## STRUCTURE OF THE GLOBAL OFFERING

---

### PRICE PAYABLE ON APPLICATION

Applicants under the Hong Kong Public Offer should pay, on application, HK\$0.88 per Offer Share and 1% brokerage fee, 0.005% Stock Exchange trading fee and 0.003% SFC transaction levy. That means a total of HK\$3,555.49 is payable for every board lot of 4,000 Shares. The Application Forms have tables showing the exact amount payable for certain multiples of Hong Kong Offer Shares. Further details are set out in “How to Apply for Hong Kong Offer Shares” in this prospectus.

### CONDITIONS OF THE HONG KONG PUBLIC OFFER

Acceptance of the application for the Offer Shares pursuant to the Hong Kong Public Offer is conditional upon, among others:

#### 1. Listing

The Listing Committee of the Stock Exchange granting listing of, and permission to deal in, the Shares in issue and to be issued as mentioned in this prospectus on the Stock Exchange and such approval not subsequently having been revoked prior to the commencement of dealings in the Shares.

#### 2. Underwriting Agreements

- (i) The obligations of the Underwriters under the Underwriting Agreements becoming unconditional, and not being terminated in accordance with the terms thereof; and
- (ii) the execution and delivery of the International Underwriting Agreement.

If any of the conditions is not fulfilled or waived on or before the times specified above, the Global Offering will lapse and the application money will be returned to the applicants, without interest. The terms on which the application money will be returned to the applicants are set out in the paragraph headed “Refund of your monies” in the relevant Application Forms.

In the meantime, the application money will be held in one or more separate bank accounts with the receiving banker or other bank(s) in Hong Kong, licensed under the Banking Ordinance (Chapter 155 of the Laws of Hong Kong).

### THE GLOBAL OFFERING

The Global Offering comprises the International Placing and the Hong Kong Public Offer. A total of initially 250,000,000 Offer Shares will be made available under the Global Offering, of which 225,000,000 International Placing Shares (subject to re-allocation and the Over-allotment Option), representing 90% of the Offer Shares, will initially be conditionally placed with selected professional, institutional and private investors under the International Placing. The remaining 25,000,000 Hong Kong Offer Shares (subject to re-allocation), representing 10% of the Offer Shares, will initially be offered to the public in Hong Kong under the Hong Kong Public Offer.

---

## STRUCTURE OF THE GLOBAL OFFERING

---

The Hong Kong Public Offer is open to all members of the public in Hong Kong as well as to professional, institutional and private investors. The Hong Kong Underwriters have severally agreed to underwrite the Hong Kong Offer Shares under the terms of the Hong Kong Underwriting Agreement. The International Underwriters are expected to agree to severally underwrite the International Placing Shares pursuant to the terms of the International Underwriting Agreement. Further details of the underwriting are set out in “Underwriting” in this prospectus.

Investors may apply for the Offer Shares under the Hong Kong Public Offer or indicate an interest for Offer Shares under the International Placing, but may not do both.

### **International Placing**

Our Company is expected to offer initially 225,000,000 International Placing Shares (subject to re-allocation and the Over-allotment Option) at the Offer Price under the International Placing. The number of International Placing Shares expected to be initially available for application under the International Placing represents 90% of the total number of Offer Shares being initially offered under the Global Offering. The International Placing is expected to be fully underwritten by the International Underwriters. Investors subscribing for the International Placing Shares are also required to pay the Offer Price of HK\$0.88 per Share plus a 1% brokerage fee, a 0.005% Stock Exchange trading fee and a 0.003% SFC transaction levy of the Offer Price.

It is expected that the International Underwriters, or selling agents nominated by them, on behalf of our Company, will conditionally place the International Placing Shares at the Offer Price with selected professional, institutional and private investors. Professional and institutional investors generally include brokers, dealers, companies (including fund managers) whose ordinary business involves dealing in shares and other securities and corporate entities which regularly invest in shares and other securities. Private investors applying through banks or other institutions who sought the International Placing Shares in the International Placing may also be allocated the International Placing Shares.

