2010 ANNUAL REPORT

Corporate Profile

Established in 1992, China Kangda is a diversified food manufacturing and processing group based in the PRC and it is primarily engaged in the production, processing, sale and distribution of:

a) chilled and frozen rabbit meat;
b) chilled and frozen chicken meat;
c) processed foods which include a wide range of food products such as instant soup, curry food, chicken-based cooked products, roasted rabbit food, meatballs, de-oxygenated consumer packed chestnuts and seafood; and
d) other products which mainly include pet food, dehydrated vegetables, poultry, rabbit organs, fruits, dried chili, pig liver and seasoning.

China Kangda's chilled and frozen rabbit meat is mainly exported to European Union ("EU") and Ukraine. Besides selling products under its own brand names of "康大", "嘉府", "U味", and "KONDA", China Kangda also acts as an Original Equipment Manufacture ("OEM") manufacturer of a variety of processed foods including meatballs, seafood, chicken-based cooked products, chestnuts, instant soups and curry products for Japanese food corporations including Zensho, Asahimatus, Keio Sangyo, Nissin and Kyoei Transport & Warehouse Co., Ltd, as well as various customers in Korea.

China Kangda currently distributes its wide range of products in 26 provinces and over 30 major cities in the PRC and exports to more than 20 countries and cities including Japan, South Korea, Hong Kong, the United Arab Emirates and certain countries in the EU.

China Kangda is one of the major companies in the PRC authorised to supply rabbit meat to the EU and one of the largest PRC exporters of rabbit meat. China Kangda is further strengthening its foothold in this segment through aggressive expansion strategies.

Chairman's Statement

Gao Sishi
Non-executive Chairman

Dear Shareholders,

On behalf of the Board of Directors (the "Board") of China Kangda Food Company Limited (the "Company"), I am pleased to present the audited annual results of the Company and its subsidiaries (collectively the "Group") for the year ended 31 December 2010.

BUSINESS REVIEW

The operating environment for our business in the year of 2010 remained challenging. Influenced by the overall recovery of global economy and strong appreciation of the Renminbi ("RMB"), the prices of raw materials and labour wages continued to rise and placed a heavy burden on the financial condition of the Group.

In 2010, the Group recorded sales revenue of approximately RMB1,016.9 million, an increase of 35.4% from that of RMB750.8 million recorded in the previous year. Gross profit and profit after tax recorded a reduction of 2.3% to RMB81.2 million and 93.5% to RMB2.0 million respectively compared to the previous year. This was due mainly to the increase in operational costs and the reduced average selling prices of chicken meat products due to the oversupply of chicken meat in the PRC market.

During the year under review, the Group's results included the results of the acquisition of the Shandong Kaijia Food Company Limited ("Kaijia Food"). In order to finance this acquisition, the Group had made additional bank loans during the year. The increase in finance costs and operating expenses as a result of the enlarged business operations have significantly decreased the Group's profit for the year. However through this acquisition, the Group has successfully increased its production capacity and consequently enhanced the Group's client base, both overseas and in the PRC.

The Group has major customers in the PRC, Europe, Japan, the United Arab Emirates and other regions. The Group's new operations in Jilin and Chongqing Provinces have enlarged in the Group's production capacity of rabbit meat during the year. The Group being one of the companies in the PRC to have a licence to supply rabbit meat to the EU, will continue to leverage on the opportunities arising from strong demand of rabbit meat in the EU to expand its sales. The Group will also continue to implement an extensive marketing strategy, and to focus on maintaining good relationships with customers and suppliers, to widen its international client base. The Group would also introduce various new products to the PRC market on a continual basis.

FOOD SAFETY

The Group's emphasis on food quality has been widely recognized. The Group's quality control centre has complied with both the PRC and international requirements and obtained the HACCP certification. It's quality management system has also achieved ISO9001 and ISO14001 certification. The Group views its ability to comply with PRC and international standards as its strength. It will continue to strengthen its staff training and conduct regular checks on product safety to further enhance and maintain its food quality.

Food safety has already become a basic and most pertinent factor for the Group's development. The Group is committed to food safety and believes in taking up the responsibility of public safety.

Chairman's Statement

OUTLOOK

The underlying impact of the global financial crisis is still causing ripples on the global market, resulting in different recovery pace in different markets.

The PRC economy will continue with its growth momentum in 2011. It is expected that the demand for healthier, safer and quality meat products from consumers will grow stronger and provide the Group with a favourable operating environment.

Currently, the Group generated approximately 58% of its profit from the PRC market. To capture the growth potential, the Group will primarily focus on increasing penetration in the PRC market in the near future. The Group will continue to promote a diversified quality product portfolio by enhancing efforts in advertising and marketing to strengthen its brand recognition. In addition, the Group plans to expand its sales channels in restaurant chains, supermarkets and convenience stores to achieve rapid expansion in the PRC market.

The Board remains confident of and optimistic about the future prospect of the Group. For the year 2010, the Group had enhanced its internal control, stepped up the development of its high-value products and implemented sales strategies as well as actively expanded its customer base. The Group will be able to broaden its horizon and advance stably under the guidance of its Board.

I, on behalf of the Board of Directors, hereby express our most sincere gratitude to the management team and all the staff for their efforts and contributions made to the Group. I would also like to take this opportunity to thank all Shareholders and business partners for their confidence and support to the Group.

Management Discussion and Analysis

ACQUISITION OF SUBSIDIARIES

On 20 January 2010, an ordinary resolution proposed for approving the acquisition from two independent vendors of their 100% equity interest in Kaijia Food and its subsidiary, Shandong Kaijia International Trade Co., Ltd. ("Kaijia Trade") (collectively referred as the "Kaijia Group"), for total cash consideration of approximately RMB130.0 million, was duly passed by the shareholders of the Company by way of poll at a special general meeting. On 21 November 2009, agreement was entered into with the two independent vendors. The acquisition was completed on 24 February 2010.

The principal activities of the Kaijia Group are that of production and sale of chilled and frozen meat products and other processed food products. The acquisition would provide synergy to the business of the Group and benefit the setting of the overall strategic and development plans of the Group's business in the PRC. Production and sale of chilled and frozen meat products and other processed food products by the Group have commenced during the year. Revenue and profit contributions from these subsidiaries are expected to grow steadily in coming years.

BREACH OF LOAN COVENANTS

The syndicated loan of RMB24.9 million is subject to the fulfillment of certain covenants. When the covenants are not met, the drawn-down facilities would become repayable on demand. As at 31 December 2010, certain covenants of the syndicated loan were not met which primarily related to the Group's current ratio, interest cover ratio and terms and conditions of the negative pledge of certain assets. No waiver had been obtained by the Group from the respective lenders on or before 31 December 2010.

Subsequent to the year end date, on 8 February 2011, the Group received a waiver from the bankers in respect of the syndicated loan in relation to financial ratios and the terms and conditions of negative pledge of certain assets. In addition, part of the syndicated loan of approximately RMB8.0 million was repaid by the Group in January 2011. The remaining balance of approximately RMB16.9 million of the syndicated loan will be repaid according to the repayment schedule in 2011.

BUSINESS REVIEW

As at 31 December 2010, the Group achieved a revenue of approximately RMB1,016.9 million, representing an increase of 35.4% compared to last year. The significant rebound in turnover resulted from the recoveries in both the PRC and overseas economies, which led to the increase in demand in the domestic and overseas meat products markets. The Company's new subsidiaries, the Kaijia Group, had also made significant contribution to revenue during the year.

However, the business environment remains challenging despite recovering demand. The increase in raw materials and labour costs caused a decline in the Group's gross profit margin from 11.0% to 8.0% compared to that of last year. The increases in selling and distribution costs, administrative expenses and finance costs, were mainly due to increase in business activities and bank borrowings, further decreased our profit for the year. The Group will continue to increase it production capacity and the quality of its products through enhancement of its existing production facilities to meet the increase in market demand for its products.

The Group has also implemented an extensive market strategy with emphasis on good relationships with customers and suppliers and will focus on widening its international client base and continual introduction of new products to the PRC market. At the same time, the Group will take steps aimed at strengthening and expanding the sales network in more provinces in the PRC, such as Jilin and Chongqing.

PROSPECT

Looking forward, the strong growth of PRC's economy will continue to support demand for quality meat products and the Group will primarily focus on increasing penetration in the PRC market in the near future. The Group will continue to promote a diversified quality products portfolio by enhancing the efforts in advertising and marketing to increase our brand awareness on customers. We plan to expand our sales channels in restaurant chains, supermarkets and convenience stores to achieve rapid expansion. The Group will also continue to improve production efficiency and increase utilization rates to further strengthen our edge over competitors. The Group will continue to implement measures to tighten cost controls over various operating expenses in order to improve its profitability and to generate positive cash inflow from its operations in the future. The Board is confident that the Group will achieve better results in the coming years.

OPERATING AND FINANCIAL REVIEW

REVENUE BY PRODUCTS

REVENUE BY PRODUCTS	FY2010 RMB'000	FY2009 RMB'000	% Change +/(-)
Processed foods	376,497	269,085	39.9
Chilled and frozen rabbit meat	207,673	142,708	45.5
Chilled and frozen chicken meat	261,511	228,453	14.5
Other products	171,189	110,595	54.8
Total	**1,016,870**	**750,841**	**35.4**

Chilled and Frozen Meat Products

The chicken and rabbit meat segments contributed 46.1% and 49.4% to the Group's total revenue for the years ended 31 December 2010 ("FY2010") and 2009 ("FY2009") respectively. The revenue of the chicken and rabbit meat segments registered a 26.4% increase to approximately RMB469.2 million in FY2010 from FY2009.

Revenue of the chicken meat segment contributed 25.7% to the Group's total revenue for FY2010 and increased by 14.5% to approximately RMB261.5 million in FY2010 from FY2009. The increase was due to the recovering demand in the PRC and middle-eastern markets, such as the United Arab Emirates.

Revenue derived from the sale of rabbit meat increased by 45.5% to approximately RMB207.7 million in FY2010 from FY 2009. The increase was attributable to the increasing demand for the Group's rabbit meat products in the European Union ("EU") markets. There was an uptrend for rabbit meat demand, as rabbit meat is considered a delicacy in countries in the EU, such as France and Italy.

Processed Food Products

Revenue derived from processed food products increased by 39.9% to approximately RMB376.5 million in FY2010 from FY2009. The increase was due mainly to the recovering demand of Original Equipment Manufacture ("OEM") products from the Japanese market and the continual introduction of various products to the PRC market. The Group has launched various new ranges of processed food products under its own brand names, such as soup, barbeque meat products and meatballs to the PRC market.

Other Products

Revenue derived from the production and sale of other products increased by 54.8% to approximately RMB171.2 million in FY2010, compared to approximately RMB110.6 million in FY2009, due mainly to strong demand from the PRC and Korean markets. The increase in revenue was largely driven by an increase in demand for the Group's pet food products. Pet food sales contributed over 50% to this segment with growth generated from Beijing and Shanghai markets in the PRC and overseas markets in Japan and Korea.

Management Discussion and Analysis

REVENUE BY GEOGRAPHICAL MARKETS

REVENUE BY GEOGRAPHICAL MARKETS	FY2010 RMB'000	FY2009 RMB'000	% Change +/(-)

PRC	586,329	437,172	34.1
Total	**1,016,870**	**750,841**	**35.4**

On a geographical basis, revenue from export sales increased by 37.3% to approximately RMB430.5 million in FY2010 from FY2009. The increase in export sales was attributable mainly to the increase in demand for rabbit meat products and processed food products.

PRC sales increased by 34.1% to approximately RMB586.3 million in FY2010 from FY2009. The increase was mainly attributable to a increase in the sale of chicken meat products to the PRC market.

Gross profit margin declined from 11.1% in FY2009 to 8.0% in FY2010. The decline was due mainly to the increase in operational costs, including raw material prices and labour costs, and the reduced average selling prices of chicken meat products due to the oversupply of chicken meat in the PRC market.

Processed Food Products
Processed foods business remained as the largest turnover contributors in FY2010. Gross profit decreased by 14.1% to approximately RMB31.8 million in FY2010 from FY2009. Gross profit margin declined from 13.8% to 8.4% for FY2010 from FY2009, due mainly to rising raw material costs.

