How do we calculate the cash settlement amount?

The warrants are in registered form and exercisable only in the relevant trading board lots.

If on any expiry date the cash settlement amount is greater than zero, the warrants will be automatically exercised.

Each board lot will entitle you to receive from us the cash settlement amount in Hong Kong dollars calculated by us as equal to:

In respect of a series of call warrants:

$$\frac{(\text{closing level}^* - \text{strike level}) \times \text{index currency amount} \times \text{one board lot}}{\text{exercise amount}} - \text{exercise expenses}$$

In respect of a series of put warrants:

$$\frac{(\text{strike level} - \text{closing level}^*) \times \text{index currency amount} \times \text{one board lot}}{\text{exercise amount}} - \text{exercise expenses}$$

* Closing level means the final settlement price for settling the following Hang Seng Index Futures Contracts determined pursuant to Regulation 012 of the Regulations for Trading Stock Index Futures and the Contract Specifications for Hang Seng Index Futures Contracts (as amended from time to time) of the Hong Kong Futures Exchange Limited:
