Management Statement

The Board of Directors (the "Board") of Incutech Investments Limited (the "Company") hereby presents the audited consolidated result of the Company and its subsidiaries (the "Group") for the financial year ended 31 December 2010.

REVIEW OF RESULTS

For the year ended 31 December 2010, the Group recorded a net loss of HK\$4,323,809 and loss per share of HK\$0.06. During the year, the Group received HK\$132,120 in dividend income (2009: HK\$225,978) from listed securities held for trading.

MANAGEMENT DISCUSSION AND ANALYSIS

In 2010, the China's gross domestic product ("GDP") growth was RMB39,798.3 billion, an increase of 10.3% over that of last year, on a comparable price basis. China's GDP growth sped up unexpectedly in the fourth quarter for the year of 2010 despite a series of tightening measures by PRC government.

In 2010, the inflation rate stood at 3.3 percent for the full year, which was above the 3 percent target for the year set by the PRC government in early 2010. In order to curb inflation, the PRC government has adopted various measures to control the prices at a reasonable and relatively stable level.

After the PRC and the HKSAR government introduced various stimulus measures to support the economy since 2009, the local markets have stabilized. In the first half of 2010, due to the low interest rate and strong capital inflow, the local stock market and property prices have been raised. Nevertheless, the European sovereign debt issues have shaken up confidence of investors and retarded growth in the global markets in the first half of 2010.

The Hang Seng Index closed at 31 December 2010 with a total growth of 5.31%. The local economic outlook remains positive, but the market is increasingly concerned about China's insufficient policy or measures to curb inflation rather than too severe tightening.

Management Statement

BUSINESS REVIEW AND PROSPECTS

The principal activities of the Company and its subsidiaries during the year are investments in both securities listed in the Stock Exchange and unlisted securities with a potential for earning growth and capital appreciation. As at 31 December 2010, the Group has approximately HK\$7.6 million in listed securities held for trading.

During the year under review, the Group reported a loss from operation of HK\$4,323,809 on turnover of HK\$132,120 in 2010 as compared with a loss from operation of HK\$2,072,639 on turnover of HK\$225,978 in 2009. For the year ended 31 December 2010, the Group received HK\$132,120 in dividend income (2009: HK\$225,978) from listed securities held for trading. The decrease in turnover was due to the decrease in dividend income received from the listed securities.

In 2010, the leading national economics in the emerging markets reported strong economic growth, while GDP growth in certain developed countries also took a positive return. In the coming future, it is expected that the global economic will grow slowly and the China's economic will be slowed down because of the policy to curb the inflation.

Whilst the outlook for 2011 is clustered with various uncertainties and opportunities, the Group will adopt a conservative investment strategy in order to improve its business performance. The Group will also closely monitor its investment portfolio and actively explore the suitable secured investment opportunities with reasonable return in order to maximize the shareholders' value.

FINANCIAL REVIEW

Liquidity and financial resources

As at 31 December 2010, the Group's current ratio was 0.38, based on the current assets of HK\$7,949,232 and current liabilities of HK\$20,837,529. No gearing ratio was available as the Group was in a negative equity position.

Capital structure

There has been no change to the capital structure of the Company during the year ended 31 December 2010.

Material acquisitions and disposals of subsidiaries

The Group has not made any material acquisition or disposal of subsidiaries during the year ended 31 December 2010.

Management Statement

Capital commitment and contingent liabilities

As at 31 December 2010, no material capital commitment and contingent liabilities were noted by the directors of the Company.

Share options

The Company does not have any share option scheme.

EMPLOYMENT AND REMUNERATION POLICIES

As at 31 December 2010, the Group employed a total of 4 employees (2009: 4) including the executive directors of the Company. The remuneration packages consist of basic salary, mandatory provident fund, medical insurance, and other benefits considered as appropriate. Remuneration packages are generally structured by reference to market terms, individual qualification and performance. They are under periodic review based on individual merit and other market factors.

STAFF COSTS

The Group's total staff costs for the year under review amounted to HK\$2,078,400 (2009: HK\$2,078,400).

CHARGES ON THE COMPANY'S ASSETS AND CONTINGENT LIABILITIES

As at 31 December 2010, there were no charges on the Company's assets and the Company did not have any significant contingent liabilities.

EXPOSURE TO FLUCTUATIONS IN EXCHANGE RATES AND RELATED HEDGES

The Group's assets and liabilities are denominated in Hong Kong Dollars and, therefore, the Group has no significant exposure to foreign exchange fluctuation.

APPRECIATION

The Directors would like to take this opportunity to extend our sincere thanks and express appreciation to those who have supported us during the year.

Tung Tat Wah

Chairman

Hong Kong, 21 March 2011

The Board of Directors ("Board") hereby presents their annual report together with the audited financial statements of the Company and its subsidiaries (the "Group") for the year ended 31 December 2010.

PRINCIPAL ACTIVITIES

The principal activities of the Company and its subsidiaries during the year are investment in securities listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") and unlisted securities with a potential for earnings growth and capital appreciation. The activities of the principal subsidiaries are set out in note 23(a) to the consolidated financial statements.

The Group's turnover for the year comprised dividends income from listed investments.

RESULTS AND APPROPRIATIONS

The results of the Group for the year ended 31 December 2010 are set out in the consolidated statement of comprehensive income on page 20.

The Board does not recommend the payment of a final dividend for the year ended 31 December 2010 (2009: Nil). No interim dividend was declared during the year (2009: Nil).

PROPERTY, PLANT AND EQUIPMENT

Details of the movements in property, plant and equipment of the Company and the Group during the year are set out in note 15 to the consolidated financial statements.

SHARE CAPITAL

There is no movement in the Company's share capital during the year.

RESERVES

Details of the movements in the reserves of the Company and the Group during the year are set out on page 53 and 22 respectively.

DISTRIBUTABLE RESERVES

There is no distributable reserves of the Company at 31 December 2010 (2009: Nil).

PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Company's Memorandum and Articles of Association or the laws of the Cayman Islands, which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

FIVE YEAR FINANCIAL SUMMARY

A summary of the results and of the assets and liabilities of the Group for the last five financial years is set out on page 56.

PURCHASE, SALE OR REDEMPTION OF SHARES

The Company has not redeemed any of its shares during the year. Neither the Company nor any of its subsidiaries has purchased or sold any of the Company's shares during the year.

DIRECTORS

The directors of the Company ("Directors") during the year and as at the date of this report were as follows:

Executive Directors

Mr. Tung Tat Wah (Chairman) Mr. Michael Wu Chun Wah

Independent non-executive Directors

Mr. Allan Kwok Ming Fai Mr. Robert Siu Siu Ling Mr. Stephen Lee Ming Ching

Pursuant to the corporate governance code and the provisions of the Articles of Association of the Company, Mr. Tung Tat Wah and Mr. Robert Siu Siu Ling shall retire by rotation at the annual general meeting and will offer themselves for re-election as the executive Director and the independent non-executive Director respectively.

The term of office of each of the independent non-executive Directors is the period up to his retirement by rotation in accordance with the Company's Articles of Association.

INDEPENDENCE CONFIRMATION

The Company has received, from each of independent non-executive Directors, an annual confirmation of the independence pursuant to Rule 3.13 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). The Company considers all of the independent non-executive Directors are independent.

Mr. Kwok obtained a Bachelor Degree in Accounting & Economics from the University of Sheffield in the United Kingdom and a Master Degree in Business Administration from the University of Adelaide in Australia. He is a member of CPA Australia and an associate member of the Hong Kong Institute of Certified Public Accountants. Mr. Kwok is currently an executive director of Zhongda International Holdings Limited (listed on the Stock Exchange) and an independent non-executive director of Sewco International Holdings Limited and China Yunnan Tin Minerals Group Company Limited (both of which are listed on the Stock Exchange). Mr. Kwok was appointed as an independent non-executive Director on 4 September 2007.

DIRECTORS' SERVICE CONTRACTS

None of the Directors who are proposed for re-election at the forthcoming annual general meeting has a service contract with the Company which is not determinable by the Company within one year without payment of compensation, other than statutory compensation.

DIRECTORS' INTERESTS IN CONTRACTS OF SIGNIFICANCE

No contracts of significance to which the Company or any of its subsidiaries was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

DIRECTORS' INTERESTS IN SECURITIES

As at 31 December 2010, the interests and short positions of the directors and chief executives of the Company and their respective associates in the shares, underlying shares and debentures of the Company or any associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (the "SFO")) as recorded in the register required to be kept under section 352 of the SFO or as otherwise notified to the Company or the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") were as follows:

Long position in shares of the Company

Name of Director	Capacity	Number of issued ordinary shares held	Approximate percentage of total issued ordinary shares
Tung Tat Wah (Note)	Interest of controlled entity	15,000,000	20.83%
Michael Wu Chun Wah (Note)	Interest of controlled entity	15,000,000	20.83%

Note:

40% equity interest in Biggish Management Limited, a company incorporated in British Virgin Islands with limited liability, is held by Mr. Michael Wu Chun Wah, an executive Director and 60% equity interest in Biggish Management Limited is held by Mr. Tung Tat Wah, an executive Director. Mr. Michael Wu Chun Wah and Mr. Tung Tat Wah are deemed to be interested in 15,000,000 shares of the Company.

Save as disclosed above, at 31 December 2010, none of the Directors, chief executives nor their associates had any interests or short positions in any shares, underlying shares or debentures of the Company or any of its associated corporations (with the meaning of Part XV of SFO) as recorded in the register required to be kept under section 352 of the SFO or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code.

SUBSTANTIAL SHAREHOLDERS

As at 31 December 2010, so far as is known to the Directors, the following persons (other than the directors and chief executives of the Company) had interests or short positions in the shares and underlying shares of the Company as recorded in the register required to be kept under section 336 of the SFO.

Long positions in shares of the Company

			Approximate	
		Number of	percentage of	
		issued ordinary	total issued	
Name of shareholder	Capacity	shares held	ordinary shares	
Biggish Management Limited	Beneficial Owner	15,000,000	20.83%	

Save as disclosed above, the Directors are not aware of any other persons who have interests or short positions in the shares or underlying shares of the Company as recorded in the register required to be kept under section 336 of the SFO.

PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of its directors, as at the date of this report, there is sufficient public float of more than 25% of the issued share capital of the Company as required under the Listing Rules.

INVESTMENT MANAGEMENT AGREEMENT AND CONTINUING CONNECTED TRANSACTIONS

The Company's investment portfolio is managed by Hua Yu Investments Limited (the "Investment Manager"), in accordance with the terms and conditions of an investment management agreement (the "Investment Management Agreement") entered into between the Company and the Investment Manager dated 23 February 2009. On 1 March 2011, the Company and the Investment Manager has entered into a new investment management agreement with the same terms and conditions as the Investment Management Agreement.

The Investment Manager is regarded as a connected person of the Company under Rule 21.13 of the Listing Rules. Accordingly, the Investment Management Agreement constitutes a continuing connected transaction of the Company.

The Investment Manager is appointed for a term of two years commencing from 1 March 2009 and either the Investment Manager or the Company can terminate the appointment without serving prior notice to the other party. In accordance with the terms of the Investment Management Agreement, the Investment Manager is entitled to receive a quarterly management fee of HK\$150,000.

During the year ended 31 December 2010, investment management fees of HK\$600,000 (2009: HK\$500,000) were charged by the Investment Manager.

The transaction was entered into by the Company in the ordinary and usual course of business in accordance with the terms of Investment Management Agreement, conducted on normal commercial terms and is subject to reporting and announcement requirements under Chapter 14A of the Listing Rules. The transaction had been reviewed by the independent non-executive Directors and obtained approval from the Company's board of directors.

AUDIT COMMITTEE

The Company established an audit committee in accordance with rule 3.21 of the Listing Rules, for the purpose of reviewing and providing supervision over the Group's financial reporting process and internal controls. The audit committee of the Company has reviewed the final results for the year ended 31 December 2010.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company had complied with the code of conduct regarding securities transactions by the Directors on terms no less exacting than the required standard of dealings as set out in the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code"). Having made specific enquiry of all Directors, they have complied with the required standard set out in the Model Code and the code of conduct regarding securities transaction by the Directors adopted by the Company.

COMPLIANCE WITH THE CODE ON CORPORATE GOVERNANCE PRACTICES

In the opinion of the Directors, the Company has complied with the Code on Corporate Governance Practices ("Code") as set out in Appendix 14 to the Listing Rules throughout the year under review, except that the independent non-executive Directors are not appointed for a specific term as required by Provision A.4.1 of the Code, but are subject to retirement by rotation in accordance with the Articles of Association of the Company.

AUDITOR

W.H. Tang & Partners CPA Limited shall retire at the forthcoming annual general meeting and, being eligible, offer themselves for re-appointment.

SUSPENSION OF TRADING IN THE SHARES

At the request of the Company, trading in the shares of the Company has been suspended with effect from 9:30 a.m. on 13 June 2008 and will remain suspended until further notice.

On behalf of the Board **Tung Tat Wah** *Chairman*

Hong Kong, 21 March 2011

The Group is dedicated to maintaining a good credible framework of corporate governance with a view to being transparent, open and accountable to our shareholders. The Stock Exchange introduced the Code on Corporate Governance Practices ("the Code") in November 2004, for replacement and enhancement of the Code of Best Practice in Appendix 14 of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited. The Code has become effective from 1 January 2005 and the Group has complied with code provisions as set out in the Code with the exception of code provision A.4.1 of the Code in respect of the service term. None of the existing independent non-executive Directors of the Company is appointed for a specific term. This constitutes a deviation from code provision A.4.1 of the Code. However, all the directors of the Company are subject to the retirement provisions under paragraph (1) of article 88 of the Articles of Association of the Company. As such, the Company considers that sufficient measures have been taken to ensure that the Company's corporate governance practices are no less exacting than those in the Code.

THE BOARD

Composition

The Board consists of two executive Directors and three independent non-executive Directors ("INED(s)"). Mr. Allan Kwok Ming Fai, INED and chairman of audit committee has the appropriate professional accounting experience and expertise. The name and biographical details of each director are disclosed on pages 8 to 9 of this annual report.

Each INED has, pursuant to the guidelines set out in rule 3.13 of the Listing Rules, confirmed he is independent of the Company and the Company also considers that they are independent. Each INED is subject to the requirement that one-third of all the directors shall retire from office by rotation at each annual general meeting pursuant to the Articles of Association of the Company. There is no relationship (including financial, business, family or other material or relevant relationship) among members of the Board.

Function

The Board is responsible for managing and direction setting of the Company. For any major acquisition and disposal, major capital investment, dividend policy, appointment and retirement of directors, remuneration policy and other major operational and financial matters, Board approval is required.

The executive directors are responsible for day-to-day management of the Company's operations. These executive directors conduct regular meetings, at which operational issues and financial performance of the Company and its subsidiaries are evaluated.

The Company views well-developed and timely reporting systems and internal controls are essential, and the Board plays a key role in the implementation and monitoring of internal financial controls.

The Board held 4 regular Board meetings at approximately quarterly interval during year 2010 and additional board meetings were held when necessary. An agenda and accompanying board papers are sent in full to all directors in a timely manner and at least three days before the intended date of a board or board committee meeting. Adequate information related to the issues are also supplied for the board and its committee to make decisions which is for the best interests of the Group. Notice of at least fourteen days are given to give all directors an opportunity to attend. The directors who cannot attend in person might through other electronic means of communications to participate. Details of individual attendance of directors are set out in the table below:

Attendance of individual directors at Board meeting in 2010

Attendance Rate	Number of Board meeting attended/	
100%	4/4	
100%	4/4	

Number of Roard meeting attended/

Independent non-executive Directors

Mr. Allan Kwok Ming Fai	4/4	100%
Mr. Robert Siu Siu Ling	4/4	100%
Mr. Stephen Lee Ming Ching	4/4	100%

The Board has established procedure to enable directors, upon reasonable request, to seek independent professional advice in appropriate circumstances at the Company's expense.

Board Committees

Executive Directors

Mr. Tung Tat Wah

Mr. Michael Wu Chun Wah

In order to strengthen the functions of the Board and to enhance its expertise, there are two Board committees namely, the Audit Committee and Remuneration Committee formed under the Board, with each performing different functions.

Remuneration Committee

The Board has established a Remuneration Committee comprising one executive Director, Mr. Michael Wu Chun Wah and three independent non-executive Directors, Mr. Allan Kwok Ming Fai, Mr. Robert Siu Siu Ling and Mr. Stephen Lee Ming Ching. It is chaired by Mr. Stephen Lee Ming Ching. The terms of reference of the Remuneration Committee have been reviewed with reference to the Code.

The Remuneration Committee's responsibilities are to review and consider Company's policy for remuneration of directors and senior management, to determine remuneration packages of executive Directors including benefits in kind, pension rights and compensation payments, and to recommend to the Board remuneration of independent non-executive Directors.

Set out below is the summary of work of the Remuneration Committee done in 2010:

- to consider the corporate policy on remuneration basis for the executive Directors and the INEDs;
- to review the remuneration of the executive Directors and the INEDs;
- to consider and approve the payment of bonus (if any); and
- to ensure that no director or any of his associates is involved in deciding his own remuneration.

The Remuneration Committee held 1 meeting for the financial year ended 31 December 2010. Details of individual attendance of its members are set out in the table below:

	Number of meeting attended/	
	Number of meeting held	Attendance Rate
Executive Directors		
Mr. Michael Wu Chun Wah	1/1	100%
Independent non-executive Directors		
Mr. Stephen Lee Ming Ching	1/1	100%
Mr. Robert Siu Siu Ling	1/1	100%
Mr. Allan Kwok Ming Fai	1/1	100%

Audit Committee

The Company's Audit Committee is composed of three independent non-executive Directors, namely Mr. Allan Kwok Ming Fai, Mr. Robert Siu Siu Ling and Mr. Stephen Lee Ming Ching. It is chaired by Mr. Allan Kwok Ming Fai. It reports directly to the Board and reviews matters within the scope of audit, such as financial statements and internal controls, to protect the interests of the Company's shareholders.

The major roles and functions of the Audit Committee of the Company are as follows:

- 1. to review the annual report and interim report before submission to the Board;
- 2. to review the Group's financial and accounting policies and practices;
- 3. to review the financial controls, internal control and risk management systems;
- 4. to discuss with management the system of internal control and ensure that management has discharged its duty to have an effective internal control system;
- 5. to be primarily responsible for making recommendation to the Board on the appointment of the external auditor, and to approve the remuneration and terms of engagement of the external auditor; and
- 6. to report to the Board on the matters set out in the code provision relating to Audit Committee as set out in the Code.

The Audit Committee held 2 meetings for the financial year ended 31 December 2010. Details of individual attendance of its members are set out in the table below:

	Number of meeting attended/	
	Number of meeting held	
Independent non-executive Directors		
Mr. Allan Kwok Ming Fai	2/2	100%
Mr. Robert Siu Siu Ling	2/2	100%
Mr. Stephen Lee Ming Ching	2/2	100%

Other Information

The Board has not established a nomination committee. According to the Articles of Association of the Company, the Board has the power from time to time and at any time to appoint any person as a director either to fill a casual vacancy or as an addition to the Board. In assessing nomination of new directors, the Board has taken into consideration of the nominee's qualification, ability and potential contributions to the Company.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers ("Model Code") as set out in Appendix 10 of the Listing Rules as the codes of conduct regarding securities transactions by directors. All directors have confirmed, following specific enquiry by the Company, that they fully complied with the Model Code throughout the year 2010.

AUDITOR'S REMUNERATION

The Audit Committee reviews each year with the external auditor of the Company as regards their independence, approves their appointment, discusses the scope of their audit, approves their fees and the scope and appropriate fees for any non-audit services requested to be provided by them.

For the year ended 31 December 2010, services provided to the Company by its external auditor and the respective fees paid were:

	2010
	HK\$
Audit services	146,000 5,000
Non-audit services	5,000
Total	151,000

INTERNAL CONTROL

The Company places great importance on internal control and risk management.

