

STRUCTURE OF THE GLOBAL OFFERING

DETERMINATION OF THE OFFER PRICE

The Offer Price is expected to be fixed by the Price Determination Agreement to be entered into between the Global Coordinator (for itself and on behalf of the Underwriters), the Company and the Selling Shareholder on or before the Price Determination Date, when the market demand for the Offer Shares will be ascertained. The Price Determination Date is currently expected to be Monday, 14 June 2010 and in any event not later than Thursday, 17 June 2010.

Prospective investors should be aware that the Offer Price to be determined on or before the Price Determination Date may be, but not expected to be, lower than indicative Offer Price range as stated in this prospectus. The Offer Price will not be more than HK\$3.26 per Offer Share and is expected to be not less than HK\$2.36 per Offer Share. The Offer Price will fall within the Offer Price range as stated in this prospectus unless otherwise announced, as further explained below, not later than the morning of the last day for lodging applications under the Hong Kong Public Offer.

The Global Coordinator (for itself and on behalf of the Underwriters) may, where it considers appropriate, based on the level of interest expressed by prospective professional, institutional and private investors during a book-building process, and with the consent of the Company and the Selling Shareholder, reduce the indicative Offer Price range below that stated in this prospectus at any time prior to the morning of the last day for lodging applications under the Hong Kong Public Offer. In such a case, the Company will, as soon as practicable following the decision to make such reduction, and in any event not later than the morning of the last day lodging applications under the Hong Kong Public Offer, cause there to be published on the Company's website at www.costingroup.com and the Stock Exchange's website at www.hkexnews.hk notice of reduction in the indicative Offer Price range. Upon issue of such a notice, the revised Offer Price range will be final and conclusive and the Offer Price, if agreed upon with the Company, will be fixed within such revised Offer Price range. Such notice will also include confirmation or revision, as appropriate, of the working capital statement, the Global Offering statistics as currently set out in the section headed "Summary" in this prospectus, and any other financial information which may change as a result of such reduction. **If applications for Offer Shares have been submitted prior to the day which is the last day for lodging applications under the Hong Kong Public Offer, then even if the Offer Price range is so reduced, such applications cannot be subsequently withdrawn.** In the absence of any notice being published on the Company's website at www.costingroup.com and the Stock Exchange's website at www.hkexnews.hk of a reduction in the indicative Offer Price range as stated in this prospectus on or before the morning of the last day for lodging applications under the Hong Kong Public Offer, the Offer Price, if agreed upon by the Global Coordinator (for itself and on behalf of the Underwriters) the Company and the Selling Shareholder, will under no circumstances be set outside the Offer Price range as stated in this prospectus.

If, for any reason, the Global Coordinator (for itself and on behalf of the Underwriters), the Company and the Selling Shareholder, are unable to enter into the Price Determination Agreement by the Price Determination Date, the Global Offering will not become unconditional and will not proceed.

Announcement of the Offer Price, together with indication of the level of interests in the International Placing and the results of application under the Hong Kong Public Offer and basis of allocation of the Hong Kong Offer Shares is expected to be published on 18 June 2010.

STRUCTURE OF THE GLOBAL OFFERING

PRICE PAYABLE ON APPLICATION

The Offer Price will not be more than HK\$3.26 per Offer Share and is expected to be not less than HK\$2.36 per Offer Share, unless otherwise announced not later than the morning of the last day for lodging applications under the Hong Kong Public Offer as set out above. Prospective investors should be aware that the Offer Price as determined on the Price Determination Date may be lower than the indicative Offer Price as stated in this prospectus.

Applicants under the Hong Kong Public Offer should pay, on application, the maximum price of HK\$3.26 per Offer Share and 1% brokerage, 0.005% Stock Exchange trading fee and 0.004% SFC transaction levy. That means a total of HK\$3,292.89 is payable for every board lot of 1,000 Shares. The Application Forms have tables showing the exact amount payable for certain multiples of Hong Kong Offer Shares. If the Offer Price, as finally determined in the manner as described above, is lower than the maximum price of HK\$3.26 per Offer Share, appropriate refund payments (including the related brokerage, the Stock Exchange trading fee and the SFC transaction levy attributable to the excess application money) will be made to applicants, without interest. Further details are set out in the section headed “How to apply for the Hong Kong Offer Shares” in this prospectus.

CONDITIONS OF THE HONG KONG PUBLIC OFFER

Acceptance of the application for the Offer Shares pursuant to the Hong Kong Public Offer is conditional upon:

1. Listing

The Listing Committee of the Stock Exchange granting the listing of, and permission to deal in, the Shares in issue and to be issued as mentioned in this prospectus on the Stock Exchange and such approval not subsequently having been revoked prior to the commencement of dealings in the Shares.

2. Underwriting Agreements

- (i) The obligations of the Underwriters under the Underwriting Agreements becoming unconditional, and not being terminated in accordance with the terms thereof; and
- (ii) the execution and delivery of the International Underwriting Agreement prior to or on the Price Determination Date.

3. Price determination

The Offer Price having been determined and the execution of the Price Determination Agreement on or around the Price Determination Date.

If any of the conditions is not fulfilled or waived on or before the times specified above, the Global Offering will lapse and the application money will be returned to the applicants, without interest. The terms on which the application money will be returned to the applicants are set out in the paragraph headed “Refund of your monies” in the relevant Application Forms.

STRUCTURE OF THE GLOBAL OFFERING

In the meantime, the application money will be held in bank accounts with the receiving bankers or other bank(s) in Hong Kong, licensed under the Banking Ordinance (Chapter 155 of the Laws of Hong Kong).

THE GLOBAL OFFERING

The Global Offering comprises the International Placing and the Hong Kong Public Offer. A total of initially 240,000,000 Offer Shares will be made available under the Global Offering, of which 216,000,000 International Placing Shares (subject to re-allocation and the Over-allotment Option), representing 90% of the Offer Shares, will initially be conditionally placed with selected professional, institutional and private investors under the International Placing. The remaining 24,000,000 Hong Kong Offer Shares (subject to re-allocation), representing 10% of the Offer Shares, will initially be offered to the public in Hong Kong under the Hong Kong Public Offer.

The Hong Kong Public Offer is open to all members of the public in Hong Kong as well as to institutional and professional investors. The Hong Kong Underwriters have severally agreed to underwrite the Hong Kong Offer Shares under the terms of the Hong Kong Underwriting Agreement. The International Underwriters will severally underwrite the International Placing Shares pursuant to the terms of the International Underwriting Agreement. Further details of the underwriting are set out in the section headed “Underwriting” in this prospectus.

Investors may apply for the Offers Shares under the Hong Kong Public Offer or indicate an interest for Offer Shares under the International Placing, but may not do both.

International Placing

The Company is expected to offer initially 216,000,000 International Placing Shares (subject to re-allocation and the Over-allotment Option) at the Offer Price under the International Placing. The number of International Placing Shares expected to be initially available for application under the International Placing represents 90% of the total number of Offer Shares being initially offered under the Global Offering. The International Placing is expected to be fully underwritten by the International Underwriters. Investors subscribing for the International Placing Shares are also required to pay the maximum Offer Price of HK\$3.26 per Share plus a 1% brokerage, a 0.005% Stock Exchange trading fee and a 0.004% SFC transaction levy of the Offer Price.

It is expected that the International Underwriters, or selling agents nominated by them, on behalf of the Company, will conditionally place the International Placing Shares at the Offer Price with selected professional, institutional and private investors. Professional and institutional investors generally include brokers, dealers, companies (including fund managers) whose ordinary business involves dealing in shares and other securities and corporate entities which regularly invest in shares and other securities. Private investors applying through banks or other institutions who sought the International Placing Shares in the International Placing may also be allocated the International Placing Shares.