Allocation of the International Placing Shares will be based on a number of factors, including the level and timing of demand and whether or not it is expected that the relevant investor is likely to acquire further Shares and/or hold or sell its Shares after the Listing. Such allocation is intended to result in a distribution of the International Placing Shares on a basis which would lead to the establishment of a solid shareholder base to the benefit of the Company and its shareholders as a whole. Investors to whom International Placing Shares are offered will be required to undertake and confirm in the Application Form that he/she has not applied for Shares under the Hong Kong Public Offer.

Our Company, our Directors, the Sole Sponsor and the Sole Global Coordinator (for itself and on behalf of the Underwriters) are required to take reasonable steps to identify and reject applications under the Hong Kong Public Offer from investors who receive Shares under the International Placing, and to identify and reject indications of interest in the International Placing from investors who receive Shares under the Hong Kong Public Offer.

---

## STRUCTURE OF THE GLOBAL OFFERING

---

The International Placing is expected to be subject to the conditions as stated in “Conditions of the Hong Kong Public Offer” in this section.

### **Hong Kong Public Offer**

Our Company is initially offering 25,000,000 Hong Kong Offer Shares for subscription (subject to re-allocation) by the public in Hong Kong under the Hong Kong Public Offer, representing 10% of the total number of Offer Shares offered under the Global Offering. The Hong Kong Public Offer is fully underwritten by the Hong Kong Underwriters. Applicants for the Hong Kong Offer Shares are required on application to pay the Offer Price of HK\$0.88 per Share plus a 1% brokerage, a 0.005% Stock Exchange trading fee and a 0.003% SFC transaction levy.

The Hong Kong Public Offer is open to all members of the public in Hong Kong. An applicant for Shares under the Hong Kong Public Offer will be required to give an undertaking and confirmation in the Application Form submitted by him/her that he/she has not applied for nor taken up any Shares under the International Placing nor otherwise participated in the International Placing. Applicants should note that if such undertaking and/or confirmation given by an applicant is breached and/or is untrue (as the case may be), such applicant’s application under the Hong Kong Public Offer is liable to be rejected.

For allocation purposes only, the number of the Hong Kong Offer Shares will be divided equally into two pools: 12,500,000 Shares in pool A and 12,500,000 Shares in pool B. The Hong Kong Offer Shares in pool A will be allocated on an equitable basis to applicants who have applied for the Hong Kong Offer Shares in the value of HK\$5 million (excluding the brokerage, the Stock Exchange trading fee and the SFC transaction levy thereon) or less. The Hong Kong Offer Shares in pool B will be allocated on an equitable basis to applicants who have applied for Hong Kong Offer Shares in the value of more than HK\$5 million (excluding the brokerage, the Stock Exchange trading fee and the SFC transaction levy) and up to the value of pool B.

Investors should be aware that the allocation ratios for applications in the two pools, as well as the allocation ratios for applications in the same pool, are likely to be different. Where one of the pool is under-subscribed, the surplus Hong Kong Offer Shares will be transferred to satisfy demand in the other pool and be allocated accordingly. Applicants can only receive an allocation of Hong Kong Offer Shares from any one pool but not from both pools and can only make applications to either pool A or pool B. Any application made for more than 100% of the Hong Kong Offer Shares initially available under pool A or pool B will be rejected.

Allocation of the Hong Kong Offer Shares to investors under the Hong Kong Public Offer will be based solely on the level of valid applications received under the Hong Kong Public Offer. When there is over-subscription under the Hong Kong Public Offer, allocation of the Hong Kong Offer Shares may involve balloting, which would mean that some applicants may be allotted more Hong Kong Offer Shares than others who have applied for the same number of the Hong Kong Offer Shares, and those applicants who are not successful in the ballot may not receive any Hong Kong Offer Shares.

