

This document includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Rules”) for the purpose of giving information with regard to the Issuer and the Guarantor. The Issuer and the Guarantor accept full responsibility for the accuracy of the information contained in the Listing Documents (as defined below) and confirms, having made all reasonable enquiries, that to the best of their knowledge and belief, there are no other facts the omission of which would make any statement in the Listing Documents misleading. This document is for information purposes only and does not constitute an invitation or offer to acquire, purchase or subscribe for the CBBCs described below. Hong Kong Exchanges and Clearing Limited (“HKEx”), The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) and Hong Kong Securities Clearing Company Limited take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

**Investors are warned that the price of the CBBCs may fall in value as rapidly as it may rise and holders may sustain a total loss of their investment. Prospective purchasers should therefore ensure that they understand the nature of the CBBCs and carefully study the risk factors set out in this document and, where necessary, seek professional advice, before they invest in the CBBCs.**

The CBBCs constitute general unsecured contractual obligations of the Issuer and of no other person and if you purchase the CBBCs, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the CBBCs against the index compiler of any underlying index.

## IMPORTANT INFORMATION

**The CBBCs are structured products which involve derivatives. You should study carefully the risk factors set out in this document and the Listing Documents. Do not invest in them unless you fully understand and are willing to assume the risks associated with them.**

### What is this document about?

This document is for information purposes only and does not constitute an offer, an advertisement or invitation to the public to subscribe for or to acquire the CBBCs.

It is possible that there may have been dealings in the CBBCs since the Launch Date.

### What documents should you read before investing in the CBBCs?

You must read this document together with our Base Listing Document (as supplemented by the Addendum and any addenda to be issued from time to time) (together, the “Listing Documents”). The Listing Documents are accurate as at the date of this document. You should carefully study the risk factors set out in the Listing Documents.

### What are the Guarantor’s credit ratings?

Our obligations in relation to the CBBCs will be unconditionally and irrevocably guaranteed by the Guarantor. The Guarantor’s long term debt ratings are:

Rating agency	Rating as of the Launch Date
Moody’s Investors Service, Inc.	Aa3
Standard & Poor’s Ratings Group	AA-
Fitch Ratings	A+

Rating agencies usually receive a fee from the entities that they rate. When evaluating the Guarantor’s creditworthiness, you should not solely rely on the Guarantor’s credit ratings because:

- a credit rating is not a recommendation to buy, sell or hold the CBBCs;
- credit ratings of the Guarantor may involve difficult-to-quantify factors such as market competition, the success or failure of new products and markets and managerial competence; and
- a high credit rating is not necessarily indicative of low risk. The Guarantor’s credit ratings as of the launch date are for reference only and may be subject to change thereafter. You may visit [www.bnpparibas.com](http://www.bnpparibas.com) to obtain information about the credit ratings of the Guarantor. Any downgrading of the Guarantor’s credit ratings could result in a reduction in the value of the CBBCs.

### The CBBCs are not rated.

### Are we regulated by any bodies referred to in Rule 15A.13(2) or (3) of the Listing Rules?

We are not regulated by any of the bodies referred to in Rule 15A.13(2) or (3) of the Listing Rules. The Guarantor is regulated by the Hong Kong Monetary Authority. The Guarantor is also regulated by Comité des Etablissements de Crédit et des Entreprises d’Investissement.

### Are we subject to any litigation?

Save as disclosed in the Listing Documents, we, the Guarantor and our respective subsidiaries are not aware of any litigation or claims of material importance pending or threatened against any of us.

### Authorisation for the CBBCs

The issue of the CBBCs was authorised by our board of directors on 10 May 2012.

### Unsecured nature of the CBBCs

The CBBCs constitute our general, unsecured and contractual obligations and of no other person, and the Guarantee executed by the Guarantor in respect of the CBBCs constitutes the general, unsecured and contractual obligations of the Guarantor and of no other person. The CBBCs will rank equally among themselves and with all our other unsecured obligations and all other unsecured obligations of the Guarantor (save for those obligations preferred by law) upon liquidation. If you purchase the CBBCs, you are relying upon our creditworthiness and the creditworthiness of the Guarantor and have no rights under the CBBCs against the Index Compiler of the Index and any of the companies comprising the Index.

### Has our financial position changed since last financial year-end?

Save as disclosed in the Listing Documents, there has been no material adverse change in the financial or trading position of us or the Guarantor since 31 December 2011.