Allocation of the International Placing Shares will be based on a number of factors, including the level and timing of demand and whether or not it is expected that the relevant investor is likely to acquire further Shares and/or hold or sell its Shares after the Listing. Such allocation is intended to result in a distribution of the International Placing Shares on a basis which would lead to the

STRUCTURE OF THE GLOBAL OFFERING

establishment of a solid shareholder base to the benefit of the Company and its Shareholders as a whole. Investors to whom International Placing Shares are offered will be required to undertake not to apply for Shares under the Hong Kong Public Offer.

The Company, the Directors, the Sponsor and the Global Coordinator (for itself and on behalf of the Underwriters) are required to take reasonable steps to identify and reject applications under the Hong Kong Public Offer from investors who receive Shares under the International Placing, and to identify and reject indications of interest in the International Placing from investors who receive Shares under the Hong Kong Public Offer.

The International Placing is expected to be subject to the conditions as stated in the paragraph headed “Conditions of the Hong Kong Public Offer” of this section.

Hong Kong Public Offer

The Company is initially offering 24,000,000 Hong Kong Offer Shares for subscription (subject to re-allocation) by the public in Hong Kong under the Hong Kong Public Offer, representing 10% of the total number of Offer Shares initially offered under the Global Offering. The Hong Kong Public Offer is fully underwritten by the Hong Kong Underwriters. Applicants for the Hong Kong Offer Shares are required on application to pay the maximum Offer Price of HK\$3.26 per Share plus a 1% brokerage, a 0.005% Stock Exchange trading fee and a 0.004% SFC transaction levy.

The Hong Kong Public Offer is open to all members of the public in Hong Kong. An applicant for Shares under the Hong Kong Public Offer will be required to give an undertaking and confirmation in the Application Form submitted by him/her that he/she has not applied for nor taken up any Shares under the International Placing nor otherwise participated in the International Placing. Applicants should note that if such undertaking and/or confirmation given by an applicant is breached and/or is untrue (as the case may be), such applicant’s application under the Hong Kong Public Offer is liable to be rejected.

For allocation purposes only, the number of the Hong Kong Offer Shares will be divided equally into two pools: pool A and pool B. The Hong Kong Offer Shares in pool A will consist of 12,000,000 Shares and will be allocated on an equitable basis to applicants who have applied for the Hong Kong Offer Shares in the value of HK\$5 million (excluding the brokerage, the Stock Exchange trading fee and the SFC transaction levy thereon) or less. The Hong Kong Offer Shares available in pool B will consist of 12,000,000 Shares and will be allocated on an equitable basis to applicants who have applied for Hong Kong Offer Shares in the value of more than HK\$5 million (excluding the brokerage, the Stock Exchange trading fee and the SFC transaction levy) and up to the value of pool B.

Investors should be aware that the allocation ratios for applications in the two pools, as well as the allocation ratios for applications in the same pool, are likely to be different. Where one of the pools is under-subscribed, the surplus Hong Kong Offer Shares will be transferred to satisfy demand in the other pool and be allocated accordingly. Applicants can only receive an allocation of Hong Kong Offer Shares from any one pool but not from both pools and can only make applications to either pool A or pool B. Any application made for more than 100% of the Hong Kong Offer Shares initially available under pool A or pool B will be rejected.

STRUCTURE OF THE GLOBAL OFFERING

Allocation of the Hong Kong Offer Shares to investors under the Hong Kong Public Offer will be based solely on the level of valid applications received under the Hong Kong Public Offer. When there is over-subscription under the Hong Kong Public Offer, allocation of the Hong Kong Offer Shares may involve balloting, which would mean that some applicants may be allocated more Hong Kong Offer Shares than others who have applied for the same number of the Hong Kong Offer Shares, and those applicants who are not successful in the ballot may not receive any Hong Kong Offer Shares.

BASIS OF ALLOCATION OF THE OFFER SHARES

The allocation of the Offer Shares between the International Placing and the Hong Kong Public Offer is subject to reallocation on the following basis:

- (a) if the number of Shares validly applied for under the Hong Kong Public Offer represents 15 times or more but less than 50 times the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be allocated to the Hong Kong Public Offer from the International Placing, so that the total number of Shares available for subscription under the Hong Kong Public Offer will be increased to 72,000,000 Shares, representing 30% of the Offer Shares;
- (b) if the number of Shares validly applied for under the Hong Kong Public Offer represents 50 times or more but less than 100 times the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be reallocated to the Hong Kong Public Offer from the International Placing, so that the number of Shares available for subscription under the Hong Kong Public Offer will be increased to 96,000,000 Shares, representing 40% of the Offer Shares; and
- (c) if the number of Shares validly applied for under the Hong Kong Public Offer represents 100 times or more the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be reallocated to the Hong Kong Public Offer from the International Placing, so that the number of Shares available for subscription under the Hong Kong Public Offer will be increased to 120,000,000 Shares, representing 50% of the Offer Shares.

In all cases, the additional Shares reallocated to the Hong Kong Public Offer will be allocated equally between pool A and pool B and the number of Offer Shares allocated to the International Placing will be correspondingly reduced.

If the Hong Kong Public Offer is not fully subscribed, the Global Coordinator has the authority to reallocate all or any of the unsubscribed Hong Kong Offer Shares originally included in the Hong Kong Public Offer to the International Placing in such proportion as it deems appropriate.

OVER-ALLOTMENT OPTION

In connection with the Global Offering, the Company is expected to grant to the Global Coordinator (for itself and on behalf of the International Underwriters) the Over-allotment Option which will expire on Sunday, 11 July 2010, being the date which is 30 days from the date of the last day of lodging application under the Hong Kong Public Offer. Pursuant to the Over-allotment Option, the Company may be required by the Global Coordinator (for itself and on behalf of the International

STRUCTURE OF THE GLOBAL OFFERING

Underwriters) to allot and issue up to and not more than 36,000,000 additional new Shares (representing 15% of the total number of the Offer Shares initially available under the Global Offering) at the Offer Price to cover over-allocations in the International Placing. The Global Coordinator (for itself and on behalf of the International Underwriters) may also cover such over-allocations by, among other means, purchasing Shares in the secondary market or through stock borrowing arrangements with Nian's Holding or by a combination of these means or otherwise as may be permitted under the applicable laws and regulatory requirements. Any such secondary market purchases will be made in compliance with all application laws, rules and regulations. If the Over-allotment Option is exercised in full, the additional 36,000,000 new Shares will represent approximately 4.3% of the Company's enlarged issued share capital immediately after completion of the Capitalisation Issue, the Global Offering and the full exercise of the Over-allotment Option. In the event that the Over-allotment Option is exercised or expired, a press announcement will be made.

STABILISATION

Stabilisation is a practice used by underwriters in some markets to facilitate the distribution of securities. To stabilise, the underwriters may bid for, or purchase, the newly issued securities in the secondary market, during a specified period of time, to retard and, if possible, prevent a decline in the market price of the securities below the Offer Price. In Hong Kong, the price at which stabilisation is effected is not permitted to exceed the Offer Price.

In connection with the Global Offering, the Global Coordinator (or its affiliates or any person acting for it), as the stabilising manager, for itself and on behalf of the Underwriters, may over-allocate or effect transactions which stabilise or maintain the market price of the Shares at levels above those which might otherwise prevail for a limited period after the Listing Date. The number of Shares that may be over-allocated will be up to, but not more than, an aggregate of 36,000,000 additional Shares, being the number of the Shares that may be issued under the Over-allotment Option. Such stabilising actions may include over-allocating the International Placing Shares and covering such over allocations by exercising the Over-allotment Option or by making purchases in the secondary market or through stock borrowing arrangements with Nian's Holding or through a combination of these means or otherwise. However, there is no obligation on the Global Coordinator to do this. Such stabilisation action, if commenced, may be discontinued at any time, and is required to be brought to an end after a limited period. Such transactions may be effected in all jurisdictions where it is permissible to do so, in each case in compliance with all applicable laws and regulatory requirements.

