as Shanghai Huating Group Company Limited).

During the years 2003 to 2006, the Group entered into several group reorganisation transactions with Jin Jiang International, its subsidiaries other than the Group and other state-owned enterprises under the administration and control of Shanghai SASAC, through which the Group obtained from these companies equity interests in certain subsidiaries, jointly controlled entities and associates which were engaged in hotels and related business and also transferred to Jin Jiang International equity interests in certain subsidiaries, a jointly controlled entity and associates which were engaged in non-hotel related business.

On 11 January 2006, the Company was changed to its current name and was converted into a joint stock limited company under the Company Law of the People's Republic of China (the "PRC" or "Mainland China") by converting its paid-in capital and reserves of RMB3,300,000,000 at 30 September 2005 into 3,300,000,000 ordinary shares of RMB1 per share.

On 15 December 2006 and 20 December 2006, a total of 1,265,000,000 ordinary shares of RMB1 per share newly issued by the Company through a public offer in Hong Kong and an international placing were listed on the Main Board of The Stock Exchange of Hong Kong Limited. Accordingly, the share capital of the Company was increased to RMB4,565,000,000.

The address of the Company's registered office is Room 316-318, No. 24, Yang Xin Road East, Shanghai, PRC.

The Group is principally engaged in investment and operation of hotels and related businesses in Mainland China and the United States ("US").

These unaudited condensed consolidated interim financial statements were approved for issue by the Board on 27 August 2010.

(b) *Reorganisation with Jin Jiang Hotels Development (the "Reorganisation")*

Pursuant to a reorganisation agreement and a supplemental agreement entered between the Company and Jin Jiang Hotels Development, a 50.32% subsidiary of the Company, with dated 28 August 2009 and 29 September 2009, respectively, the Company agreed to transfer its 71.225% equity interest in Jin Jiang Inn Company Limited ("Jin Jiang Inn"), 80% equity interest in Shanghai Jin Jiang International Hotel Investment Co., Ltd. and 99% equity interest in Shanghai Jin Jiang Da Hua Hotel Co., Ltd. to Jin Jiang Hotels Development; and the Company agreed Jin Jiang Hotel Co., Ltd., a subsidiary of the Company, to transfer its 1% equity interest in Shanghai Jin Jiang Da Hua Hotel Co., Ltd. to Jin Jiang Hotels Development (together, the "Transfer-out Assets"). In return, the Company agreed to acquire from Jin Jiang Hotels Development 50% equity interest in Wuhan Jin Jiang International Hotel Co., Ltd., 50% equity interest in Thayer Jin Jiang Interactive Co., Ltd., 50% equity interest in Shanghai Jin Jiang Tomson Hotel Co., Ltd., 99% equity interest in Jin Jiang International Hotel Management Co., Ltd., 100% interest in Shanghai Jin Jiang International Management College, 66.67% equity interest in Sofitel Hyland Shanghai, 65% equity interest in Shanghai Jian Guo Hotel Co., Ltd., 40% equity interest in The Yangtze Hotel Limited, 15% equity interest in Wenzhou Dynasty Hotel, and total assets and liabilities of Metropole Hotel and New Asia Hotel, branches of Jin Jiang Hotels Development; and also to acquire 1% equity interest in Jin Jiang International Hotel Management Co., Ltd. from Shanghai Min Hang Hotel Limited, a subsidiary of Jin Jiang Hotels Development (together, the "Transfer-in Assets").

The considerations for the exchange of the Transfer-in Assets and Transfer-out Assets between the Company and Jin Jiang Hotels Development were determined based on the valuation of the respective assets and liabilities as at 31 July 2009 and the profit or loss of the Transfer in Assets and Transfer-out Assets between 1 August 2009 and the effective date of the Reorganisation. The difference was to be settled in cash. The valuation of the Transfer-in Assets and Transfer-out Assets as at 31 July 2009 are RMB3,071,037,000 and RMB2,728,248,000, respectively.

The Reorganisation was approved by the China Securities Regulatory Committee on 12 May 2010 and the effective date of the Reorganisation was 31 May 2010. The Company paid a cash consideration of RMB251,074,000 to Jin Jiang Hotels Development.