### Do I need to pay any transaction cost?

The Stock Exchange charges a trading fee of 0.005 per cent. and the Securities and Futures Commission charges a transaction levy of 0.003 per cent. in respect of each transaction effected on the Stock Exchange payable by each of the seller and the buyer and calculated on the value of the consideration for the CBBCs. You do not need to pay any stamp duty in respect of the CBBCs. The levy for the investor compensation fund is currently suspended.

### Where can I inspect the relevant documents?

The following documents are available for inspection during usual business hours on any weekday (except public holidays) until the Expiry Date at the office of King & Wood Mallesons at 13/F, Gloucester Tower, The Landmark, 15 Queen’s Road Central, Central, Hong Kong:

- our latest audited financial statements and any interim or quarterly financial statements and the latest audited financial statements and any interim or quarterly financial statements of the Guarantor;
- consent letters of the Auditors;
- each of the Listing Documents (in separate English and Chinese versions);
- the instrument executed by us on 3 May 2006; and
- the Guarantee executed by the Guarantor dated as of 29 March 2012.

The Listing Documents are also available on the website of HKEx at [www.hkex.com.hk](http://www.hkex.com.hk).

各上市文件亦可於港交所網站 [www.hkex.com.hk](http://www.hkex.com.hk) 瀏覽。

### Have the auditors consented to the inclusion of their report to the Listing Documents?

As at the date of this document, our auditors and the Guarantor’s auditors (collectively, the “Auditors”) have given and have not withdrawn their written consents to the inclusion of their reports respectively dated 16 April 2012 and 7 March 2012 in the Listing Documents in the form and context in which they are included. Their reports were not prepared for incorporation into the Listing Documents.

The Auditors do not hold the Guarantor’s shares or shares in its subsidiaries, nor do they have the right (whether legally enforceable or not) to subscribe for or to nominate persons to subscribe for the Guarantor’s securities or securities of any of its subsidiaries.

### Selling restriction

The CBBCs have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), and will not be offered, sold, delivered or traded, at any time, indirectly or directly, in the United States or to, or for the account or benefit of, any U.S. person (as defined in the Securities Act).

The offer or transfer of the CBBCs is also subject to the selling restrictions specified in our Base Listing Document.

### Capitalised terms and inconsistency

Unless otherwise specified, capitalised terms used in this document have the meanings set out in the Conditions. Terms used in this document apply to the CBBCs described on the cover page. If this document is inconsistent with our Base Listing Document (as supplemented by any addenda to be issued from time to time), this document prevails.

### Additional information about us and/or the Guarantor

You may visit [www.bnpparibas.com](http://www.bnpparibas.com) to obtain information about us and/or the Guarantor. You must read the Addendum and the section headed “Additional Information on us and/or the Guarantor” which contains further information on us and/or the Guarantor after the date of our Base Listing Document. The information set out in the Addendum and the section headed “Additional Information on us and/or the Guarantor” supplements the information set out in our Base Listing Document.

## OVERVIEW OF CBBCS

### What are CBBCs?

CBBCs are a type of structured product that tracks the performance of the underlying assets.

The trading price of every Board Lot of the CBBCs tends to mirror the movement of the Index level in dollar value. For example, if the level of the Index increases by 100 points, the trading price of every Board Lot of the CBBCs generally increases (in respect of a series of bull CBBCs) or decreases (in respect of a series of bear CBBCs) by an amount equal to:

$$100 \text{ points} \times \text{Index Currency Amount}$$

Similar to derivative warrants, CBBCs may provide leveraged return to you (but conversely, it could also magnify your losses).

### How do our CBBCs work?

Bull CBBCs are designed for investors who have an optimistic view on the Index.

Bear CBBCs are designed for investors who have a pessimistic view on the Index.

The CBBCs are “European Style” and, subject to the mandatory call feature describe below, are only exercisable on the Expiry Date.

Subject to the limited circumstances set out in Product Condition 3.3(b) in which a Mandatory Call Event may be reversed, we must terminate the CBBCs when a Mandatory Call Event occurs (see “What is the mandatory call feature of CBBCs?” below).

The CBBCs will be issued as Category R CBBCs. Your entitlement following the occurrence of a Mandatory Call Event is set out in further details in “What is the mandatory call feature of CBBCs?” below.