Chilled and Frozen Rabbit Meat
Gross profit increased by 18.1% to approximately RMB25.0 million in FY2010 from FY2009. As a result of the increase in operating costs, gross profit margin for chilled and frozen rabbit meat segment declined from 15.1% to 12.3% for FY2010 from FY2009.

Chilled and Frozen Chicken Meat
The oversupply of chicken meat products from smaller plants in the PRC had led to a lower average selling price in chilled and frozen chicken meat products. Gross profit margin decreased by 47.9% to approximately RMB10.5 million for FY2010 from FY2009.

Other Products
Other products are mainly chicken and rabbit meat by-products and pet food products. These are not the core profit drivers of the Group. The gross profit margin increased to 7.9% in FY2010 from FY2009 and gross profit increased by 207.1% to approximately RMB13.4 million in FY2010 from FY2009.

Other Income
Other income comprised mainly government grants and interest income from bank deposits amounting to approximately RMB6.3 million and approximately RMB9.3 million respectively. The rest were rental income, recovery of gas, electricity from customers and gain on change in fair value of biological assets.

Selling and Distribution Expenses
The increase in selling and distribution expenses by 51.0% to approximately RMB25.2 million in FY2010 from FY2009 was primarily due to higher transportation, quality inspection, advertising cost and more salesperson being employed from the increased business activity level.

Administrative Expenses
Administrative expenses comprised mainly staff costs, professional fees, travelling expenses and etc. The increase of 15.0% amounting to approximately RMB59.5 million for FY2010 from FY2009 was due mainly to the acquisition of subsidiaries in 2010 which resulted in higher administrative expenses and more employees being employed by the Group.

Finance Costs
Finance costs increased by 229.5% to approximately RMB22.6 million for FY2010 from FY2009 and resulted from (1) the consolidation of Kaijia Group which incurred bank loan interest amounting to approximately RMB5.3 million; (2) the increase of bank borrowing due to business expansion in FY2010; and (3) the amortization of arrangement and upfront fees of the syndicated loan amounting to approximately RMB4.7 million.

Taxation
Tax credits of approximately RMB1.2 million recorded in FY2010 was due mainly to the provision of deferred tax liability in the course of the acquisition of the Kaijia Group.

Management Discussion and Analysis

Exchange loss, net

Since some of the Group's purchase transactions were originally invoiced in foreign currencies, such as Japanese yen and US dollars, the appreciation of the RMB against those currencies and the increase of purchase in FY2010 decreased the exchange loss significantly.

Review of the Group's Financial Position as at 31 December 2010

The increase in property, plant and equipment represented the Group's addition of facility and construction in progress, mainly the acquisition of the Kaijia Group, amounting to approximately RMB212.9 million and depreciation amounting to approximately RMB12.6 million.

The prepaid premium for land leases increased by approximately RMB25.8 million as at 31 December 2010 was mainly as a result of the acquisition of the Kaijia Group.

Goodwill arising from the acquisitions of the Kaijia Group, Qingdao Kangda Modern Agricultural Technology Development Co., Ltd and Qingdao Pu De Food Co., Ltd. amounted to approximately RMB56.3 million, RMB0.4 million and RMB2.7 million respectively.

The intangible assets refer to the export licences and hygiene registration certificates awarded by the relevant authorities in Japan and the EU, where the registered products produced by the Group are allowed to be exported to these countries. The increase in intangible assets by approximately RMB4.5 million as at 31 December 2010 arose from the acquisition of the Kaijia Group.

Biological assets refer to progeny rabbits and progeny chickens for sale and breeder rabbits and chickens for breeding purpose. These biological assets were valued by an independent professional valuer as at 31 December 2010 with reference to the market-determined prices.

Inventories increased by approximately RMB58.4 million to approximately RMB137.0 million as at 31 December 2010 in anticipation of an increase in demand in the first quarter of 2011. The inventory turnover day for FY2010 was 42 days compared to 38 days for FY2009.

Trade receivables increased by approximately RMB5.7 million or 6.5% to approximately RMB93.2 million as at 31 December 2010 in line with the increase in business volume. The trade receivables turnover days decreased to 32 days in FY2010 compared with 41 days in FY2009 due to the stepping up of collection efforts.

Prepayments, other receivables and deposits increased by approximately RMB32.0 million and to approximately RMB51.8 million as at 31 December 2010 due mainly to the increase of deposits placed with the Group's suppliers for construction in progress which arose from the enhancement of the Group's production facilities scheduled for completion in 2011.

Trade payables increased by approximately RMB25.1 million from approximately RMB48.1 million as at 31 December 2009 to approximately RMB73.2 million as at 31 December 2010 due to the increase in purchase of raw materials to cater to the anticipated increase in demand in the first quarter of 2011.

Accrued liabilities and other payables received represented payables for construction and facilities, salary and welfare payables, accrued expenses and deposit received. The increase was due to the increase of deposits placed by customers compared to balance as at 31 December 2009.

In order to support the business expansion in FY2010, the interest-bearing bank borrowings increased significantly from approximately RMB109.8 million as at 31 December 2009 to RMB384.9 million as at 31 December 2010.

Tax payables decreased slightly from approximately RMB2.2 million as at 31 December 2009 to approximately RMB2.1 as at 31 December 2010. This was due to income tax paid during FY2010.

CAPITAL STRUCTURE

During the year under review, the Group had net assets of approximately RMB689.9 million (31 December 2009: RMB664.6 million), comprising non-current assets of approximately RMB801.8 million (31 December 2009: RMB433.8 million), and current assets of approximately RMB433.1 million (31 December 2009: RMB466.0 million). The Group recorded a net current liability position of approximately RMB100.8 million (31 December 2009: net current asset position of RMB240.5 million) as at 31 December 2010, which primarily consist of cash and bank balances amounted to approximately RMB116.6 million (31 December 2009: RMB267.9 million). Moreover, inventories amounted to approximately RMB137.0 million (31 December 2009: RMB78.6 million) and trade receivables amounted to approximately RMB93.2 million (31 December 2009: RMB87.5 million) are also major current assets. Major current liabilities are trade payables and interest-bearing bank borrowings amounted to approximately RMB73.2 million (31 December 2009: RMB48.1 million) and approximately RMB384.9 million (31 December 2009: RMB109.8 million) respectively.

Management Discussion and Analysis

LIQUIDITY AND FINANCIAL RESOURCES

As at 31 December 2010, the Group has cash and cash equivalent of approximately RMB116.6 million (31 December 2009: RMB267.9 million) and had total interest-bearing bank borrowings of approximately RMB384.9 million (31 December 2009: RMB109.8 million). Approximately RMB25.7 million of these bank borrowings was subject to floating rate of 3.26% over HIBOR per annum and the remaining approximately RMB359.2 million was fixed rate debts with interest rate at 4.64% to 5.58% per annum. All bank borrowings were repayable within one year.

The gearing ratio for the Group was 58.9% (31 December 2009: 16.9%) as at 31 December 2010, based on net debt of approximately RMB384.9 million (31 December 2009: RMB109.8 million) and equity attributable to Company's owners of approximately RMB653.0 million (31 December 2009: RMB649.6 million). The Group would serve its debts primarily with cash flow generated from its operation, seeking renewal of the outstanding bank borrowings and new banking facilities and exploring the availability of alternative source of financing. The Board is confident that the Group has adequate financial resources to meet its future debt repayment and support its working capital requirement and future expansion.

FOREIGN CURRENCY EXPOSURE

The following table details the Group's exposures at the reporting date to foreign currency risk from the financial assets and financial liabilities denominated in a currency other than the functional currency to which the Group's entities relate:

In view of the nature of the Group's business, which spans several countries, foreign exchange risks will continue to be an integral aspect of its risk profile in the future. Currently, the Group neither has a formal foreign currency hedging policy nor conducts hedging exercise to reduce foreign currency exposure. The Group will continue to monitor its foreign exchange exposure should it be necessary.

CAPITAL COMMITMENTS

As at 31 December 2010, the capital commitment of the Group which had been contracted for but not provided in the financial statements was in the total amount of approximately RMB11.6 million (2009: RMB160.6 million).

CHARGE ON ASSETS

A syndicated loan of approximately RMB24.9 million was guaranteed and secured against the Company's interests in its two subsidiaries, Perfect Good Group Limited and Spiritzone Group Limited.

Approximately RMB170.0 million of the secured bank loan was borrowed during the year and secured by the pledge of certain of the Group's property, plant and equipment with an aggregate carrying amount of approximately RMB63.5 million and land use rights with an aggregate carrying amount of approximately RMB17.5 million.

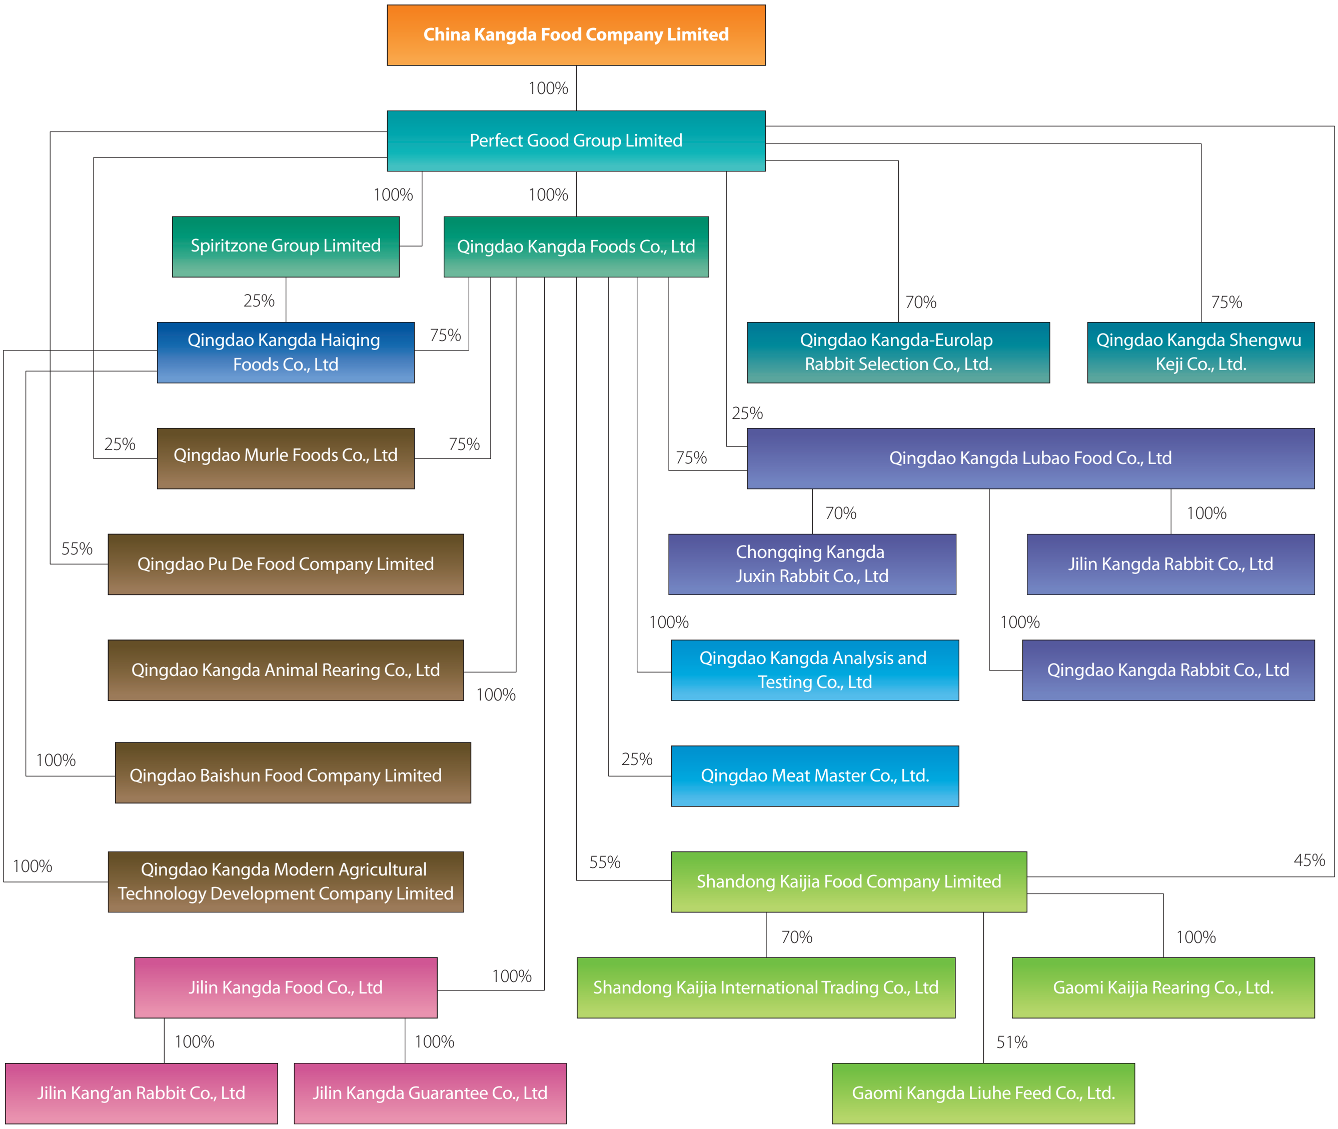
Corporate Structure



Corporate Governance Report

The Board of Directors (the "**Board**") is committed to maintain a high standard of corporate governance practices and procedures within the Company and its subsidiaries (the "**Group**"). The Board endeavors to ensure that its businesses are conducted in accordance with the rules and regulations and applicable codes and standards.

