## **REASONS FOR THE SUBSCRIPTION AND USE OF PROCEEDS**

The Company acts as an investment holding company. Its subsidiaries are principally engaged in production and sales of a series of health care products, pharmaceutical products and Ruyan atomizing cigarettes.

Given that the Subscription be completed within a relatively short period of time when compared with other methods to raise fund, e.g. rights issue, the Directors consider that the Subscription is an appropriate means of raising additional capital for the Company without incurring interest costs whilst broadening the capital base of the Company, notwithstanding the dilution effect to the shareholding of the existing Shareholders as a result of the Subscription.

The net proceeds from the Subscription is expected to be approximately HK\$2,855,200. It is expected that the net proceeds from the Subscription will be used by the Company for working capital purpose.