The Company encourages a risk aware and control conscious environment throughout the Company. The Board, either directly or through its committees, sets objectives, performance targets and policies for management of key risks facing the Company. These include strategic planning, political and regulatory, acquisitions, investments, expenditure control, treasury and environment.

Throughout the year 2010 the Company complied with the code provisions on internal controls as stipulated in the Code. In particular, during the year the Company conducted a review of the effectiveness of the internal control system of the Group. The directors are satisfied that the prevailing internal control systems as appropriate to the Group are in place and have been implemented properly and that no significant areas of improvement which are required to be brought to the attention to the members of the Audit Committee are revealed. The Audit Committee has reviewed the internal control and discussed the assessment bases with the management, and concurred that the Company has set up an effective internal control system to safeguard the assets of the Group.

SHAREHOLDER COMMUNICATION

The objective of shareholder communication is to provide our shareholders with detailed information about the Company so that they can exercise their rights as shareholders in an informed manner.

The Company uses a range of communication tools to ensure its shareholders are kept well informed of key business imperatives. These include annual general meeting, annual report, various notices, announcements and circulars. Procedure for voting by poll has been included in all circulars accompanying notice convening general meeting and has been read out by the chairman at general meeting.

DIRECTORS' AND AUDITOR'S RESPONSIBILITIES IN PREPARING THE FINANCIAL STATEMENTS

The directors acknowledge that it is their responsibilities for the preparation of the financial statements of the Group and ensure that the financial statements are in accordance with statutory requirements and applicable accounting standards. The directors also ensure timely publication of the financial statements of the Group. The directors confirm that, to the best of their knowledge, information and belief, having made all reasonable enquiries, they are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The statement of the external auditor of the Company, W. H. Tang & Partners CPA Limited, about their reporting responsibilities is set out in the Independent Auditor's Report on pages 18 to 19.

VOTING BY POLL

The voting procedures for demanding a poll by shareholders were written in the 2010 annual general meeting (the "AGM") circular, and the voting procedures were explained in the AGM.

Independent Auditor's Report

TO THE SHAREHOLDERS OF INCUTECH INVESTMENTS LIMITED

(Incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Incutech Investments Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 20 to 55, which comprise the consolidated statement of financial position as at 31 December 2010, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of principal accounting policies and other explanatory information.

DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Group as at 31 December 2010, and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

Emphasis on matters

Without qualifying our opinion, as set out in note 1(b) to the consolidated financial statements, the Group incurred a loss of HK\$4,323,809 for the year ended 31 December 2010 and the Group's net current liabilities and net liabilities as at 31 December 2010 amounted to HK\$12,888,297 and HK\$12,888,296 respectively. A resumption proposal was approved by the Board of Directors on 21 March 2011 to improve the financial position of the Group and going concern of the Group is highly depended on the successful implementation of the resumption proposal. This condition therefore indicates the existence of material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern.

1. GENERAL INFORMATION

(a) Incutech Investments Limited (the "Company") was incorporated in the Cayman Islands with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") and have been suspended for trading since 13 June 2008.

The principal activities of the Company and its subsidiaries during the year are investments in securities listed on the Stock Exchange and unlisted securities with a potential for earning growth and capital appreciation.

(b) The consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term include all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), the disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"). The consolidated financial statements have been prepared under the historical cost convention, except that available-for-sale investments and investments held for trading are stated at fair value

The preparation of consolidated financial statements in conformity with the HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In preparing the consolidated financial statements, the directors of the Company have given careful consideration to the future liquidity of the Group in light of a loss of HK\$4,323,809 for the year ended 31 December 2010 and the Group's net current liabilities and net liabilities as at 31 December 2010 amounted to HK\$12,888,297 and HK\$12,888,296 respectively. A resumption proposal was approved by the Board of Directors on 21 March 2011 to improve the financial position of the Group and the successful implementation of the resumption proposal can effectively improve the liquidity position of the Group, the directors of the Company are satisfied that the Group will have sufficient financial resources to meet its financial obligations as they fall due for the foreseeable future. Accordingly, the consolidated financial statements have been prepared on a going concern basis.

For the year ended 31 December 2010

2. APPLICATION OF NEW OR AMENDED HONG KONG FINANCIAL REPORTING STANDARDS

In the current year, the Group has applied the following new and revised standards, amendments and interpretations of HKASs, HKFRSs issued by the HKICPA that are first effective for the current accounting period of the Group and are relevant to the Group's financial statements:

HKFRS 3 (Revised) Business Combinations

HKAS 27 (Revised) Consolidated and Separate Financial Statements

HKFRSs (Amendments) Improvement to HKFRSs issued in 2009

HK Interpretation 5 Presentation of Financial Statements — Classification by the Borrower of

Term Loan that Contains a Repayment on Demand Clause

HKFRS 3 (Revised) continues to apply the acquisition method to business combinations but with some significant changes compared with HKFRS 3. For example, all payments to purchase a business are recorded at fair value at the acquisition date, with contingent payments classified as debt subsequently re-measured through the statement of comprehensive income. There is a choice on an acquisition-by-acquisition basis to measure the non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's net assets. All acquisition-related costs are expensed.

HKAS 27 (Revised) requires the effects of all transactions with non-controlling interests to be recorded in equity if there is no change in control and these transactions will no longer result in goodwill or gains and losses. The standard also specifies the accounting when control is lost. Any remaining interest in the entity is re-measured to fair value, and a gain or loss is recognised in profit or loss. HKAS 27 (Revised) has had no impact on the current period, as none of the non-controlling interests have a deficit balance; there have been no transactions whereby an interest in an entity is retained after the loss of control of that entity, and there have been no transactions with non-controlling interests.

HK Interpretation 5, as a clarification of an existing standard, is effective immediately. According to the interpretation, the classification of a term loan in accordance with paragraph 69(d) of HKAS 1 shall depend on whether or not the borrower has an unconditional right to defer payment for at least twelve months after the reporting period. Consequently, amounts repayable under a loan agreement which includes a clause that gives the lender the unconditional right to call the loan at any time shall be classified by the borrower as current in its statement of financial position.

The adoption of the new and revised HKFRSs in the current year has had no material effect on the amounts reported in these consolidated financial statements and/or disclosures set out in these financial statements

For the year ended 31 December 2010

2. APPLICATION OF NEW OR AMENDED HONG KONG FINANCIAL REPORTING STANDARDS (Continued)

The Group has not early applied the following new and revised standards, amendments or interpretation that have been issued but are not yet effective.

Amendments to HKAS 32 Classification of Rights Issues¹

Amendments to HKFRS 1 (Revised) Limited Exemption from Comparative HKFRS 7 Disclosures

for First-time Adopters²

HK(IFRIC) – Int 19 Extinguishing Financial Liabilities with Equity Instruments²

HKAS 24 (Revised) Related Party Disclosures³

Amendments to HK(IFRIC) – Int 14 Prepayments of a Minimum Funding Requirement³

Improvements to HKFRSs 2010 Improvements to HKFRSs 2010⁴

Amendments to HKFRS 7 Disclosures — Transfer of Financial Assets⁵

Amendments to HKAS 12 Deferred Tax: Recovery of Underlying Assets⁶

HKFRS 9 Financial Instruments⁷

- Effective for annual periods beginning on or after 1 February 2010
- ² Effective for annual periods beginning on or after 1 July 2010
- Effective for annual periods beginning on or after 1 January 2011
- ⁴ Effective for annual periods beginning on or after 1 July 2010 or 1 January 2011, as appropriate
- ⁵ Effective for annual periods beginning on or after 1 July 2011
- Effective for annual periods beginning on or after 1 January 2012
- Effective for annual periods beginning on or after 1 January 2013
- IFRIC represents the International Financial Reporting Interpretations Committee

HKFRS 9 Financial Instruments (as issued in November 2009) introduces new requirements for the classification and measurement of financial assets. HKFRS 9 Financial Instruments (as revised in November 2010) adds requirements for financial liabilities and for derecognition.

The directors of the Company anticipate that the application of the other new and revised standards, amendments or interpretations will have no material impact on the consolidated financial statements.

3. PRINCIPAL ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with all applicable HKFRSs, which collective term include all applicable individual Hong Kong Financial Reporting Standards, HKASs and interpretations issued by the HKICPA, the disclosure requirements of the Hong Kong Companies Ordinance and the Listing Rules. The consolidated financial statements have been prepared under the historical cost convention, except that available-for-sale investments and investments held for trading are stated at fair value.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

The preparation of consolidated financial statements in conformity with the HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below.

(a) Consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All intragroup balances, transactions, unrealised gains and losses resulting from intra-group transactions and dividends are eliminated on consolidation in full.

Effective from 1 January 2010, losses within a subsidiary are attributable to the non-controlling interest even if that results in a deficit balance. Prior to 1 January 2010, losses incurred by the Group were attributable to the non-controlling interest until the balance was reduced to nil.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(a) Consolidation (Continued)

In the financial information of the Company, the investments in subsidiaries are stated at cost less provision for impairment losses. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

(b) Translation of foreign currencies

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in the currency of Hong Kong dollars, which is the Company's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss. Foreign exchange gains and losses resulting from the retranslation of non-monetary items carried at fair value are recognised in profit or loss except for those arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income, in which cases, the gains or losses are also recognised directly in other comprehensive income.

(c) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is recognised in profit or loss in the year in which the item is derecognised.

Depreciation is calculated using the straight-line method to allocate their costs to their residual values over their estimated useful lives, as follow:

Decoration and office equipment

2 years

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(d) Impairment of investment in subsidiaries and non-financial assets

Assets that have an indefinite useful life or have not yet been available for use are not subject to amortization and are tested annually for impairment. Assets that are subject to amortization are reviewed for impairment whenever events or changes in circumstance indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(e) Operating leases

Leases where substantially all the risks and rewards of ownership of assets remain with the leasing company are accounted for as operating leases. Payments made under operating leases net of any incentives received from the leasing company are charged to profit or loss on a straight-line basis over the lease period.

(f) Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

The Group's financial assets are classified into one of the three categories, including financial assets at fair value through profit or loss ("FVTPL"), loans and receivables and available-for-sale financial assets. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

Financial assets (Continued)

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL, of which interest income is included in net gains or losses.

Financial assets at fair value through profit or loss ("FVTPL")

Financial assets at FVTPL include financial assets held for trading and financial assets designated upon initial recognition as at FVTPL. They are carried at fair value, with any resultant gain and loss recognised in profit and loss, which incorporates any dividend or interest earned on the financial assets.

Financial assets are classified as held for trading if they are (i) acquired principally for the purpose of selling in the near future; (ii) part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or (iii) derivatives that are not designated and effective hedging instruments.

Financial assets are designated at initial recognition as at FVTPL, if (i) the designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognition gains or losses on a different basis; or (ii) they are part of a group of financial assets and/or financial liabilities that are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management strategy; or (iii) they contain embedded derivatives that would need to be separately recorded.

Where a contract contains one or more embedded derivatives, the entire hybrid contract may be designated as a financial asset at FVTPL, except where the embedded derivative does not significantly modify the cash flows or it is clear that separation of the embedded derivative is prohibited.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

Financial assets (Continued)

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. At the end of each reporting period, subsequent to initial recognition, loans and receivables (including loans receivable, prepayments, other receivables and bank balances) are carried at amortised cost using the effective interest method, less any identified impairment losses.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated or not classified as financial assets at FVTPL or loans and receivables. The Group designated investments in unlisted securities as available-for-sale financial assets.

Investments in unlisted securities are available-for-sale equity investments measured at fair value. Changes in fair value are recognised in other comprehensive income and accumulated capital reserve, until the financial asset is disposed of or is determined to be impaired, at which time, the cumulative gain or loss previously accumulated in capital reserve is removed from capital reserve and recognised in profit or loss. Investments in unlisted securities which fair values cannot be reliably measured are stated at cost less any identified impairment losses at the end of the reporting period subsequent to initial recognition.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of the reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occur after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been impacted.

For an available-for-sale equity investment, a significant or prolonged decline in the fair value of that investment below its cost is considered to be objective evidence of impairment.

For all other financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial reorganization.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (Continued)

For financial assets carried at amortised cost, an impairment loss is recognised in profit or loss when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Impairment losses on available-for-sale equity investments will not be reversed in profit or loss in subsequent periods. Any increase in fair value subsequent to impairment loss is recognised directly in other comprehensive income and accumulated in capital reserve.

Financial liabilities and equity

Financial liabilities and equity instruments issued by a group entity are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted in respect of financial liabilities and equity instruments are set out below.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition..

Interest expense is recognised on an effective interest basis.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

Financial assets (Continued)

Financial liabilities

Financial liabilities including short term loans, other payables and accruals and due to a director are subsequently measured at amortised cost, using the effective interest rate method.

Equity instruments

Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Derecognition

Financial assets are derecognised when the rights to receive cash flows from the assets expire or, the financial assets are transferred and the Group has transferred substantially all the risks and rewards of ownership of the financial assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

(g) Cash and cash equivalents

For the purposes of consolidated statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

(h) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(i) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably. A contingent liability is not recognised but is disclosed in the notes to the consolidated financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Group. Contingent assets are not recognised but are disclosed in the notes to the consolidated financial statements when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

(j) Employee benefits

Short term employee benefits

Salaries, annual bonuses, paid annual leave, contribution to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Defined contribution plans

The Group participates in a retirement benefit scheme under the rules and regulations of the Mandatory Provident Fund Scheme Ordinance ("MPF Scheme") for all employees. The contributions to the MPF Scheme are based on minimum statutory contribution requirement of 5% of eligible employees' relevant aggregate income. The assets of this MPF Scheme are held separately from those of the Group in independently administered funds. The Group's contributions to the defined contribution retirement schemes are expensed as incurred.

(k) Borrowing Costs

All borrowings costs are recognised as an expense in the period in which they are incurred.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(l) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the consolidated statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is recognised to profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case the deferred tax is also recognised in other comprehensive income or directly in equity respectively.

(m) Revenue recognition

Interest income is recognised on a time proportion basis, taking into account the principal amounts outstanding and the interest rates applicable.

For the year ended 31 December 2010

3. PRINCIPAL ACCOUNTING POLICIES (Continued)

(m) Revenue recognition (Continued)

Dividend income is recognised when the right to receive payment is established.

Gains or losses on sale of investment securities and other investments are recognised on the transfer of risks and rewards of ownership which generally coincides with the time when investments are delivered and title has passed.

(n) Related parties

A party is related to the Group if:

- (a) directly, or indirectly through one or more intermediaries, the party controls, is controlled by, or is under common control with, the Group; or has an interest in the Group that gives it significant influence over the Group; or has joint control over the Group;
- (b) the party is an associate of the Group;
- (c) the party is a joint venture in which the Group is a venturer;
- (d) the party is a member of the key management personnel of the Group;
- (e) the party is a close member of the family of any individual referred to in (a) or (d);
- (f) the party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (d) or (e); or
- (g) the party is a post-employment benefit plan for the benefit of employees of the Group, or of any entity that is a related party of the Group.

In addition, transaction with connected parties as defined under the Listing Rules are disclosed in the Directors' Report of this annual report.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the year ended 31 December 2010

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (Continued)

Going concern assumption

Management makes an assessment of the Group's ability to continue as a going concern when preparing the consolidated financial statements. The Group is dependent upon the successful implementation of the resumption proposal as set forth in note 1(b) in order to meet the Group's future working capital and financing requirements.

In assessing whether or not the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from the approval date of the consolidated financial statements.

If the Group were unable to continue as a going concern, adjustments relating to the recoverability and classification of recorded assets and liabilities may need to be incorporated in the consolidated financial statements.

Impairment of loans receivable

In determining whether there is objective evidence of impairment loss, the Group takes into consideration the estimation of future cash flows. The amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition). Where the actual future cash flows are less than expected, a material impairment loss may arise. As at 31 December 2010 the carrying amounts of loans receivable and commercial paper receivable are nil (2009: HK\$ 1 and HK\$ 1 respectively).

Fair value of other financial instruments

In determining the fair value of other financial instruments, the directors of the Company use their judgement in selecting an appropriate valuation technique for financial instruments that do not have quoted market price in an active market. Valuation techniques commonly used by market practitioners are applied. Other financial instruments are valued using a discounted cash flow analysis based on assumptions supported, where possible, by observable market prices or rates. The estimation of fair value of unlisted debt and equity available-for-sale investments includes some assumptions not supported by observable market prices or rates. As at 31 December 2010, the carrying amounts of available-for-sale investments are nil (2009: HK\$2).

5. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

For the year ended 31 December 2010

5. CAPITAL RISK MANAGEMENT (Continued)

The Group also monitors the current and expected liquidity requirements regularly to ensure that sufficient working capital and adequate committed lines of funding are maintained to meet its liquidity requirements. Upon the discovery of any default, the Group would negotiate immediately with the relevant lenders for proper arrangement in order to maintain sufficient working capital. The Group manages its operating cashflow in order to achieve optimum utilization and certain costscutting measures are implemented to streamline its operating costs.

The capital structure of the Group consists of (deficit) equity attributable to owners of the Company, comprising issued share capital and reserves.

The directors of the Company review the capital structure on a regular basis. As part of this review, the directors of the Company consider the cost of capital and the risks associated with each class of capital. The Group will also balance its overall capital structure through new share issues and the issue of new debt or the redemption of existing debt, if necessary.

The Group has negative equity at both years ended 31 December 2009 and 2010, resulting primarily from the significant loss suffered by the Group. The Group monitors its current and expected liquidity requirements to ensure it maintains sufficient cash and cash equivalents and mainly relies on short term financing from a director of the Company to meet its working capital requirements.

6. FINANCIAL INSTRUMENTS

Categories of financial instruments

	2010 HK\$	2009 HK\$
Financial assets Designated as at fair value through profit or loss ("FVTPL") Available-for-sale financial assets Loans and receivables (including cash and cash equivalents)	7,599,684 — 349,548	7,633,848 2 180,797
Financial liabilities Amortised cost	19,832,447	15,378,042

For the year ended 31 December 2010

6. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies

The Group's major financial instruments include available-for-sale investments, investments held for trading, prepayments, other receivables, loans receivable, bank balances, short term loans, other payables, accruals and amount due to a director. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

The Group's activities expose it primarily to the financial risks of changes in interest rates, foreign currency rates and equity prices. Market risk exposures are further measured by sensitivity analysis. There has been no significant change to the Group's exposure to market risks or the manner in which it manages and measures the risk. Details of each type of market risks are described as follows:

(i) Currency risk

The Group has limited exposure to market risk resulting from changes in foreign currency exchange rates since other than the functional and presentation currency of HK dollar, the Group holds no financial assets in foreign currency and thus the Group currently does not have a foreign currency hedging policy.

(ii) Interest rate risk

The Group is exposed to cash flow interest rate risk in relation to variable-rate short term loans (see note 19 for details of the short term loans). It is the Group's policy to keep its borrowings at floating rate of interests so as to minimise the fair value interest rate risk.

The Group's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note. The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of Hong Kong Prime Rate arising from the Group's Hong Kong dollars borrowings.

Sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for financial instruments at the end of the reporting period. For short term loans, the analysis is prepared assuming the amount of the outstanding loans at the end of reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

For the year ended 31 December 2010

6. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

Market risk (Continued)

(ii) Interest rate risk

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the Group's loss for the year ended 31 December 2010 would increase/decrease by HK\$29,119 (2009: increase/decrease by HK\$26,556). This is mainly attributable to the Group's exposure to interest rates on its short term loans.

(iii) Other price risk

The Group is exposed to equity price risk through its investments in financial assets at fair value through profit or loss. The management manages this exposure by maintaining a portfolio of investments with different risks. The Group's equity price risk is mainly concentrated on listed equity instruments quoted in the Stock Exchange. In addition, the Group has appointed an investment manager to monitor the price risk and will consider hedging the risk exposure should the need arise.

Sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risks at the end of the reporting period.

If the prices of the respective equity instruments had been 5% higher/lower, the Group's loss for the year ended 31 December 2010 would decrease/increase by HK\$379,984 (2009: decrease/increase by HK\$381,692) as a result of the changes in fair value of financial assets at fair value through profit or loss.

Credit risk

As at 31 December 2010, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements, to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term

For the year ended 31 December 2010

6. FINANCIAL INSTRUMENTS (Continued)

Financial risk management objectives and policies (Continued)

<u>Liquidity risk (Continued)</u>

The following table details the Group's remaining contractual maturities for its non-derivative financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group can be required to pay:

2010

	Carrying	Total contractual undiscounted	Within one	More than 1 year less than
	amount HK\$'000	cash flow HK\$'000	on demand HK\$'000	2 years HK\$'000

	15,378	15,378	15,378	

For the year ended 31 December 2010

6. FINANCIAL INSTRUMENTS (Continued)

Fair values

The fair values of financial assets and financial liabilities are determined as follows:

- the fair values of financial assets and financial liabilities with standard terms and conditions
 and traded on active liquid markets are determined with reference to quoted market prices;
 and
- the fair values of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis.

The carrying amount of other financial assets and liabilities carried at amortised cost, approximate their respective fair values due to the relatively short-term nature of these financial instruments.

Fair value measurements recognised in the consolidated statement of financial position

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the assets or liability that are not based on observable market data (unobservable inputs).

	31 December 2010			
	Level 1	Level 2	Level 3	Total

At 31 December 2010	

7. TURNOVER AND REVENUES

Total revenues recognised during the year are as follows:

	2010 HK\$	2009 HK\$
Turnover:		
Dividend income from listed securities	132,120	225,978
Other revenues:		
Realised gain on disposals of listed securities	_	28,145
Interest income from bank deposits	1	
Total revenues	132,121	254,123

For the year ended 31 December 2010

8. SEGMENT INFORMATION

The Group determines its operating segments based on the internal reports about components of the Group that are regularly reviewed by the executive Directors for the purpose of allocating resources to segments and assessing their performance.

The Group's operating and reportable segments are as follows:

Listed securities — Investments in securities listed on the Stock Exchange

Unlisted securities — Investments in unlisted securities

Information regarding the above segments is reported below.

Segment revenues and results

The following is an analysis of the Group's results by reportable segment:

Year ended 31 December 2010

	Listed securities HK\$	Unlisted securities HK\$	Total HK\$
Segment result	97,957	_	97,957
Unallocated expenses			(4,421,766)
Loss for the year			(4,323,809)
Year ended 31 December 2009			

Year ended 31 December 2009

	Listed securities HK\$	Unlisted securities HK\$	Total HK\$
Segment result	3,035,993	_	3,035,993
Unallocated expenses			(5,108,632)
Loss for the year			(2,072,639)

Segment result of listed securities represents dividend income from listed securities, realised gain on disposals of listed securities and unrealised surplus/(loss) on listed securities. With the nature of investments business, no segment revenue is presented.

For the year ended 31 December 2010

8. SEGMENT INFORMATION (Continued)

Segment revenues and results (Continued)

Segment assets

The following is an analysis of the Group's assets by reportable segment:

	2010 HK\$	2009 HK\$
Listed securities Unlisted securities	7,599,684 —	7,633,848 2
Total segment assets Unallocated assets	7,599,684 349,549	7,633,850 184,787
	7,949,233	7,818,637

For the purposes of monitoring segment performances and allocating resources between segments, all assets are allocated to reportable segments other than loans receivable, prepayments, other receivables and bank balances.

Geographical information

No geographical information is presented as the Group operates in Hong Kong only.

9. FINANCE COSTS

	2010	2009
	HK\$	HK\$
Interest on unsecured short term loans	542,656	491,158

10. LOSS BEFORE TAXATION

Loss before taxation is stated after charging the following:

	2010	2009
	HK\$	HK\$
Auditor's remuneration	146,000	143,500
Depreciation	3,989	114,232
Loss on derecognition of available-for-sale investments	2	_
Loss on derecognition of loans receivable	2	_
Rental charges under operating leases in respect of rented premises	552,717	637,387
Staff costs including directors' emoluments:		
Salaries and other benefits	2,058,000	2,058,000
Contributions to retirement benefits scheme	20,400	20,400

For the year ended 31 December 2010

11. TAXATION

No provision for Hong Kong Profits Tax has been made in the consolidated financial statements as the Group has no assessable profits for both years.

Taxation for the year can be reconciled to the loss before taxation as follows:

	2010	2009
	HK\$	HK\$
Loss before taxation	(4,323,809)	(2,072,639)
Taxation at Hong Kong Profits Tax rate of 16.5%	(713,428)	(341,985)
Tax effect of income not subject to taxation	(21,800)	(496,295)
Tax effect on non-deductible expenses	195,115	194,749
Tax effect of tax losses not recognised	540,945	626,259
Others	(832)	17,272
Taxation for the year	_	_

At 31 December 2010, the Group has estimated unused tax losses of approximately HK\$11,477,137 (2009: HK\$8,198,685) available for offset against future profits. No deferred tax asset has been recognised in respect of such losses due to the unpredictability of taxable income in future. The losses may be carried forward indefinitely. There were no other significant temporary differences arising during the year or at the end of the reporting period.

12. LOSS FOR THE YEAR ATTRIBUTABLE TO EQUITY HOLDERS OF THE COMPANY

The consolidated loss contributable to equity holders of the Company includes a loss of HK\$3,175,457 (2009: HK\$892,352) which has been dealt with in the financial statements of the Company.

13. LOSS PER SHARE

The calculation of the loss per share is based on the Group's loss attributable to equity holders of HK\$4,323,809 (2009: HK\$2,072,639) and the weighted average number of 72,000,000 (2009: 72,000,000) ordinary shares in issue during the year.

As the Company has not issued any warrants and options during the year, the calculation of diluted earnings per share is the same as the basic earnings per share.

For the year ended 31 December 2010

14. DIRECTORS' AND EMPLOYEES' EMOLUMENTS

(a) The emoluments paid or payable to each of the five (2009: five) directors were as follows:

	2010	2009
	HK\$	HK\$
Fees for executive Directors		
Michael Wu Chun Wah	600,000	600,000
Tung Tat Wah	600,000	600,000
Fees for independent non-executive Directors		
Robert Siu Siu Ling	50,000	50,000
Allan Kwok Ming Fai	50,000	50,000
Stephen Lee Ming Ching	50,000	50,000
Total emoluments	1,350,000	1,350,000

(b) Employees' emoluments

The five highest paid individuals of the Group included two (2009: two) directors of the Company, details of whose emoluments are set out above. The details of the emoluments of the remaining two (2009: two) individuals are as follows:

	2010 HK\$	2009 HK\$
Salaries and other benefits	708,000	708,000
Contributions to retirement benefit	20,400 728,400	20,400 728,400

The emoluments of the five highest paid individuals were within the band of Nil to HK\$1,000,000.