If a Mandatory Call Event does not occur, the CBBCs will be exercised automatically on the Expiry Date by payment of a Cash Settlement Amount (if any) on the Settlement Date.

The Cash Settlement Amount (if any) payable at expiry represents the difference between the Closing Level of the Index on the Valuation Date and the Strike Level less any Exercise Expenses. If on the Expiry Date, the Cash Settlement Amount is zero or a negative amount, you will lose all your investments in the CBBCs.

### What is the mandatory call feature of CBBCs?

#### *Mandatory Call Event*

A Mandatory Call Event occurs when the Spot Level (as compiled and published by the Index Compiler) of the Index on any Index Business Day during the Observation Period is at or below (in respect of a series of bull CBBCs) or at or above (in respect of a series of bear CBBCs) the Call Level.

The Observation Period commences from the Observation Commencement Date up to and including the close of trading on the Index Exchange on the last Trading Day (Hong Kong time) prior to the Expiry Date.

Subject to the limited circumstances set out in Product Condition 3.3(b) in which a Mandatory Call Event may be reversed, all Post MCE Trades (as defined in the paragraph headed “Mandatory Call Event” under the section headed “Issue Details, Liquidity and Settlement” on page 6 of this document) will be invalid and will be cancelled, and will not be recognised by us or the Stock Exchange.

The time at which a Mandatory Call Event occurs will be determined by reference to the time the Index level is published by the Index Compiler.

#### *Category N CBBCs or Category R CBBCs*

The CBBCs are Category R CBBCs as the Call Level is different from the Strike Level. You may receive a cash payment (if any) called the Residual Value upon the occurrence of a Mandatory Call Event.

The Residual Value (if any) payable is calculated by reference to the difference between the Minimum Index Level (in respect of a series of bull CBBCs) or the Maximum Index Level (in respect of a series of bear CBBCs) during a period after the Mandatory Call Event called the “**MCE Valuation Period**” and the Strike Level. See “Cash Settlement Amount upon the occurrence of a Mandatory Call Event” in the section headed “Issue Details, Liquidity and Settlement” for the calculation formula of the Residual Value.

You should read the Conditions and the rest of this document carefully to understand your entitlement (if any) following a Mandatory Call Event.

### What are the factors determining the price of CBBCs?

Throughout the term of the CBBCs, the price of the CBBCs will be influenced by a number of factors, including:

- the Call Level and the Strike Level;
- the time remaining to expiry;
- the probable range of the Cash Settlement Amount;
- any change(s) in interim interest rates;
- expected dividend payments or other distribution on any components comprising the Index;
- the depth of the market or liquidity of future contracts relating to the Index;
- any related transaction costs;
- the probable range of Residual Value (if any) upon the occurrence of a Mandatory Call Event;
- the supply and demand of the CBBCs;
- the creditworthiness of the Guarantor and us; and
- the likelihood of the occurrence of a Mandatory Call Event.

### What is your maximum loss?

The maximum loss in CBBCs will be limited to your investment amount plus any transaction cost.

**Can you sell the CBBCs before maturity?**

Yes. We have made an application for listing of, and permission to deal in, the CBBCs on the Stock Exchange. All necessary arrangements have been made to enable the CBBCs to be admitted into the Central Clearing and Settlement System (“CCASS”). Issue of the CBBCs is conditional upon listing being granted. From the Dealing Commencement Date, you may sell or buy the CBBCs on the Stock Exchange.

The Liquidity Provider will make a market in the CBBCs by providing bid and/or sell prices. See “Liquidity” on page 7 for further information.

**How can you get information about the CBBCs and the Index after issue?**

You may visit the HKEx’s website at [www.hkex.com.hk/eng/prod/secprod/cbbc/intro.htm](http://www.hkex.com.hk/eng/prod/secprod/cbbc/intro.htm) or our website at [www.bnppwarrant.com.hk](http://www.bnppwarrant.com.hk) to obtain information on the CBBCs or any notice given by us or the Stock Exchange in relation to the CBBCs. You may go to the website at [www.hsi.com.hk](http://www.hsi.com.hk) to obtain updated information about the Index.

We have included references to websites in this document to indicate how further information may be obtained. Information appearing on those websites does not form part of the Listing Documents. You should conduct your own web searches to ensure that you are viewing the most up-to-date information.

## Settlement

<b>Settlement date upon a transfer</b>	<p>The CBBCs may only be transferred in a Board Lot (or integral multiples thereof) in accordance with the CCASS Rules. Where a transfer of CBBCs takes place on the Stock Exchange, settlement must currently be made not later than two Trading Days.</p> <p>Hong Kong stamp duty is not chargeable upon the transfer of CBBCs whether pursuant to dealings on the Stock Exchange or otherwise.</p>
<b>Early termination and exercise</b>	<p>Trading in the CBBCs will be suspended immediately upon the occurrence of a Mandatory Call Event and, subject to the limited circumstances set out in Product Condition 3.3(b) in which a Mandatory Call Event may be reversed, all the Post MCE Trades will be invalid and will be cancelled and will not be recognised by us or the Stock Exchange.</p> <p>Subject to early termination upon the occurrence of a Mandatory Call Event, the CBBCs will be automatically exercised on the Expiry Date in integral multiples of the Board Lot if the Cash Settlement Amount is positive; otherwise, you will lose all of your investment. We will deliver the Cash Settlement Amount (if any) net of any Exercise Expenses to HKSCC Nominees Limited, which will then distribute the received Cash Settlement Amount (net of any Exercise Expenses) to the securities account of your broker or to your CCASS Investor Participant securities account (as the case may be).</p>
<b>Exercise Expenses</b>	<p>You are responsible for any Exercise Expenses. Exercise Expenses mean any charges or expenses including any taxes or duties which are incurred in respect of the exercise of the CBBCs. The Cash Settlement Amount is payable net of any Exercise Expenses.</p>
<b>Settlement Date upon automatic exercise at expiry</b>	<p>Within 3 CCASS Settlement Days after the MCE Valuation Date or the Valuation Date (as the case may be).</p>

## RISK FACTORS

You must read these risk factors together with the risk factors set out in our Base Listing Document.

### **You may lose all your investment in the CBBCs**

The price of the CBBCs may fall in value as rapidly as it may rise and you should be prepared to sustain a significant or total loss of the purchase price of the CBBCs. In particular, if the Cash Settlement Amount payable at expiry or at the Residual Value payable upon the occurrence of a Mandatory Call Event is less than or equal to zero, you will lose all of your investment in the CBBCs.

### **Mandatory Call Event is irrevocable**

A Mandatory Call Event is irrevocable unless it is triggered as a result of any of the following events:

- (a) system malfunction or other technical errors of HKEx (such as the setting up of wrong Call Price or Call Level and other parameters); or
- (b) manifest errors caused by the Index Compiler (such as miscalculation of the index level by the Index Compiler),

and in each case, we agree with the Stock Exchange that such Mandatory Call Event is to be revoked provided that such mutual agreement must be reached no later than 30 minutes before the commencement of trading (including the pre-opening session) (Hong Kong time) on the Trading Day immediately following the Trading Day on which the Mandatory Call Event is triggered or such other time frame as prescribed by the Stock Exchange from time to time.

### **Delay in announcements of a Mandatory Call Event**

The Stock Exchange will notify the market as soon as practicable after the CBBCs has been called. You must however be aware that there may be delay in the announcements of a Mandatory Call Event due to technical errors or system failures and other factors that are beyond our controls or the control of the Stock Exchange.

### **Non-recognition of Post MCE Trades**

The Stock Exchange and its recognised exchange controller, HKEx, shall not incur any liability for any direct, consequential, special, indirect, economic, punitive, exemplary or any other loss or damage suffered or incurred by us or any other party arising from or in connection with the Mandatory Call Event or the suspension of trading (“**Trading Suspension**”) or the non-recognition of trades after a Mandatory Call Event (“**Non-Recognition of Post MCE Trades**”), including without limitation, any delay, failure, mistake or error in the Trading Suspension or Non-Recognition of Post MCE Trades.

Neither we nor any of our affiliates has any responsibility towards you for any losses suffered as a result of the Trading Suspension in connection with the occurrence of a Mandatory Call Event and/or Non-Recognition of Post MCE Trades, notwithstanding that such Trading Suspension or Non-Recognition of Post MCE Trades occurs as a result of an error in the observation of the event.