The Reorganisation is considered as a transaction with non-controlling interests and neither results in significant profit or loss, nor has material impact on the assets and liabilities in the consolidated financial statements of the Group, except for the costs and taxes on the transaction. The equity attributable to the shareholders of the Company was decreased by RMB619,731,000 due to the difference between the net carrying amount of Transfer-in Assets and Transfer-out Assets in the consolidated financial statements and the cash consideration paid by the Company (note 17). The transaction cost of RMB12,965,000 in connection of the Reorganisation was recorded in reserves (note 7(viii)).

Based on the Group's communication with the relevant tax authority, the Directors are of the view that the Reorganisation is eligible for special tax treatment defined in "Notice Regarding Several Questions about Corporate Income Tax (Caishui [2009] No.59)", and the Group provided an income tax of RMB9,575,000 in connection with the taxable gain arising from the assets transferred corresponding to the non-equity interest settlement. The tax basis of the relevant assets was adjusted accordingly and a deferred income tax asset of RMB9,575,000 was recognised. The Group is preparing the relevant tax filing documentation.

The change of industrial and commercial registration and property rights of the Transfer-in Assets and Transfer-out Assets are in progress.

- (c) *Acquisition of shares in Shanghai Jin Jiang International Industrial Investment Co., Ltd. ("Jin Jiang Investment") and Shanghai Jin Jiang International Travel Co., Ltd. ("Jin Jiang Travel") involving issue of new domestic shares*

On 13 August 2010, the Company entered into the share transfer agreement with Jin Jiang International to acquire (i) 212,586,460 shares in Jin Jiang Investment (representing approximately 38.54% of the total registered share capital of Jin Jiang Investment); and (ii) 66,556,270 shares in Jin Jiang Travel (representing approximately 50.21% of the total registered share capital of Jin Jiang Travel) (the "Acquisition").

The aggregate consideration for the Acquisition in the amount of RMB2,694,020,000 will be satisfied by way of the Company (i) transferring to Jin Jiang International a security deposit in the amount of RMB231,873,000 previously paid by the Company and its bank interests as part of the cash consideration on the date when all the condition precedents are satisfied; (ii) paying to Jin Jiang International balance of the cash consideration after satisfaction of all the condition precedents and before the date of completion; and (iii) issuing and allotting to Jin Jiang International 1,001,000,000 new domestic shares at a price of HK\$2.2 per consideration share after satisfaction of all the condition precedents and before the date of completion. As the Company currently holds approximately 2.22% of the total registered share capital of Jin Jiang Investment, upon completion, each of Jin Jiang Investment and Jin Jiang Travel will become a 40.76% owned subsidiary and a 50.21% owned subsidiary of the Company.

The Company, Jin Jiang Investment and Jin Jiang Travel are under common control of Jin Jiang International both before and after the Acquisition. The Acquisition is therefore regarded as common control combinations and accounted for using the principles of merger accounting in accordance with the Accounting Guideline No. 5 — "Merger Accounting for Common Control Combination" issued by the HKICPA. Upon completion, the financial statements of Jin Jiang Investment and Jin Jiang Travel will be included in the consolidated financial statements of the Group as if the combinations had occurred from the date when Jin Jiang Investment and Jin Jiang Travel first came under the control of Jin Jiang International.

Upon the approval for issue of these unaudited condensed consolidated interim financial statements, the Acquisition has not been completed.

2 BASIS OF PRESENTATION

These unaudited condensed consolidated interim financial statements of the Group for the six months ended 30 June 2010 have been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). The unaudited condensed consolidated interim financial statements should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 December 2009, which were prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS") issued by HKICPA.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Except as described below, the accounting policies adopted are consistent with those of the consolidated financial statements for the year ended 31 December 2009, as described in those annual financial statements.

The following new standards are mandatory for the first time for the financial year beginning 1 January 2010.

