The board (the “**Board**”) of directors of China Shipping Development Company Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) wishes to inform the shareholders of the Company and potential investors that based on the preliminary assessment by the Board of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2012, the Group expects to record a loss in its consolidated net profits for the first half year ended 30 June 2012. The profit estimation is made after adopting the changed accounting estimation of the Company's fixed assets (vessels), details of which please kindly refer to the announcement of the Company dated 15 March 2012.

Such loss in the consolidated net profits of the Group was mainly due to the insufficient demand in both domestic and international shipping markets and the oversupply of shipping capacity, and in turn resulted in the ongoing decrease in the freight rates. In addition, the continuing increase in international oil prices caused the Group's fuel cost to remain at a high level.

The information in this announcement is based on the preliminary assessment by the Board of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2012 which have not been reviewed or confirmed by the Company's audit committee. Further details of the Group's performance will be disclosed when the Group's interim results for the six months ended 30 June 2012 are announced on or before 30 August 2012.