The Board will review and improve the corporate governance practices from time to time to ensure that the interests of its shareholders are properly protected and promoted.

For the year under review, the Company has generally complied with all the applicable code provisions of the Code of Corporate Governance 2005 (the "**Singapore Code**") issued by the Council Corporate Disclosure and Governance, Singapore and the Code on Corporate Governance Practices (the "**HK Code**") contained in Appendix 14 of the Rules Governing the Listing of Securities (the "**Hong Kong Listing Rules**") on The Stock Exchange of Hong Kong Limited (the "**SEHK**") from the date on which the shares of the Company are listed on the SEHK (where they are applicable, relevant and practicable to the Group).

BOARD OF DIRECTORS

(A) Board's Conduct of its Affairs

The Board, in addition to its statutory responsibilities, is responsible for the overall performance of the Group. It provides effective leadership, sets the Company's values and standards and ensures that the necessary financial and human resources are in place for the Company to achieve its objectives.

The principal functions of the Board are to:

1. approve the policy initiatives, strategies and financial objectives of the Group and monitoring the performance of the management;

2. approve funding proposals, investment and divestment proposals, material acquisitions and disposal of assets, interested person transactions of a material nature;

3. oversee the process for evaluating the adequacy of internal controls, risk management, financial reporting and compliance, including the release of financial results and timely announcements of material transactions;

4. declare of interim and final dividends, if applicable;

5. approve the nomination of Directors and appointment of key personnel;

6. assume responsibility for corporate governance;

7. prepare of financial statements which give a true and fair view of the Company for each financial period in accordance with the International Financial Reporting Standards; and

8. oversee the proper conduct of the Company's business.

The Board is supported by the Audit Committee (the "**AC**"), the Remuneration Committee (the "**RC**") and the Nominating Committee (the "**NC**"). These Board Committees function within clearly defined terms of reference and operating procedures which are reviewed on a regular basis.

The Board meets at least once every quarter. Ad hoc meetings will be convened as and when warranted by particular circumstances between the scheduled meetings. The Company's Bye-laws provide for meetings to be held via telephone and video conferencing. When a physical Board or Board Committee meeting is not possible, timely communication with members of the Board or Board Committee can be achieved through electronics means or the circulation of written resolution for approval by the relevant members of the Board or Board Committees.

Corporate Governance Report

The approval of the Board is required for any matters which is likely to have a material impact on the Group's operating units and/or financial positions as well as matters other than in the ordinary course of business. The Board believes that when taking decisions, all Directors of the Board act objectively and for the interest of the Company.

The day-to-day management, administration and operation of the Group are taken by the executive Board members and which are to be delegated to management. Each Executive Director of the Company has accumulated sufficient and valuable experience to hold his position in order to ensure that his fiduciary duties can be carried out in an effective and efficient manner.

Details of Directors' attendance at the Board and Board Committee meetings, held for the year ended 31 December 2010 ("FY2010") are set out in the table below:

Newly appointed directors will be briefed on the Group's business activities, strategic direction and regulatory environment in which the Group operates. They will also be provided with a letter of appointment setting out their duties, obligations and terms of appointment.

The Board is kept informed of the new updates in the requirements of the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") and the SEHK from time to time.

(B) Board Composition

The Board comprises seven Directors, with two Executive Directors, two Non-Executive Directors, and three Independent Non-Executive Directors. The names of the Directors are set out as follows:

Executive Directors
Gao Yanxu *(Chief Executive Officer)*
An Fengjun

Non-executive Directors
Gao Sishi *(Chairman)*
Zhang Qi

Independent Non-executive Directors
Kuik See Juan
Sim Wee Leong
Yu Chung Leung

The biographies of the Directors are set out on pages 5 to 6 of the annual report.

Corporate Governance Report

During FY2010, the Board met the requirements of the Hong Kong Listing Rules related to the appointment of at least three independent Non-Executive Directors and one third of the Board comprises Independent Non-Executive Directors in compliance with the Singapore Code.

The Board has received the annual written confirmations of independence from all the Independent Non-Executive Directors pursuant to Rule 3.13 of the Hong Kong Listing Rules. The Board is of the view that all the Independent Non-Executive Directors are independent in accordance with the Hong Kong Listing Rules and the Singapore Code. All the Independent Non-Executive Directors have appropriate professional qualifications or accounting or related financial management expertise.

The size and composition of the Board are reviewed on an annual basis by the NC to ensure that it has an appropriate mix of expertise and experience, and collectively possesses the necessary core competencies for effective functioning and informed decision-making. The NC also strives to ensure that the size of the Board is conducive to discussions. The NC with the concurrence of the Board considers the current Board size of seven as appropriate, having regard to the nature and scope of the Group's operations.

Non-Executive Directors contribute to the Board process by monitoring and reviewing Management's performance against goals and objectives. Their views and opinions provide alternative perspectives to the Group's business. When challenging Management proposals or decisions, they bring independent judgement to bear on business activities and transactions involving conflicts of interest and other complexities.

(C) Chairman and Chief Executive Officer

According to provision A.2.1 of the HK Code and principle 3 of the Singapore Code, the roles of Chairman and Chief Executive Officer ("**CEO**") should be separated and should not be performed by the same individual. This is to ensure an appropriate balance of powers.

The Non-executive Chairman of the Group is Mr. Gao Sishi, who is the founder of the Group. As Chairman, Mr. Gao Sishi ensures that the board meetings are held when necessary, setting the board agenda in consultation with the Group's CEO and the Chief Financial Officer ("**CFO**")/Company Secretary.

Mr. Gao Yanxu, nephew of Mr. Gao Sishi, is the CEO of the Company. As CEO, Mr. Gao Yanxu is responsible for the day-to-day management of the affairs of the Group including reviewing and charting of corporate directions and strategies. He also ensures that stipulated corporate policies are properly complied with and the Directors are kept updated and informed of the Group's development.

Notwithstanding the relationship between the Chairman and the CEO, the Directors are of the view that there are sufficient safeguards and checks to ensure that the decision making process of the Board is independent and based on collective decision of the Directors without any individual exercising any considerable concentration of power or influence.

In line with the recommendations of the HK Code and the Singapore Code, Mr. Kuik See Juan has been appointed as the Lead Independent Non-Executive Director of the Company to co-ordinate and lead Independent Directors to provide a non-executive perspective and to contribute a balance viewpoint to the Board. He is also available to address the concerns, if any, of the Company's shareholders on issues that cannot be appropriately dealt with by the Chairman/CEO or the CFO.

Corporate Governance Report

(D) Board Membership and Performance

Nominating Committee

The NC, regulated by a set of written terms of reference, comprises four members, a majority of whom are Independent Non-Executive Directors. The chairman is Mr. Kuik See Juan, an Independent Non-Executive Directors, who is not directly associated with any connected person of the Company.

The members of the NC are as follows:

Kuik See Juan	*(Chairman)*
Sim Wee Leong	
Gao Yanxu	
Yu Chung Leung	

The principal functions of the NC are to:

1. review nominations for the appointment and re-appointment to the Board;

2. ensure that all Directors submit themselves for re-nomination and re-election at regular intervals;

3. evaluate the performance of the Board as a whole;

4. review and evaluate whether or not a Director is able to and has been adequately carrying out his duties as a Director of the Company, particularly when he has multiple Board representations; and

5. review on an annual basis the independence of Directors.

In reviewing and recommending the appointment of new Directors, the NC would seek to identify the competencies required to enable the Board to fulfill its responsibilities. The Curriculum Vitae and other particulars/documents of the nominee or candidate will be given to the NC for consideration. The NC has adopted a process for selection and appointment of new directors which provides the procedure for identification of potential candidates, evaluation of the suitability of the candidate based on his qualifications, skills knowledge, business and related experience, commitment, ability to contribute to the Board process and such qualities and attributes that may be required by the Board. The NC will make its recommendation to the Board after its review.

Under provision A.4.1 of the HK Code, the Non-Executive Directors should be appointed for a specific term, subject to re-election by the shareholders of the Company. Pursuant to their renewed appointment letters, the two Non-Executive Directors of the Company, Mr. Gao Sishi and Mr. Zhang Qi, are each appointed by the Company for a term commencing on 12 May 2010 and 25 August 2010 respectively, and up to 25 August 2011, subject to re-election by the shareholders of the Company. Their appointment may be terminated by either party by giving the other at least one month's written notice or in accordance with other terms of the appointment letters.

Pursuant to each of Independent Non-Executive Director's respective appointment letters, Mr Yu Chung Leung was appointed by the Company for a term of 3 years, commencing 22 December 2008. Mr Kuik See Juan's and Mr Sim Wee Leong's appointment letters were renewed for a term of 1 year, from 26 August 2010 to 25 August 2011. Their appointment is also subject to re-election by the shareholders of the Company. Their appointment may be terminated by either party by giving the other at least one month's written notice or in accordance with other terms of the appointment letters.

Corporate Governance Report

During FY2010, the NC made recommendations to the Board on all nominations for reappointment of Directors retiring at the Annual General Meeting ("**AGM**").

In accordance with the Company's Bye-laws, each Director is required to retire at least once in every three years by rotation and all newly appointed Directors will have to retire at the next AGM following their appointments. The retiring Directors are eligible to offer themselves for re election. Pursuant to the Company's Bye-law 86(1), Mr. Gao Sishi and Mr. Gao Yanxu will retire at the forthcoming AGM. The Board has accepted the NC's recommendation of their re-nomination..

Each member of the NC had abstained from voting on any resolutions and making any recommendations/participating in any deliberations of the NC in respect of his re-nomination as Director.

For the year under review, the NC had conducted a Board evaluation to assess the effectiveness of the Board as a whole which will examine factors such as Board composition, information flow to the Board, Board procedures, Board accountability, and standards of conduct of the Board members. The evaluation process is carried out by the NC on an annual basis. The NC will continue to review its procedure, effectiveness and development from time to time.

(E) Access to Information

All Directors have independent access to the Group's senior management and the Company secretaries. All Directors are provided, where appropriate, with management information to enable them to participate at the meetings. The Company secretaries provide secretarial support to the Board, attend Board meetings and ensure adherence to Board procedures and the relevant rules and regulations which are applicable to the Company.

Should the Directors, whether as a group or individually, need independent professional advice to fulfill their duties, the Directors will be able to obtain such advice from professionals in which the consultation fees incurred will be borne by the Company. The appointment of such independent professional advisor is subject to approval by the Board.

(F) Procedures for Developing Remuneration Policies, Level and Mix of Remuneration and Disclosure on Remuneration

Remuneration Committee

The RC, regulated by a set of written terms of reference, comprises the following non-executive directors:

Yu Chung Leung	*(Chairman)*
Gao Sishi	
Sim Wee Leong	
Kuik See Juan	

The principal functions of the RC are to:

1. determine the remuneration packages of all Executive Directors and key executives of the Group;

2. assess performance of Executive Directors;

3. review and recommend the Directors' fees for Non-Executive Directors, which are subject to shareholders' approval at the AGM; and

4. assess and recommend the terms of executive Directors' service contracts.

