The Board of Directors
Huaneng Renewables Corporation Limited
10-11th Floor
No. 23A Fuxing Road
Haidian District, Beijing, the PRC

Dear Sirs,

In accordance with your instructions to value the properties in which Huaneng Renewables Corporation Limited (the “Company”) and its subsidiaries (hereinafter together referred to as the “Group”) have interests in the People’s Republic of China (the “PRC”), we confirm that we have carried out inspections, made relevant enquiries and searches and obtained such further information as we consider necessary for the purpose of providing you with our opinion of the capital values of the property interests as at 28 February 2011 (the “date of valuation”).

Our valuation of the property interests represents the market value which we would define as “the estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm’s-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently, and without compulsion.

The concept of freehold and leasehold land does not exist in the PRC. Private land ownership in the PRC was abolished in the collectivization movement during the 1950’s. Since then, the only form of ownership in land has been “socialist public ownership” of which there are two generic types: state-owned and collectively owned. Land was “allocated” free of charge by the state to the designated users (commonly state-owned enterprises) for an indefinite period. The users in return could not in any way transfer the land to other parties. Normally, when dealing with the valuation of such land, we will deem it to have “no commercial value”.

In January 1995, the “PRC, Administration of Urban Real Property Law” came into effect, reinforcing previous legislation and establishing land as a commodity. By possessing, “land use rights” users, including state-owned enterprises, could assign lease or mortgage land. Normally, to obtain such land use rights, a premium had to be paid whereupon the “allocated” land could be reclassified as “granted land”. The land is granted by the state and the premium is based upon the standard land prices (which are periodically reviewed) set by the Land Administration Bureau. Such land can be valued by reference to the standard land prices in each locality and prices paid in the market for it.

We have valued the property interests of property nos. 6, 9, 11, 12, 19, 31, 33, 35, 39 and 40 of Group I which are held and occupied by the Group by the direct comparison approach assuming sale of the property interests in their existing state with the benefit of immediate vacant possession and by making reference to comparable sales transaction as available in the relevant market.

Where, due to the nature of the buildings and structures of the remaining properties in Group I and the particular locations in which they are situated, there are unlikely to be relevant market comparable sales available, the relevant property interests of Group I have been valued on the basis of their depreciated replacement cost.

Depreciated replacement cost is defined as “the current cost of replacing an asset with its modern equivalent asset less deductions for physical deterioration and all relevant forms of obsolescence and optimization”. It is based on an estimate of the market value for the existing use of the land, plus the current cost of replacement (reproduction) of the improvements, less deductions for physical deterioration and all relevant forms of obsolescence and optimization. The depreciated replacement cost of the property interest is subject to adequate potential profitability of the concerned business.

In valuing the property interests in Group II which are currently under development, we have assumed that they will be developed and completed in accordance with the latest development proposal provided to us by the Group. In arriving at our opinion of value, we have also taken into account the construction cost and professional fees relevant to the stage of construction as at the date of valuation and the remainder of the cost and fees to be expended to complete the development.

We have attributed no commercial value to the property interests in Group III which are leased by the Group in the PRC due either to the short-term nature of the lease or the prohibition against assignment or sub-letting or otherwise due to the lack of substantial profit rent.

Our valuation has been made on the assumption that the seller sells the property interests in the market without the benefit of a deferred term contract, leaseback, joint venture, management agreement or any similar arrangement, which could serve to affect the values of the property interests.

No allowance has been made in our report for any charge, mortgage or amount owing on any of the property interests valued nor for any expense or taxation which may be incurred in effecting a sale. Unless otherwise stated, it is assumed that the properties are free from encumbrances, restrictions and outgoings of an onerous nature, which could affect their values.

In valuing the property interests, we have complied with all requirements contained in Chapter 5 and Practice Note 12 of the Rules Governing the Listing of Securities issued by The Stock Exchange of Hong Kong Limited; the RICS Valuation Standards (6th Edition) published by the Royal Institution of Chartered Surveyors; the HKIS Valuation Standards on Properties published by the Hong Kong Institute of Surveyors; and the International Valuation Standards published by the International Valuation Standards Council.

As the Group is in compliance with paragraph 3(b) of Practice Note 16 of the Rules Governing the Listing of Securities issued by The Stock Exchange of Hong Kong Limited and section 6 of Companies Ordinance (Exemption of Companies and Prospectuses from Compliance with Provisions) Notice, the full details of the individual leased properties under operating lease have been excluded from the valuation certificates in our valuation report to this prospectus, of which a summary is included in the Summary of Values and the certificate for leased properties.