- HKFRS 3 (Revised) — Business combinations

The revised standard continues to apply the acquisition method to business combinations, with some significant changes. For example, all payments to purchase a business are to be recorded at fair value at the acquisition date, with contingent payments classified as debt subsequently re-measured through the income statement. There is a choice on an acquisition-by-acquisition basis to measure the non-controlling interests in the acquiree either at fair value or at the non-controlling interests' proportionate share of the acquiree's net assets. When a business combination achieved in stages, the acquirer should remeasure its previously held interest in the acquiree at its fair value at the date of control is obtained, recognising a gain/loss in the income statement. All acquisition-related costs should be expensed. The revised standard is mandatory for the first time for the financial year beginning 1 January 2010.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

For the six months ended 30 June 2010

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- HKFRS 3 (Revised) — Business combinations (continued)

The standard was applied to the acquisition of IHR Group completed on 18 March 2010. For the year ended 31 December 2009, the Group incurred acquisition costs of RMB36,702,000 in connection with the acquisition of IHR Group which was completed subsequent to 1 January 2010. As HKFRS 3 (revised) was not early adopted in 2009, the acquisition costs were capitalised under the HKFRS 3 for the year ended 31 December 2009, but were expensed retrospectively on transition to HKFRS 3 (revised), with restating comparatives, for the six months ended 30 June 2010. The acquisition-related costs of RMB11,757,000 incurred for the six months ended 30 June 2010 were recognised in the unaudited condensed consolidated interim income statement.

As the Group has adopted HKFRS 3 (revised), it is required to adopt HKAS 27 (revised), 'consolidated and separate financial statements', at the same time. HKAS 27 (revised) requires the effects of all transactions with non-controlling interests to be recorded in equity if there is no change in control and these transactions will no longer result in goodwill or gains and losses. The standard also specifies the accounting when control is lost. Any remaining interest in the entity is re-measured to fair value, and a gain or loss is recognised in the income statement.

The following new amendments and improvements to standards and interpretations are mandatory for the first time for the financial year beginning 1 January 2010, but not have any significant impact to the Group.

- HK(IFRIC) — Int 17, 'Distributions of non-cash assets to owners' is effective for annual periods beginning on or after 1 July 2009. This is not currently applicable to the Group, as it has not made any non-cash distributions.
- 'Additional exemptions for first-time adopters' (Amendment to HKFRS 1) is effective for annual periods beginning on or after 1 January 2010. This is not relevant to the Group, as it is an existing HKFRS preparer.
- HKAS 39 (Amendment), 'Eligible hedged items' is effective for annual period on or after 1 July 2009. That is not currently applicable to the Group, as it has no hedging.
- HKFRS 2 (Amendment), 'Group cash-settled share-based payment transaction' is effective for annual periods beginning on or after 1 January 2010. This is not currently applicable to the Group, as it has no such share-based payment transactions.
- First improvements to Hong Kong Financial Reporting Standards (2008) were issued in October 2008 by the HKICPA. The improvement related to HKFRS 5 "Non-current assets held for sale and discontinued operations" is effective for annual period on or after 1 July 2009.
- Second improvements to Hong Kong Financial Reporting Standards (2009) were issued in May 2009 by the HKICPA. All improvements are effective in the financial year of 2010.

The following new standard has been issued but is not effective for the financial year beginning 1 January 2010 and is partially early adopted by the Group.

- HKAS 24 (Revised) — Related party disclosures

The amendment introduces an exemption from all of the disclosure requirements of HKAS 24 for transactions among government-related entities and the government. The Group early adopted the government-related entity exemption. It also clarifies and simplifies the definition of a related party, which will not result in a material impact on the Group's financial statements, but the Group did not early adopt this part.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

For the six months ended 30 June 2010

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The following new standards, new amendments and improvements to standards and interpretations have been issued but are not effective for the financial year beginning 1 January 2010 and have not been early adopted.

- HKFRS 9, 'Financial instruments' addresses the classification and measurement of financial assets and is likely to affect the Group's accounting for its financial assets. The standard is not applicable until 1 January 2013 but is available for early adoption. The Group is yet to assess HKFRS 9's full impact.
- HK(IFRIC) — Int 19, 'Extinguishing financial liabilities with equity instruments' clarifies the requirements of HKFRSs when an entity renegotiates the terms of a financial liability with its creditor and the creditor agrees to accept the entity's shares or other equity instruments to settle the financial liability fully or partially. The interpretation is effective for annual periods beginning on or after 1 July 2010.
- 'Limited exemption from comparative HKFRS 7 disclosures for first-time adopters' (Amendment to HKFRS 1) provide first-time adopters with the same transition provisions as included in the amendment to HKFRS 7 in relation to relief from presenting comparative information that ended before 31 December 2009 for new fair value disclosures requirements. This is required to be applied for annual periods beginning on or after 1 July 2010.
- Third improvements to Hong Kong Financial Reporting Standards (2010) were issued in May 2010, by the HKICPA. All improvements are effective in the financial year of 2011.