Corporate Governance Report

The RC had reviewed the letters of appointment of the Non-Executive Directors, Mr. Gao Sishi, Mr. Zhang Qi, Mr. Kuik See Juan and Mr. Sim Wee Leong, and the service agreements of the Executive Directors, Mr. Gao Yanxu and Mr. An Fengjun. Mr. Gao Sishi's and Mr. Gao Yanxu's term of office had been renewed on 12 May 2010 and up to 25 August 2011 while the term of office of Mr. Zhang Qi, Mr. Kuik See Juan and Mr. Sim Wee Leong had also been renewed on 26 August 2010 and up to 25 August 2011. The RC having regard to their contribution and performance, had recommended that their terms of office be renewed as above. The Board has accepted the RC's recommendation.

The RC had recommended to the Board an amount of S$131,294 as Directors' fees for FY2010. The Board will table this at the forthcoming AGM for shareholders' approval.

The annual review of the remuneration packages of all Directors was carried out by the RC to ensure that the remuneration of the Directors and key executives commensurate with their performance, qualifications, experience and duties giving due regard to the financial and commercial health and business needs of the Group. The objective of the remuneration policies was to ensure that the Directors would be provided with the appropriate incentives to encourage enhanced performance and are, in a fair and reasonable manner, rewarded for their individual contributions to the success of the Company.

Each member of the RC had abstained from voting on any resolutions and making recommendations and/or participating in any deliberations of the RC in respect of his remuneration package or fees.

Disclosure on remuneration

The breakdown of each individual Director's remuneration, in percentage terms showing the level and mix for FY2010, are as follows:

Name of Director	Salary	Bonus	Director's fees	Other benefits	Total

Zhao Ruifen	100	–	–	100
Gao Chunying	100	–	–	100

The Group does not have a long-term incentive or share option scheme in place.

Corporate Governance Report

(G) Accountability

The Board provides shareholders with a detailed and balanced explanation and analysis of the Company's performance, position and prospects on a quarterly basis within the timeline as stipulated in the SGX-ST Listing Manual and the SEHK Listing Rules.

In line with the SGX-ST listing requirements, negative assurance statements were issued by the Board to accompany its quarterly financial results announcements, confirming to the best of its knowledge that, nothing had come to its shareholders which would render the Company's quarterly results to be false or misleading.

Management provides the Board with appropriately detailed management accounts of the Group's performance, position and prospects on a quarterly basis. This is supplemented by updates on matters affecting the financial performance and business of the Group, if such event occurs.

(H) Audit Committee ("AC")

The AC, regulated by a set of written terms of reference, comprises four members, all of whom are Non-executive Directors. The members of the AC are:

Sim Wee Leong	*(Chairman)*
Kuik See Juan	
Zhang Qi	
Yu Chung Leung	

Mr Sim Wee Leong, Mr Kuik See Juan and Mr Yu Chung Leung have appropriate accounting professional qualifications.

The principal functions of the AC are to:

1. review the annual, half-yearly and quarterly financial statements of the Company and the Group before submission to the Board for adoption;

2. review with the external auditors, their scope, audit plans and audit reports as well as any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulation, which has or is likely to have a material impact on the Group's operating results or financial position, and Management's response thereto;

3. approve the internal audit plans and review results of internal audit as well as Management's responses to the recommendations from the internal auditors;

4. review the co-operation given by the Company's officers to the external auditors;

5. nominate and review the appointment or re-appointment of internal and external auditors;

6. review interested person transactions;

7. review the cost effectiveness of the audit, independence and objectivity of the external auditors annually;

8. appointment or re-appointment of the external auditors and matters relating to resignation or dismissal of the auditors;

9. potential aspects of interests, if any; and

10. undertake such other functions and duties as may be required by the statute or the Listing Manual of the SGX-ST and the Hong Kong Listing Rules.

Corporate Governance Report

The AC has the explicit powers to conduct or authorise investigation into any of the abovementioned matters.

The AC meets at least four times a year and when deemed appropriate to carry out its functions as sets out under its terms of reference. The AC has full access to and the co-operation of Management, has full discretion to invite any Directors and executive officers to attend its meetings, and has reasonable adequate resources to enable it to discharge its functions. The Board is of the view that the members of the AC are appropriately qualified, having the necessary accounting or related financial management expertise or experience as the Board interprets such qualification to discharge their responsibilities.

Five AC meetings were held in 2010 to discuss and review the follow matters:

1. the annual and quarterly financial statements of the Company and the Group before submission to the Board for adoption;

2. the audit plans and audit reports with the external auditors;

3. the adequacy and effectiveness of the internal control system and to make recommendation to the Board for improvement of internal control and risk management;

4. the nomination and appointment or re-appointment of internal and external auditors;

5. the co-operation given by the Company's officers to the external auditors;

6. the related party transactions, interested person transactions (as defined under the Listing Manual of SGX-ST) and continuing connected transactions (as defined under the Hong Kong Listing Rules);

7. the independence of the external auditors annually; and

8. the undertaking of such other functions and duties as may be required by statue or the Listing Manual of the SGX-ST and the Hong Kong Listing Rules.

For FY2010, the AC had met with the external auditors without the presence of Management and had established that the external auditors have had the full co-operation of Management in carrying out their work. The AC had conducted a review of the non-audit services provided by the external auditors and noted that no non-audit services were rendered during FY2010. The external auditors had also confirmed their independence in this respect.

The AC has also put in place a "whistle-blowing" policy whereby staff of the Group may raise concerns on financial improprieties, fraudulent acts or other matters and ensure that arrangements are in place for investigation. There was no whistle-blowing report for FY2010.

The AC, with the concurrence of the Board, has recommended the re-appointment of BDO Limited as external auditors at the forthcoming AGM.

(I) Internal Controls and Internal Audit

The Board bears the overall responsibility for maintaining and ensuring that a sound and effective internal control system is maintained within the Group.

Corporate Governance Report

The Company has adopted a set of internal control procedures and policies to safeguard the Group's assets, to ensure proper maintenance of accounting records and reliability of financial reporting and to ensure compliance with relevant legislation and regulations. The internal control system is designed to ensure that the financial and operations functions, compliance control, asset management and risk management functions are in place and functioning effectively. It is however, impossible to preclude all errors and irregularities, as the system is designed to manage rather than eliminate risks, and therefore can provide only reasonable and not absolute assurance against material misstatements or losses, errors or misjudgments, fraud or other irregularities.

The Group has outsourced the internal audit function to Reanda, Certified Public Accountants. The internal audit of the Group covers the review of financial, operational and compliance controls and risk management functions of the Group. Non-compliance and internal control weaknesses noted during internal audits and the recommendations thereof are reported to the AC as part of the Group's internal control system.

The internal auditors report directly to the AC. The AC reviews the adequacy of the internal audit function annually and ensures that the internal audit function is adequately resourced and able to perform its function effectively and objectively.

(J) Communication with Shareholders, Investors and Greater Shareholder Participation

In line with continuous disclosure obligations, the Company is committed to regular and proactive communication with its shareholders and investors. It is the Company's policy that the shareholders and investors be informed of all major developments that have an impact on the Group.

Information is communicated to the shareholders and investors on a timely basis through:

(a) publication of press releases, announcements and circulars on the websites of the SGX-ST, the SEHK and the Company;

(b) publication of financial statements containing a summary of the financial information and affairs of the Group for the quarterly, half-yearly and fully year via the websites of the SGX-ST, the SEHK, and the Company;

(c) interim reports and annual reports that are sent to all shareholders;

(d) notices of and explanatory notes for general meetings; and

(e) meetings with investors and analysts.

The Chairman and the respective chairman of the AC, RC and NC, as well as the external auditors, are also normally available at general meetings to answer shareholders' queries.

The market capitalisation of the Company as at 31 December 2010 was approximately S$51,953,760 (issued share capital: 432,948,000 shares at closing market price: S$0.12 per share).

(K) Shareholders Rights

At the annual general meetings, the shareholders will be given an opportunity to voice their views and seek clarification from the Directors and members of the senior management.

In accordance with the Company's Bye-laws, shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the Secretary of the Company, to require a special general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two (2) months after the deposit of such requisition. If within twenty-one (21) days of such deposit the Board fails to proceed to convene such meeting the requisitionists themselves may do so in accordance with the provisions of Section 74(3) of the Companies Act.

Corporate Governance Report

To safeguard the shareholders' interests and rights, separate resolutions are proposed at shareholders' meetings on each substantial issue, including the re-election of the retiring directors.

All votes of the shareholders at the shareholders' meeting will be taken by poll. Poll results will be posted on the websites of the Company and of the Stock Exchange following the shareholders' meeting.

SECURITIES TRANSACTIONS

The Company has adopted the Model Code For Securities Transactions by Directors of Listed Issuers (the "**Model Code**") as set out in Appendix 10 to the Hong Kong Listing Rules and Listing Rule 1207(18) on Dealings in Securities issued by the SGX-ST (the "**SGX-ST Listing Rule 1207(18)**") as its own code of conduct regarding securities transactions by the Directors of the Company. Having made specific enquiry of all Directors of the Company, the Company confirms that all Directors of the Company have complied with required standard as set out in the Model Code and the SGX-ST Listing Rule 1207(18) for FY2010.

Mr. Gao Sishi is directly and indirectly interested in KD Trading Group, which principally engaged in diversified businesses, including trading of construction materials, fresh vegetables, animal feeds and property management.

The following companies of KD Trading Group conduct businesses similar to but are not in competition with the Group's business:

- KD Feed Company is a company established in the PRC and is owned by KD Trading Company as to 90% and Mr. An Fengjun as to 10%. KD Feed Company is principally engaging in manufacture and sales of feeds for livestock such as rabbits and chickens. Since the feeds manufactured and sold by KD Feed Company is for livestock while the Group manufactures and sells pet food, which is a different type of product targeting at different customers, the Directors are of the view that they are not in competition.

- KD Trading Company is a company established in the PRC and is owned by Mr. Gao Sishi as to 40%, Mr. Gao Yanxu as to 5.3%, Mr. An Fengjun as to 1.3% and Mr. Zhang Qi as to 3.3%. Apart from its principal business of construction materials trading, KD Trading Company also engaged in the sales of processed food products to a target group of customers who are its business partners. KD Trading Company would sell the processed food products at a price higher than the purchase price from the Group. KD Trading Company purchased processed products from the Group are used for self-consumption and free gift packages to others and therefore no revenue was derived from KD Trading Company for sale of processed food products for the year ended 31 December 2010. The Directors understand that KD Trading Company will continue to purchase processed food products for self-consumption, including making of gift packages to be gifted to others at nil consideration but does not intend to sell any processed food products in the future. As such, the Directors are of the view that there is no competition with KD Trading Company.

- Qingdao Kangda Delijia Import and Export Co., Ltd. ("**KD Import & Export Company**") is a company established in the PRC and is owned by Qingdao Kangda Property Co., Ltd. as to 30%. In 2005 and 2006, apart from its principal business of trading of chemical products, KD Import & Export Company also engaged in selling fish to overseas market. KD Import & Export Company has ceased the trading of fish since 1 September 2006, the Directors are of the view that there is no competition with KD Import & Export Company.

Save as disclosed above, during the year and up to the date of this report, none of the Directors are considered to have interests in a business that competes or is likely to compete, either directly or indirectly, with the businesses of the Group other than those businesses where the Directors have been appointed or were appointed as Directors to represent the interests of the Company and/or the Group. The Directors are not aware that any KD Trading Group member had any actual operation in food processing business during the year and up to the date of this report. The Directors also are not aware that any KD Trading Group member plans to engage in food processing business which may compete with the business of the Group in the near future. As the Group is principally engaged in the production and sales of chicken meat, rabbit meat and processed foods which are distinct from the businesses of KD Trading Group, the Directors are of the view that the businesses of KD Trading Group do not compete or are unlikely to compete directly or indirectly with the Group's business.

TO THE SHAREHOLDERS OF CHINA KANGDA FOOD COMPANY LIMITED
(incorporated in Bermuda with limited liability)

We have audited the consolidated financial statements of China Kangda Food Company Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 41 to 99, which comprise the consolidated and company statements of financial position as at 31 December 2010, and the consolidated statement of comprehensive income, the consolidated and company statements of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. This report is made solely to you, as a body, in accordance with section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2010 and of the Group's profit and cash flows for the year then ended in accordance with International Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

EMPHASIS OF MATTER

We draw attention to note 3(b) to the financial statements concerning the adoption of the going concern basis on which the financial statements have been prepared. The Group's current liabilities exceeded its current assets by approximately RMB100.8 million as at 31 December 2010. This condition, along with other matters as set forth in note 3(b), indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

2. APPLICATIONS OF INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs")

(a) Adoption of new/revised IFRSs – effective 1 January 2010

In the current year, the Group has applied for the first time the following revision and amendment to standards and interpretations issued by the International Accounting Standard Board ("IASB"), which are relevant to and effective for the Group's financial statements for the annual period beginning an 1 January 2010:

IAS 27 (Revised)	Consolidated and Separate Financial Statements
IFRS 3 (Revised)	Business Combinations
Various	Annual improvements to IFRSs 2009

Except as explained below, the adoption of these new/revised standards and interpretations has no significant impact on the Group's financial statements.

IFRS 3 (Revised) – Business Combinations and IAS 27(Revised) – Consolidated and Separate Financial Statements

The revised accounting policies are described in note 4 to the financial statements, which are effective prospectively for business combinations effected in financial periods beginning on or after 1 July 2009. Changes in IFRS 3 include the valuation of non-controlling interest, the accounting for transaction costs, the initial recognition and subsequent measurement of a contingent consideration and business combinations achieved in stages. These changes impact the amount of goodwill and the results in the period that an acquisition occurs and future results. The Group has adopted the new accounting policy prospectively according to the transitional provision in IFRS3 (Revised) and has accounted for the acquisition of Shandong Kaijia Food Company Limited according to the revised standard, details of which are set out in note 35 to the financial statements.

The revised IAS 27 requires that a change in the ownership interest of a subsidiary (without loss of control) is accounted for as a transaction with owners in their capacity as owners, accordingly, such transactions are recognised within equity. When control is lost and any remaining interest in the entity is re-measured to fair value, and a gain or loss is recognised in profit or loss. The new accounting policy has been applied prospectively according to the transitional provision in IAS 27 (Revised). The adoption of revised IAS 27 has had no impact on the current year.

2. APPLICATIONS OF INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs") (CONTINUED)

(a) Adoption of new/revised IFRSs – effective 1 January 2010 (Continued)

IAS 17 (Amendments) – Leases

As part of Improvements to IFRSs issued in 2009, IAS 17 has been amended in relation to the classification of leasehold land. Before the amendment to IAS 17, the Group was required to classify leasehold land as operating leases and to present leasehold land as prepaid lease payments in the statement of financial position. The amendment to IAS 17 has removed such a requirement and requires that the classification of leasehold land should be based on the general principles set out in IAS 17, that is, whether or not substantially all the risks and rewards incidental to ownership of a leased asset have been transferred to the lessee. The Group concluded that the classification of its leases in the PRC as operating leases continues to be appropriate. These amendments had no impact on the Group's financial statements.

(b) New/revised IFRSs that have been issued but are not yet effective

The following new/revised IFRSs, potentially relevant to the Group's financial statements, have been issued, but are not yet effective and have not been early adopted by the Group.

IFRSs (Amendments)	Improvements to IFRSs 2010 [1&2]
IAS 24 (Revised)	Related Party Disclosures [2]
Amendments to IFRS 7	Disclosure – Transfers of Financial Assets [3]
IFRS 9	Financial Instruments [4]

1 Effective for annual periods beginning on or after 1 July 2010
2 Effective for annual periods beginning on or after 1 January 2011
3 Effective for annual periods beginning on or after 1 July 2011
4 Effective for annual periods beginning on or after 1 January 2013

Improvements to IFRSs 2010 set out amendments to a number of IFRSs, including:

- IFRS 3 Business Combinations: The amendments limit the measurement choice of non-controlling interests at fair value or at the proportionate share of the acquiree's identifiable net assets to components of non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another IFRS.

- IAS 1 Presentation of Financial Statements: Clarifies that an analysis of other comprehensive income for each component of equity can be presented either in the statement of changes in equity or in the notes to the financial statements.

IAS 24 (Revised) clarifies and simplifies the definition of related parties. It also provides for a partial exemption of related party disclosure to government-related entities for transactions with the same government or entities that are controlled, jointly controlled or significantly influenced by the same government.

The amendments to IFRS 7 improve the derecognition disclosure requirements for transfer transactions of financial assets and allow users of financial statements to better understand the possible effects of any risks that may remain with the entity on transferred assets. The amendments also require additional disclosures if a disproportionate amount of transfer transactions are undertaken around the end of a reporting period.

2. APPLICATIONS OF INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs") (CONTINUED)

(b) New/revised IFRSs that have been issued but are not yet effective (Continued)

Under IFRS 9, financial assets are classified into financial assets measured at fair value or at amortised cost depending on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Fair value gains or losses will be recognised in profit or loss except for those non-trade equity investments, which the entity will have a choice to recognise the gains and losses in other comprehensive income. IFRS 9 carries forward the recognition and measurement requirements for financial liabilities from IAS 39, except for financial liabilities that are designated at fair value through profit or loss, where the amount of change in fair value attributable to change in credit risk of that liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, IFRS 9 retains the requirements in IAS 39 for derecognition of financial assets and financial liabilities.

The Group is in the process of making an assessment of the potential impact of these new/revised IFRSs and the directors so far concluded that the application of these new/revised IFRSs will have no material impact on the Group's financial statements.

(c) Other changes in accounting policies and disclosures

In a meeting in September 2010, the IFRS Interpretations Committee ("the Committee") discussed the interpretation of paragraph 69(d) of IAS 1 Presentation of Financial Statements. The Committee considered that a liability must be classified as a current liability if the entity does not have the unconditional right at the reporting date to defer settlement for at least twelve months after the reporting period. The Committee confirmed its view in the agenda decision which was published in the November 2010 edition of IFRIC Update. In view of this clarification of the presentation requirement of IAS 1, the Group has changed its accounting policy on the classification of term loans that contain a repayment on demand clause. Under the new policy, term loans with clauses which give the lender the unconditional right to call the loan at any time are classified as current liabilities in the statement of financial position. Previously such term loans were classified in accordance with the agreed repayment schedule unless the Group had breached any of the loan covenants set out in the agreement as of the reporting date or otherwise had reason to believe that the lender would invoke its rights under the immediate repayment clause within the foreseeable future.

The new accounting policy has been applied retrospectively by re-presenting the opening balances at 1 January 2009, with consequential reclassification adjustments to comparatives for the year ended 31 December 2009. The reclassification has had no effect on reported profit or loss, total comprehensive income or equity for any period presented.

Effect of this change in accounting policy on the statements of financial position is as follows:

		Group/Company	
	2010	2009	2008
	RMB'000	RMB'000	RMB'000
Increase/(Decrease) in			
Current liabilities			
Interest-bearing borrowings	–	42,991	109,839
Non-current liabilities			
Interest-bearing borrowings	–	(42,991)	(109,839)

As a result of the above retrospective reclassification, an additional statement of financial position is presented in accordance with IAS 1 Presentation of Financial Statements.

3. BASIS OF PREPARATION

(a) Statement of compliance

The financial statements have been prepared in accordance with IFRSs which collective term includes all applicable individual International Financial Reporting Standards and Interpretations approved by the IASB, and all applicable individual International Accounting Standards and Interpretations as originated by the Board of the International Accounting Standards Committee and adopted by the IASB. The financial statements also include the applicable disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and the Listing Manual of the Singapore Securities Exchange Trading Limited.

(b) Basis of measurement and going concern assumption

The financial statements have been prepared under the historical cost basis except for biological assets which are stated at fair values as explained in the accounting policies set out below.

It should be noted that accounting estimates and assumptions are used in preparation of the financial statements. Although these estimates are based on management's best knowledge and judgement of current events and actions, actual results may ultimately differ from those estimates.

In preparing the financial statements, the directors considered the operations of the Group as a going concern notwithstanding that:

1. The Group's profit decreased significantly from approximately RMB30.8 million for the year ended 31 December 2009 to approximately RMB2.0 million for the year ended 31 December 2010;

2. There was net cash outflow from operating activities of the Group of approximately RMB167.8 million for the year ended 31 December 2010;

3. The Group's current liabilities exceeded its current assets by approximately RMB100.8 million as at 31 December 2010;

4. There was a significant increase in the bank borrowings of the Group from approximately RMB109.8 million as at 31 December 2009 to approximately RMB384.9 million as at 31 December 2010, all of which are due for repayment within one year from 31 December 2010; and

5. Included in the short-term bank borrowings is an outstanding syndicated loan of approximately RMB24.9 million of which the Group had breached certain loan covenants as at 31 December 2010. The breach of loan covenants may lead to immediate repayment of the syndicated loan.

These conditions indicate the existence of a material uncertainty which may cast significant doubts on the Group's ability to continue as a going concern and hence, its ability to realise its assets and discharge its liabilities in the normal course of business. Nevertheless, the directors prepare the financial statements based on the assumption that the Group can be operated as a going concern and are of the view that the Group will have sufficient working capital to finance its operations in the next twelve months from 31 December 2010, after taking into consideration of the following:

1. The Group continues to implement measures to tighten cost controls over various operating expenses in order to improve its profitability and to generate positive cash inflow from its operations in the future;

2. The Group is actively negotiating with the banks to seek for renewal of the outstanding bank borrowings, except for the syndicated bank loan of RMB24.9 million, and to obtain new banking facilities. Subsequent to year end date, the Group successfully, renewed bank borrowings of RMB90 million upon maturity of these bank borrowings and obtained new bank borrowings of RMB64 million;

Notes to the Financial Statements

3. BASIS OF PREPARATION (CONTINUED)

(b) Basis of measurement and going concern assumption (Continued)

3. In February 2011, the Group has negotiated with and successfully obtained from the banks a waiver in relation to the syndicated loan of approximately RMB24.9 million of which the Group had breached certain loan covenants as at 31 December 2010 as mentioned above. In addition, part of the syndicated loan of RMB8.0 million was repaid by the Group in January 2011. The remaining balance of RMB16.9 million of the syndicated loan will be repaid according to the repayment schedule in 2011;

4. The Group is actively exploring the availability of alternative source of financing; and

5. Qingdao Kangda Foreign Trade Group Limited ("KD Group"), which is substantially beneficially owned by a substantial shareholder of the Company, has agreed to provide continuing financial support to the Group so as to enable the Group to continue its day-to-day operations as a going concern notwithstanding any present or future financial difficulties experienced by the Group. In addition, in March 2011, KD Group had advanced a sum of RMB100,000,000 to the Group which is unsecured, interest-free and not repayable within next twelve months from the reporting date.

The directors of the Company believe that the aforementioned financing/business plans and operational measures will be successful, based on the continuous efforts and commitment given by the management.

Having regard to the cash flow projection of the Group, which are prepared assuming that these measures are successful, the directors of the Company are of the opinion that, in the light of the measures taken to-date, together with the expected results of the other measures in progress, the Group will have sufficient cash resources to satisfy its future working capital and other financing requirements.

Should the Group be unable to continue in business as a going concern, adjustments would have to be made in the financial statements to write down the values of the assets to their recoverable amounts, to provide for any further liabilities which might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. The effect of these adjustments has not yet been reflected in the financial statements.

(c) Functional and presentation currency

The financial statements are presented in Renminbi ("RMB"), which is the same as the functional currency of the Group and its subsidiaries in the PRC.

4. SIGNIFICANT ACCOUNTING POLICIES

(a) Business combination and basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the effective dates of acquisition or up to the effective dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

Business combination from 1 January 2010

Acquisition of subsidiaries or businesses is accounted for using the acquisition method. The cost of an acquisition is measured at the aggregate of the acquisition-date fair value of assets transferred, liabilities incurred and equity interests issued by the Group, as the acquirer. The identifiable assets acquired and liabilities assumed are principally measured at acquisition-date fair value. The Group's previously held equity interest in the acquiree is re-measured at acquisition-date fair value and the resulting gains or losses are recognised in profit or loss. The Group may elect, on a transaction-by-transaction basis, to measure the non-controlling interest either at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs incurred are expensed.

Any contingent consideration to be transferred by the acquirer is recognised at acquisition-date fair value. Subsequent adjustments to consideration are recognised against goodwill only to the extent that they arise from new information obtained within the measurement period (a maximum of 12 months from the acquisition date) about the fair value at the acquisition date. All other subsequent adjustments to contingent consideration classified as an asset or a liability are recognised in profit or loss.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interest and the non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

Subsequent to acquisition, the carrying amount of non-controlling interest is the amount of those interests at initial recognition plus the non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interest having a deficit balance.

Notes to the Financial Statements

31 December 2010

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Business combination and basis of consolidation (Continued)

Business combination prior to 1 January 2010

On acquisition, the assets and liabilities of the relevant subsidiaries are measured at their fair values at the date of acquisition. The interest of minority shareholders is stated at the minority's proportion of the fair values of the assets and liabilities recognised.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurred in connected with business combinations were capitalised as part of the cost of the acquisition.

Where losses applicable to the minority exceed the minority's interest in the equity of a subsidiary, the excess, and any further losses applicable to the minority, are charged against the Group's interest except to the extent that the minority has a binding obligation to, and is able to, make additional investment to cover the losses. If the subsidiary subsequently reports profits, the Group's interest is allocated all such profits until the minority's share of losses previously absorbed by the Group has been recovered.

The Group applies a policy of treating transactions with minority interests as transactions with parties external to the Group. Disposals to minority interests result in gains and losses for the Group are recognised profit or loss. Purchases from minority interests result in goodwill, being the difference between any consideration paid and the relevant share acquired of the carrying amount of net assets of the subsidiary.

(b) Subsidiaries

A subsidiary is an entity over which the Company is able to exercise control. Control is achieved where the Company, directly or indirectly, has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that are presently exercisable are taken into account.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

(c) Associates

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies. Associates are accounted for using the equity method whereby they are initially recognised at cost and thereafter, their carrying amount are adjusted for the Group's share of the post-acquisition change in the associates' net assets except that losses in excess of the Group's interest in the associate are not recognised unless there is an obligation to make good those losses.

Profits and losses arising on transactions between the Group and its associates are recognised only to the extent of unrelated investors' interests in the associate. The investor's share in the associate's profits and losses resulting from these transactions is eliminated against the carrying value of the associate.

Any premium paid for an associate above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is capitalised and included in the carrying amount of the associate and the entire carrying amount of the investment is subject to impairment test, by comparing the carrying amount with its recoverable amount, which is higher of value in use and fair value less costs to sell.

Notes to the Financial Statements

31 December 2010

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Goodwill

Goodwill is initially recognised at cost being the excess of the aggregate of consideration transferred and the amount recognised for non-controlling interests over the fair value of identifiable assets, liabilities and contingent liabilities acquired.

Where the fair value of identifiable assets, liabilities and contingent liabilities exceed the fair value of consideration paid, the excess is recognised in profit or loss on the acquisition date, after re-assessment.

Goodwill is measured at cost less impairment losses. For the purpose of impairment testing, goodwill arising from an acquisition is allocated to each of the relevant cash-generating units that are expected to benefit from the synergies of the acquisition. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, and whenever there is an indication that the unit may be impaired.

For goodwill arising on an acquisition in a financial year, the cash-generating unit to which goodwill has been allocated is tested for impairment before the end of that financial year. When the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated to reduce the carrying amount of any goodwill allocated to the unit first, and then to the other assets of the unit pro-rata on the basis of the carrying amount to each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss and is not reversed in subsequent periods.

(e) Property, plant and equipment

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as an expense in profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost or valuation net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The useful lives are as follows:

Leasehold buildings	The shorter of the lease terms and 20 years
Plant and machinery	5 to 10 years
Furniture, fixtures and office equipment	5 to 10 years
Motor vehicles	5 years

Construction in progress is stated at cost less impairment losses. Cost comprises direct costs of construction as well as borrowing costs capitalised during the periods of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to the appropriate class of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed. No depreciation is provided for in respect of construction in progress until it is completed and ready for its intended use.

Notes to the Financial Statements

31 December 2010

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Property, plant and equipment (Continued)

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

The gain or loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

(f) Intangible assets

(i) Acquired intangible assets

Intangible assets acquired separately are initially recognised at cost. The cost of intangible assets acquired in a business combination is fair value at the date of acquisition. Subsequently, intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is provided on a straight-line basis over their useful lives as follows. Intangible assets with indefinite useful lives are carried at cost less any accumulated impairment losses. The amortisation expense is recognised in profit or loss and included in administrative expenses.

The following useful lives are applied:

Technical knowhow	5 years
Product license	1-2 years

(ii) Impairment

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually by comparing their carrying amounts with their recoverable amounts, irrespective of whether there is any indication that they may be impaired. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

An impairment loss is recognised as an expense immediately. When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

Intangible assets with finite lives are tested for impairment when there is an indication that an asset may be impaired (see the accounting policies in respect of impairment losses for tangible and intangible assets below).

(g) Financial Instruments

(i) Financial assets

The Group classifies its financial assets at initial recognition, depending on the purpose for which the asset was acquired. Financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets.

The Group's financial assets are categorised as loans and receivables.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (trade debtors), and also incorporate other types of contractual monetary asset. Subsequent to initial recognition, they are carried at amortised cost using the effective interest method, less any identified impairment losses.

Notes to the Financial Statements

31 December 2010

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Financial Instruments (Continued)

(ii) Impairment loss on financial assets

The Group assesses, at the end of each reporting period, whether there is any objective evidence that financial asset is impaired. Financial asset is impaired if there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. Evidence of impairment may include:

– significant financial difficulty of the debtor;

– a breach of contract, such as a default or delinquency in interest or principal payments;

– granting concession to a debtor because of debtor's financial difficulty;

– it becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

An impairment loss is recognised in profit or loss when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. The carrying amount of financial asset is reduced through the use of an allowance account. When any part of financial asset is determined as uncollectible, it is written off against the allowance account for the relevant financial asset.

Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

(iii) Financial liabilities

The Group classified its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

The Group's financial liabilities are carried at amortised cost, which include trade and other payables and amount due to a related company and interest-bearing borrowings. They are subsequently measured at amortised cost using the effective interest method. The related interest expense is recognised in profit or loss.

Gain or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

(iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with IAS 39.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(h) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials computed using weighted average method and, where applicable, direct labour and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value is calculated as the estimated selling price in the ordinary course of business less all further costs of completion and the estimated costs necessary to make the sale.

(i) Revenue recognition

Revenue is recognised to the extent when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably. Revenue is measured at the fair value of the consideration received, net of allowances for returns, trade discounts and value-added tax. The following specific recognition criteria must also be met before revenue is recognised:–

(i) Sale of goods – revenue is recognised when the significant risks and rewards of ownership have been transferred to the customers, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold. Normally, risk is transferred upon dispatch of goods.

(ii) Interest income – interest income is recognised as interest accrues (using the effective interest method) unless collectability is in doubt.

(iii) Rental income – rental income is recognised in the period in which the properties are let out and on the straight-line basis over the lease term.

(iv) Government grant – revenue is recognised when there is reasonable assurance that the grants will be received and the Group will comply with all attached conditions.

(j) Income tax

Income tax for the year comprises current tax and deferred tax.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting period, that are unpaid at the reporting date. The PRC corporate income tax is provided at rates applicable to enterprises in PRC on the income for financial reporting purposes, adjusted for income and expense items which are not assessable or deductible for income tax purposes. All charges to current tax assets or liabilities are recognised as a component of income tax expense in the profit or loss.

Deferred tax is calculated using the liability method on temporary differences at the reporting date between the carrying amounts of assets and liabilities in the financial statements and their respective tax bases. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, tax losses available to be carried forward as well as other unused tax credits, to the extent that it is probable that taxable profit, including existing taxable temporary differences, will be available against which the deductible temporary differences, tax losses available to be carried forward as well as other unused tax credits can be utilised.

Deferred tax assets and liabilities are not recognised if the temporary differences arises from initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither taxable nor accounting profit or loss.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, except where the Group is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

Notes to the Financial Statements

31 December 2010

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(j) Income tax (Continued)

Deferred tax is calculated, without discounting, at the tax rates that are expected to apply to the period the liability is settled or the asset is realised, provided they are enacted or substantively enacted at the reporting date.

Changes in deferred tax assets or liabilities are recognised in the profit or loss, or other comprehensive income or directly in equity if they relate to items that are charged or credited to other comprehensive income or directly to equity.

Current tax assets and current tax liabilities are presented in net if, and only if,

(a) the Group has the legally enforceable right to set off the recognised amounts; and

(b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

The Group presents deferred tax assets and deferred tax liabilities in net if, and only if,

(a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and

(b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:

  (i) the same taxable entity; or

  (ii) different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

(k) Foreign currencies

In the individual financial statements of the consolidated entities, foreign currency transactions are translated into the functional currency of the individual entity using the exchange rates prevailing at the dates of the transactions. At the reporting date, monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at that date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the reporting date retranslation of monetary assets and liabilities are recognised in the profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

In the consolidated financial statements, all individual financial statements of foreign operations, originally presented in a currency different from the Group's presentation currency, have been converted into RMB. Assets and liabilities have been translated into RMB at the closing rates at the reporting date. Income and expenses have been converted into RMB at the exchange rates ruling at the transaction dates, or at the average rates over the reporting period provided that the exchange rates do not fluctuate significantly. Any differences arising from this procedure have been dealt with separately in the exchange reserve in equity. Goodwill and fair value adjustments arising on the acquisition of a foreign operation have been treated as assets and liabilities of the foreign operation and translated into RMB at the closing rates.

(l) Employee benefits

Retirement benefits scheme

Pursuant to the relevant regulations of the PRC government, the Group participates in a local municipal government retirement benefits scheme (the "Scheme"), whereby the subsidiaries of the Company in the PRC are required to contribute a certain percentage of the basic salaries of their employees to the Scheme to fund their retirement benefits. The local municipal government undertakes to assume the retirement benefits obligations of all existing and future retired employees of the subsidiaries of the Company. The only obligation of the Group with respect to the Scheme is to pay the ongoing required contributions under the Scheme mentioned above. Contributions under the Scheme are charged to the profit or loss as incurred. There are no provisions under the Scheme whereby forfeited contributions may be used to reduce future contributions.

Short-term employee benefits

Employee entitlements to annual leave are recognised as a liability when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

(m) Impairment of other assets

At the end of each reporting period, the Group reviews the carrying amounts of the following assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased:

– property, plant and equipment;

– interests in leasehold land held for own use under operating leases;

– investments in subsidiaries and associates; and

– intangible assets with finite lives.

If the recoverable amount (i.e. the greater of the fair value less costs to sell and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(n) Related parties

For the purposes of these financial statements, a party is considered to be related to the Group if:

(i) the party has the ability, directly or indirectly through one or more intermediaries, to control the Group or exercise significant influence over the Group in making financial and operating policy decisions, or has joint control over the Group;

(ii) the Group and the party are subject to common control;

(iii) the party is an associate of the Group or a joint venture in which the Group is a venturer;

(iv) the party is a member of key management personnel of the Group or the Group's parent, or a close family member of such an individual, or is an entity under the control, joint control or significant influence of such individuals;

(v) the party is a close family member of a party referred to in (i) or is an entity under the control, joint control or significant influence of such individuals; or

(vi) the party is a post-employment benefit plan which is for the benefit of employees of the Group or of any entity that is a related party of the Group.

Close family members of an individual are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity.

(o) Lease

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Group determines that the arrangement conveys a right to use a specific asset or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

Leases that transfer substantially all the rewards and risks of ownership of assets to the lessee, other than legal title, are accounted for as finance lease. Where the Group is the lessee, at the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to the profit or loss so as to provide a constant periodic rate of charge over the lease terms. Where the Group is the lessor, the present value of the lease payments is recognised as a receivable. The difference between the gross receivable and the present value of the receivable is recognised as unearned finance income.

Lease where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the profit or loss on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under the operating leases are charged to the profit or loss on the straight-line basis over the lease terms.

Prepaid premium for land leases represent up-front payments to acquire long term interests in the usage of land in the PRC. They are stated at cost less accumulated amortisation and any accumulated impairment losses. Amortisation is calculated on the straight-line basis over the term of the leases.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(p) Capitalisation of borrowing costs

Borrowing costs attributable directly to the acquisition, construction or production of qualifying assets which require a substantial period of time to be ready for their intended use or sale, are capitalised as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(q) Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash on hand and in banks and demand deposits, and short term highly liquid investments which are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable in demand and form an integral part of the Group's cash management.

For the purpose of the statement of financial position, cash and bank balances comprise cash on hand and demand deposits repayable on demand with any banks or other financial institutions. Cash and bank balances include deposits denominated in foreign currencies.

(r) Share capital

Ordinary shares are classified as equity. Share capital is determined using the nominal value of shares that have been issued.

Any transaction costs associated with the issuing of shares are deducted from share premium (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction.

(s) Government grants

Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred income in the statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Other government grants are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(t) Segment reporting

The Group identifies operating segments and prepares segment information based on the regular internal financial information reported to the executive directors for their decisions about resources allocation to the Group's business components and for their review of the performance of those components. The business components in the internal financial information reported to the executive directors are determined following the Group's major products.

The Group has identified the reportable segments as production and sales of:

– Processed food products

– Chilled and frozen rabbit meat

– Chilled and frozen chicken meat

– Other products

Each of these operating segments is managed separately as each of the product lines requires different resources as well as marketing approaches.

For the purposes of assessing segment performance and allocating resources between segments, the directors assess segment profit or loss by gross profit/loss less selling expenses. The measurement policies used by the Group for reporting segment results under IFRS 8 are the same as those accounting policies used in its financial statements prepared under IFRSs.

For the purpose of presenting geographical location of the Group's revenue from external customers and the Group's non-current assets, country of domicile is determined by reference to the country where the majority of Company's subsidiaries operate.

(u) Dividends

Final dividends proposed by the directors are classified as an allocation of retained profits on a separate line within the equity, until they have been approved by the shareholders at general meeting. When these dividends are approved by the shareholders and declared, they are recognised as a liability.

(v) Biological assets

Biological assets are living animals involved in the agricultural activities of the transformation of biological assets for sale, into agricultural produce, or into additional biological assets.

Biological assets are measured at fair value less estimated point-of-sale costs at initial recognition and at each reporting date. The fair value of biological assets is determined based on the market price of livestock of similar age, breed and genetic merit.

The gain or loss arising on initial recognition of biological assets at fair value less estimated point-of-sale costs and from a change in fair value less estimated point-of- sale costs of biological assets is recognised in the profit or loss for the period in which it arises.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgments in applying accounting policies and key sources of estimation uncertainty are discussed below.

(i) Net realisable value of inventories

Net realisable value of inventories is the estimated selling price in the ordinary course of business less estimated costs of completion and selling expenses. These estimates are based on the current market condition and the historical experience of selling products of similar nature. It could change significantly as a result of competitors' actions in response to severe industry cycles. Management reassesses the estimations at the reporting date.

(ii) Impairment of trade receivables

The Group's management assesses the collectability of trade receivables. This estimate is based on the credit worthiness and repayment history of the Group's customers and the current market condition. Management reassesses if there is any indication of the impairment loss at the reporting date.

(iii) Provision for taxes

The Group is mainly subject to various taxes in the PRC including corporate income tax. Significant judgement is required in determining the amount of the provision for taxes and the timing of related taxes. The Group recognises liabilities for anticipated tax based on estimates of whether additional taxes will be due. Where the final outcome of these matters is different from the amounts that were initially recorded, such differences will impact the tax provisions in the period in which such determination is made.

(iv) Valuation of biological assets

The Group's management determines the fair values less estimated point-of-sale costs of biological assets on initial recognition and at each reporting date with reference to the market-determined prices, species, growing conditions, cost incurred and the professional valuation. This determination involved the use of significant judgement.

(v) Depreciation

Depreciation is provided to write off the cost of property, plant and equipment over their estimated useful lives, using the straight-line method. The estimated useful lives reflect the management's estimates of the periods that the Group intends to derive economic benefits from use of these assets.

(vi) Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value-in-use of the cash-generating units to which goodwill has been allocated. The value-in-use calculation requires the directors to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate the present value.

Notes to the Financial Statements

31 December 2010

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY(CONTINUED)

(vii) Impairment of non-financial assets (except for goodwill)

The Group assess whether there are any indicators of impairment for all non-financial assets at the end of each reporting period. Where an indicator of impairment exists, a formal estimate of the recoverable amount is made, which is considered to be the higher of fair value less costs to sell and value-in-use. The carrying amount of the property, plant and equipment, prepaid premium for land leases and intangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable in accordance with the accounting policy as disclosed in note 4(m). Estimating the value-in-use requires the Group to estimate future cash flows from the cash-generating units and to choose a suitable discount rate in order to calculate the present value of those cash flows.

(viii) Going concern basis

These financial statements have been prepared on a going concern basis and the details are explained in note 3(b) to the financial statements.

20. GOODWILL (CONTINUED)

Goodwill acquired in business combinations are allocated to Kaijia Food, Modern Agricultural and Pu De, cash-generating units of the Group.

The recoverable amounts of the cash-generating units are determined from value-in-use calculations. These calculations use cash flow projections based on financial budgets approved by management covering a five-year period. In addition, the cash flows projection of the cash-generating unit of Kaijia Food are extrapolated for another 5 years using a growth rate of 10%. The key assumptions for the value-in-use calculations are those regarding the discount rates, growth rates, budgeted gross margin and turnover during the period. The Group estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and the risks specific to the cash-generating units. The growth rates, budgeted gross margin and turnover are determined based on the past performance and management's expectation of market development.

The rate used to discount the forecast cash flows from Kaijia Food, Modern Agricultural and Pu De are 8%.

21. BIOLOGICAL ASSETS (CONTINUED)

Biological assets as at 31 December 2010 and 2009 are stated at fair values less estimated point-of-sale costs and are analysed as follows:

	Group 2010 RMB'000	Group 2009 RMB'000
Non-current portion	**27,653**	20,791
Current portion	**21,598**	12,230
	49,251	33,021

In accordance with the valuation reports issued by a firm of independent professional valuers, the fair value less estimated point-of-sale costs of the livestock and poultry is determined with reference to the market-determined prices of items with similar size, species and age. The valuation methodology is in compliance with IAS 41 to determine the fair values of biological assets in their present location and condition.

Significant assumptions used by the professional valuers in their valuations are as follows:

(a) There will be no material change in existing political, legal, technological, fiscal or economic condition which may adversely affect the business of the Group; and

(b) The Group will have sufficient capacity for future expansion and facilities and systems of the Group will be operated efficiently.

The fair value of vegetables is determined by the directors with reference to market-determined prices with similar size, species and age.

The physical quantity of rabbits, chickens, eggs and vegetables as at 31 December 2010 and 2009 are analysed as follows:

	Group 2010 Number of Rabbits/ Chickens/Eggs/ Vegetables	Group 2009 Number of Rabbits/ Chickens/Eggs/ Vegetables

22. DEFERRED TAX ASSETS

Deferred taxation is calculated in full on temporary differences under the liability method using the principal tax rate of 25% (2009: 25%).

The movements on the deferred tax assets are as follows:

	Group 2010 RMB'000	2009 RMB'000
At 1 January	**4,960**	554
Acquisition of subsidiaries (note 35)	**6,778**	2,123
Deferred taxation credited to profit or loss (note 10)	**2,233**	2,283
At 31 December	**13,971**	4,960

The principal components of the deferred tax assets/(liabilities) are as follows:

	Fair value adjustment on property, plant and equipment, intangible assets and land use rights upon business combination RMB'000	Loss available for offsetting against future taxable profits RMB'000	Deferred government grants RMB'000	Total RMB'000
At 1 January 2009	–	–	554	554
Acquisition of a subsidiary	–	2,123	–	2,123

At 31 December 2010	**(13,595)**	**24,995**	**2,571**	**13,971**

As at 31 December 2010, the Group had unused tax losses of RMB112.2 million (2009: RMB18.5 million) available for offset against future profits. Deferred tax assets have been recognised in respect of tax losses of RMB99.8 million (2009: RMB10 million). No deferred tax asset has been recognised in respect of the remaining tax losses (2009: Nil). Included in recognised and unrecognised tax losses are losses of RMB45.1 million (2009: RMB19.3 million) that will expire at various dates up to and including 2015. Other unused tax losses may be carried forward indefinitely.

Deferred tax liabilities of RMB18,276,000 (2009: RMB15,356,000) as at 31 December 2010 have not been recognised for the withholding and other taxation that would be payable on the unremitted earnings of certain subsidiaries in the PRC, of RMB182,763,000 at 31 December 2010 (2009: RMB153,965,000) as such amounts will be permanently reinvested.

24. TRADE RECEIVABLES

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days. They are recognised at their original invoice amounts which represent their fair values at initial recognition.

The aging analysis of trade receivables based on invoice dates as at the reporting date is as follows:

	Group 2010 RMB'000	2009 RMB'000
Within 30 days	**64,874**	70,321
31 – 60 days	**16,550**	12,358
61 – 90 days	**6,587**	1,816
91 – 120 days	**2,218**	1,769
Over 120 days	**2,953**	1,203
	93,182	87,467

Before accepting any new customer, the Group will assess the potential customer's credit quality and set credit limits for that customer. Limits attributed to customers are reviewed once a year. Further details on the Group's credit policy are set out in note 38.

Impairment losses in respect of trade receivables are recorded using an allowance account unless the Group is satisfied that recovery of the amount is remote, in which case the impairment loss is written off against trade receivables directly or the trade receivables are written off against the allowance account if impairment losses on that trade receivables have been recorded in the allowance account previously. No allowance was made for the years ended 31 December 2009 and 2010.

The aging analysis of trade receivables that are not impaired is as follows:

	Group 2010 RMB'000	2009 RMB'000
Neither past due nor impaired	**72,194**	75,771
Not more than 3 months past due	**18,863**	10,556

24. TRADE RECEIVABLES (CONTINUED)

Trade receivables that were neither past due nor impaired related to a wide range of customers for whom there were no recent history of default.

Trade receivables that were past due but not impaired related to a number of customers that have a good track record with the Group. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable. The Group does not hold any collateral over these balances.

The maximum exposure to credit risk for trade receivables at the reporting date by geographic region is:

	Group

Total interest-bearing bank borrowings include secured liabilities of RMB195,000,000 (2009: RMB85,982,000, 2008: RMB112,982,000).

As at 31 December 2010, the Group's interest-bearing bank borrowings are guaranteed by Perfect Good, Spiritzone and certain related parties of the Group and secured against the Company's interests in Perfect Good and Spiritzone and the pledge of certain of the Group's property, plant and equipment (note 15) and land use rights (note 16).

As at 31 December 2009, the Group's interest-bearing bank borrowings were guaranteed by Perfect Good, Spiritzone and certain related parties of the Group and secured against the Company's interest in Perfect Good and Spiritzone.

As at 31 December 2008, the Group's interest-bearing bank borrowings were guaranteed by Perfect Good, Spiritzone and certain related parties of the Group and secured against the Company's interest in Perfect Good and Spiritzone and the pledge of certain of the Group's property, plant and equipment and land use rights.

The Group's interest-bearing bank borrowings bear interests ranging from 3.26% to 5.58% (2009: 3.60% to 4.38%, 2008: 4.45% to 7.60%) per annum as at 31 December 2010.

The syndicated loan of RMB24,902,000 is subject to the fulfilment of certain covenants. In the circumstances when the covenants were not met, the drawn down facilities would become payable on demand. As at 31 December 2010, certain covenants of the syndicated loan were not met, which primarily relate to the value of the Group's current ratio, interest cover ratio and terms and conditions of the negative pledge of certain assets. No waiver has been obtained by the Group from the lenders on or before 31 December 2010.

Subsequent to the year end date, the Group had received a waiver from the bankers in respect of the syndicated loan in relation to financial ratios and the terms and conditions of negative pledge of certain assets.

34. RESERVES

(a) Merger reserve

The merger reserve of the Group represents the difference between the nominal value of the share capital of the subsidiaries acquired and the nominal value of the share capital of the Company issued in exchange thereof as a result of a restructuring exercise of the Group in 2006.