### BASIS OF ALLOCATION OF THE OFFER SHARES

The allocation of the Offer Shares between the International Placing and the Hong Kong Public Offer is subject to reallocation on the following basis:

- (a) if the number of Shares validly applied for under the Hong Kong Public Offer represents 15 times or more but less than 50 times the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be allocated to the Hong Kong Public Offer from the International Placing, so that the total number of Shares available for subscription under the Hong Kong Public Offer will be increased to 75,000,000 Shares, representing 30% of the Offer Shares;
- (b) if the number of Shares validly applied for under the Hong Kong Public Offer represents 50 times or more but less than 100 times the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be reallocated to the Hong Kong Public Offer from the International Placing, so that the number of Shares available for subscription under the Hong Kong Public Offer will be increased to 100,000,000 Shares, representing 40% of the Offer Shares; and
- (c) if the number of Shares validly applied for under the Hong Kong Public Offer represents 100 times or more the number of Shares initially available for subscription under the Hong Kong Public Offer, then Shares will be reallocated to the Hong Kong Public Offer from the International Placing, so that the number of Shares available for subscription under the Hong Kong Public Offer will be increased to 125,000,000 Shares, representing 50% of the Offer Shares.

In all cases, the additional Shares reallocated to the Hong Kong Public Offer will be allocated equally between pool A and pool B and the number of Offer Shares allocated to the International Placing will be correspondingly reduced.

If the Hong Kong Public Offer is not fully subscribed, the Sole Global Coordinator has the authority to reallocate all or any of the unsubscribed Hong Kong Offer Shares originally included in the Hong Kong Public Offer to the International Placing in such proportions as it deems appropriate.

### OVER-ALLOTMENT OPTION

In connection with the Global Offering, our Company is expected to grant to the Sole Global Coordinator (for itself and on behalf of the International Underwriters) the Over-allotment Option which will expire on a date which is 30 days from the date of the last day of lodging application under the Hong Kong Public Offer. Pursuant to the Over-allotment Option, our Company may be required by the Sole Global Coordinator to allot and issue up to and not more than 37,500,000 additional new Shares (representing 15% of the total number of the Offer Shares initially available under the Global Offering) at the Offer Price to cover over-allocations in the International Placing. The Sole Global Coordinator may also cover such over-allocations by, among other means, purchasing Shares in the

secondary market or through stock borrowing arrangements with Sure Sino Investments or by a combination of these means or otherwise as may be permitted under the applicable laws and regulatory requirements. Any such secondary market purchases will be made in compliance with all application laws, rules and regulations. If the Over-allotment Option is exercised in full, the additional 37,500,000 new Shares will represent approximately 3.6% of our Company's enlarged issued share capital immediately after completion of the Capitalisation Issue, the Global Offering and the exercise of the Over-allotment Option in full. In the event that the Over-allotment Option is exercised, an announcement will be made.

### STABILISATION

Stabilisation is a practice used by underwriters in some markets to facilitate the distribution of securities. To stabilise, the underwriters may bid for, or purchase, the newly issued securities in the secondary market, during a specified period of time, to retard and, if possible, prevent a decline in the market price of the securities below the Offer Price. In Hong Kong, the price at which stabilisation is effected is not permitted to exceed the Offer Price.

In connection with the Global Offering, the Sole Global Coordinator, as the stabilising manager, or its affiliates or any person acting for it, on behalf of the Underwriters, may over-allocate or effect transactions which stabilise or maintain the market price of the Shares at levels above those which might otherwise prevail for a limited period after the Listing Date. The number of Shares that may be over-allocated will be up to, but not more than, an aggregate of 37,500,000 additional Shares, being the number of the Shares that may be issued under the Over-allotment Option. Such stabilising actions may include over-allocating International Placing Shares and covering such over allocations by exercising the Over-allotment Option or by making purchases in the secondary market or through stock borrowing arrangement with Sure Sino Investments or through a combination of these means or otherwise. However, there is no obligation on the Sole Global Coordinator to do this. Such stabilisation action, if commenced, may be discontinued at any time, and is required to be brought to an end after a limited period. Such transactions may be effected in all jurisdictions where it is permissible to do so, in each case in compliance with all applicable laws and regulatory requirements.