We have relied to a very considerable extent on the information given by the Group and have accepted advice given to us on such matters as tenure, planning approvals, statutory notices, easements, particulars of occupancy, lettings, and all other relevant matters.

We have been shown copies of various title documents including State-owned Land Use Rights Certificates, Building Ownership Certificates, Real Estate Title Certificates and official plans relating to the property interests and have made relevant enquiries. Where possible, we have examined the original documents

to verify the existing title to the property interests in the PRC and any material encumbrance that might be attached to the property interests or any tenancy amendment. We have relied considerably on the advice given by the Company's PRC legal advisers, DeHeng Law Offices, concerning the validity of the property interests in the PRC.

We have not carried out detailed measurements to verify the correctness of the areas in respect of the properties but have assumed that the areas shown on the title documents and official site plans handed to us are correct. All documents and contracts have been used as reference only and all dimensions, measurements and areas are approximations. No on-site measurement has been taken.

We have inspected the exterior and, where possible, the interior of the properties. However, we have not carried out investigation to determine the suitability of the ground conditions and services for any development thereon. Our valuation has been prepared on the assumption that these aspects are satisfactory and that no unexpected cost and delay will be incurred during construction. Moreover, no structural survey has been made, but in the course of our inspection, we did not note any serious defect. We are not, however, able to report whether the properties are free of rot, infestation or any other structural defect. No tests were carried out on any of the services.

We have had no reason to doubt the truth and accuracy of the information provided to us by the Group. We have also sought confirmation from the Group that no material factors have been omitted from the information supplied. We consider that we have been provided with sufficient information to reach an informed view, and we have no reason to suspect that any material information has been withheld.

Unless otherwise stated, all monetary figures stated in this report are in Renminbi (RMB).

Our valuation is summarized below and the valuation certificates are attached.

Yours faithfully,
for and on behalf of
Jones Lang LaSalle Sallmanns Limited

3. Pursuant to a Building Ownership Certificate — Bao Cheng Fang Quan Zheng 2010 Zi Di No. 07401, 4 buildings with a total gross floor area of approximately 3,972.8 sq.m., which are erected on the allocated land, are owned by HN Tongliao.
4. Pursuant to a conditional document — Nei Fa Gai Neng Yuan Zi 2008 No. 221 issued by the local government authority, HN Tongliao has obtained the rights to operate the Baolongshan Wind Farm Phase I for a concession term of 25 years.
5. For the remaining 19 parcels of land with a total site area of approximately 67,792 sq.m. erected with wind turbine foundations which are excluded from our valuation. As advised by the Group, HN Tongliao is in process of applying for the relevant title certificates.
6. Pursuant to a Reorganization Agreement, China Huaneng Group (中國華能集團公司, the controlling shareholder of the Company) has undertaken to assist the Group in applying for the relevant land use rights certificates and indemnify against any losses, claims, charges or expenses arising from the failure to obtain outstanding title certificates.
7. We have been provided with a legal opinion regarding the property interest by the Company’s PRC legal advisers, which contains, *inter alia*, the following:
 - a. For the land use rights of the allocated land, the Group has obtained legal title certificates and is entitled to occupy and use the relevant land use rights in terms of the prescribed use stated in the land use rights certificates;
 - b. For the buildings of the property, the Group has obtained a legal title certificate and has the rights to use and occupy the buildings in accordance with the prescribed use stated in the building ownership certificate, but could transfer, donate, lease, mortgage or otherwise dispose of them after the land premium has been fully paid and relevant granted land title certificates are obtained;
 - c. For the remaining 19 parcels of land mentioned in note 5, as per the written confirmation for the project issued by the local government or relevant authority on the county level or above, the Group will not be subject to any penalty or

sanction for the construction of the wind turbine foundation. There will be no legal impediment to obtained relevant title certificates after relevant procedures of the land granting or allocating have been finished;

- d. The property is not subject to any mortgage or other encumbrances; and
 - e. The undertaking of China Huaneng Group is legal, valid and enforceable.
8. In valuing the property, we have attributed no commercial value to the property based on the above legal opinion. However, for reference purpose, we are of the opinion that the depreciated replacement cost of the buildings and structures (excluding the land element) would be in the sum of RMB25,747,000 assuming all relevant title certificates had been obtained and they could be freely transferred.

For the buildings of the property, the Group has obtained legal title certificates and has the rights to use and occupy the buildings in accordance with the prescribed use stated in the building ownership certificates, but could transfer, donate, lease, mortgage or otherwise dispose of them after the land premium has been fully paid and relevant granted land title certificates are obtained;
 - c. For the remaining 222 parcels of land mentioned in note 3, as per the written confirmation issued by the local government or relevant authority on the county level or above with regard to the land and project, the Group will not be subject to any penalty or sanction for the construction of the wind turbines foundations. There will be no legal impediment to obtain relevant title certificates after relevant procedures of land granting or allocating have been finished;
 - d. The property is not subject to any mortgage or other encumbrances; and
 - e. The undertaking of China Huaneng Group is legal, valid and enforceable.

7. In valuing the property, we have attributed no commercial value to the property based on the above legal opinion. However, for reference purpose, we are of the opinion that the depreciated replacement cost of the buildings and structures (excluding the land element) would be in the sum of RMB33,619,000 assuming all relevant title certificates had been obtained and they could be freely transferred.

Pursuant to 16 Building Ownership Certificates — Shen Fang Quan Zheng Shi Zhong Xin Zi Di No. NO60060629, NO60063621, NO60063623 to NO60063624, NO60063626, NO60063628 to NO60063633, NO60063635 to NO60063638 and NO60266892, 16 units with a total gross floor area of approximately 1,265.51 sq.m. are owned by HN Fuxin.
3. We have been provided with a legal opinion regarding the property interest by the Company's PRC legal advisers, which contains, *inter alia*, the following:
 - a. The building ownership certificates of the property have been obtained by the Group and the Group has the rights to occupy and use the property in accordance with the prescribed use stated in the building ownership certificates as well as to donate, transfer, lease, mortgage or otherwise dispose of the property; and
 - b. The property is not subject to any mortgage or other encumbrances.
4. In valuing the property, we have attributed to no commercial value to the 2 car parking spaces for which the Group has not obtained any title certificates. However, for reference purpose, we are of the opinion that the capital value of the 2 car parking spaces as at the date of valuation would be in the sum of RMB280,000 assuming all relevant title certificates had been obtained and they could be freely transferred.

Notes:

1. Phase I is held by Huaneng Shouguang Wind Power Co., Ltd. (“HN Shouguang”), which is a 55% interest owned subsidiary of the Company.
2. Phases II and III are held by Huaneng Weifang Wind Power Co., Ltd. (“HN Weifang”), which is a wholly-owned subsidiary of the Company.
3. Pursuant to 5 Building Ownership Certificates — Shou Fang Quan Zheng Ying Li Zi Di Nos. 2010047190, 2010047195 and 2010047199, Shou Fang Quan Zheng Yang Kou Zi Di Nos. 2011095050 and 2011095052, 5 buildings of Phase I with a total gross floor area of approximately 2,593.69 sq.m. are owned by HN Shouguang.
4. As advised by the Group, Phase I is erected on marine reclamation land, for which the Group has obtained 2 Sea Area Use Certificates (Guo Hai Zheng Nos. 103700639 and 103700640). The certificates state that the sea area use rights with a total sea plot area of approximately 66,766.00 sq.m. have been authorized to HN Shouguang for a term expiring on 12 June 2032 for industrial use.
5. Pursuant to 5 Building Ownership Certificates — Shou Fang Quan Zheng Yang Kou Zi Di Nos. 201194197, 2011094201, 2011094203, 201194205 and 2011094211, 5 buildings of Phases II and III with a total gross floor area of approximately 5,240.4 sq.m. are owned by HN Weifang.
6. As advised by the Group, Phases II and III are erected on marine reclamation land, for which the Group has obtained 2 Sea Area Use Certificates (Guo Hai Zheng Nos. 113700132 and 113700133). The certificates state that the sea area use rights with a total sea plot area of approximately 31,001.01 sq.m. have been authorized to HN Weifang for a term expiring on 29 January 2033 for industrial use, the remaining plot with a sea plot area of approximately 26,332 sq.m. is in process of application by HN Weifang.
7. We have excluded the sea area use rights mentioned in notes 4 and 6 from our valuation due to the nature of the marine reclamation land.
8. We have been provided with a legal opinion regarding the property interest by the Company’s PRC legal advisers, which contains, *inter alia*, the following:
 - a. For the buildings of the property erected on the marine reclamation land, the Group has obtained legal title certificates and has the rights to use and occupy the buildings in accordance with the prescribed use stated in the building ownership certificates, but could transfer, donate, lease mortgage or otherwise dispose of them after the land premium has been fully paid and relevant land use rights certificates are obtained; and
 - b. The property is not subject to any mortgage or other encumbrances.
9. In valuing the property, we have attributed no commercial value to the property based on the above legal opinion. However, for reference purpose, we are of the opinion that the depreciated replacement cost of the buildings and structures (excluding the sea area use rights) would be in the sum of RMB23,252,000 assuming all relevant title certificates had been obtained and they could be freely transferred.