Since the Group acquired IHR Group on 18 March 2010 and accounts for IHR Group by proportionate consolidation, IHR Group's related significant accounting policies adopted by the Group are as follows:

(a) Property, plant and equipment

IHR Group's property, plant and equipment consist of land, which are recorded at cost and not depreciated.

(b) Intangible assets

IHR Group's intangible assets consist of costs incurred to obtain hotel management contract which is amortized over the life of the related hotel management contract ranging from 1 year to 20 years on a straight line basis. Costs incurred to obtain hotel management contracts may include cash payments made to owners to incentivise them to enter into such contracts in the form of a note receivable which is then forgiven over the life of the contract.

(c) Trade and other receivables

IHR Group's trade and other receivables include notes receivable, which are generally issued in connection with obtaining a hotel management contract or in connection with termination or incentive fees due to IHR Group based on terms of existing management contracts, from various hotel owners. IHR Group assesses the collectability of these notes receivable on a periodic basis or when circumstances warrant.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Employee benefits

(i) Employee healthcare plans

IHR Group Associate Benefit Choices plan (the "ABC Plan") provides healthcare benefits for the majority of the employees. The ABC Plan is administered through a third party vendor. The ABC Plan does not provide any post employment or post retirement benefits. Only active employees are eligible for the healthcare benefits.

(ii) Defined contribution plans

IHR Group maintains the defined contribution savings plans for the employees. Eligibility for participation in the plans is based on an employee meeting certain minimum age and service requirements. Employer matching contributions are based on a percentage of employee contributions and are discretionary. Participants may make voluntary, pre tax contributions through salary deferrals to the plan in which they participate.

(iii) Deferred compensation plan

IHR Group maintains a deferred compensation plan for certain executives and hotel general managers by depositing amounts into trusts for the benefit of the participating employees. Amounts in the trusts earn investment income, which serves to increase the corresponding deferred compensation obligation. Investments, which are recorded at market value and presented within "Available-for-sale financial assets" on the consolidated balance sheet, are directed by the participants and not guaranteed by IHR Group. Deferred compensation obligation is classified as non-current liability.

IHR Group has no further obligation for these plans beyond the contributions made. The contributions to these plans are recognised as employee benefit expense when incurred.

(e) Revenue recognition

IHR Group earns revenue from the wholly owned hotels, hotel management services and the other revenue from managed properties. IHR Group recognises revenue from the wholly owned hotels from rooms, food and beverage, rendering of ancillary services and rental as earned at the close of each business day. In addition, IHR Group collects sales, occupancy and other similar taxes at the wholly owned hotels that IHR Group remits to the taxing authority, which IHR Group presents on a net basis (excluded from revenue) on the consolidated income statement.

The hotel management unit earns fees from base and incentive management fees, early termination fees, and fees for other related services provided, primarily centralized accounting and purchasing. IHR Group recognises base fees and fees for other services as revenue when earned in accordance with the individual management contracts. Base management fees are calculated based on a percentage of the total revenue at the property. IHR Group records incentive fees in the period in which they are earned. As most of the contracts have annual incentive fee targets, IHR Group typically records incentive fees on these contracts in the last month of the annual contract period when all contingencies have been met. Early termination fee revenue is recognised on early terminated management contracts when all contingencies are removed.

The other revenue and other expenses from managed properties represent the expenses incurred in managing the hotel properties for which IHR Group is contractually reimbursed by the property owner and generally include salary and employee benefits for the employees working in the properties and certain other related costs. The reimbursable expenses are recorded as revenue and cost of sales, respectively, with zero effect on operating profit.

The unaudited condensed consolidated interim financial statements include the unaudited interim financial statements of the Company and all of its subsidiaries and jointly controlled entities made up to 30 June 2010.

4 TURNOVER AND SEGMENT INFORMATION

The Board has been identified as the chief operating decision-maker. The Board reviews the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports.