The merger reserve of the Company represents the difference between the net tangible asset value of the subsidiaries acquired and the nominal value of the share capital of the Company issued in exchange thereof as a result of the Group's restructuring exercise in 2006.

(b) Capital redemption reserve

The capital redemption reserve of the Group represents the nominal value of the share capital of the Company repurchased and cancelled.

(c) Other reserves

In accordance with the relevant laws and regulations of the PRC, the subsidiaries of the Company established in the PRC are required to transfer 10% of its profit after taxation determined in accordance with the accounting regulations in the PRC to the other reserve until the reserve balance reaches 50% of the respective registered capital of the PRC subsidiaries. Such reserve may be used to reduce any losses incurred or for capitalisation as paid-up capital of the PRC subsidiaries.

During the previous years, the subsidiaries of the Company established in the PRC has discretionarily transferred 5% of its profit after taxation prepared in accordance with the accounting regulations in the PRC to the public welfare reserve. The use of the public welfare reserve is restricted to capital expenditure for employees' facilities. This public welfare reserve is non-distributable except upon liquidation of the PRC subsidiaries. No public welfare reserve had been provided during the years ended 31 December 2009 and 2010.

35. BUSINESS COMBINATIONS

On 24 February 2010, the Group acquired from independent third parties, Weifang Zhixing Investment Company Limited and Highway Investment Group Company Limited, the 100% equity interests in Kaijia Food at a total consideration of RMB130,000,000. Kaijia Food and its 70% owned subsidiary, Kaijia Trading (together as "Kaijia Group") is engaged in production of food products. The aforesaid acquisition was made as part of the Group's strategy to expand its production capacities and improve its operational efficiency. Having satisified the terms and conditions of the share purchase agreement as entered with the independent third parties, the Group had the right to nominate members of the boards of director of Kaijia Food and Kaijia Trading and, by this means, obtained the control of Kaijia Group as of 24 February 2010. The acquired business contributed revenue of RMB313,081,000 and profit after tax of RMB1,730,000 to the Group for the period from 24 February 2010 to 31 December 2010.

The non-controlling interests in Kaijia Trading recognised at the acquisition date was measured by non-controlling interests proportionate share of Kaijia Trading's identifiable net assets and the amount was accounted for RMB18,618,000.

If the acquisition had occurred on 1 January 2010, the Group's revenue and profit after tax would have been RMB1,047,066,000 and RMB1,823,000 respectively, for the year ended 31 December 2010. This pro forma information is for illustrative purposes only and is not necessarily an indication of revenue and results of operations of the Group that actually would have been achieved had the acquisition been completed on 1 January 2010, nor is it intended to be a projection of future results.

Goodwill		56,355
Purchase consideration		**130,000**

The fair value of the trade receivables and other receivables as at the date of acquisition amounted to RMB9,685,000 and RMB2,431,000, respectively. The gross contractual amounts of trade receivables and other receivables were RMB9,685,000 and RMB2,431,000, respectively, and/all are expected to be collectible.

Goodwill arose in the acquisition of Kaijia Group because the consideration paid for the combination effectively included amounts in relation to the benefit of production and quality control, revenue growth and future market development of Kaijia Group. None of the goodwill recognised is expected to be deductible for income tax purpose.

An analysis of the net outflow of cash and cash equivalents in respect of the acquisition of Kaijia Group is as follows:

	RMB'000
Purchase consideration settled in cash	130,000
Cash and cash equivalents acquired	(6,109)

38. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENTS

The Group is exposed to financial risks through its use of financial instruments in its ordinary course of operations. The financial risks included market risk (including currency risk and interest risk), credit risk and liquidity risk. The Group does not have written risk management policies and guidelines. However, the board of directors of the Company meets periodically to analyse and formulate measures to manage the Group's exposure to the financial risk, including principally changes in interest rates and currency exchange rates.

Generally, the Group employs a conservative strategy regarding its risk management. As the Group's exposure to market risk is kept at a minimum level, the Group has not used any derivatives or other instruments for hedging purposes. The Group does not hold or issue derivative financial instruments for trading purposes.

38. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENTS (CONTINUED)

(b) Interest rate risk

Interest rate risk relates to the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group borrows both loans issued at fixed and floating interest rates. Exposure to floating interest rate presents when there are unexpected adverse interest rate movements. The Group's policy is to manage its interest rate risk, working within an agreed framework, to ensure that there are no unduly exposures to significant interest rate movements and rates are approximately fixed when necessary. The policies to manage interest rate risk have been followed by the Group since prior years.

(i) Interest rate profile

The following tables detail the interest rate profile of the Group's financial instruments at the reporting date:

	Group

38. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENTS (CONTINUED)

(b) Interest rate risk (Continued)

(ii) Interest rate sensitivity analysis

The following tables illustrate the sensitivity of the profit for the year and equity to a reasonably possible change in interest rates of +0.5% and – 0.5% (2009: +/- 0.5%), with effect from the beginning of the year. These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on the Group's financial instruments held at each reporting date. All other variables are held constant. There is no impact on other components of consolidated equity in response to the possible change in interest rates.

	Group			
	2010 RMB'000		2009 RMB'000

(c) Credit risk

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms of the financial instrument and cause a financial loss to the Group. The Group's exposure to credit risk mainly arises from granting credit to customers in the ordinary course of its business.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset.

38. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENTS (CONTINUED)

(c) Credit risk (Continued)

The Group continuously monitors defaults of customers and other counterparties, identified either individually or by group, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Group's policy is to deal only with creditworthy counterparties. The credit policy has been followed by the Group since prior years.

The Group's management considers that all the above financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due.

None of the Group's financial assets are secured by collateral or other credit enhancements.

In respect of trade and other receivables, the Group is not exposed to any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

(d) Foreign currency risk

Currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group is exposed to foreign currency risk primarily through sales and purchases that are denominated in a currency other than the functional currency of the Group entities to which they related. The currencies giving rise to this risk are mainly Euro, United States dollars and Japanese Yen.

The Group reviews its foreign currency exposures regularly and does not consider its foreign exchange risk to be significant. The policy to manage foreign currency risk has been followed by the Group since prior years.

(i) Foreign currency risk exposure

The following tables detail the Group's exposures at the reporting date to foreign currency risk from the financial assets and financial liabilities denominated in a currency other than the functional currency to which the Group entities relate:

38. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENTS (CONTINUED)

(d) Foreign currency risk (Continued)

(ii) Foreign currency sensitivity analysis

The following table indicates the approximate change in the Group's profit for the year and equity in response to a 5% appreciation in the Group's functional currencies against the respective foreign currencies. There is no impact on other components of consolidated equity in response to the general increase in the following foreign currency rates.

			Group

A weakening of the above foreign currencies against RMB at each reporting date would have had the equal but opposite effect to the amounts shown above, on the basis that all other variables remain constant.

(e) Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or financial asset. The Group is exposed to liquidity risk in respect of settlement of trade payables and its financing obligations, and also in respect of its cash flow management.

As disclosed in note 3(b) to the financial statements, the Group's current liabilities has exceeded its current assets by RMB100,813,000 as at 31 December 2010. The liquidity of the Group is primarily dependent on its ability to maintain adequate cash inflow from operations to meet its obligations as they fall due, and on its ability to obtain external financing. Further details are set out in note 3(b) to the financial statements. The directors of the Company have carried out a detailed review of the cash flow projection of the Group for the next 12 months from the reporting date. Based on such projection, the directors have determined that adequate liquidity exists to finance its working capital and financing activities of the Group for that period. The directors are of the opinion that the assumptions which are included in the cash flow projection are reasonable.

38. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENTS (CONTINUED)

(e) Liquidity risk (Continued)

The cash flow management of all operating entities is centralised, including the raising of funds to cover expected cash demands. The Group's policy is to regularly monitor current and expected liquidity requirements, to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

Specifically, for bank borrowings which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the entity can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect. The maturity analysis for other bank borrowings is prepared based on the scheduled repayment dates.

(f) Fair value

The fair value of the Group's other financial assets and liabilities as at 31 December 2010 are not materially different from their carrying amounts because of the immediate or short term maturity of these financial instruments.

39. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholders value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the current and previous years.

The Group monitors capital using a gearing ratio, which is total debts divided by total capital. Total debts are calculated as the sum of bank loans and amount due to a related company as shown in the consolidated statement of financial position. Total capital is calculated as total equity attributable to equity holders, as shown in the consolidated statement of financial position. The Group aims to maintain the gearing ratio at a reasonable level.

6. **SHARE ISSUE MANDATE**

That authority be given to the Directors of the Company to issue shares ("**Shares**") whether by way of rights, bonus or otherwise, and/or make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares at any time and upon such terms and conditions and to such persons as the Directors may, in their absolute discretion, deem fit provided that:

(a) the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty percent (50%) of the total number of issued Shares (excluding treasury shares) in the capital of the Company at the time of the passing of this Resolution, of which the aggregate number of Shares and convertible securities to be issued other than on *a pro rata* basis to all shareholders of the Company shall not exceed twenty percent (20%) of the total number of issued Shares (excluding treasury shares) in the capital of the Company;

Notice of Annual General Meeting

(b) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (a) above, the total number of issued Shares (excluding treasury shares) shall be based on the total number of issued Shares (excluding treasury shares) of the Company as at the date of the passing of this Resolution, after adjusting for:

(i) new Shares arising from the conversion or exercise of convertible securities;

(ii) new Shares arising from exercising share options or vesting of Share awards outstanding or subsisting at the time this Resolution is passed; and

(iii) any subsequent bonus issue, consolidation or subdivision of Shares; and

(c) such authority shall, unless revoked or varied by the Company in general meeting, continue in force (i) until the conclusion of the Company's next Annual General Meeting or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier or (ii) in the case of Shares to be issued in accordance with the terms of convertible securities issued, made or granted pursuant to this Resolution, until the issuance of such Shares in accordance with the terms of such convertible securities.

Explanatory Note (i) and (iii)

(Resolution 6)

7. **Renewal of Shareholders' Mandate for Interested Person Transactions**

That for the purposes of Chapter 9 of the Listing Manual of the Singapore Exchange Securities Trading Limited:

(a) approval be given for the renewal of the mandate for the Company, its subsidiaries and target associated companies or any of them to enter into any of the transactions falling within the types of Interested Person Transactions as set out in Appendix II to the circular of the Company dated 6 April 2011 ("**Circular**") with any party who is of the class of Interested Persons described in the Circular, provided that such transactions are carried out in the normal course of business, at arm's length and on commercial terms and in accordance with the guidelines of the Company for Interested Person Transactions as set out in the Company's Circular (the "**IPT Mandate**");

(b) the IPT Mandate shall, unless revoked or varied by the Company in general meeting, continue in force until the conclusion of the next Annual General Meeting; and

(c) authority be given to the Directors to complete and do all such acts and things (including executing all such documents as may be required) as they may consider necessary, desirable or expedient to give effect to the IPT Mandate as they may think fit.

Explanatory Note (ii)

(Resolution 7)

By Order of the Board

Fong William
Company Secretary

6 April 2011

Notice of Annual General Meeting

Explanatory Notes to Resolutions to be passed–

(i) The Ordinary Resolution 6 proposed in item 6 above, if passed, will empower the Directors from the date of the above Meeting until the date of the next Annual General Meeting, to allot and issue Shares and convertible securities in the Company up to an amount not exceeding fifty percent (50%) of the total number of issued Shares (excluding treasury shares) in the capital of the Company, of which up to twenty percent (20%) may be issued other than on a *pro rata* basis.

(ii) The Ordinary Resolution 7 proposed in item 7 above, if passed, will authorise the Interested Person Transactions as described in the Circular and recurring in the year and will empower the Directors to do all acts necessary to give effect to the IPT Mandate. This authority will, unless previously revoked or varied by the Company at a general meeting, expire at the conclusion of the next Annual General Meeting of the Company.

(iii) IMPORTANT: Notwithstanding the passing of the Ordinary Resolution 6 proposed in item 6 above, the Company shall from time to time comply with the relevant requirements under the Hong Kong Listing Rules in relation to issuance of securities, in particular, Rules 7.19(6), 13.36 and 13.36(5) thereof.
