How much will you receive upon occurrence of a Mandatory Call Event?

A Mandatory Call Event occurs when the Spot Level of the Index on any day on which the Index Exchange (being the Stock Exchange) is scheduled to open for trading during the Observation Period is at or below the Call Level.

“**Spot Level**” means the spot level of the Index as compiled and published by the Index Compiler.

“**Observation Period**” means the period commencing from and including the Observation Commencement Date up to and including the close of trading on the Stock Exchange on the trading day immediately preceding the Expiry Date.

Subject to Product Condition 3.3(b), upon the occurrence of a Mandatory Call Event, we must terminate the CBBCs at the Cash Settlement Amount (if any) and you may receive a Residual Value (if positive) per Exercise Amount in Hong Kong Dollars calculated as follows:

$$\text{Residual Value per Exercise Amount} = (\text{Minimum Index Level} - \text{Strike Level}) \times \text{Index Currency Amount} - \text{Exercise Expenses (if any)}$$

Where:

“**Minimum Index Level**” means the lowest Spot Level of the Index during the MCE Valuation Period; and

“**MCE Valuation Period**” means the period immediately following the Mandatory Call Event and up to the end of the following trading session on the Index Exchange subject to any potential extension.

If the Residual Value is at or below zero, you will lose all your investment in the CBBCs.

How much will you receive on expiry?

If no Mandatory Call Event occurs during the Observation Period, the CBBCs will be automatically exercised on the Expiry Date if the Cash Settlement Amount is greater than zero. You will receive a Cash Settlement Amount per Exercise Amount in Hong Kong dollars calculated as follows (if positive):

$$\text{Cash Settlement Amount per Exercise Amount} = (\text{Closing Level} - \text{Strike Level}) \times \text{Index Currency Amount} - \text{Exercise Expenses (if any)}$$

“**Closing Level**” means the final settlement price for settling the Hang Seng Index September 2012 Futures Contracts (the “**Index Futures Contracts**”), determined pursuant to Regulation 012 of the Regulations for Trading Stock Index Futures and the Contract Specifications for Hang Seng Index Futures Contracts (as amended from time to time) of the Hong Kong Futures Exchange Limited, subject to our right to determine the Closing Level in good faith on the Valuation Date upon the occurrence of a Market Disruption Event as described further in Product Condition 1.

“**Exercise Expenses**” means any charges or expenses including any taxes or duties which are incurred in respect of the early expiration of CBBCs upon the occurrence of a Mandatory Call Event or exercise of the CBBCs upon expiry.