Therefore, there will be no significant adverse effect on listing and operation of the Group; and
 - d. The undertaking of China Huaneng Group is legal, valid and enforceable.
7. In valuing the property, we have attributed no commercial value to the property which the Group has not obtained any land use rights certificates and construction permits (excluding the land mentioned in note 3). However, for reference purpose, we are of the opinion that the capital value of the CIP (excluding the land element) would be in the sum of RMB6,099,000 assuming all relevant title certificates had been obtained and they could be freely transferred.

VALUATION CERTIFICATE

Group III — Property interests leased and occupied by the Group in the PRC

No.	Property	Description and tenure	Particulars of occupancy	Capital value in existing state as at 28 February 2011 RMB
50.	43 leased properties located in the PRC	<p>The properties comprise 43 properties in various cities in the PRC which were mainly completed in various stages between 1998 and 2009.</p> <p>The properties have a total gross floor area of approximately 13,464.01 sq.m.</p> <p>The properties are leased to the Group from various independent third parties and connected parties (the “lessors”) for various terms with the expiry dates between 15 June 2011 and 31 July 2013.</p>	The properties are currently occupied by the Group for office and residential purposes.	No commercial value

Notes:

1. Pursuant to various Tenancy Agreements, 40 properties with a total gross floor area of approximately 8,889.01 sq.m. are leased to the Group for various terms with the expiry dates between 15 June 2011 and 30 November 2012 at a total annual rent of RMB1,772,426.41 exclusive of management fees, water and electricity charges for office and residential uses. As confirmed by the Group, the relevant lessors are independent third parties to the Group.
2. Pursuant to 3 Tenancy Agreements, 3 properties with a total gross floor area of approximately 4,575 sq.m. are leased to the Group for terms with expiry dates between 31 December 2011 and 31 July 2013 at a total annual rent of RMB4,797,424 exclusive of management fees, water and electricity charges for office use. As confirmed by the Group, the relevant lessors are connected parties to the Group, which are respectively Xinsheng Property Management Co., Ltd. (a wholly-owned subsidiary of China Huaneng Group) and Huaneng Dali Hydro Power Co., Ltd. (a 56% interest owned subsidiary of China Huaneng Group).
3. For 30 properties out of the 43 leased properties with a total gross floor area of approximately 10,867.31 sq.m., the respective lessors have provided the Group with the relevant building ownership certificates or commodity property sales & purchase contracts.
4. For the remaining 13 properties with a total gross floor area of approximately 2,596.7 sq.m., the Group has not been provided with relevant title certificates.
5. Pursuant to a Reorganization Agreement, China Huaneng Group (中國華能集團公司, the controlling shareholder of the Company) has undertaken to assist the Group to obtain the lessors’ guarantee for the exclusive use of the leased properties without any dispute and to indemnify against the losses relating to the aforesaid disputes.
6. We have been provided with a legal opinion on the legality of the Tenancy Agreements to the properties issued by the Company’s PRC legal advisers, which contains, *inter alia*, the following:
 - a. The Tenancy Agreements relating to the properties mentioned in note 3 are legal, valid and enforceable and can be protected by the PRC laws;
 - b. The Tenancy Agreements relating to the properties mentioned in note 4 would be legal on the condition that the relevant lessors can provide relevant building title certificates. The Group may face the risk of discontinued use of the properties if there are any dissents on the ownership or lease rights from any third parties. However, the Group has confirmed that it is easy to find substitute properties in the relevant relocation and the property leases would have no significant adverse effect on the operation of the Group; and
 - c. The undertaking of China Huaneng Group is legal, valid and enforceable.
7. We are of the opinion that the rent payables under the Tenancy Agreements mentioned in note 2 are based on the prevailing market rates.