Subject to and under the Securities and Futures (Price Stabilising) Rules of the SFO, the Sole Global Coordinator (for itself and on behalf of the Underwriters) may take all or any of the following actions ("primary stabilising action") with respect to any Shares during the stabilisation period, which should end on Sunday, 4 March 2012:

- (1) purchase, or agree to purchase, any of the Shares;

---

---

- (2) offer or attempt to do anything as described in paragraph (1), for the sole purpose of preventing or minimising any reduction in the market price of the Shares. The Sole Global Coordinator (for itself and on behalf of the Underwriters) may also, in connection with any primary stabilising action, take all or any of the following actions:
- (a) for the purpose of preventing or minimising any reduction in the market price of the Shares;
    - (i) allocate a greater number of Shares than the number that is initially offered under the Global Offering; or
    - (ii) sell or agree to sell Shares so as to establish a short position in them;
  - (b) pursuant to an option or other right to purchase or subscribe for Shares, purchase or subscribe for or agree to purchase or subscribe for Shares in order to close out any position established under paragraph (a);
  - (c) sell or agree to sell any Shares acquired by it in the course of the primary stabilising action in order to liquidate any position that has been established by such action; and/or
  - (d) offer or attempt to do anything as described in paragraphs (a)(ii), (b) or (c).

Investors should be aware that:

- the Sole Global Coordinator (for itself and on behalf of the Underwriters) may, in connection with the stabilising action, maintain a long position in the Shares;
- there is no certainty regarding the extent to which and the time period for which the Sole Global Coordinator will maintain such a long position;
- liquidation of such a long position by the Sole Global Coordinator may have an adverse impact on the market price of our Shares;
- stabilising action cannot be taken to support the price of our Shares for longer than the stabilising period which begins on the Listing Date and ends on the 30th day after the last day for the lodging of applications under the Hong Kong Public Offer, that the stabilising period is expected to expire on Sunday, 4 March 2012, and that after this date, when no further stabilising action may be taken, demand for our Shares, and therefore its price could fall; and
- the price of our Shares cannot be assured to stay at or above the Offer Price by the taking of any stabilising action; and that stabilising bids may be made or transactions effected in the course of the stabilising action at any price at or below the Offer Price, which means that stabilising bids may be made or transactions effected at a price below the price the investor has paid for our Shares.

Our Company will ensure or procure that an announcement in compliance with the Securities and Futures (Price Stabilising) Rules of SFO will be made within seven days of the expiration of the stabilisation period.

### STOCK BORROWING ARRANGEMENT

In connection with the Global Offering, the Sole Global Coordinator may over-allocate up to and not more than an aggregate of 37,500,000 additional Shares and cover such over-allocations by exercising the Over-allotment Option or by making purchases in the secondary market at prices that do not exceed the Offer Price or through stock borrowing arrangements or a combination of these means. In particular, for the purpose of covering such over-allocations, the Sole Global Coordinator may borrow up to 37,500,000 Shares from Sure Sino Investments, equivalent to the maximum number of Shares to be issued on a full exercise of the Over-allotment Option, under the Stock Borrowing Agreement. Stock borrowing arrangement is not subject to the restrictions of Rule 10.07(1)(a) of the Listing Rules provided that the requirements set forth in Rule 10.07(3) of the Listing Rules are complied with. The principal terms of the Stock Borrowing Agreement are:

- the stock borrowing arrangement will only be effected by the borrower for settlement of over-allocations in connection with the International Placing;
- the maximum number of Shares borrowed from Sure Sino Investments will be limited to the maximum number of Shares which may be issued upon exercise of the Over-allotment Option;
- the same number of Shares so borrowed must be returned to Sure Sino Investments or its nominees on no later than three business days following the earlier of (i) the last day for exercising the Over-allotment Option; and (ii) the day on which the Over-allotment Option is exercised in full;
- the stock borrowing arrangement will be effected in compliance with all applicable Listing Rules, laws and other regulatory requirements; and
- no payments will be made to Sure Sino Investments by the Sole Global Coordinator in relation to the stock borrowing arrangement.