For the year ended 31 December 2010

16. AVAILABLE-FOR-SALE INVESTMENTS (Continued)

Details of unlisted equity securities as at 31 December 2010 are as follows:

Name of investee company	Nature of business	Particulars of issued share held	Portion of interest held	Cost HK\$	% of total assets of the Group	Dividends received/ receivable during the year HK\$	
Super Plus	Not applicable,	Nil (2009: 10,000)	Nil (2009: 20%)	Nil (2009:	0% (2009: 0%)	Nil (2009: Nil)	
Investments	struck off on	Ordinary shares of		30,882,000)			
Limited	1 May 2009	US\$1 each					
Good Spirit	Not applicable,	Nil (2009: 14)	Nil (2009: 14%)	Nil (2009:	0% (2009: 0%)	Nil (2009: Nil)	
Group	struck off on	Ordinary shares of		15,000,000)			
Limited	2 Nov 2009	US\$1 each					

- (a) Super Plus Investments Limited and Good Spirit Group Limited (collectively the "Investee Companies") are private companies incorporated in the British Virgin Islands with limited liability ("BVI").
- (b) In the opinion of the directors of the Company, the Group has no significant influence to the management and operation in Super Plus Investments Limited. Therefore, the investment in Super Plus Investments Limited is not regarded as interest in associated company.
- (c) As the investments do not have quoted market price in an active market, the investments are measured at cost less allowance for impairment if any.

The above investments were made in the period prior to November 2007, when there was a substantial change in the composition of the management and board of directors of the Company as a result of the change in substantial shareholder of the Company. The current board of directors ("Current Directors") have very little background information and knowledge, and have not met nor have they been able to contact the management of the Investee Companies. The Current Directors, despite their best efforts, are unable to obtain sufficient information and documentations from the management of the Investee Companies to verify the existence and ownership of the equity interest in the Investee Companies. In addition, the Investee Companies are not in good standing under the laws of BVI and have been stuck off. The Current Directors are of the opinion that the Group had no rights to receive any cash flows from the Investee Companies in future, and therefore derecognised the above investments.

For the year ended 31 December 2010

17. INVESTMENTS HELD FOR TRADING

	2010 HK\$	2009 HK\$
Equity securities listed in Hong Kong, at fair values	7,599,684	7,633,848

The fair values of the investments held for trading are determined based on the quoted market values of the securities listed on the Stock Exchange at the end of the reporting period. Details of investments held for trading, which were all incorporated in Cayman Islands, are as follows:

A brief description of the business and financial information of the listed investee companies, based on their published annual or interim reports, is as follows:

Name of investee company	Number of shares held	Effective shareholding interest	20: Market value/ Fair value HK\$'000	Fair value gain/(loss) HK\$'000	20 Market value/ Fair value HK\$'000	09 Fair value gain HK\$'000	Dividend received/ receivable during the year HK\$'000	% of total assets of the Group	Note

			7,600	(34)	7,634	2,782			

Note

1. UBA Investments

UBA Investments and its subsidiaries are principally engaged in the investments in listed and unlisted securities, including equity securities and convertible bonds.

The unaudited profit attributable to shareholders of UBA Investments for the six months ended 30 September 2010 was HK\$21,568,094 (2009: HK\$18,474,920). As at 30 September 2010, the unaudited net asset value of UBA Investments was HK\$138,591,662 (As at 30 September 2009: HK\$112,870,076).

2. Upbest

Upbest and its subsidiaries are principally engaged in the provision of a wide range of financial services including securities broking, futures broking, margin financing, money lending, corporate finance advisory and assets management.

The unaudited profit attributable to shareholders of Upbest for the six months ended 30 September 2010 was approximately HK\$17,302,000 (2009: HK\$18,220,000). As at 30 September 2010, the unaudited net asset value of Upbest was approximately HK\$1,103,857,000 (As at 30 September 2009: HK\$1,036,254,000).

For the year ended 31 December 2010

18. LOANS RECEIVABLE

	2010	2009
	HK\$	HK\$
Loans receivable	2,863,000	2,863,000
Commercial paper	20,711,733	20,711,733
Derecognised during the year	(23,574,733)	
	_	23,574,733
Allowance for impairment	(23,574,731)	(23,574,731)
Eliminated upon derecognition	23,574,731	
Carrying amount	_	2

The loans receivable were all made to a company incorporated in BVI of which is an independent third party to the Group. The loans were unsecured and were past due for repayment. The Group had taken legal action for the recovery of the loans and no response was received. In addition, based on the search at the registry of corporate affairs in BVI, the company is not in good standing under the laws of BVI and have been struck off. The directors of the Company are of opinion that the loans receivable are considered uncollectible and derecognised during the year.

19. SHORT TERM LOANS

The short term loans are unsecured and repayable on demand. Interest is charged at a range from 2% to 9.25% (2009: 2% to 9.25%) per annum.

20. OTHER PAYABLES AND ACCURALS

Included in the other payables and accruals are the amount due to directors arising from unsettled directors' fees amounting to HK\$3,988,575 (2009: HK\$2,638,575), and the amount due to former investment manager and current investment manager for unsettled investment management fee amounting to HK\$1,245,451 (2009: HK\$1,265,451) and HK\$1,100,000 (2009: HK\$500,000) respectively.

21. DUE TO A DIRECTOR

The amount due to a director is unsecured, interest free and has no fixed term of repayment.

For the year ended 31 December 2010

(b) Analysis of balance of cash and cash equivalents

	2010 HK\$	2009 HK\$
Cash and bank balances	199,970	21,217

25. CONTINGENT LIABILITIES

At the end of the reporting period, the Group did not have any significant amount of contingent liabilities.

For the year ended 31 December 2010

26. COMMITMENTS UNDER OPERATING LEASES

At 31 December 2010, the Group had commitments for future minimum lease payments under non-cancellable operating leases in respect of office premises which fall due as follows:

	2010 HK\$	2009 HK\$
Within one year In the second to fifth year inclusive	441,280 —	453,888 441,280
	441,280	895,168

The above lease agreement was made between the Group and the landlord for a term of two years and rentals are fixed for two years. The lease payments were guaranteed by the Company.

27. RELATED PARTY TRANSACTIONS

Compensation of key management personnel of the Group

	2010 HK\$	2009 HK\$
Short term benefits Post employment benefits	1,200,000	1,200,000
	1,200,000	1,200,000

Further details of directors' emoluments are included in note 14.

28. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved by the Board of Directors on 21 March 2011.
