PROFESSIONAL TAX ADVICE RECOMMENDED

Potential investors in the Global Offering are recommended to consult their professional advisers if they are in any doubt as to the taxation implications of subscribing for, purchasing or holding of and dealing in the Offer Shares. None of our Company, the Sole Global Coordinator, the Sponsor, the Underwriters, any of their respective directors or any other person or party involved in the Global Offering accepts responsibility for any tax effects on, or liabilities of, any person resulting from the subscription for, purchase or holding of, or dealing in the Offer Shares.

STABILISATION AND OVER-ALLOTMENT OPTION

Stabilisation is a practice used by underwriters in some markets to facilitate the distribution of securities. To stabilise, the underwriters may bid for, or purchase, the newly issued securities in the secondary market, during a specified period of time, to retard and, if possible, prevent a decline in the market price of the securities below the offer price. In Hong Kong, the price at which stabilisation is effected is not permitted to exceed the offer price.

In connection with the Global Offering, the Sole Global Coordinator, as the stabilising manager, or its affiliates or any person acting for it, on behalf of the Underwriters, may over-allocate or effect transactions with a view to stabilising or maintaining the market price of the Offer Shares at a level higher than that which might otherwise prevail for a limited period after the commencement of trading in the Shares on the Stock Exchange. Such transactions may be effected in compliance with all applicable laws and regulatory requirements. However, there is no obligation on the Sole Global Coordinator, its affiliates or any person acting for it to do this. Such stabilisation, if commenced, will be conducted at the absolute discretion of the Sole Global Coordinator, its affiliates or any person acting for it and may be discontinued at any time, and must be brought to an end after a limited period.

In connection with the International Placing, the Sole Global Coordinator may over-allocate up to and not more than an aggregate of 41,250,000 additional Shares and cover such over-allocations by exercising the Over-allotment Option or by making purchases in the secondary market at prices that do not exceed the Offer Price or through stock borrowing arrangements or a combination of these means.

Further details of the Over-allotment Option and stabilisation are set out in the sections headed “Structure of the Global Offering – Over-allotment Option” and “Structure of the Global Offering – Stabilisation” in this prospectus.