### **Fluctuation in the Funding Cost**

The Issue Price of the CBBCs is set by reference to the difference between the initial reference spot level of the Index as of the Launch Date and the Strike Level, plus the applicable Funding Cost. The Funding Cost applicable to the CBBCs is specified on the cover page. It will fluctuate throughout the life of the CBBCs as the funding rate changes from time to time. The funding rate is a rate determined by us based on one or more of the following factors, including, but not limited to, the Strike Level, the prevailing interest rate, the expected life of the CBBCs and any expected notional dividends in respect of any securities comprising the Index.

### **Unwinding of hedging arrangements**

The trading and/or hedging activities of the BNP Group related to CBBCs and/or other financial instruments issued by us from time to time may have an impact on the Index level and may trigger a Mandatory Call Event.

In particular, when the Index is trading close to the Call Level, our unwinding activities may cause a movement in the Index level, triggering a Mandatory Call Event as a result of such unwinding activities.

We may unwind our hedging transactions relating to the CBBCs in proportion to the amount of the CBBCs we repurchase from time to time. Upon the occurrence of a Mandatory Call Event, we may unwind any hedging transactions in relation to the CBBCs. Such unwinding activities after the occurrence of a Mandatory Call Event may affect the Index level and consequently the Residual Value payable.

### **CBBCs may expire worthless**

Unlike stocks, the CBBCs have a limited life and will expire at the Expiry Date. In the worst case, the CBBCs may expire with no value. The CBBCs are only suitable for experienced investors who have a positive (in respect of a series of bull CBBCs) or negative (in respect of a series of bear CBBCs) view on the Index during the term of the CBBCs and are willing to accept the risk that they may lose all their investment.

### **There is no assurance that the value of the CBBCs will correlate with movements of the level of the Index**

The value of the CBBCs may not correspond with the movements in the level of the Index. If you buy the CBBCs with a view to hedge against your exposure to any futures contract, it is possible that you could suffer loss in both of your investment in that futures contract and the CBBCs.

In particular, you should note that when the Index level is close to the Call Level, the trading price of the CBBCs will be more volatile, which may not be comparable and may be disproportionate with the change in the Index level.

**Possible early termination for illegality or impracticality**

If we determine in good faith and in a commercially reasonable manner that, for reasons beyond our control, the performance of our obligations under the CBBCs has become illegal or impractical or it is no longer desirable or practical for us to maintain our hedging arrangement with respect to the CBBCs, we may terminate early the CBBCs. If we terminate early the CBBCs, we will, if and to the extent permitted by applicable law, pay an amount determined by us in good faith and in a commercially reasonable manner to be its fair market value notwithstanding the illegality or impracticality less the cost to us of unwinding any related hedging arrangements.

**The Listing Documents are not the sole basis for making an investment decision**

The Listing Documents do not take into account your investment objectives, financial situation or particular needs. Nothing in the Listing Documents should be construed as a recommendation by us or our affiliates to invest in the CBBCs or any futures contracts relating to the Index.

**Adjustment related risk**

The occurrence of certain events (including a market disruption event, modification or cessation of the Index by the Index Compiler) may entitle us to adjust the terms and conditions of the CBBCs. However, we are not obliged to adjust the terms and conditions of the CBBCs for every event that affects the Index. Any adjustment or decision not to make any adjustment may adversely affect the value of the CBBCs. See Product Condition 4 for details about such adjustments.

**Possible limited secondary market**

The Liquidity Provider may be the only market participant for the CBBCs and therefore the secondary market for the CBBCs may be limited. The more limited the secondary market, the more difficult it may be for you to realise the value in the CBBCs prior to expiry.

**Various potential and actual conflicts of interests**

We, the Guarantor and any of our subsidiaries and affiliates engage in a wide range of commercial and investment banking, brokerage, funds management, hedging, investment and other activities and may possess or acquire material information about the Index. Such activities and information may involve or otherwise affect the Index and may cause consequences adverse to you. We, the Guarantor and any of our respective subsidiaries and affiliates have no obligation to disclose such information and may engage in any such activities without regard to the issue of and effect of these activities on the CBBCs.

In the ordinary course of our business, we, the Guarantor and any of our respective subsidiaries and affiliates may effect transactions for our own account or for the account of our customers and may enter into one or more hedging transactions with respect to the Index or related derivatives. This may indirectly affect your interests.

**Publication of Index level when component shares are not trading**

The Index Compiler may publish the Index level at a time when one or more shares comprising the Index are not trading.