Subject to and under the Securities and Futures (Price Stabilising) Rules of the SFO, the Global Coordinator (for itself and on behalf of the Underwriters) may take all or any of the following actions ("primary stabilising action") with respect to any Shares during the stabilisation period, which should end on 11 July 2010:

- (1) purchase, or agree to purchase, any of the Shares;

STRUCTURE OF THE GLOBAL OFFERING

- (2) offer or attempt to do anything as described in paragraph (1), for the sole purpose of preventing or minimising any reduction in the market price of the Shares. The Global Coordinator (for itself and on behalf of the Underwriters) may also, in connection with any primary stabilising action, take all or any of the following actions:
- (a) for the purpose of preventing or minimising any reduction in the market price of the Shares;
 - (i) allocate a greater number of Shares than the number that is initially offered under the Global Offering; or
 - (ii) sell or agree to sell Shares so as to establish a short position in them;
 - (b) pursuant to an option or other right to purchase or subscribe for Shares, purchase or subscribe for or agree to purchase or subscribe for Shares in order to close out any position established under paragraph (a);
 - (c) sell or agree to sell any Shares acquired by it in the course of the primary stabilising action in order to liquidate any position that has been established by such action; and/or
 - (d) offer or attempt to do anything as described in paragraphs (a)(ii), (b) or (c).

Investors should be aware:

- that the Global Coordinator (for itself and on behalf of the Underwriters) may, in connection with the stabilising action, maintain a long position in the Shares;
- that there is no certainty regarding the extent to which and the time period for which the Global Coordinator will maintain such a long position;
- of possible impact in the case of liquidation of such a long position by the Global Coordinator;
- that stabilising action cannot be taken to support the price of the Shares for longer than the stabilising period which begins on the Listing Date and ends on the earlier of the 30th day after the last day for the lodging of applications under the Hong Kong Public Offer or the commencement of trading of the Shares on the Stock Exchange, that the stabilising period is expected to expire on 11 July 2010, and that after this date, when no further stabilising action may be taken, demand for the Shares, and therefore its price could fall;
- that the price of the Shares cannot be assured to stay at or above the Offer Price by the taking of any stabilising action; and that stabilising bids may be made or transactions effected in the course of the stabilising action at any price at or below the Offer Price, which means that stabilising bids may be made or transactions effected at a price below the price the investor has paid for the Shares.

STRUCTURE OF THE GLOBAL OFFERING

STOCK BORROWING ARRANGEMENT

In connection with the Global Offering, the Global Coordinator may over-allocate up to and not more than an aggregate of 36,000,000 additional Shares and cover such over allocations by exercising the Over-allotment Option or by making purchases in the secondary market at prices that do not exceed the Offer Price or through stock borrowing arrangements or a combination of these means. In particular, for the purpose of covering such over-allocations, the Global Coordinator may borrow up to 36,000,000 Shares from Nian's Holding, equivalent to the maximum number of Shares to be issued on a full exercise of the Over-allotment Option, under the Stock Borrowing Agreement. **Stock borrowing arrangement is not subject to the restrictions of Rule 10.07(1)(a) of the Listing Rules provided that the requirements set forth in Rule 10.07(3) of the Listing Rules are complied with. The principal terms of the Stock Borrowing Agreement are:**

- the stock borrowing arrangement will only be effected by the borrower for settlement of over-allocations in connection with the International Placing;
- the maximum number of Shares borrowed from Nian's Holding will be limited to the maximum number of Shares which may be issued upon exercise of the Over-allotment Option;
- the same number of Shares so borrowed must be returned to Nian's Holding or its nominees on no later than three business days following the earlier of (i) the last day for exercising the Over-allotment Option; and (ii) the day on which the Over-allotment Option is exercised in full; or (iii) such earlier time as may be agreed in writing between Nian's Holding and the Global Coordinator;
- the stock borrowing arrangement will be effected in compliance with all applicable laws and regulatory requirements; and
- no payments will be made to Nian's Holding in relation to the stock borrowing arrangement.
