1 Basis of preparation

The interim condensed consolidated financial statements for the six months ended 30 September 2011 are unaudited but have been reviewed by the Audit Committee.

The interim condensed consolidated financial statements have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and with the Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's 2011 annual financial statements.

The accounting policies and method of computation adopted in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the Group's annual financial statements for the year ended 31 March 2011 except as stated in note 2 below.

2 Adoption of new and revised Hong Kong Financial Reporting Standards

The following new standards and amendments to standards are mandatory for the first time for the financial year beginning 1 January 2011.

HKAS 24 (Revised)	Related Party Disclosures
Amendment to HK(IFRIC)-Int 14	Prepayment of a Minimum Funding Requirement
HK(IFRIC)-Int 19	Extinguishing Financial Liabilities with Equity Instruments
Third improvements to Hong Kong Financial Reporting Standards (2010)	

Amendment to HKAS 34 "Interim financial reporting" included in the third improvements to Hong Kong Financial Reporting Standards (2010) emphasises the existing disclosure principles in HKAS 34 and adds further guidance to illustrate how to apply these principles. Greater emphasis has been placed on the disclosure principles for significant events and transactions. Additional requirements cover disclosure of changes to fair value measurement (if significant), and the need to update relevant information from the most recent annual report. The change in accounting policy only results in additional disclosures.

The new HKFRS has no material impact on how the results and financial positions for the current and prior periods have been prepared or presented. Accordingly, no prior period adjustments is required.

The Group has not applied the new HKFRSs that have been issued but are not yet effective. The Group has already commenced an assessment of the impact of these new HKFRSs but is not yet in a position to state whether these new HKFRSs would have a material impact on its results of operations and financial position.

CORPORATE GOVERNANCE

The Board has complied with the requirements of the Code on Corporate Governance Practices (the "CG Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities (the "Listing Rules") on the Stock Exchange of Hong Kong Limited, except for the following deviations.

CG Code Provision A4 states every director should be appointed for a specific term and be subject to retirement by rotation at least once every three years. According to the Company's bye-laws, at every annual general meeting, one third of the directors for the time being (or if their number is not a multiple of three, the number nearest to but not less than one third) shall retire from office by rotation. The Board considers that sufficient measures will be taken to ensure the corporate governance practice of the Company are not less than those in the CG Code.

CG Code Provision B.1.1 states that companies shall establish a remuneration committee with specific written terms of reference which deal clearly with its authority and duties and a majority of the members of the remuneration committee should be independent non-executive directors. The Board is in the opinion that establishment of a remuneration committee as required by this provision does not really provide benefit after due consideration of the size of the Group and the associated costs involved.

The Company has adopted the Model Code as the Company's code of conduct for dealings in securities of the Company by the directors. The Company has made enquiries with the directors that they have compiled with the Model Code throughout the period.