Upon the completion of the reorganisation with Jin Jiang Hotels Development, Jin Jiang International Hotel Management Company Limited became a wholly-owned subsidiary of the Company and did not charge hotel management fees to the star-rated hotels owned by the Company. The Board combined the previous segment of star-rated hotels management into the segment of star-rated hotels for the six months ended 30 June 2010, with representing comparatives in segment information.

Upon the acquisition of 50% interest of IHR Group, the Board assesses the performance of overseas hotels as an individual business segment.

The Board assesses the performance according to five main business segments as follows:

- (1) Star-rated hotels: ownership, operation and management of star-rated hotels;
- (2) Budget Hotels: operation of self-owned budget hotels and franchising to budget hotels owned by other parties;
- (3) Food and restaurants: operation of fast food or upscale restaurants, moon cake production and related investments;
- (4) Other operation in China: intra-group financial services, training and education;
- (5) Overseas hotels: overseas operation of wholly-owned hotels, hotel management services and related sources.

The Board assesses the performance of the operating segments based on profit for the period.

7 RESERVES (CONTINUED)

- (i) Capital surplus represents premium arising from the shareholders' contribution in excess of paid-in capital or from the issue of shares at a price in excess of their par value per share.
- (ii) Pursuant to the Company Law of Mainland China and the articles of association of certain group companies, the Company and its subsidiaries in Mainland China are required to transfer 10% of its net profit, as determined under Mainland China accounting regulations, to statutory surplus reserve until the fund aggregates to 50% of their share capital; after the transfer of statutory surplus reserves, the Company and its subsidiaries in Mainland China can appropriate profit, subject to respective shareholders' approval, to discretionary surplus reserve.

The transfer to statutory and discretionary reserves must be made before distribution of dividends to the shareholders. These reserves shall only be used to make up previous years' losses, to expand production operations, or to increase the capital of the respective company. The Company and its subsidiaries in Mainland China may transfer their respective statutory surplus reserve into share capital, provided that the balance of the statutory surplus reserve after such transfer is not less than 25% of the registered capital.

- (iii) Merger reserve represents the net effect arising from the application of merger accounting for business combinations resulting from transactions among entities under common control. It includes (1) the paid-in capital of certain subsidiaries, which were transferred to the Group in the reorganisation conducted during the years 2003 to 2006, and their retained earnings/(accumulated losses) before acquisitions by Jin Jiang International, which were credited/(debited) to merger reserve and (2) the considerations and other settlements paid by the Group in the reorganisation conducted during the years 2003 to 2006 to obtain the interests in these subsidiaries, which were debited to merger reserve.
- (iv) Reserve on available-for-sale financial assets represents the changes in fair value, net of tax, on available-for-sale financial assets through equity.
- (v) Asset revaluation surplus represents the equity effect of the revaluation of assets arising on a business combination made in stages. The Company remeasures the fair value of its previously held equity interest in the acquiree at its acquisition date and recognises the changes in the value of its previously held equity interest in the acquiree in equity.
- (vi) Reversal of income tax payable represents the reversal of income tax payable of Shanghai Yulan Hotel Co., Ltd. ("Yulan Hotel") in connection with certain borrowings waived by its previous equity holder.

Before the Group obtained the 100% equity interest in Yulan Hotel from Jin Jiang International on 31 March 2005 under a common control combination, certain borrowings of Yulan Hotel were waived in 2001 and 2002 by its then equity holder, Shanghai Jin Jiang International Investment and Management Company Limited. At that time, tax regulations did not clarify whether or not obtaining such waiver of the borrowings was taxable. Yulan Hotel considered it as an uncertain tax position and provided an income tax payable of RMB15,253,000 after taking into account its then deductible tax losses. In 2010, Yulan Hotel confirmed with local tax authority according to a recent tax circular that such borrowings waived were not taxable and accordingly reversed the related income tax payable previously provided. As the 100% equity interest in Yulan Hotel, transferred from Jin Jiang International to the Group on 31 March 2005, was credited in merger reserve, the reversal of the income tax payable is also credited to merger reserve.

- (vii) Reorganisation with Jin Jiang Hotels Development is treated as a transaction with non-controlling interests, and accordingly the effect of the difference between the carrying amount of Transfer-in Assets and Transfer-out Assets and the cash consideration paid by the Company is recorded in reserves attributable to the shareholders of the Company.
